GENERAL MANAGER'S

# ANNUAL NARRATIVE REPORT

महाप्रबंधक की

# वार्षिक वर्णनात्मक रिपोर्ट

## 2024 - 25

राजेश कुमार पाण्डेय
RAJESH KUMAR PANDEY

सत्यमेव जयते

महाप्रबंधक
GENERAL MANAGER
उत्तर रेलवे
NORTHERN RAILWAY

सं. – 9-ST/GM' ANR/2024-25 Dated : 31.07.2026

सचिव/ The Secretary,
रेल मंत्रालय/ Railway Board,
रेल भवन/ Rail Bhawan,
नई दिल्ली/ New Delhi.

विषयः वर्ष **2024-25** की महाप्रबंधक की वार्षिक वर्णनात्मक रिपोर्ट।

**Sub: General Manager's Annual Narrative Report 2024-25.**

वित्तीय वर्ष में उत्तर रेलवे द्वारा किए गए कार्यों की वार्षिक वर्णनात्मक रिपोर्ट में इसके साथ अग्रेषित करता हूँ।

I forward herewith the Annual Narrative Report on the working of Northern Railway for the financial year 2024-25.

राजेश पाण्डेय

(राजेश कुमार पाण्डेय)
( Rajesh Kumar Pandey )

संलग्नः यथोक्त।
Encl.: As above

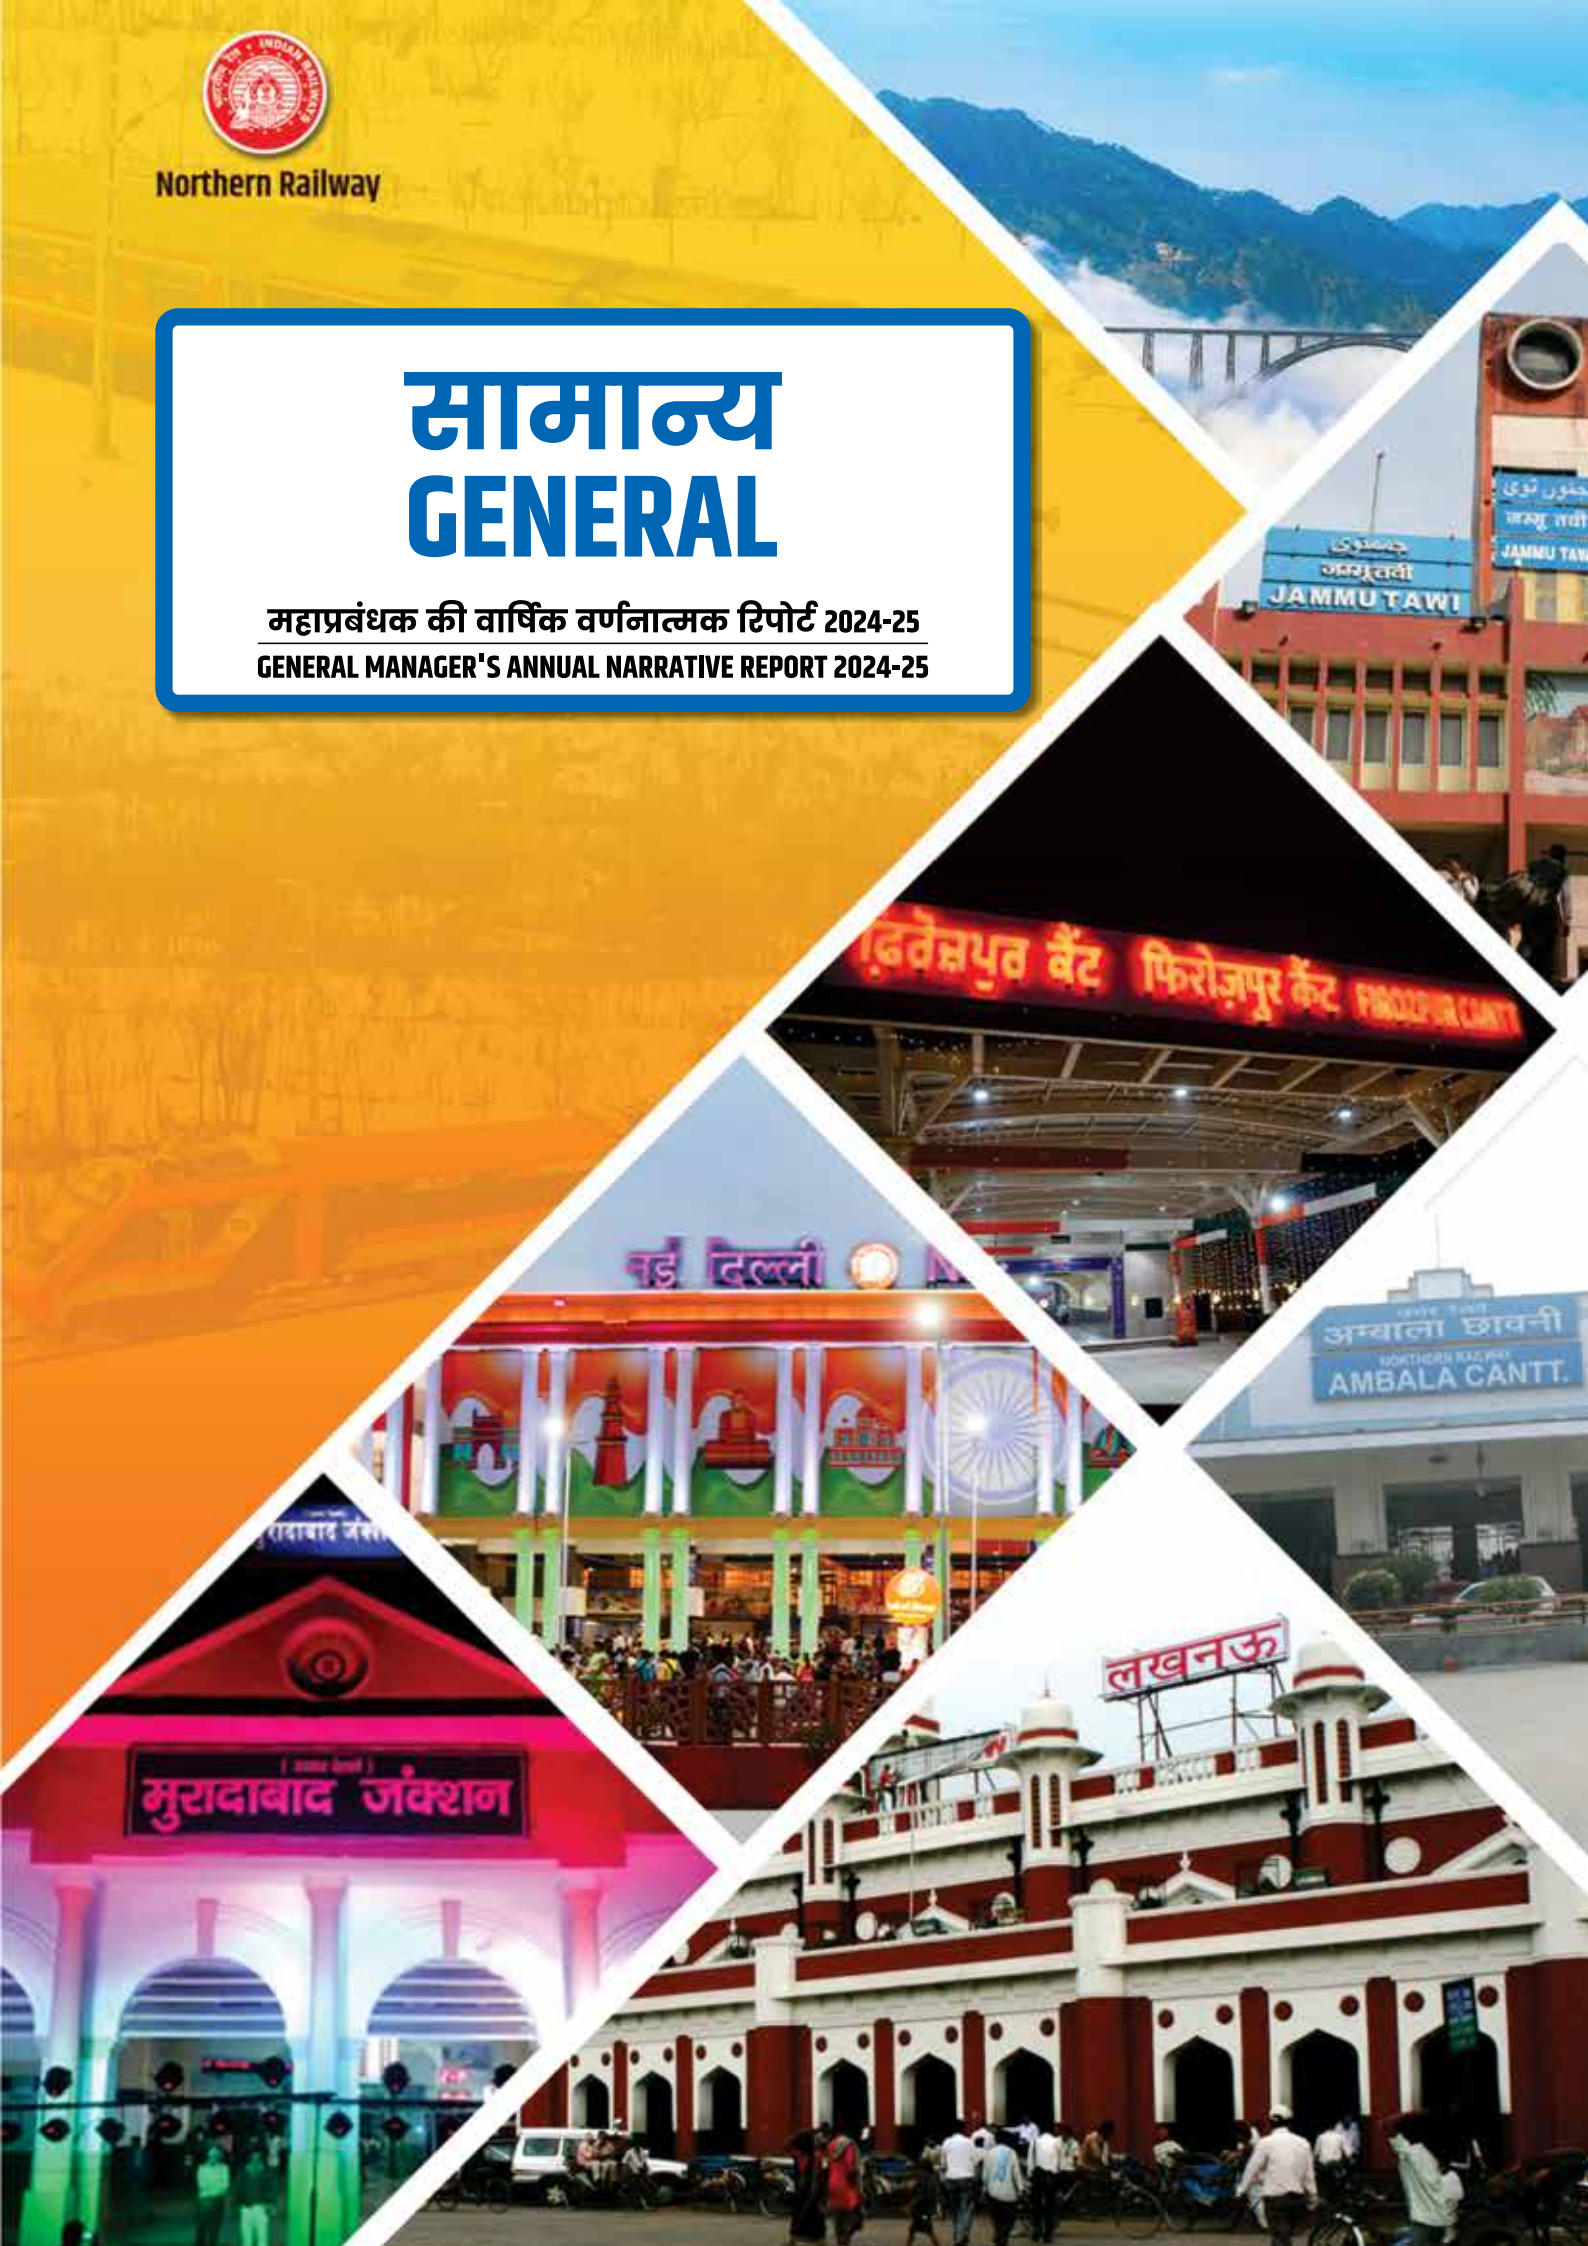
## महाप्रबंधक की वार्षिक वर्णनात्मक रिपोर्ट 2024-25

## GENERAL MANAGER'S ANNUAL NARRATIVE REPORT 2024-25



# उत्तर रेलवे की उपलब्धियाँ

1. उत्तर रेलवे सबसे बड़ा क्षेत्रीय रेलवे है और पंजाब, हरियाणा, दिल्ली, हिमाचल प्रदेश, उत्तर प्रदेश के कुछ हिस्सों, राजस्थान, उत्तराखंड और केंद्र शासित प्रदेशों चंडीगढ़, जम्मू और कश्मीर तथा लद्दाख में रहने वाली विशाल आबादी को सेवा प्रदान करता है। इस क्षेत्र की ट्रेनें प्रतिदिन देश भर में लोगों, अनाज और सामान का परिवहन करती हैं। यह उत्तर में दो अंतरराष्ट्रीय सीमाओं पर तैनात भारतीय सशस्त्र बलों के सैनिकों की देखरेख में भी सहायता करता है।

2. भारतीय रेलवे, जिसे 'राष्ट्र की जीवनरेखा' कहा जाता है, कनेक्टिविटी, आर्थिक विकास, सामाजिक एकीकरण और बुनियादी ढांचे के विकास को बढ़ावा देकर देश के सामाजिक–आर्थिक परिदृश्य को आकार देने में एक महत्वपूर्ण घटक रहा है। व्यापक रेलवे नेटवर्क राष्ट्र निर्माण की प्रक्रिया में महत्वपूर्ण भूमिका निभाता रहता है। उत्तर रेलवे सहित क्षेत्रीय रेलवे ने अपने सेवा क्षेत्रों की प्रगति में योगदान दिया है।

3. केंद्रीय योजना प्रकोष्ठ ने वर्ष 2024–25 के दौरान उत्कृष्ट प्रदर्शन की उपलब्धि हासिल की है। इसके परिणामस्वरूप इस अवधि में 23 कार्य अध्ययन किए गए और विभिन्न श्रेणियों के कर्मचारियों के कुल 775 पदों का त्यागध्पुनर्वितरण किया गया, जिससे 42.62 करोड़ रुपये की बचत हुई।

4. वित्तीय वर्ष 2024–25 के लिए, एनआर नियंत्रित खंड में पूंजीगत व्यय का उपयोग 100% हासिल किया गया है।

5. चालू वित्तीय वर्ष में, स्टेशनों के विरुद्ध बकाया 81.95 करोड़ रुपये का भुगतान वित्तीय वर्ष 2024–25 के दौरान किया गया है।

6. चालू वर्ष यानी 2024–25 में वसूली योग्य बिलों में 1001.27 करोड़ रुपये का भुगतान हासिल किया गया है।

7. उत्तर रेलवे ने वर्ष 2024–25 के दौरान 55.67 मिलियन टन का प्रारंभिक राजस्व भारण हासिल किया, जबकि वर्ष 2023–24 में यह 53.58 मिलियन टन था, जो 3.90% की वृद्धि दर्शाता है।

8. वर्ष 2024–25 के दौरान डीजल लोको का उपयोग 358.49 किमी रहा, जबकि वर्ष 2023–24 में यह 282.90 किमी था, जो 26.72% की वृद्धि दर्शाता है।

9. वर्ष 2024–25 के दौरान इलेक्ट्रिक लोको का उपयोग 374.70 किमी रहा, जबकि वर्ष 2023–24 में यह 352.05 किमी था, जो 6.43% की वृद्धि दर्शाता है।

10. वित्तीय वर्ष 2024–25 के दौरान, STBA के माध्यम से 141.15 लाख टिकट जारी किए गए, जिससे 91.03 करोड़ रुपये का राजस्व प्राप्त हुआ।

11. वित्तीय वर्ष 2024–25 के दौरान, ATVM के माध्यम से 261 लाख टिकट जारी किए गए, जिससे 318.73 करोड़ रुपये का राजस्व प्राप्त हुआ।

12. वित्तीय वर्ष 2024–25 के दौरान, UTS–ऑन–मोबाइल ऐप के माध्यम से 56.52 लाख टिकट जारी किए गए, जिससे 59.46 करोड़ रुपये का राजस्व प्राप्त हुआ।

13. वित्तीय वर्ष 2024–25 में लघु स्थैतिक इकाइयों से 38.89 करोड़ रुपये का लाइसेंस शुल्क प्राप्त हुआ।

14. वित्तीय वर्ष 2024–25 के दौरान, उत्तरी रेलवे द्वारा 47 एचओजी कन्वर्टर आंतरिक रूप से स्थापित और चालू किए गए। एचओजी प्रणाली एंड–ऑन–जेनरेशन (ईओजी) प्रणाली की तुलना में काफी अधिक ऊर्जा दक्षता प्रदान करती है। यह शोर के स्तर को कम करने, वायु प्रदूषण को कम करने और उच्च गति वाले डीजल (एचएसडी) की खपत में बचत करने में भी योगदान देती है। भारतीय रेलवे में एचओजी से सुसज्जित लोकोमोटिव की सबसे अधिक संख्या उत्तर रेलवे के पास है।

15. कवच एक उन्नत सुरक्षा प्रणाली है जो लोको पायलटों की सहायता करती है, यदि पायलट निर्धारित गति सीमा बनाए रखने में विफल रहता है तो स्वचालित रूप से ब्रेक लगाती है, जिससे सुरक्षित ट्रेन संचालन सुनिश्चित होता है, विशेष रूप से प्रतिकूल मौसम की स्थिति में। वित्तीय वर्ष 2024–25 के दौरान, 176 लोकोमोटिव में कवच स्थापित किया गया, जिससे शेड में सुसज्जित लोकोमोटिव की कुल संख्या 212 हो गई।

16. गाजियाबाद GZB (ELS/GZB) के इलेक्ट्रिक लोको शेड में एक 18–चैनल वीवीवीएफ (परिवर्तनीय वोल्टेज परिवर्तनीय आवृत्ति) मोटर चालित बोगी रन टेस्ट प्लांट चालू किया गया है।

17. जनवरी 2025 में, व्यापक परीक्षण सफलतापूर्वक पूरे किए गए और सभी 6 डब्ल्यूएपी–7 लोकोमोटिव अब पूरी तरह से सुसज्जित हैं और यूएसबीआरएल सेक्शन में तैनाती के लिए तैयार हैं।

18. खनालंपुरा, सहारनपुर स्थित इलेक्ट्रिक लोको शेड ELS/KJGY ने वित्तीय वर्ष 2024–25 के दौरान आरडीएसओ विनिर्देश आरडीएसओ/2017/ईएल/एसएमआई/0315 के अनुसार वर्षा जल परीक्षण सुविधा को सफलतापूर्वक चालू कर दिया है।

19. वित्तीय वर्ष 2024–25 के दौरान, डब्ल्यूएजी–9एचसी लोकोमोटिव के कुल 14 एमयू सेट सफलतापूर्वक तैयार किए गए, जिनमें से प्रत्येक सेट में दो लोकोमोटिव शामिल हैं।

20. चालू वर्ष के दौरान, एक्सल बॉक्स रेसर को यथास्थान बदलने की एक नई विधि विकसित की गई है, जिससे लोकोमोटिव को उठाने की आवश्यकता समाप्त हो गई है। इस नवाचार से प्रति लोकोमोटिव 10 मानव घंटे की बचत हुई है, साथ ही रेसर में मौजूद दोषों का प्रभावी ढंग से समाधान भी हुआ है।

21. वित्तीय वर्ष 2024–25 के दौरान, 36 जोड़ी कोचिंग ट्रेनों को डीजल से इलेक्ट्रिक ट्रैक्शन में परिवर्तित किया गया, जिसके परिणामस्वरूप एचएसडी तेल की खपत में कमी के कारण लगभग 28.10 करोड़ की आवर्ती वार्षिक बचत हुई।

22. भारतीय रेलवे की प्रमुख पहल 'मिशन 100% रेलवे विद्युतीकरण' के तहत उत्तर रेलवे ने उल्लेखनीय प्रगति की है। पिछले 10 वर्षों में, उत्तरी रेलवे में 5,056 रूट किलोमीटर (आरएमके) और 9,335 ट्रैक किलोमीटर (टीएमके)–जो ब्रॉड गेज (बीजी) नेटवर्क का लगभग 70% है का विद्युतीकरण किया गया है।

23. वित्तीय वर्ष के दौरान कटरा–बनिहाल खंड का विद्युतीकरण और चालू करना सफलतापूर्वक पूरा हो गया है, जिससे कश्मीर घाटी को शेष भारत से जोड़ने वाला एक महत्वपूर्ण रेल संपर्क स्थापित हो गया है। विशेष रूप से, इस खंड का 88% भाग सुरंगों से होकर गुजरता है, जिनमें से सभी में रिजिड ओवरहेड कंडक्टर सिस्टम (आरओसीएस) लगाया गया है। इस परियोजना में आरओसीएस की स्थापना भारतीय रेलवे प्रौद्योगिकी में एक नया मानदंड स्थापित करती है, जिससे चुनौतीपूर्ण सुरंग वातावरण में विश्वसनीय और सुरक्षित विद्युत कर्षण सुनिश्चित होता है।

24. कुंभ मेला अवधि के दौरान 1,259 कुंभ मेला विशेष ट्रेनें और 2,011 अर्ली क्लीयरेंस रन (ईसीआर) सफलतापूर्वक संचालित किए गए।

25. उत्तर रेलवे के विभिन्न रेलवे स्टेशनों, विश्राम गृहों, विश्राम कक्षों और टीटीई विश्राम गृहों में कुल 1,970 आरसीसीबी (अवशिष्ट धारा परिपथ ब्रेकर) स्थापित किए गए हैं। रेलवे कर्मचारियों और विद्युत प्रतिष्ठानों की सुरक्षा बढ़ाने के लिए वाटर कूलर, बिजली के खंभे, एचएमटी और इलेक्ट्रिक गीजर के लिए ये व्यवस्थाएं की गई हैं।

26. वित्त वर्ष 2024–25 के दौरान, उत्तर रेलवे के विभिन्न सेवा भवनों और रेलवे स्टेशनों पर 606.19 किलोवाट क्षमता के ग्रिड–कनेक्टेड रूफटॉप सौर ऊर्जा संयंत्र स्थापित किए गए। आज तक, उत्तर रेलवे परिसर में आरईसीओ और कैपेक्स दोनों तरीकों के तहत कुल 24,816 किलोवाट क्षमता के रूफटॉप सौर संयंत्र चालू किए जा चुके हैं।

27. 2024–25 के दौरान, उत्तर रेलवे के डीजल शेडों ने 52 एल्को श्रेणी के डीजल इंजनों को अनुपयोगी घोषित करने की प्रक्रिया पूरी कर ली है, जो पिछले 10 वर्षों में दूसरी सबसे अधिक संख्या है।

28. गाजियाबाद स्थित ईएमयू कार शेड को राष्ट्रीय रेल संग्रहालय, नई दिल्ली में आयोजित 69वें रेलवे सप्ताह समारोह–2024 के दौरान 'सर्वश्रेष्ठ रखरखाव वाले DEMU/EMU/MEMU शेड' का शील्ड प्रदान किया गया।

29. पीएच–53 के अंतर्गत नई दिल्ली (14.05.24), हजरत निजामुद्दीन (13.05.24), शाहगंज (10.06.24), सुल्तानपुर (17.08.24) और अयोध्या (22.01.25) स्टेशनों पर त्वरित जल प्रणाली चालू कर दी गई है। इससे वाल्व संचालन में जनशक्ति की कमी हुई है, सीमित समय में पूर्ण जल आपूर्ति सुनिश्चित करने के लिए उचित प्रवाह सुनिश्चित हुआ है, गुच्छों में पानी जमा होने की स्थिति में बेहतर जल आपूर्ति हुई है, जल की बचत हुई है और प्रवाहध्दबाव की निगरानी की जा रही है, साथ ही भीषण गर्मी में निर्बाध जल आपूर्ति सुनिश्चित हुई है।

30. दो ब्रेक वैन संख्या 87122215529 बीवीसीएम और 87151810122 सुरक्षा, आराम और सौंदर्य में सुधार के लिए तुगलकाबाद स्थित वैगन केयर सेंटर में बीवीसीएम (बीवीसीएम) को अपग्रेड किया गया।

31. बडगाम में डीईएमयू शेड का 8 कोच से 12 कोच तक विस्तार का कार्य, सिविल एवं विद्युत विभाग द्वारा, 2024–25 के दौरान पूरा किया गया।

32. एनआरसीएच 24 में नवीनतम तकनीक और उपकरणों से सुसज्जित एक नई अत्याधुनिक हाई–टेक दंत इकाई स्थापित की गई है।

33. एचएमआईएस के सभी मॉड्यूल संभागीय अस्पताल और सभी संबद्ध स्वास्थ्य इकाइयों में सफलतापूर्वक कार्यान्वित किए गए हैं।

34. डेंगू और मलेरिया जैसे वेक्टर जनित रोगों को नियंत्रित करने के लिए 16.08.2024 से 21.09.2024 तक एनडीएलएस स्टेशन से एडीआरएम/डीएलआई और सीएमएस/डीएलआई द्वारा एक ट्रेन को हरी झंडी दिखाकर रवाना किया गया। ट्रेन ने रिंग रेलवे और छह नामित मार्गों पर रेलवे ट्रैक के 50–60 मीटर के हिस्से पर कीटनाशक का छिड़काव किया। रेलवे कॉलोनियों में अतिरिक्त फॉगिंग और जागरूकता अभियान चलाए गए, जिससे उच्च स्वच्छता मानकों को सुनिश्चित किया गया और कोई शिकायत नहीं मिली। ट्रेनों की आवाजाही के दौरान कीटनाशकों का छिड़काव किया गया, जिससे रिंग रेलवे और छह नामित मार्गों को कवर करते हुए ट्रैक के किनारे 50–60 मीटर तक के क्षेत्रों को कीटाणुरहित किया गया (16.08.2024 - 21.09.2024)।

35. महाकुंभ–2025 के दौरान कुल 93697 लोगों को प्राथमिक चिकित्सा प्रदान की गई, जो कि पिछले

कुंभ–2019 की तुलना में इस मंडल में 335% अधिक थी। महाकुंभ–2025 के दौरान तीर्थ यात्रियों ने न केवल प्रयाग बल्कि अयोध्या और वाराणसी की भी यात्रा की। ये तीनों स्टेशन मंडल के अंतर्गत आते हैं।

36. उत्तर रेलवे को वर्ष 2024–25 के लिए कर्मचारी लाभ निधि के अंतर्गत 12,97,13,600/- (12 करोड़ 97 लाख 13 हजार 600 मात्र) आवंटित किए गए थे और इस राशि का उपयोग शिक्षा, मनोरंजन, संस्कृति, महिला सशक्तिकरण, आयुर्वेद, होम्योपैथी, संस्थान एवं क्लब सुविधाओं, खेलकूद, स्काउट्स एवं गाइड्स, संकटकालीन सहायता आदि गतिविधियों के लिए किया गया है।

37. अंतर्राष्ट्रीय महिला दिवस 3 मार्च 2025 से 12 मार्च 2025 तक बड़ौदा हाउस, मुख्यालय कार्यालय में बड़े उत्साह के साथ मनाया गया, जिसके बाद 12 मार्च 2025 को चाणक्य पुरी स्थित राष्ट्रीय रेल संग्रहालय में एक भव्य समारोह आयोजित किया गया।

38. उत्तर रेलवे ने आईजी स्टेडियम, नई दिल्ली में अखिल भारतीय अंतर–रेलवे साइकिलिंग ट्रैक चौंपियनशिप 2024–25 का सफलतापूर्वक आयोजन किया। टीम ने तीसरा स्थान प्राप्त किया।

39. बैडमिंटन (पुरुष), टेनिस, क्रिकेट और हॉकी अंतर–विभागीय चौंपियनशिप 2024–25 का आयोजन लखनऊ, मुंबई और करनैल सिंह स्टेडियम में किया गया।

40. उनकी निष्ठा, कर्तव्यनिष्ठा और अनुकरणीय साहस को मान्यता देते हुए, वर्ष 2024 में भारत के राष्ट्रपति द्वारा 4 भारतीय पुलिस पदक और महानिदेशक/आरपीएफ द्वारा 37 डीजी के प्रतीक चिन्ह से एनआर के आरपीएफ कर्मियों को सम्मानित किया गया।

41. 05.09.2024 को, आरपीएफ/एनडीएलएस ने 24 पार्सल जब्त किए जिनमें लगभग 36 लाख रुपये मूल्य का 498 ग्राम सोने का बिस्कुट, लगभग 2.8 करोड़ रुपये मूल्य का 365.704 किलोग्राम चांदी और 85 लाख रुपये नकद थे। नकद और सोना आयकर विभाग द्वारा जब्त कर लिया गया है। इस संबंध में, आरपीएफ/डाक/एनडीएलएस ने 06.09.2024 को अज्ञात व्यक्ति के खिलाफ रेलवे अधिनियम की धारा 163 के तहत सीसी संख्या 4695/24 के तहत मामला दर्ज किया।

42. उत्तर रेलवे के 'ए', 'सी' और 'डी' मार्गों के सभी स्टेशनों पर पूर्ण ट्रैक सर्किटिंग की व्यवस्था कर दी गई है। अन्य मार्गों के शेष स्टेशनों पर भी धीरे–धीरे ट्रैक सर्किटिंग की व्यवस्था की जा रही है। पिछले पांच वर्षों में पूर्ण ट्रैक सर्किटिंग को 657 स्टेशनों (बी.जी.) से बढ़ाकर 719 स्टेशनों (बी.जी.) तक कर दिया गया है।

43. रेल भवन, बड़ौदा हाउस और उत्तर रेलवे के सभी 6 मंडलों में IPv6 लागू कर दिया गया है।

44. समीक्षाधीन वर्ष के दौरान उत्तर रेलवे मुख्यालय कार्यालय के सुरक्षा संगठन और मंडलों द्वारा 50048 सुरक्षा पोस्टर/पम्फलेट जारी किए गए।

45. वर्ष 2024–25 के दौरान, समय पर कार्रवाई करके सुरक्षा में योगदान देने वाले 125 रेलकर्मियों को सुरक्षा पुरस्कार से सम्मानित किया गया।

# HIGHLIGHTS OF THE YEAR

1. Northern Railway is the largest Zonal Railway and serves a huge population residing in the state of Punjab, Haryana, Delhi, Himachal Pradesh, parts of Uttar Pradesh, Rajasthan, Uttarakhand, and Union Territories of Chandigarh, Jammu & Kashmir and Ladakh. The trains from the zone ferry people, food grains and goods each day from the region across the country. It also supports the Indian Armed Forces in maintaining their troops stationed at the two international borders in the North.

2. Indian Railway aptly called the "Lifeline of the Nation" has been a critical component in shaping the socio-economic landscape of the country by fostering connectivity, economic development, social integration and infrastructure growth. The extensive railway network continues to play a pivotal role in the process of nation-building. The Zonal Railways including Northern Railway have contributed to the progress of the regions that they serve.

3. The Central Planning Cell has achieved a distinction of outstanding performance during the year 2024-25. As a result of which 23 no. of work studies were conducted during this period and a total surrender/redistribution of 775 posts of various categories of staff were achieved with a monetary savings of 42.62 crores.

4. For the FY 2024-25, in NR Controlled segment CAPEX Utilization has been achieved at 100%.

5. In the current financial year, outstanding of Rs 81.95 cr. against stations has been cleared during the Financial Year 2024-25.

6. A clearance of Rs. 1001.27 Cr. has been achieved in the current year i.e 2024-25 in bills recoverable.

7. Northern Railway during the year 2024-25 has achieved an Originating Revenue Loading of 55.67 Million Tonnes as against 53.58Million Tonnes during the year 2023-24 registering an increase of 3.90%.

8. During the year 2024-25 Diesel loco utilization was 358.49kms as compared to 282.90kms. during the year 2023-24 registering increase of 26.72%.

9. During the year 2024-25 Electric loco utilization was 374.70 kms as compared to 352.05 kms. during the year 2023-24 registering increase of 6.43%.

10. During FY 2024-25, 141.15 lakhs tickets have been issued through STBA generating revenue of Rs. 91.03 Cr.

11. During the FY 2024-25, 261 lakhs tickets have been issued through ATVMs generating revenue of Rs.318.73 Cr

12. During FY 2024-25, 56.52 lakhs tickets have been issued through UTS-on- Mobile App. generating revenue of Rs.59.46 Cr.

13. In financial year 2024-25 Rs. 38.89 Cr. license fee has been received from minor static units.

14. During the financial year 2024-25, 47 HOG converters were fitted and commissioned in-house by Northern Railway. The HOG system offers significantly higher energy efficiency compared to the End-on-Generation (EOG) system. It also contributes to reduced noise levels, lower air pollution and savings in high-speed diesel (HSD) consumption. Northern Railway holds the highest number of HOG-equipped locomotives in Indian Railways.

15. KAVACH is an advanced safety system that assists loco pilots by automatically applying brakes if the pilot fails to maintain specified speed limits, ensuring safe train operation, especially during adverse weather conditions. During FY 2024- 25, KAVACH was installed in 176 locomotives, bringing the total number of equipped locomotives to 212 across the shed.

16. An 18-Channel VVVF (Variable Voltage Variable Frequency) Motorized Bogie Run Test Plant has been commissioned at Electric Loco Shed, Ghaziabad (ELS/GZB).

17. In January 2025, comprehensive trials were successfully completed and all 6 WAP-7 locomotives are now fully equipped and ready for deployment in the USBRL section.

18. Electric Loco Shed, Khanalampura, Saharanpur (ELS/KJGY) has successfully commissioned a Rain Water Testing Facility during the financial year 2024-25, in accordance with RDSO Specification RDSO/2017/EL/SMI/0315

19. During the financial year 2024-25, a total of 14 MU sets of WAG-9HC locomotives were successfully formed with each set comprising two locomotives.

20. During the current year, a new method has been developed to replace axle box racers in-situ, eliminating the need to lift the locomotive. This innovation has led to a saving of 10 man hours per locomotive while effectively addressing defects in the racer.

21. During the financial year 2024-25, 36 pairs of coaching trains were switched from diesel to electric traction, resulting in a recurring annual saving of approximately *28.10crore due to reduced consumption of HSD oil.

22. Northern Railway has made remarkable progress under Indian Railways' flagship "Mission 100% Railway Electrification" initiative. Over the past 10 years, 5,056

Route Kilometers (RKM) and 9,335 Track Kilometers (TKM)- accounting for approximately 70% of the Broad Gauge (BG) network-have been electrified across Northern Railway.

23. During the Financial year the commissioning and electrification of the Katra- Banihal section have been successfully completed, establishing a vital rail link that connects the Kashmir Valley with the rest of India. Notably, 88% of this section runs through tunnels, all of which have been equipped with the Rigid Overhead Conductor System (ROCS). The ROCS installation in this project sets a new benchmark in Indian railway technology, ensuring reliable and safe electric traction in challenging tunnel environments.

24. Successfully operated 1,259 Kumbh Mela special trains and 2,011 Early Clearance Runs (ECRS) during the Mela period.

25. A total of 1,970 RCCBs (Residual Current Circuit Breakers) have been installed across various railway stations, rest houses, retiring rooms and TTE rest houses over Northern Railway. These have been provided for water coolers, electric poles, HMTs and electric geysers to enhance the safety of railway staff and electrical installations.

26. During FY 2024-25, 606.19 kwp of grid-connected rooftop solar power plants were installed across various service buildings and railway stations on Northern Railway. Till date, a total capacity of 24,816 kwp of rooftop solar installations has been commissioned under both RESCO and CAPEX modes across Northern Railway premises.

27. During 2024-25 NR Diesel sheds have finalized the condemnation of 52 Alco class Diesel locomotives which is Second Highest during the last 10 years.

28. EMU Car Shed, Ghaziabad has been awarded with a shield of "Best maintained DEMU/EMU/MEMU shed" during 69th Railway Week function-2024 organized at National Rail Museum, New Delhi.

29. Quick Watering System has been commissioned at New Delhi (14.05.24), Hazrat Nizamuddin (13.05.24), Shahganj (10.06.24), Sultanpur (17.08.24) and Ayodhya (22.01.25) stations under PH-53. This has resulted in manpower reduction in valve operation, proper flow to ensure full watering in limited time, improved watering in case of bunching, water savig and flow/pressure monitoring and uninterrupted water supply in peak summer.

30. Two Brake Van No. 87122215529 BVCM and 87151810122 BVCM were upgraded at Wagon Care Centre, Tughlakabad to improve safety, comfort and aesthetics.

31. Work of extension of DEMU shed from 8 coaches to 12coaches at Budgam, Civil & Elect. Works have been completed during the year 2024-25.
32. A new state of the art Hi Tech Dental unit with latest technology and accessories installed in NRCH 24.
33. All modules of HMIS have been successfully implemented in the divisional hospital and at all associated Health Units.
34. Flagged off by ADRM/DLI and CMS/DLI from NDLS Station from 16.08.2024 to 21.09.2024 to control vector-borne diseases like dengue and malaria. The train sprayed insecticide along a 50-60-meter stretch of the railway track across ring railway and six nominated routes. Additional fogging and awareness drives were conducted in railway colonies, ensuring high sanitation standards with zero complaints, Sprayed insecticides during train movements, sanitizing areas up to 50-60 meters along the track, covering Ring Railway and six nominated routes (16.08.2024-21.09.2024).
35. Total of 93697 people were provided first aid during the Maha Kumbh-2025 which was 335% higher than last Kumbh-2019 in the division. During Maha Kumbh-2025 the pilgrims visited not only Prayag but also Ayodhya & Varanasi. All these three stations are within the division.
36. 12,97,13,600/- (Twelve Crore Ninety-Seven Lakhs Thirteen Thousand Six Hundred Only) were allocated under the Staff Benefit Fund to Northern Railway for the year 2024-25 and the amount has been gainfully utilized for activities such as Education, Recreation, Culture, Women Empowerment, Ayurveda, Homeopathy, Institute & Club Facilities, Sports, Scouts & Guides, relief in distress etc.
37. International Women's Day was celebrated with great zeal in Baroda House, HQ office from 3rd March 2025 to 12th March 2025 followed by a grand function at National Rail Museum, Chanakya Puri on 12th March, 2025.
38. Northern Railway successfully Organized All India Inter Railway, Cycling Track Championship 2024-25 at IG Stadium New Delhi and Cycling team secured third position.
39. Badminton (Men) Tennis, Cricket & Hockey Inter Division championship 2024-25 was organized at LKO, MB and Karnail Singh Stadium.
40. In recognition of their sincerity, devotion to duty and exemplary courage, RPF personnel of NR received 04 Indian Police Medal by the President of India and 37 DG's Insignia by the Director General/RPF in the year 2024.
41. On 05.09.2024, RPF/NDLS seized 24 parcels containing 498-gram gold bar, valued approx. Rs. 36 lakhs and 365.704 kg silver, valued approx. Rs. 2.8 crores and Rs. 85lakh in cash. The cash and gold have been confiscated by Income Tax Department. In this connection, RPF/Post/NDLS registered a case vide CC no 4695/24 u/s 163 of the Railways Act against unknown on dt 06.09.2024.

42. Complete Track Circuiting has been provided on all the stations on 'A','C' and 'D' routes on Northern Railway. Track circuiting on balance stations of other routes is also being provided progressively. Complete track circuiting has been extended from 657 stations (B.G.) to 719 stations (B.G.) in last five years.

43. IPv6 has been implemented at Rail Bhawan, Baroda House and at all the 06 divisions of Northern Railway.

44. During the year under review 50048 Nos. of Safety Posters / Pamphlets were issued by the Safety Organization of Northern Railway, Headquarters Office and by the Divisions.

45. During the year 2024-25, the Safety Award has been awarded to 125 Nos. of Railway Men who contributed towards safety by their timely action.

# PUBLIC RELATIONS

## 1.1.1 About the Department

The Public Relations Department is instrumental in shaping a favorable public opinion of Northern Railway by building its positive image. This is done by sustained media interaction and timely dissemination of information to the public through press releases, advertisements, press conferences, press briefings etc. This department also plays a significant role in collecting a feedback of the public opinion towards the Railways to help in formulating policies that would be perceived by railway passengers, users and general public as being people friendly. This is achieved by the continuous monitoring of the print and electronic media.

The thrust of PR as planned and executed by this department is significantly influenced by the activities of the Zone at any given time. The year 2024-25 can be termed as a highly eventful year for Northern Railway

Also Public Relation Office issued regular reports to the press on the drives/action-plan taken by the Railways to bring in a palpable improvement in passenger services. the press reports checks and drive undertaken during the holiday season substantially, wide publicity was given to the various special trains run on all occasions.

The crowning achievements of the year 2024-25 was flagging off of the Meerut to Lucknow Vande Bharat train by Hon’ble Prime Minister through VC on 31.08.2024. Hon’ble Prime Minister also virtually flagged off Baijnath Dham Deoghar to Varanasi Vande Bharat train on 15.09.2024. Hon’ble PM flagged off of 20 Coaches Vande Bharat Train from Varanasi to New Delhi 16.09.2024.

To promote bilateral relationship with Nepal a Bharat Gaurav Deluxe AC Tourist Train for Bharat Nepal Maitri Yatra was flagged off by Hon'ble Minister of Railways at Hazrat Nizamuddin Railway station on 20.09.2024. To connect Jharkhand to Delhi Hon'ble MP's Shri Nishikant Dube and Shri Manoj Tiwari flagged off of Delhi Jn. to Godda Jn. weekly express train on 09.10.2024. To promote farmers products Hon'ble Minister of Railways flagged off Devlali Danapur Setkari Samruddhi Special Train through VC on 15.10.2024. With the installation of Railways pavilion at international Trade fair at Bharat Mandapam on 14.11.2024, Indian Railways witnesses its presence on global level. To honour Railway family members a Ati Vishisht Rail Seva Puraskar ceremony was held at Bharat Mandapam on 21.12.2024. With the formation of Jammu division Northern Railway has got its 6th division on 06.01.2025. This newly Jammu division was initiated by Hon'ble Prime Minister. To connect NRI with India a Pravasi Bharatiya Bharat Gourav train was flagged off by Prime Minister through VC on 09.01.2025.

Public Relations Office, Northern Railway is doing immense work in the social media realm too. Regular posting of videos on YouTube, tweets on X, informative messages on Whatsapp and articles on Facebook about recent events and developments of Railways are undertaken on a daily basis. This not only helps in making the public aware of the activities being undertaken

by Northern Railway as well as Indian Railway as a whole but also being in constant dialogue with the public to hear about their grievances and resolve any problems they might be facing – and in turn maintain a positive image in the public eye by bringing out all our efforts in the open..

Public Relations Department plays very important role during any untoward incident/other unusual occurrences such as bandh calls, rail-roko agitations, floods, fog etc. It also plays greater responsibility in interaction with media with correct and updated information such as relief and rescue measures, passengers affected, as well as restoration of traffic etc.

During foggy weather, the PR Department works in special shifts to upload train position/ information on the website/Social Media platforms besides relaying the same to electronic media. In order to generate mass awareness on safety issues like safety at level-crossings etc., the PR Department also undertook SMS campaigns to disseminate the relevant informations, as and when required.

Factual information on all inaugural events of the various developmental projects disseminated through highly informative, creative and colorfully designed brochures. The various occasions for media interaction and PR activities during 2024-25 are listed below:

## 1.1.2 Highlights of the Year

CEREMONIAL FUNCTIONS- 01.04.2024 TO 31.03.2025

| S NO. | DATE | EVENTS |
|---|---|---|
| 1. | 31.08.2024 | Flaging off of Vande Bharat Train from Meerut to Lucknow by Hon'ble Prime Minister through VC |
| 2. | 15.09.2024 | Hon'ble Prime Minister virtually flagged off Baijnath Dham Deoghar to Varanasi Vande Bharat Train. |
| 3. | 16.09.2024 | Hon'ble Prime Minister virtually flagged off Varanasi to New Delhi 20 Coaches Vande Bharat train. |
| 4. | 20.09.2024 | Hon'ble Minister of Railways flagged off Bharat Gaurav deluxe AC tourist train for Bharat-Nepal maître yarta at Hazrat Nizamuddin. |
| 5. | 09.10.2024 | Flagging off of Delhi Jn. To Godda Jn. Weekly express train by Hon'ble MP's Shri Nishikant Dube and Shri Manoj Tiwari. |
| 6. | 15.10.2024 | Flagging off of Devlali-Danapur Setkari Samruddhi Special Train by Hon'ble Minister of Railways through VC. |

| 9 | Radio/TV Spots Bradcast/ Telecast | 06 Video Spot and 02 Radio Spot | |
| 10 | Interviews/Bytes Organised | 224 | |
| 11 | No of Photography coverage | 649 | |
| 12 | No of Videography coverage | 152 | |

# LEGAL MATTERS

## 1.2.1 About the Department

Law Department in HQ office of Northern Railway is headed by Dy.GM/Law and is working under the administrative control of AGM. Following are the duties of Legal Department-

- Nomination of Railway Advocates if needed e.g. in cases where unable to identify executive department.
- Coordination with nodal officers for providing Power of Attorney/Vakalatnama in favour of the nominated RA, para-wise comments and relevant rules in support of the stand to be taken by the administration in the court of law.
- To study the pleadings of the petitioners/applicants and legal vetting of Reply/Affidavit prepared by RA o¬n the basis of para-wise comments provided by branch officer.
- Examining judgments/orders referred by other branches and to advise the concerned to ensure timely action.
- To examine the grounds of appeal framed by the executive departments for the purpose of taking decision with regard to filing of appeal.
- To provide legal opinion to the various departments whenever required by them.
- Legal vetting of all legal documents viz. Contract, Agreement, Lease, Bank Guarantee etc.
- To monitor timely payment of legal fee and legal expenses to Railway Advocates.
- Follow up action for pending Contempt and Execution cases with executives and bring into the notice of nodal officers about the urgency of taking decision in any individual case in order to avoid any embarrassing situation.
- Maintain Liaison with Solicitor General of India, Additional Solicitor General and Government Advocates in connection with cases in High Courts and Supreme Court of India.

## 1.2.2 Highlights of the year

**1. Cases in Courts over Northern Railway Territory:**

The opening balance of court cases pertaining to Northern Railway within its territorial jurisdiction in various courts and Quasi judicial forums National State and District Consumer Forums, Tribunals etc. at the beginning of the financial year 2024-25 was12115.During the year under review, 2044fresh cases were filed bringing the total to 14159.Out of these 2564cases were disposed off during the year leaving the balance of cases 11595as on 31/03/2025.

**2. Cases in Courts outside Northern Railway Territory:**

In addition to above,189were pending in courts/quasi judicial forums outside the territorial jurisdiction of Northern Railway at the beginning of the financial year 2024-25. 67fresh

cases were filed in these courts during the period under review bringing to the total to 256cases. Out of these, 67cases were disposed off, leaving the balance of 189cases at the close of the financial year 2024-25.

**3. Financial Expenditure during April, 2024 to March, 2025:**

The total expenditure incurred on litigation during the year was Rs.12,74,75,918/-.

**4. Amount claimed/decreed by the Court:**

The position with regard to the amount claimed/decreed by the Court and payments made towards the satisfaction of decrees during the financial year2024-25is given below:

(i) Amount claimed in all cases instituted in various courts Rs.1,66,29,00,126/-during the financial year 2024-25;

(ii) Amount decreed by the Court Rs.97,80,67,606/-during the financial year 2024-25;

(iii) Amount paid towards satisfaction of decree including amount decreed in previous years is Rs.76,61,19,974/-

**5. Legal opinion:**

During the period under reference, Legal Opinion was given inNo. 129 ofcases (excluding Court cases) to Engg., Stores, Mechanical, Commercial, Operating, Security, Medical & S & T Deptts.

# VIGILANCE

## 1.3.1 About the Department

The sphere of Vigilance Organisation covers a wide gamut of activities. The organisation not only investigates the complaints pertaining to offences of corruption and malpractices, but also carries out preventive checks at sensitive points and Mass Contact Area in order to ascertain if procedures are being adhered to. Additionally. decoy checks are also conducted in order to reinforce the systems.

The main areas of activities of Vigilance broadly are categorised as under: -

(i) Preventive checks.

(ii) Investigations into genuine and owned complaints.

(iii) Punitive recommendations consequent to investigations.

(iv) Integrity building.

(v) Vigilance clearances.

(vi) Education and awareness.

Broad objectives of this organization are: -

(i) Ensure observance of rules and procedures.

(ii) Protection of Railway revenue against leakages.

(iii) Procedural and structural reforms to restrict and limit opportunities for corrupt practices.

(iv) Initiatives for integrity improvement.

(v) Improving rail user's perception.

The following thrust areas have been identified for the year on which emphasis is given for conducting checks:-

(i) Scrutiny of expenditure contracts covering all Engineering Department.

(ii) In order to cover large value works/Machinery & plants/procurement, Plan Heads have been identified for conducting preventive checks, including proper accountal of stores

(iii) Scrutiny of Earning contracts

(iv) Misuse of various concessions including free passes, Checks in working of PRS System, E-Tickets – specifically refunds after preparations of charts, EFT's to detect fraud and their genuineness, Refund of PRS Tickets, Claim settlement cases under section 124-A

(v) Monitoring coverage and usage of CCTVs and other Surveillance mechanisms at various critical infrastucture of Railways where misuse is rampant.

(vi) Checks on Non issued tickets and special cancellation in PRS and UTS.

(vii) Checks on reservation done on zero value/pre-bought tickets and misuse of special/ complementary passes.

(viii) Checks on overloading of VPs/SLRs and record keeping of overloading instances by the checking/contracting division and action taken thereof.

(ix) Duty Roster of TTEs & rotation of TTEs.

(x) EFT and station cash remittance and submission of periodical returns.

(xi) Review of staff posted at Goods Sheds, Parcel officers and other sensitive posts to ensure rotation.

(xii) Reconciliation of : Issue & Receipt of new & released materials.

(xiii) Proper implementation of NIP & its inclusion in Service record against the staff against which D&AR action had been proposed.

(xiv) Checks in RRB/RRC exams, Departmental Selections, Compassionate ground Appointments

(xv) Maintenance of leave records.

(xvi) Verification of various certificates of the candidates recruited through compassionate grounds, sports quota & cultural quota etc.

(xvii) Scrutiny of long absentee empioyee, verification of employee data in IPAS with muster roll/attendance and Service records.

(xviii) Scrutiny of compassionate appointment cases & role of Welfare Inspectors.

(xix) Failed NEFT transactions and bankers cheques

(xx) Memorandum of differences for salary payment.

(xxi) Bill passing of contracts- entries in MB.

(xxii) Reconciliation of payment of Deposit works.

(xxiii) Internal-check machinery in bill passing of contractors and suppliers claims

(xxiv) Reconciliation of receipts through electronic mode

(xxv) Report of pending RRs, deduction of surcharge and deposit of BG.

(xxvi) Check vendor/ Party Master in IPAS to weed out fake entities & expired contracts.

(xxvii) Checking Price Variation Bills

(xxviii) Checking of Incentive bonus given to SSEs in Workshops and Production Units.

(xxix) Checking of DOB of the Pensioners/family pensioners in the Scroll Sheet of the Bank with special attention to pensioners>80 years of age.

(xxx) Maintenance and upkeep of in-motion weighbridges

(xxxi) Hospital Management- Procurement of medicines and Quality of high value medicines.

## 2. Organization

Vigilance organisation of the Northern Railway is under the Administrative control of Senior Deputy General Manager who is also the Chief Vigilance Officer of this Railway. The sanctioned strength of the Vigilance organisation is as follows:

**Gazetted**

| | | |
|---|---|---|
| 1 | SDGM/ Chief Vigilance Officer | 1 |
| 2 | Chief Vigilance Officer/T | 1 |
| 3 | Chief Vigilance Officer (S&T) | 1 |
| 4 | Dy. Chief Vigilance Officer (A) | 1 |
| 5 | Dy. Chief Vigilance Officer (E) | 1 |
| 6 | Dy. Chief Vigilance Officer (EL) | 1 |
| 7 | Dy. Chief Vigilance Officer (M) | 1 |
| 8 | Dy. Chief Vigilance Officer (S) | 1 |
| 9 | Dy. Chief Vigilance Officer (T) | 1 |
| 10 | Asstt. Vigilance Officer (E) | 1 |

**Non- Gazetted Staff**

| | | |
|---|---|---|
| 1 | Field staff (including 2 watchers) | 33 |
| 2 | Office staff (including two PO) | 27 |
| 3 | Group D staff | 10 |
| | | |

## 3. Investigations into Complaints

Total number of complaints investigated by the Vigilance branch during the year 2024-2025 and the result arising there of in the form of Major penalty/ Minor penalty proceedings are as under:

| | | Total |
|---|---|---|
| (a) | Total number of complaints investigated | 261 |
| (b) | Total number of Major penalty proceedings arising there from (Number of staff both GO & NGO) | 11 |
| (c) | Total number of Minor penalty proceedings arising there from (Number of staff both GO & NGO) | 18 |

**4. Preventive Checks**

| | | |
|---|---|---|
| (a) | Number of Preventive checks undertaken | 551 |
| (b) | Amount realised/raised towards Railway dues | 443 Lakh |
| (c) | Total number of Major penalty proceedings arising there from (Number of staff) | 181 |
| (d) | Total number of Minor penalty proceedings arising there from (Number of staff) | 131 |

**5. DAR Statistical Information**

| | | GO | NGO | Total |
|---|---|---|---|---|
| (a) | Number of DAR cases brought forward from the previous year | 23 | 255 | 278 |
| (b) | Number of fresh cases arisen during the year | 8 | 350 | 358 |
| (c) | Number of cases finalized | 12 | 366 | 378 |
| (d) | Number of cases outstanding at the end of the year | 19 | 239 | 258 |

**6. Punishments**

| | | GO | NGO | Total |
|---|---|---|---|---|
| 1 | Dismissal | - | | - |
| 2 | Removals | - | 1 | 1 |
| 3 | Compulsory retirements | - | 2 | 2 |
| | Cut in Pension | 2 | 2 | 4 |
| 4 | Reduction in rank/ Pay | - | 167 | 167 |
| 5 | Withholding of increments | - | 93 | 93 |
| 6 | Withholding of promotion | - | - | - |
| 7 | Censure | 6 | 22 | 28 |
| 8 | Others | 4 | 79 | 83 |
| | Total | 12 | 366 | 378 |

**Some Important checks conducted by Vigilance Deptt. During the period 01.04.2024 to 31.03.2025**

**Traffic**

**(i) Detection of irregularity in Parcel Office/Leased SLR/VPU**

- During reweighment of consignment at Parcel Office/DLI on 30/04/2024, total weight of 7530.6 kg was detected against booked weight of 3420 kg. Thus, 4110.60 kg was found excess for which an amount of Rs. 12964/- was realized from the party. DRM/Delhi had been advised to take action against defaulting staff.
- During preventive check conducted at Parcel Office/ANVT on 01/05/2024, an irregularity

was noticed in the collection of wharfage charge from the leaseholder. An amount of Rs. 21,168/- was realized from lease holder. DRM/Delhi had been advised to take action against defaulting staff.

- During reweighment of SLR of train No. 12415 on 01/08/2024, total weight of 6186.1 kg was detected against booked weight 3900 kgs. Thus, 2286.1 kg was found excess for which an amount of Rs. 40308/- was realized from the party and necessary action recommended against the leaseholder.
- During reweighment of consignment of Train No. 12367 & 22405 at Parcel Office/ANVT on 11/08/2024, 219 packages were found over weight resulting into 20151/- as under charges. DRM/Delhi had been advised to take action against defaulting staff.
- During reweighment of SLR of train No. 12651 on 27/08/2024, total weight of 4747 kgs. was detected against booked weight 3900 kgs. Thus, 847 kgs. was found excess for which an amount of Rs. 38990/- was realized from the party and necessary action recommended against the leaseholder.
- During reweighment of SLR of train No. 20957 on 29/08/2024, total weight of 7180 kgs. was detected against booked weight 3900 kgs. Thus, 3280 kgs. was found excess for which an amount of Rs. 50131/- was realized from the party and necessary action recommended against the leaseholder.
- During reweighment on 07/09/2024 at Parcel Office/Bareilly, total weight of 15 packages was found to be 2255 kgs. against the booked weight of 1340 kgs. CS/DLI was found responsible for booking of 15 packages as underweight. Rs. 9586/- was realized as under charges. DRM/MB had been advised to take action against defaulting staff.
- During reweighment of SLR of train No. 20805 on 21/09/2024, total weight of 8899 kgs. was detected against booked weight 3900 kgs. Thus, 4999 kgs. was found excess for which an amount of Rs. 129501/- was realized from the party and necessary action recommended against the leaseholder.
- During reweighment of FSLR of train No. 11057 on 11/10/2024, total weight of 5750 kgs. was detected against booked weight 3900 kgs. Thus, 1850 kgs. was found excess for which an amount of Rs. 38990/- was realized from the party and necessary action recommended against the leaseholder.
- During reweighment of RSLR of train No. 12415 on 17/10/2024, total weight of 5127.7 kgs. was detected against booked weight 3900 kgs. Thus, 1227.7 kgs. was found excess for which an amount of Rs. 36066/- was realized from the party and necessary action recommended against the leaseholder.
- During reweighment of FSLR of train No. 12302 on 26/10/2024, total weight of 7605 kgs. was detected against booked weight 3900 kgs. Thus, 3705 kgs. was found excess for which an amount of Rs. 104040/- was realized from the party and necessary action recommended against the leaseholder.
- During reweighment of FSLR of train No. 20501 on 13/11/2024, total weight of 8800 kgs. was detected against booked weight 3900 kgs. Thus, 4900 kgs. was found excess

for which an amount of Rs. 406192/- was realized from the party and necessary action recommended against the leaseholder.

- During reweighment of FSLR of train No. 12427 on 17/11/2024, total weight of 4265 kgs. was detected against booked weight 3900 kgs. Thus, 365 kgs. was found excess for which an amount of Rs. 14354/- was realized from the party and necessary action recommended against the leaseholder.
- During reweighment of RSLR of train No. 12907 on 19/12/2024, total weight of 4381 kgs. was detected against carrying capacity 3900 kgs. Thus, 481 kgs. was found excess for which an amount of Rs. 22122/- was realized from the party and necessary action recommended against the leaseholder.
- During reweighment of FSLR of train No. 12779 on 19/12/2024, total weight of 4526 kgs. was detected against booked weight 3900 kgs. Thus, 626 kgs. was found excess for which an amount of Rs. 28397/- was realized from the party and necessary action recommended against the leaseholder.
- During reweighment of FSLR of train No. 12651 on 18/12/2024, total weight of 6405 kgs. was detected against booked weight 3900 kgs. Thus, 2505 kgs. was found excess for which an amount of Rs. 71636/- was realized from the party and necessary action recommended against the leaseholder.
- During reweighment of FSLR of train No. 12313 on 13/12/2024, total weight of 6708 kgs. was detected against booked weight 3900 kgs. Thus, 2808 kgs. was found excess for which an amount of Rs. 93983/- was realized from the party and necessary action recommended against the leaseholder.
- During reweighment of FSLR of train No. 12807 on 18/12/2024, total weight of 5405 kgs. was detected against booked weight 3900 kgs. Thus, 1505 kgs. was found excess for which an amount of Rs. 40569/- was realized from the party and necessary action recommended against the leaseholder.
- During reweighment of FSLR of train No. 12779 on 19/12/2024, total weight of 5394 kgs. was detected against booked weight 3900 kgs. Thus, 1494 kgs. was found excess for which an amount of Rs. 46833/- was realized from the party and necessary action recommended against the leaseholder.
- During reweighment of FSLR of train No. 12803 on 24/12/2024, total weight of 6522 kgs. was detected against booked weight 3900 kgs. Thus, 2622 kgs. was found excess for which an amount of Rs. 63515/- was realized from the party and necessary action recommended against the leaseholder.
- During reweighment of FSLR of train No. 12919 on 29/01/2025, total weight of 5078 kgs. was detected against carrying capacity 3900 kgs. Thus, 1178 kgs. was found excess for which an amount of Rs. 28342/- was realized from the party and necessary action recommended against the leaseholder.
- During reweighment of FSLR of train No. 12555 on 29/01/2025, total weight of 5302 kgs. was detected against booked weight 3900 kgs. Thus, 1402 kgs. was found excess

for which an amount of Rs. 23891/- was realized from the party and necessary action recommended against the leaseholder.

- During reweighment of SLR of train No. 12313 on 23/02/2025, total weight of 6761 kgs. was detected against carrying capacity 3900 kgs. Thus, 2861 kgs. was found excess for which an amount of Rs. 93667/- was realized from the party and necessary action recommended against the leaseholder.
- During reweighment of SLR of train No. 12301 on 23/02/2025, total weight of 7235.7 kgs. was detected against carrying capacity 3900 kgs. Thus, 3335.7 kgs. was found excess for which an amount of Rs. 108409/- was realized from the party and necessary action recommended against
- Based on source information, the Northern Railway Vigilance team conducted check on 26.03.2025 at New Delhi Railway Station for train number 12426 (Jammu Rajdhani) in the F/SLR compartment. An amount of Rs. 26280/- realized from them as fare and penalty. DRM/FZR had been advised to take action against defaulting staff.
- During a preventive check conducted in Train no. 12455 on 10.03.2025, four without ticket passengers were found traveling in Coach No. S5, B1, B2. An amount of Rs. 1905/- realized from them as fare and penalty. Besides Rs. 2770/- was found excess in govt. cash of TTE on duty. DRM/UMB had been advised to take action against defaulting staff.
- During a preventive check conducted in Train no. 12356 on 12.03.2025, Rs. 4200/-, Rs. 4900/- and Rs. 4730/- unaccounted/undeclared were found with possession of three TTEs on duty. DRM/FZR had been advised to take action against defaulting staff.
- During a preventive check conducted in Train no. 10905 on 16.03.2025, Rs. 8410/- was found excess in govt. cash of TTE on duty. DRM/FZR had been advised to take action against defaulting staff.
- During a preventive check conducted in Train no. 14041 on 16.03.2025, Rs. 1020/- was found excess in govt. cash of TTE on duty. DRM/MB had been advised to take action against defaulting staff.

**(iv) Detection of irregularity in Goods Office**

- A joint preventive check was conducted by NR vigilance in association with NFR vigilance at Goods Office/AZA station of NFR on 27.05.2024. Three Goods trains booked from

DKZ to AZA were checked during their unloading at AZA station. During the check, misdeclaration of commodities was found in 19 wagons. Undercharges were collected for this irregularity as per extant policy guidelines. Total amount of ₹ 732000/- got realised on account of misdeclaration of commodities from these three Goods Train. . DRM/DLI had been advised to take D&AR action against defaulting staff.

- During a preventive check conducted in the Goods Siding of MB on 01/08/2024, it was found that the Goods Clerk was responsible for showing the removal of goods from the Goods Siding at MB without physically verifying the items. This resulted in wharfage charges amounting to Rs. 46,950/- has been raised against the companies. The DRM/ MB had been advised to take appropriate action against the staff involved in this lapse.
- During a preventive check conducted in the Goods Siding of GZB on 10/08/2024, it was found that the Goods Clerk was responsible for showing the removal of goods from the Goods Siding at GZB without physically verifying the items. This resulted in wharfage charges amounting to Rs. 84,000/- has been realized from the companies. The DRM/MB had been advised to take appropriate action against the staff involved in this lapse.
- During a preventive check conducted in the Goods Siding of UDM on 09/10/2024, it was found that the Goods staff/MCTM was responsible for showing the removal of goods from the Goods Siding at UDM without physically verifying the items. This resulted in wharfage charges amounting to Rs. 83,400/- has been raised against the companies. The DRM/ MB had been advised to take appropriate action against the staff involved in this lapse.

**(v) Detection of irregularity in Booking Office**

- During a preventive check conducted in Booking Office/DUI on 30/03/2024, Rs. 1128/- and 555/- were found excess in private. cash of two Booking staff. DRM/UMB had been advised for taking DAR action against the defaulting staff.
- During preventive check conducted in Booking Office/UMB on 31/03/2024, Rs. 440/- was found short in government cash of Booking staff. DRM/UMB had been advised for taking DAR action against defaulting staff.
- During preventive check conducted in Booking Office/NDLS on 13/04/2024, it was found that a booking clerk was conniving with an outsider to pass his ill-gotten money from his UTS counters while on duty. Rs. 7600/- were recovered from a private person. Besides Rs. 340/- were also found short in his government cash. DRM/DLI had been advised for taking DAR action against defaulting staff.
- During another preventive check conducted in Booking Office/NDLS on 13/04/2024, it was found that a booking clerk connived with an outsider to pass his ill-gotten money from his UTS counters while on duty. Rs. 11500/- were recovered from private person. Besides Rs. 80/- was also found excess in his Govt. cash. DRM/DLI had been advised for taking DAR action against defaulting staff.
- During a preventive check conducted in Booking Office/DLI on 14/05/2024, Rs. 1700/- was found excess in private cash of on duty Booking staff. DRM/DLI had been advised for taking DAR action against defaulting staff.

- During a preventive check conducted in Reservation office/MTC on 18/05/2024, Rs. 10865/- was found short in government cash of on duty Reservation staff. Besides, 2 live Tatkal tickets were also found on the counter manned by above said Reservation staff. DRM/DLI had been advised for taking DAR action against the defaulting staff.
- During a preventive check conducted in Booking Office/LDH on 02/06/2024, Rs. 5000/- was found excess in private cash of on duty Booking staff. DRM/FZR had been advised for taking DAR action against defaulting staff.
- During a preventive check conducted in Booking Office/LDH on 02/06/2024, Rs. 1000/- was found excess in private cash and Rs. 185/- was found excess in Govt. Cash of on duty Booking staff. DRM/FZR had been advised for taking DAR action against defaulting staff.
- During a preventive check conducted in Booking Office/LDH on 02/06/2024, Booking clerk was found responsible for booking ticket for himself on duty pass in non-entitled class. DRM/FZR had been advised for taking DAR action against defaulting staff.
- During a preventive check conducted at Booking Office/UMB on 13.08.2024, Rs. 3000/- was found excess in Pvt. Cash of Booking Staff on duty. DRM/UMB had been advised to take action against defaulting staff.
- During a preventive check conducted at Booking Office/UMB on 14.08.2024, Rs. 2860/- was found excess in Pvt. Cash of Booking Staff on duty. DRM/UMB had been advised to take action against defaulting staff.
- During a preventive check conducted at Booking Office/UMB on 14.08.2024, Rs. 745/- was found excess in Govt. Cash and Rs. 3500/- was found excess in Pvt. Cash of Booking Staff on duty. DRM/UMB had been advised to take action against defaulting staff.
- During a preventive check conducted at Booking Office/TKD on 15.08.2024, Rs. 1284/- was found excess in Govt. Cash of Booking Staff on duty. DRM/DLI had been advised to take DAR action against defaulting staff.
- During a preventive check conducted at Booking Office/ANVT on 15.08.2024, Rs. 2172/- was found excess in Govt. Cash of Booking Staff on duty. DRM/DLI had been advised to take DAR action against defaulting staff.
- During a preventive check conducted at Booking Office/NDLS on 14.09.2024, Rs. 1170/- was found excess in govt. cash of Booking Staff on duty. DRM/DLI had been advised to take action against defaulting staff.
- During a preventive check conducted at Booking Office/NDLS on 14.09.2024, Rs. 630/- was found excess in govt. cash of Booking Staff on duty. DRM/DLI had been advised to take action against defaulting staff.
- During a preventive check conducted at Booking Office/NDLS on 14.09.2024, Rs. 3010/- was found excess in govt. cash of Booking Staff on duty. DRM/DLI had been advised to take action against defaulting staff.
- During another preventive check conducted at Reservation Office Office/Anand Vihar on

16/09/2024, Rs. 800/- was found excess in govt. cash of Booking Staff on duty. DRM/DLI had been advised to take action against defaulting staff.

- During a preventive check conducted at Booking Office/ANVT on 04.10.2024, Rs. 290/- and Rs. 460/- were found excess in govt. cash of two Booking Staff on duty. Besides, Rs. 4000/- was found unclaimed in Booking Office. DRM/DLI had been advised to take action against defaulting staff.
- During a preventive check conducted at Booking Office/DLI on 06.10.2024, Rs. 370/- was found excess in govt. cash of Booking Staff on duty. DRM/DLI had been advised to take action against defaulting staff.
- During a preventive check conducted at Booking Office/ANVT on 18.10.2024, Rs. 7750/- was found unclaimed/unaccounted in Booking Office. DRM/DLI had been advised to take action against defaulting staff.
- During a preventive check conducted at Booking Office/UMB on 11.10.2024, Rs. 640/- was found excess in govt. cash of booking staff on duty. DRM/UMB had been advised to take action against defaulting staff.
- During a preventive check conducted at Booking Office/DLI on 23.10.2024, Rs. 240/- was found excess in govt. cash of booking staff on duty. DRM/DLI had been advised to take action against defaulting staff.
- During a preventive check conducted at Booking Office/DLI on 23.10.2024, Rs. 65/- was found short in Govt. Cash of booking staff on duty. Besides, Rs. 800/- was also found unclaimed/unaccounted him. DRM/DLI had been advised to take action against defaulting staff.
- During preventive checks conducted at Booking Office/ANVT on 17.11.2024, Rs. 640/- was found short in govt. cash of Booking Staff on duty. Besides, Rs. 2265/- was found excess in govt. cash of other Booking Staff on duty. DRM/DLI had been advised to take action against defaulting staff.
- During a preventive check conducted at Booking Office/NDLS on 15.11.2024, Rs.190/- was found excess in govt. cash of Booking Staff on duty. DRM/DLI had been advised to take action against defaulting staff.
- During preventive checks conducted at Booking Office/ANVT on 20.03.2025 Rs. 10,000/- was found short in govt. cash of CBS/ANVT. DRM/MB had been advised to take DAR action against defaulting staff.

**(vi) Detection of irregularity in Reservation Office**

- During a preventive check conducted in Reservation office/PRGN/Greater Noida on 27/04/2024, Rs. 3730/- was found short in government cash of on duty Reservation staff. Besides, one Tatkal ticket amounting to Rs. 3660/-was also found on the counter manned by above said Reservation staff. DRM/DLI had been advised for taking DAR action against the defaulting staff.
- During a preventive check conducted in Reservation office/MUT on 01/05/2024, Rs.

785/- was found short in government cash of on duty Reservation staff. DRM/DLI had been advised for taking DAR action against the defaulting staff.

- During a preventive check conducted in Reservation office/MTC on 18/05/2024, Rs. 10865/- was found short in government cash of on duty Reservation staff. Besides, 2 live Tatkal tickets were also found on the counter manned by above said Reservation staff. DRM/DLI had been advised for taking DAR action against the defaulting staff.
- Based upon system analysis through PRIMES, it was observed that non rail-head PRS situated at Pulwama & Kupwara are generating tatkal tickets for distant journey originating stations like GKP, GD, BST, LJN to Mumbai & vice-versa.

  Checks in this regard were conducted at remote locations like Pulwama and Kupwara DC offices on date 08.06.2024, in coordination with the local CID police.

  The investigation uncovered massive collusion between the contractual reservation staff and travel agents, facilitated through exclusive WhatsApp groups where numerous agents participated

  Approx 200 tickets were seized during the check, including those dates where journey was already over.

  At PRS Pulwama 8 live tatkal tickets for journey dated 08&09.06.2024 were recovered and at PRS Kupwara 6 live tatkal tickets were recovered from the possession of on duty staff. Additionally 172 original tatkal tickets of past dates were recovered from PRS Pulwama and 01 from PRS Kupwara.

  Suspecting the use of fake stationery, as it was impossible for the tickets to reach the starting station, another team was assigned to verify the genuineness of tickets on train with those passengers who had booked Tatkal tickets from these locations. The investigation revealed that the original ticket were never handed over to the passengers and that the passengers were either travelling without ticket or were in possession of counterfeit tickets.

  Both the PRS staff working at Pulwama & Kupwara accepted that they are issuing such tickets on demand of agents. Getting passengers details on WhatsApp and payment of those tickets in their bank account. They are contractual staff of respective DC offices at Pulwama and Kupwara.

  During the check ₹25000 & 24000 were found short in government cash at Pulwama & Kupwara respectively.

  In order to find out more about the stationery a team of NR Vigilance inspectors, deployed a decoy passenger to GD, BST, and GKP to gather insights from travel agents and passengers who possessed duplicate tickets printed on forged stationery

  During the check on train no 22537 on date 08.06.2024 between BST-CNB, four such duplicate tickets were found with passengers, resulting in a recovery of Rs. 21,000 in railway revenue.

DRM/FZR had been advised for taking action against defaulting staff.

- During a preventive check conducted in Reservation office/NRS on 21/06/2024, Rs. 18095/- was found short in government cash of on duty Reservation staff. Besides, 5 Tatkal ticket amounting to Rs. 24995/-was also found on the counter manned by above said Reservation staff. A private person, relative of CBS/NGG was also found working at PRS for generating tatkal tickets, who was handed over to RPF for further necessary action.

  DRM/MB had been advised for taking DAR action against the defaulting staff.

- During another preventive check conducted at Reservation Office Office/Anand Vihar on 16/09/2024, Rs. 800/- was found excess in govt. cash of Booking Staff on duty. DRM/DLI had been advised to take action against defaulting staff.
- During a preventive check conducted at Reservation Office/NDLS on 25/12/2024, 1 tout was found with 3 PRS tickets amounting of Rs. 21650/-. DRM/DLI had been advised to take action against defaulting staff.
- During preventive checks conducted at Reservation Booking Office/BLM on 01.02.2025, Rs. 5000/- was found excess in pvt. cash of Staff on duty. Besides two tatkal tickets detected amounting to Rs. 20560/- was also detected from his counter. DRM/MB had been advised to take DAR action against defaulting staff.
- During preventive checks conducted at Reservation Booking Office/NM on 01.02.2025, Rs. 9650/- was found excess in pvt. cash of Staff on duty. Besides two tatkal tickets detected amounting to Rs. 10410/- were also detected from his counter. DRM/MB had been advised to take DAR action against defaulting staff.
- During preventive checks conducted at Reservation Office/SPN on 11.02.2025, five unclaimed tatkal tickets detected amounting to Rs. 17130/- were detected from counter of staff on duty. DRM/MB had been advised to take DAR action against defaulting staff.
- During another preventive checks conducted at Reservation Office/SPN on 11.02.2025, Rs. 280/- was found excess in govt. cash of Staff on duty. Besides one unclaimed tatkal ticket amounting to Rs. 7720/- was also detected from his counter. DRM/MB had been advised to take action against defaulting staff.
- During preventive checks conducted at Reservation Office/DTU on 11.03.2025, Rs. 12885/- was found excess in govt. cash of Staff on duty. Besides two unclaimed PRS tickets amounting to Rs. 7510/- and one blank ticket were also detected from his counter. DRM/DLI had been advised to take DAR action against defaulting staff.

**(vii) Detection of irregularity in implementation of Penalty**

- During a preventive check conducted at Personnel Branch of DRM Office/DLI on 01/05/2024, OS/Personnel of Delhi Division was found responsible for Non implementation of NIP against several commercial staff of Delhi Division. DRM/Delhi had been advised to take D&AR action against defaulting staff.

**Store, S&T, Mechanical Etc.**

**Decoy Check**

- Northern Railway Vigilance Office received credible information from a scrap purchaser alleging that a Senior Section Engineer (SSE) from Budgam DEMU Shed was demanding a bribe in exchange for delivering scrap material sold through e-Auction. Acting swiftly, the Northern Railway Vigilance Team discreetly verified the information.

  A decoy was successfully laid, and the SSE was caught while accepting the bribe of Rs 29000/- from the purchaser. DRM/JAT had been advised to take D&AR action against defaulting staff.

- **Detection of Railway Service Conduct Rule violations**

➢ A complaint against a railway OS was lodged alleging that he violated railway regulations by concurrently working as a boxing coach at a College within Delhi University, receiving a salary for this coaching role. The investigation confirmed that the CO had indeed received a salary as a boxing coach at the college without permission. As a result, it was recommended that the CO be subject to a Major Penalty for the violations related to his coaching activities at the Delhi University College.

➢ During investigation of a complaint against a Tech-I Mech in DSL/Shed/SSB, for engaging in the business of supplying manpower alongside his government job was substantiated. The complainant provided evidence, including payment records and communications, to support the allegations. The CO admitted to having contracts with private companies for supplying manpower, receiving commissions ranging from 2% to 5%. He had been earning up to Rs. 6000 per month through this activity since 2018. He acknowledged his lack of awareness regarding railway conduct rules that prohibit such outside employment. As a result, a Major Penalty action recommended against him.

- **Detection of irregularities in delivery of scrap through e-auction**

  A preventive check was conducted at store depot JAGADHARI WORKSHOP on 28.08.2023 regarding the delivery of scrap through e-auction. When the vigilance team entered in depot, the weights of the trucks were already recorded by delivery team. In the presence of vigilance team the weights of the trucks were again recorded at the 40 MT & 100 MT weighbridge inside stores depot to cross check the weights. The weight of trucks was again verified at outside weighbridge (Non Railway)

  It was found that the weight was 7.5 MT, 2.5 MT extra as compared with depot weighbridge in two of three trucks. This indicated selective manipulation of weight in scrap delivery. Hence, another check was conducted on 01.09.2023, in association with the independent inspection/ testing agencies, suggested by weight and measurement department, in the presence of all concerned parties. During check load cell connecting wire in the 40 MT weighbridge and 100 MT weighbridge was found tempered at store depot, Jagadhari Workshop. A small external device/chip was also found at the wire connected to the load cell inside both weighbridge control rooms. The case is very grave in nature and many Railway officials without side agencies may be involved. Hence case was handed over to

CBI with the approval of General Manager/NR for further investigation.

- **CEA Claimed by Both Husband and Wife Serving in Different Organizations**

  Information was received that a railway employee was claiming Children Education Allowance (CEA) in the railway department, while his wife, employed as a teacher with the state government, was also claiming the same allowance by submitting false declarations that it was not being claimed by their respective spouses.

  During the investigation, data related to the payments made to the railway employee was collected from the relevant division. Additionally, the school authorities, where his wife was employed as a teacher, were requested to provide the details of the CEA claims made by her. The records were then cross-verified to establish the facts. It was found that both the husband (a railway employee) and his wife (a school teacher) had been claiming CEA by submitting false declarations/undertakings from 2015 to 2020-21.

  It was also discovered that the wife had claimed CEA for their third child, which was not permissible under the rules, as CEA can only be claimed for the two eldest surviving children by either the husband or the wife, but not both.

  During the investigation, the wife, who works as a PGT/Teacher, reimbursed Rs. 1,60,926/- that she had wrongfully claimed for their third child.

  The case was forwarded to the Deputy Director of Education and the Director of Education for appropriate action and to ensure the recovery of any further amounts if due. As a result, a major penalty was recommended. Additionally, the recovery of Rs. 18,000/-, claimed by the railway employee for CEA in the year 2015-16, which was not due to him, was advised.

  A charge sheet (SF-5) has been issued against the charged officer (CO), and an inquiry officer has been appointed. The final report (NIP) is still awaited.

- **Irregularities in Sick/Fit Certificates Issued by CMP**

During investigation of case is was noticed that :

- Issue of sick certificates in abnormally large numbers were observed at on health unit. Average around 80 sick certificates per month at health unit, which is one of the highest over NR.
- Contract Medical Practitioners (CMPs) can issue sick/fit certificates only up to 7 days; beyond that, countersignature by IRHS Medical Officer is mandatory.
- CMP violated these norms in numerous cases in HMIS by issuing sick/fit certificates beyond 7 days without required countersignatures.
- CMP could not justify this irregular practice in his statement.
- Action Taken:
  - CMP's contract not renewed post 15.02.2025 (working since 26.06.2012)
  - Permanent doctor is now deputed from a Divisional Hospital to Health Unit on weekly basis.

– Instructions issued to all CMPs over Northern Railway.

– Issue of sick certificates per month at health unit have reduced to around 40 as of now from the earlier around 80.

– suggested to include a check in HMIS itself to enforce the guidelines

**SYSTEM IMPROVEMENTS**

- During investigation of a complaint received from the Contractor/Supplier regarding under payment against supply of Toners/Cartridges, it was revealed that a complaint was lodged because the consignor did not receive updated information about the bill. Currently, there is no provision in GeM for notifying the consignee and consignor if the bill fails to be processed for any reason. Given this situation, the only way for theContractor/ Supplier to proceed is by resending the bill copy to the consignee for further processing. This issue could be prevented if GeM portal had a feature to send bill updates through appropriate communication channels.

  In view of the above, it order to plug this systemic lacunae, following system improvement is suggested to Pr. FA/NR:

1. GeM authorities may be approached with a request to update the facility for sending the messages at the registered mobile Nos. and GeM ID of Consignee, Stores Officer and Contractor/Supplier when Accounts Department returns the GeM bills online. This update would facilitate prompt action upon bill return. Additionally, this information should be prominently displayed at the top of the Consignee and Stores Officers' GeM IDs as a "POPUP" notification upon login.

2. Until the GeM portal incorporates the aforementioned feature, it is requested that in such cases a correspondence is sent by Accounts Department to the consignee and Stores Depart ment along with the returned GeM bill via the portal, outlining the objections in the proposal. This if implemented is likely to improve customer satisfaction and minimize unwarranted complaints in such instances.

- In a vigilance investigation case, It was observed that test report was sought in specification of winter jacket to be provided to the purchaser of the product sample from NABL certified lab in support of his claim of quality as per specification, but there is ambiguity in the specification regarding the stage at which the lab report needs to be submitted by the manufacturer (pre-tendering, during bidding, or during inspection). In regard to above, following system improvement is issued:

➢ In tender cases where test report is sought from Manufacturer/supplier/bidder in support of their claim of quality as per specification, in such cases the stage at which the lab report needs to be submitted by the Manufacturer/supplier/bidder i.e, pre-tendering, during bidding or during inspection shall be categorically made clear in bid document. If the test report is required for decision-making during the tender, then summarily rejection clause should be incorporated in bid document.

➢ Further during above investigation, vigilance has found that different purchase orders were issued by different divisions of Northern Railway for procurement of the same item

against the same specification with varying inspection clauses such as GCTC/Visual inspection. In regard to above, following system improvement is issued:

- Whenever winter jacket or employee protective items are being processed for procurement with third party inspection, the bid shall categorically state the inspection clause as under:
- "Inspection by TPI (on IREPS)/RITES (On GeM). Offer of the bidders with deviation in inspection clause shall be summarily rejected without any back reference."

System improvement was implemented vide E-S Misc/Vig/COP/Winter Jacket/HQ/2023 dated 13.05.2024.

- During a Preventive Check on the tendering process of catering stall, it was found that the NIT was floated without mentioning the area and location of the catering stall. When investigated for the reason thereof, it was noticed that the catering policy of 2017 dated 27.02.2017 which governs all catering contracts under Indian Railways, lacked any such clause. Therefore it was suggested that the NITs should carry the aspect of location and size of the catering staff and that the catering policy of 2017 should be amended to include these provisions.

  Implementation of this system improvement is likely to minimise the likelihood of potential manipulation at various stages of the tendering process that may have arisen due to omission of this clause. These provisions will significantly impact product sales, will attract best bidders and ensure competitive pricing

  NR Vigilance vide letter no. VIG/V1/PC/2022/06/00988/UMB dated 10.07.2024 addressed to PCCM/NR suggested this system improvement.

  This suggestion made by NR has been accepted by Railway Board and letter in this regard for inclusion of Site plan and stall size specification in Notice inviting tender (NIT) has been issued on 12.08.2024 with the approval of MOBD.

- During train checks it was found that a passenger booked in 3A, as an escort to a cancer patient, was travelling without the cancer patient undertaking the travel, thereby fraudulently availing cancer quota as well as concession.

  Investigation revealed many flaws in the Cancer Concession policy. The policy did not mention the earmarked hospitals who could issue cancer concession, the requirement of any supporting documents to be given at the time of booking was not laid down, submission of any ID was not mandated at the time of booking- making checks futile on the issue of imposters misusing the quota.

  In pursuance of observations made by NR vigilance, the following recommendations have been suggested to Pr.CCM/NR for system improvement:

- Zonal Railway should be mandated to maintain a list of hospitals where treatment of cancer is available.
- Such hospitals should also provide the name and designation of the doctor/administrator who would be issuing the cancer certificate.

- Data gathered by the Zonal Railway should be made available to CRIS, who would then upload it in the PRS and at the time of availing concession.
- Tickets should only be issued to passengers availing cancer certificates from the approved uploaded hospitals.
- An I-Card should be issued by hospitals to patients, containing details of Aadhaar, photograph and a registered mobile number. This I-Card should be essential at PRS counters during the reservation process.
- Introduction of OTP based reservations linked to AADHAR for patient bearing cancer concession certificates may also be thought of.
- The I-Card should be presented to the checking staff on the train during the journey.

• During a preventive check, it was observed that the Schedule of Rates & Quantities did not include a separate rate for the AMC in the work of supply, installation, testing, and commissioning of a solar PV module system at LC gates with an Annual Maintenance Contract (AMC) for three years following a one-year warranty period.

The following system improvement were suggested and implemented :

• For projects requiring an AMC after installation and commissioning, a separate work plan should be created. This plan should detail the quantities of items and their respective rates, with clear indications of rates for subsequent years.

• A specific penalty clause related to the AMC should be incorporated.

• **System Improvement implemented on the false ceiling to use standard drawing and specification ( CE//P&D/NR vide letter no. DOE/IR/USSOR-2021-2023 dated 22.01.2025).**

- **Specification available in the contract agreement for execution of the false ceiling i.e.** "Providing cast in situ plaster of Paris ornament/designer false ceiling/false column laid over chicken mesh of superior quality fixed on G.I. performed pressed metal sheet and frame of section 2'1" c/c interlocking making hanging arrangement from RCC/jack arch roof with superior quality desh fasteners, cutting of making recess for CFL lights and tube lights including making all shapers of caving moulding and offset including preparation of architectural drawing from qualified Architect/interior designer, chicken mesh shall be fixed with steel screws & washers etc. POP shall be laid over in this frame in two stages i.e. first stage for kucha and second stage in final finish shape including all labour and Materials, taxes as complete job'.
- **Vigilance view**: But false ceiling was supported through the hangers with the help of plastic Gitti to the RCC roof instead of with Dash fasteners and no drawings were available showing the detailing of the false ceiling and its support system.

System improvement was issued and implemented that the execution of false ceiling shall only be carried out after approval of design, drawing and method statement for installation, support system and anchorage of false ceiling work by concerned Sr.DEN, Dy.CE/Const. or Dy.CE/GSU and also as far as possible existing items of DSR shall

be adopted instead of introducing a Non Schedule item in the contract for false ceiling works.

- A case was investigated by Vigilance/NR in one of the division in which it was observed that the date of test check was not mentioned in online e-measurement book on IRWCMS.

  A test check by concerned officials is mandatory to verify the accuracy of the measurements. The absence of the test check date raises questions on the authenticity and validation of the recorded data.

  In this case, it was observed that it was not possible to verify the movement of concerned officials with test check date of measurements. Additionally, it could not be verified whether the officials had conducted the physical test check or not. if the officials conducted the physical test check, they should record the date of the test check in the e-MB on IRWCMS. This would allow verification of their movement based on the test check date and the claimed travelling allowance for that section.

  A system improvement was recommended to enter the date and location of test check in remarks column of e-Measurement book in IRWCMS.

  Therefore, System improvement had been implemented vide PCSTE/NR's letter no. E-123/Sig/G dated 22.05.2024.

# CENTRAL PLANNING CELL

## 1.4.1 About the Department

Central Planning Cell conducts work studies of various departments over Northern Railway with a view to effect savings in expenditure through reduction in manpower. Work Studies are also conducted to improve and modify the system.

Central Planning Cell conducts work studies of various departments over Northern Railway with a view to effect savings in expenditure through reduction in manpower. Work Studies are also conducted to improve and modify the system. The Central Planning Cell has achieved a distinction of outstanding performance during the year 2024-25. As a result of which 23 no. of work studies were conducted during this period and a total surrender/redistribution of 775 posts of various categories of staff were achieved with a monetary savings of 42.62 crores.

The Central Planning Cell also conducts Management Development Programmes for Senior Supervisors/Sr. Group 'C' staff of all Departments. The Management Development Programme was first time introduced on N.Rly. in Aug 1985. It is a five day programme and is conducted at various locations like Lucknow, Shimla, Dharampur, Mussoorie, Delhi etc. for ease of participants. During the course, senior officers of the rank of HAG/SAG/JAG deliver lectures and interact with the participants. The topics covered in MDP enhance the managerial skill, develop positive attitude and helps to improve manpower productivity as well as updating the knowledge of participants. At the end of this programme, there is provision for obtaining written feedback from participants on the topic covered, quality of lectures and suggestions for making the course more useful. In the FY 2024-25, total 08 MDP's were conducted and 316 participants of different departments had attended this programme.

## 1.4.3 Yearly Performance of Central Planning Cell

# राजभाषा की प्रगति

उत्तर रेलवे ने सरकारी कामकाज में सभी स्तरों पर राजभाषा हिंदी की उत्तरोत्तर प्रगति के लिए सतत प्रयास किए हैं। परिणामस्वरूप, उत्तर रेलवे पर राजभाषा के प्रयोग में अत्यधिक प्रगति हुई है। वर्ष 2024-25 के दौरान राजभाषा विभाग, गृह मंत्रालय, भारत सरकार द्वारा निर्धारित लक्ष्य प्राप्त करने के हर संभव प्रयास किए गए। हिंदी में कार्य करने हेतु महाप्रबंधक महोदय द्वारा प्रधान कार्यालय के सभी अधिकारियों/कर्मचारियों को व्यक्तिशः आदेश जारी किए गए।

विभिन्न क्षेत्रों में राजभाषा के प्रगामी प्रयोग की स्थिति इस प्रकार है:

**अनुवाद एवं प्रकाशन**

राजभाषा विभाग द्वारा वर्ष के दौरान, महाप्रबंधक की निरीक्षण रिपोर्ट, वार्षिक रिपोर्ट, सभी विभागों के कागजात, जेड.आर.यू.सी.सी बैठकों की कार्यसूची/कार्यवृत्त, पीसीडीओ जैसे नेमी प्रकार के अनुवाद तथा सतर्कता बुलेटिन, प्रशस्ति-पत्र, प्रेस विज्ञप्तियां, निविदा सूचनाओं का अनुवाद परिचालन विभाग के रोलिंग ब्लॉक प्रोग्राम (चैप्टर-22) का अनुवाद जी एंड एसआर पुस्तक के संशोधन पर्ची 209 का अनुवाद, आरपीएफ और चिकित्सा विभाग से प्राप्त अनुवाद किए गए।

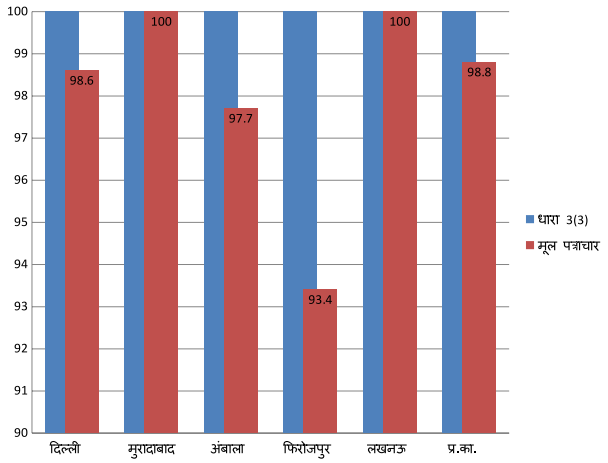
वर्ष 2024-25 के दौरान राजभाषा विभाग, उत्तर रेलवे द्वारा प्रधान कार्यालय से 'सरस्वती संगम', लखनऊ मंडल से 'सारंग' व मुरादाबाद मंडल से 'अभिव्यक्ति' नामक पत्रिकाओं का प्रकाशन किया गया।

**राजभाषा अधिनियम, 1963 की धारा 3(3)**

राजभाषा अधिनियम, 1963 की धारा 3(3) के अनुपालन में उत्तर रेलवे पर सामान्य आदेश, परिपत्र, कार्यालय आदेश, अधिसूचनाएं, प्रेस विज्ञप्तियां, संविदाएं, करार, लाइसेंस, परमिट, टेंडर के फार्म और नोटिस, संकल्प, नियम, संसद के एक या दोनों सदनों में प्रस्तुत सरकारी कागज-पत्र (रिपोर्ट के अलावा), संसद के एक या दोनों सदनों में प्रस्तुत प्रशासनिक और अन्य रिपोर्ट हिंदी व अंग्रेजी में जारी की गईं।

**हिंदी में मूल पत्राचार**

वर्ष 2023-24 में उत्तर रेलवे पर मूल पत्राचार 98.08 प्रतिशत रहा। राजभाषा अधिनियम-1963 की धारा 3 (3) और मूल पत्राचार की स्थिति निम्न चार्ट में दर्शाई गई है :



**स्टेशन संचालन नियम**

उत्तर रेलवे पर सभी 748 स्टेशन संचालन नियम द्विभाषी हैं।

**कोड/नियमावली**

उत्तर रेलवे पर प्रयोग में लाई जा रहे सभी 56 कोड/नियमावली द्विभाषी हैं।

**राजभाषा कार्यान्वयन समितियां**

उत्तर रेलवे पर कुल 108 राजभाषा कार्यान्वयन समितियां गठित हैं। इनकी प्रत्येक तिमाही में बैठक आयोजित की जाती है तथा बैठकों में रेल कार्यालयों में राजभाषा प्रगति की स्थिति की समीक्षा की जाती है और प्राप्त सुझावों को कार्यान्वित किया जाता है।

**हिंदी पुस्तकालय व वाचनालय**

उत्तर रेलवे पर कुल 90 हिंदी पुस्तकालय व वाचनालय हैं। इन पुस्तकालयों का संचालन सुचारु रूप से चल रहा है।

**हिंदी कार्यशालाओं का आयोजन**

वर्ष 2024-25 के दौरान उत्तर रेलवे पर कुल 132 हिंदी कार्यशालाओं का आयोजन किया गया जिसमें 2902 अधिकारियों/कर्मचारियों को प्रशिक्षण प्रदान किया गया।

**राजभाषा पखवाड़ा**

उत्तर रेलवे प्रधान कार्यालय में दिनांक 02.09.2024 से 12.09.2024 तक राजभाषा पखवाड़ा का आयोजन किया गया। दिनांक 02.09.2024 को हिंदी निबंध प्रतियोगिता तथा 03.09.2024 हिंदी टिप्पण एवं प्रारूप लेखन प्रतियोगिता, दिनांक 04.09.2024 को हिंदी वाक् प्रतियोगिता, दिनांक 05.09.2024 को कर्मचारियों की हिंदी प्रश्नोत्तरी प्रतियोगिता, दिनांक 06.09.2024 को कर्मचारियों की हिंदी प्रश्नोत्तरी प्रतियोगिता, दिनांक 09.09.2024 को हिंदी तकनीकी गोष्ठी, दिनांक 11.09.2024 को हिंदी कार्यशाला का आयोजन किया गया। दिनांक 12.09.2024 को महाप्रबंधक महोदय की अध्यक्षता में उत्तर रेलवे क्षेत्रीय राजभाषा कार्यान्वयन समिति की बैठक आयोजित की गई। बैठक से पूर्व राजभाषा में उत्कृष्ट कार्य करने वाले कुल 50 अधिकारियों/कर्मचारियों को **महाप्रबंधक राजभाषा पुरस्कार** से सम्मानित किया गया। दिनांक 13.09.2024 को महाप्रबंधक का हिंदी दिवस संदेश ऑनलाइन जारी किया गया।

श्री शोभन चौधुरी, तत्कालीन महाप्रबंधक, उत्तर रेलवे क्षेत्रीय राजभाषा कार्यान्वयन समिति की दिनांक 12-09-2024 को प्रधान कार्यालय में आयोजित बैठक को संबोधित करते हुए।

श्री शोभन चौधुरी, तत्कालीन महाप्रबंधक, उत्तर रेलवे क्षेत्रीय राजभाषा कार्यान्वयन समिति की दिनांक 12-09-2024 को आयोजित बैठक में पुरस्कार वितरण करते हुए।

इसी प्रकार उत्तर रेलवे के सभी मंडलों, कारखानों, मंडलेतर कार्यालयों एवं निर्माण कार्यालय द्वारा भी सितंबर, 2024 माह में राजभाषा पखवाड़ा का उत्साहपूर्वक आयोजन किया गया.

दिनांक 20.03.2025 को रेलवे बोर्ड राजभाषा कार्यान्वयन समिति की बैठक में उत्तर रेलवे को 2023 के दौरान हिंदी में उत्कृष्ट कार्य करने के लिए द्वितीय पुरस्कार के रूप में रेल मंत्री राजभाषा शील्ड प्रदान की गई।

श्री अशोक कुमार वर्मा, महाप्रबंधक, उत्तर रेलवे क्षेत्रीय राजभाषा कार्यान्वयन समिति की दिनांक 03.02.2025 को आयोजित बैठक को संबोधित करते हुए।

## उपलब्धियां

- महाप्रबंधक महोदय की अध्यक्षता में दिनांक 28.06.2024, 12.09.2024, 16.12.2024 एवं 03.02.2025 को उत्तर रेलवे क्षेत्रीय राजभाषा कार्यान्वयन समिति की बैठक आयोजित की गई।
- उप महाप्रबंधक/राजभाषा ने दिनांक 13.05.2024 को प्रधान कार्यालय की चिकित्सा शाखा, दिनांक 22.05.2024 को केन्द्रीय चिकित्सालय एवं दिनांक 31.05.2024 को कुरुक्षेत्र स्टेशन तथा वहाँ स्थित हिंदी पुस्तकालय का निरीक्षण किया एवं पाई गई कमियों को दूर करने हेतु निर्देश भी दिए।
- उप महाप्रबंधक / राजभाषा की अध्यक्षता में प्रधान कार्यालय में दिनांक 05.07.2024 को हिंदी संपर्क अधिकारियों की बैठक, दिनांक 11.07.2024 को कैंसर को जानो-पहचानो विषय पर तकनीकी गोष्ठी, दिनांक 16.07.2024 को क्षेत्रीय स्तर पर हिंदी निबंध, दिनांक 18.07.2024 को क्षेत्रीय स्तर पर हिंदी टिप्पण एवं प्रारूप लेखन और दिनांक 24.07.2024 को क्षेत्रीय हिंदी वाक् प्रतियोगिता का आयोजन किया गया। दिनांक 26.07.2024 को उत्तर रेलवे के विभिन्न पुस्तकालयाध्यक्षों हेतु कार्यशाला का आयोजन किया गया।
- उप महाप्रबंधक / राजभाषा ने दिनांक 29.07.2024 को नगर राजभाषा कार्यान्वयन समिति की बैठक में ऑनलाइन सहभागिता भी की।
- उप महाप्रबंधक / राजभाषा ने दिनांक 13.08.2024 को प्रधान कार्यालय के यांत्रिक विभाग एवं दिनांक 14.08.2024 को मंडल कार्यालय अंबाला एवं वहाँ स्थित हिंदी पुस्तकालय का निरीक्षण किया।

दिनांक 24.07.2024 को प्रधान कार्यालय में क्षेत्रीय स्तर पर आयोजित हिंदी वाक् प्रतियोगिता का एक दृश्य।

दिनांक 24.07.2024 को प्रधान कार्यालय में अधिकारियों के लिए आयोजित हिंदी प्रश्नोत्तरी प्रतियोगिता का एक दृश्य।

- दिनांक 13.09.2024 को सत्य निष्ठा की संस्कृति से राष्ट्र की समृद्धि विषय पर विशेष हिंदी निबंध प्रतियोगिता आयोजन किया गया। स्वच्छता पखवाड़े के दौरान दिनांक 24.09.2024 को स्वभाव स्वच्छता-संस्कार स्वच्छता विषय पर हिंदी वाक् प्रतियोगिता का भी आयोजन किया गया।
- उप महाप्रबंधक / राजभाषा की अध्यक्षता में दिनांक 11.10.2024 को हरिद्वार स्टेशन एवं वहाँ स्थित पुस्तकालय, दिनांक 15.10.2024 को सिगनल कारखाना गाज़ियाबाद कार्यालय एवं वहाँ स्थित हिंदी पुस्तकालय तथा दिनांक 18.10.2024 को लुधियाना स्टेशन एवं वहाँ स्थित हिंदी पुस्तकालय का निरीक्षण किया।
- उप महाप्रबंधक / राजभाषा ने दिनांक 08.11.2024 को कालका स्टेशन एवं वहाँ स्थित हिंदी पुस्तकालय तथा कालका वर्कशॉप और वहाँ स्थित हिंदी पुस्तकालय, दिनांक 14.11.2024 को करनाल स्टेशन एवं वहाँ स्थित हिंदी पुस्तकालय तथा दिनांक 22.11.2024 को यातायात लेखा कार्यालय, स्टेट एंट्री रोड, नई दिल्ली एवं वहाँ स्थित हिंदी पुस्तकालय का तथा मुख्य वाणिज्य प्रबंधक/पी.एम. कार्यालय नई दिल्ली एवं वहाँ स्थित हिंदी पुस्तकालय का गहन निरीक्षण किया।
- मुख्य राजभाषा अधिकारी ने दिनांक 26.12.2024 को राजभाषा पखवाड़ा के दौरान आयोजित प्रतियोगिताओं के विजेताओं को प्रमाण-पत्र प्रदान किए।
- वरिष्ठ राजभाषा अधिकारी द्वारा दिनांक 26.12.2024 को प्रधान कार्यालय के परिचालन विभाग का राजभाषा संबंधी निरीक्षण किया गया। वरिष्ठ राजभाषा अधिकारी द्वारा प्रधान कार्यालय के कर्मचारियों के लिए हिंदी कार्यशाला का आयोजन भी किया गया।
- वरिष्ठ राजभाषा अधिकारी ने दिनांक 24.01.2025 को चंडीगढ़ स्टेशन एवं वहाँ स्थित हिंदी पुस्तकालय का और दिनांक 31.01.2025 को ऊना, हिमाचल स्टेशन का राजभाषा संबंधी निरीक्षण किया।
- वरिष्ठ राजभाषा अधिकारी ने दिनांक 11.02.2025 को नगर राजभाषा कार्यान्वयन समिति की बैठक में ऑनलाइन सहभागिता की।
- दिनांक 13.02.2025 को डीजल सिमुलेटर ट्रेनिंग सेंटर तुगलकाबाद में आयोजित प्रबंधन विकास कार्यक्रम में राजभाषा नीति पर व्याख्यान दिया। दिनांक 25.02.2025 की बरेली स्टेशन एवं वहाँ स्थित हिंदी पुस्तकालय का निरीक्षण किया।
- वरिष्ठ राजभाषा अधिकारी ने दिनांक 18.03.2025 को उत्तर रेलवे के कर्मचारियों के लिए राजभाषा तिमाही प्रगति रिपोर्ट विषय पर एक हिंदी कार्यशाला का आयोजन कर कर्मचारियों को तिमाही रिपोर्ट के संबंध में विस्तृत जानकारी दी।
- दिनांक 20.03.2025 को उत्तर रेलवे को वर्ष 2023 के दौरान हिंदी में उत्कृष्ट कार्य करने के लिए द्वितीय पुरस्कार के रूप में माननीय अध्यक्ष रेलवे बोर्ड, द्वारा रेल मंत्री राजभाषा शील्ड प्रदान की गई।

## 1.6.1 PARTICIPATION OF RAILWAY EMPLOYEES IN MANAGMENT

PREM Group of Zonal and Divisional level has been functioning to facilitate effective participation of workers in the management. Broadly, the functions include:

- To evaluate the functioning of Railway and exchange data and ideas on ways and means for improving the efficiency and viability of the enterprise.
- To apprise the investment programmes, particularly in regard to housing and other welfare services.
- To identity areas and devise action-oriented methods for maximizing organizational effectiveness, the use of technology and towards building up the image of the Railways as a service organization.
- To facilitate effective and meaningful participation of Railways employees in the management process.
- To give them a sense of involvement and pride in the organisation's works.
- To discuss and identify the measures for improving the quality of service to the rail passengers and safety of operations.

The staff matters including those which come within the preview of "Permanent Negotiating Machinery" and "Joint Consultative Machinery" are not normally discussed in the PREM Meeting.

At the Zonal Railway level & Divisional level, the groups consist of four representatives each from the recognized Unions and two representatives each from NROA, NRPOA and NRPFA. General Manager is the Chairman of the Group and All PHODs are the members of the Group. At the Divisional level, DRM is the Chairman and branch officers are members of this Group. Dy.GM/G is the Secretary of the group at Headquarters level and Sr.DPO is the Secretary of the group at Divisional level. The meetings of Zonal and Divisional PREM are held once in a quarter.

The numbers of PREM meetings held at Zonal/Divisional level of this railway during the year 01.04.2024 to 31.03.2025 are given below-

| | No. of Meetings | Date of Meeting | Remarks |
|---|---|---|---|
| ZONAL LEVEL | Nil | Nil | – |
| DIVISIONAL LEVEL | | | |
| DLI | 01 | 10.07.2024 | – |
| FZR | Nil | Nil | – |
| LKO | Nil | Nil | – |
| MB | Nil | Nil | – |
| UMB | Nil | Nil | – |

## 1.6.2 Railway User's Consultative Committee

**Zonal Railway User's Consultative Committee and Divisional Railway User's Consultative Committee, Northern Railway.**

These committees are consultative in character. The object is to provide more frequent opportunities for consultation on matters relating to the service provided by Railways and devising ways & means of effecting improvement.

The Zonal Railway User's Consultative Committee at Headquarter level was constituted for the term from 01.04.2024 to 31.03.2025 and the Divisional User's Consultative Committee on various Divisions of Northern Railway were constituted for the term from 01.04.2024 to 31.03.2025.

In addition to the frequent informal meetings, the number of formal meetings of the ZRUCC and DRUCCs of various Divisions held during the year are indicated below-

| MEETING | | Date |
|---|---|---|
| ZRUCC | - | Nil |
| DRUCC | | |
| DELHI | - | Nil |
| AMBALA | - | Nil |
| FIROZPUR | - | Nil |
| MORADABAD | - | 24.12.2024 |
| LUCKNOW | - | Nil |

Classification of Revenue Expenditure ( Appendix-I)

Contents of the Advance Correction Slip No. 08 shall be read as under:-

Description of PU-49 Outsourcing of Manpower for track maintenance shall be read as under:

**"PU No. 49-Primary Units (Objects) of Expenditure (Revenue) - Outsourcing of Manpower/activities for track maintenance"**

## RBA 27/2024

**Sub: Clarification on the use of the phrase "as is / as is, where is basis" in the context of Indian Railways**

**Ref: Ministry of Finance, Department of Revenue Circular No. 236/30/2024-GST dated 11th October 2024.**

Ministry of Finance (Department of Revenue), vide circular No. 236/30/2024-GST dated 11th October 2024 has issued clarification regarding the use of the phrase "as is / as is, where is basis" in their circulars as it pertains to the Goods and Service Tax (GST) matters. The following are the guidelines issued by them:

The phrase "as is / as is, where is basis" refers to accepting the GST rates applied in the past as they were, regardless of whether they were lower or higher than the rates that might have been applicable. This means that the GST payments made at such rates are considered as the full and final discharge of the tax liability for the period before the regularization, without any further obligations to pay additional entitlement to a refund.

The phrase "as is, where is" is commonly understood in the realm of property transfer, signifying that the property is being transferred in its existing state, inclusive of any faults or defects, cept. In the context of GST, the phrase "regularized on as is where transferee s agreed to accept. In the co is basis" implies that any payment made at a lower rate or any exemption claimed by the taxpayer is recognized as valid, and no refund will be provided if tax has been paid paid at a higher rate. The intent is to acknowledge the payment at a lower rate, including a nil rate due to the tax position taken by the taxpayer, as a complete discharge of the tax liability.

**For Indian Railways, this clarification has the following implications:**

In cases where there has been a differential GST rate applied by different Zonal Railways for similar supplies or services due to genuine doubts or diverse interpretations, the regularization of such transactions on an "as is, where is" would mean that the GST paid at the lower rate or not paid, considering it as exempt, will be treated as the correct tax liability discharged for the period prior to the regularization subject to the illustrations below. There will be no requirement to pay any differential duty, nor will there be any refunds for those who have paid at the higher rate.

### Illustrations to support the above clarification are as follows:

| S. N. | Scenarios | Recommendation of GST Council | Interpretation as clarified vide the present Circular |
|---|---|---|---|
| 1. | Rate on which GST is discharged by suppliers-<br>.5%<br>.12% | The rate stands reduced and regularizing the past matters on "as is / as is, where is basis" | For the period prior to the regularization -<br>**a.** 5% GST paid will be treated as tax fully paid,<br>**b.** No additional payment is required. Taxpayers who have paid 12% GST will not be entitled to a refund. |

| | | | |
|---|---|---|---|
| 2. | GST not paid by supplier | The applicable rate is 5% and due to the belief that past matters are regularised there was an exemption on “as is as is, where is basis” | For the period prior to the regularization-<br>**c.** Non-payment of GST will be treated as full discharge of tax liability<br>**d.** No additional payment is required<br>**e.** Taxpayers who have paid 5% GST will not be entitled to a refund. |
| 3. | Where there is interpretational issue between GST applicable at the rate 5% and 12%-<br>• Some taxpayers have paid GST at the rate of 5%<br>• Others have paid GST at the rate of 12%<br>• Remaining have not discharged GST | Applicable rate is 12% and regularize the past on “as is rate where is basis” which of is notified on 1.12.2023 | **a.** For the period prior to 1.12.2023, the 5% GST paid by taxpayer will be treated as tax fully paid and they would not be required to pay any additional duty<br>**b.** For those taxpayers who have paid GST at the rate of 12%, no refund would be made.<br>**c.** However, the regularization would not apply to situations where no tax has been paid and in such case, the applicable tax of GST i.e. 12% shall be recovered. |

All Zonal railways and Production units are advised to review their past GST transactions where the applicable CBIC circulars use the phrase “as is where is” in light of this clarification in consultation with their local GST consultants and ensure that any GST payments made are consistent with the “as is as is, where is basis” principle. In case of any specific issues in implementing the above instructions, the same may be brought to the notice of Railway Board.

## RBA No. 33/2024

**Sub: Opening of separate Detailed head for expenditure pertaining to DFCCIL.**

In order to have clear and specific accountal and budgeting of expenditure pertaining to DFCCIL including Access charges, a separate Detailed head “735” is being opened.

Accordingly, Advanced Correction Slip No. 11 is attached

Contents of the correction slip may please be circulated suitably.

## RBA No. 35/2024

**Sub: Compliance with Amended TDS Provisions for Metal Scrap Supplies by Registered dealers to Indian Railways under GST**

**Ref: Ministry of Finance, Department of Revenue Notification No. 25/2024-Central Tax dated 9th October 2024.**

Department of Revenue vide notification ibid has notified the applicability of TDS provisions on Metal Scrap falling under Chapter 72 to 81. This notification has amended the the notification No. 50/2018-Central Tax dated 13th September 2018. The amendments are as follows:

(i) after clause (c) and before the first proviso, the following clause shall be inserted,-

(d) any registered person receiving supplies of metal scrap falling under Chapters 72 to 81 in the First Schedule to the Customs Tariff Act, 1975 (31 of 1975), from other registered person:

(ii) for the third provison, the following provison shall be substituted, namely-

“Provided also that nothing in this notification shall apply to the supply of goods or services or both, which takes place between one person to another person specified under clauses (a), (b), (c) and (d) of sub-section (1) of Section 51 of the suid Act. except the person referred to in clause (d) of this notification.”

This notification shall come into force with effect from the 10th day of October, 2024

**Implication of the Notification ibid for Indian Railways are as follows:**

In cases where Indian Railways supplies metal scrap falling under **chapter headings 72 to 81 to registered dealers,** such **registered dealers** are required to deduct TDS of the Indian Railways at the rate of 1% (CGST & SGST each).

CRIS is requested to make necessary modifications in the IREPS/GST Manual Utility to correctly capture the aforesaid transaction to ensure GST compliance.

The Ministry of Railways advises all Zonal railways and Production units to review all their Metal Scrap transactions falling under Chapter 72 to 81 to registered dealers in consultation with their local GST consultants and ensure that all such transaction shall comply with the aforesaid requirements. In case of any specific issues in implementing the above instructions, the same may be brought to the notice of Railway Board along with the comments of GST Consultants engaged by Zonal Railways.

**GOVERNMENT OF INDIA MINISTRY OF FINANCE**
**(DEPARTMENT OF REVENUE)**

## Notification No. 25/2024-Central Tax

G.S.R. 629(E).- In exercise of the powers conferred by sub-section (3) of section 1 read with section 51 of the Central Goods and Services Tax Act, 2017 (12 of 2017), hereafter in this notification referred to as the said Act, the Central Government, on the recommendations of the Council, hereby makes the following further amendment in the notification of the Government of India in the Ministry of Finance, Department of Revenue No. 50/2018-Central Tax, published in the Gazette of India, Extraordinary, Part II, section 3, sub-section (i) vide number G.S.R 868 (E). dated 13th September, 2018, namely: -

In the said notification,

(i) after clause (c) and before the first provison, the following clause shall be inserted, -

(d) any registered person receiving supplies of metal scrap falling under Chapters 72 to 81 in the First Schedule to the Customs Tariff Act, 1975 (51 of 1975), from other registered person;

(ii) for the third proviso, the following proviso shall be substituted, namely- “Provided also that nothing in this notification shall apply to the supply of goods or services or both, which takes place between one person to another person specified under clauses (a), (b), (c) and (d) of sub-section

(1) of Section 51 of the said Act, except the person referred to in clause (d) of this notification.”

2. This notification shall come into force with effect from the 10th day of October, 2024.

## RBA 08/2025

**Sub: Review of Input Tax Credit and its Accountal thereof in March 2025 Accounts.**

**Ref.: GST Accounting Procedure: Input Tax Credit- RBA No. 78/2017/GST Circular No. 22 dated 22.06.2017.**

Railway Board has been issuing instructions to Zonal Railways and Production Units from time to time relating to strict compliance of GST. It was advised that review of Input Tax Credit (ITC) should be done diligently and corrections (if required) should be carried out in ITC Flagging as per GST Rules. Facility is available in IPAS to carry out such corrections. Further detailed instructions were issued vide RBA No. 78/2017 dated 22.06.2017 bringing out the detailed Accounting entries to be carried out in Accounts, correctly reflecting the GST paid on Inputs in Final Head of Accounts or in Miscellaneous Advance Account (in case of T4 or C2 Flags), so that the Accounts reflect true Expenditure position. RBA No. 78/2017 is a general procedure circular and do not make any distinction between cash transactions or journalized transactions for debits received by Zonal Railways through TCs.

Some of the payments to Railway PSUs viz., IRFC, RVNL, IRCON, RITES, etc are made centrally by PAO/Railway Board on behalf of Zonal Railways. These PSUs submit their Invoices in respect of Works carried out by them pertaining to Zonal Railways, to Railway Board. Thereafter Sanction Orders are issued by the concerned nodal Directorate. PAO/ Railway Board makes payments duly carrying out appropriate ITC Flags and passes on the Debits to Zonal Railways through TCs. It is assumed that due regard to accounting treatment duly accounting Full ITC or Partial ITC amount are done by debiting MAR/MAC-GST as the case maybe and not debited to the final head. This may be reviewed immediately for 2024-2025. It is once again reiterated that proper accounting as per Railway Board’s instruction is the responsibility of the Zonal Railways/Production Units.

As laid down in Railway Board’s GST Circular No. 13/2018 dated 28th March, 2018, the entire exercise of the expenditure data in consultation with GST Consultants engaged by each Zonal Railways/Production Units, for the financial year 2024-2025 and corresponding passing of necessary accounting entry under Misc. Advance (Capital or Revenue) and final expenditure may be carried out immediately. It may be ensured that March 2025 Accounts is prepared after this exercise. For this purpose, it may be necessary to keep the office open during the ensuing holidays. Necessary instructions may be required to be issued in this regard.

## RBA 09/2025

**Sub: Opening of a new Sub Head and Detailed Heads - Major Head 3002 & 3003 Sub Major Head 11 Erstwhile Demand No. 13 - Abstract 'O' for budgeting and accountal of Government Contribution of UPS subscribers under National Pension System - ACS No. 13 to Finance Code Vol-II.**

**Ref: Board's letter No. F(E)III/2025/UPS/1 dated 28.03.2025 (RBE No. 25/2025)**

Kind attention is invited to Board's letter No. F€II/2025/UPS/1 dated 28.03.2025 enclosing circular on PFRDA's Gazetted Notification No, PFRDA12/01/0001/2023-legal dated 19.03.2025 regarding **Operationalization Of Unified Pension Scheme Under National Pension System**. As per these instructions, the employee covered under NPS shall have option to opt for UPS under the NPS scheme. Under this scheme, if the employee opts for UPS under NPS, Government shall make a matching contribution equal to the individual contribution of 10% of the Basic Pay And Non-Practicing Allowance, if any and Dearness Allowance thereon made by the UPS subscriber. Further an additional 8.5 of the Basic Pay And Non-Practicing Allowance, if any and Dearness Allowance thereon shall be credited to the Pool Corpus.

In order to ensure Budgeting and Accountal of this expenditure, it has been decided to open new Detailed Heads under - **Major Head 3002 & 3003 Sub Major Head 11 Erstwhile Demand No. 13 - Abstract 'O'** .

Accordingly, Advanced Correction Slip No. 13 to Indian Railways Finance Code Vol-II (Second Reprint Edition 2022) containing these details is enclosed.

Contents of the correction slip may please be circulated suitably.

Kindly acknowledge receipt.

## Para 2.19

# Statement of Capital-at-Charge 2024-25

(Figs in Lakhs of Rs.)

**The Capital-at-Charge of this Railway stood at the net increment of Rs. 5710567 lakhs**
**A. The Capital expenditure of Rs Lakhs during the year incurred as:-**

| | | |
|---|---|---|
| 1 | Construction of New Lines (Plan Head 11) | 1175771 |
| 2 | Gauge Conversion (Plan Head 14) | 0 |
| 3 | Doubling (Plan Head 15) | 185068 |
| 4 | Traffic facilities & Yard remodeling and others (Plan Head 16) | 55549 |
| 5 | Computerization (Plan Head 17) | 22975 |
| 6 | Railway Research (Plan Head 18) | 4244 |
| 7 | Rolling Stock (Plan Head 21) | 639998 |
| 8 | IRFC lease Charges (Plan Head 22) | 373034 |
| 9 | RSW (Unmanned, Plan Head 29) | 9043 |
| 10 | RSW (ROB/RUB, Plan Head 30) | 72663 |
| 11 | Track Renewal (Plan Head 31) | 300989 |
| 12 | Bridge Works. (Plan Head 32) | 24191 |
| 13 | Signalling & Telecommunication. (Plan Head 33) | 51612 |
| 14 | Other Electrical Works (Plan Head 36) | 650 |
| 15 | Electrical Traction (Plan Head 37) | 0 |
| 16 | Machinery & Plant (Plan Head 41) | 7768 |
| 17 | Workshop Repairs (Plan Head 42) | 22296 |
| 18 | Staff Quarters (Plan Head 51) | 5836 |
| 19 | Amenities for Staff (Plan Head 52) | 0 |
| 20 | Amenities for Passengers (Plan Head 53) | 157170 |
| 21 | Investment in Govt./ Commercial Undertakings (Road Service) (Plan Head 61) | 2574082 |
| 22 | Investment in Govt. Undertakings (Plan Head 62) | 0 |
| 23 | Other Specified Works (Plan Head 64) | 26765 |
| 24 | HRD Training (Plan Head 65) | 612 |
| | **Total** | **5721912** |
| | Suspense | 25037 |
| | Less credit including receipt of Capital A/C | 36382 |
| | **Grand Total** | **5710567** |

## Para 2.20

### Depreciation Reserve Fund 2024-25

(Figs in Lakhs of Rs.)

**The details of expenditure on Renewal & Replacement from the Fund are given below**

| | | |
|---|---|---|
| 1 | New Lines | 0 |
| 2 | Gauge Conversion | 0 |
| 3 | Doubling | 0 |
| 4 | Traffic Facilities & Yard remodelling and others | 63 |
| 5 | Computerization | 1117 |
| 6 | Railway Research | 130 |
| 7 | Rolling Stock | 5187 |
| 8 | Bridge Works | 1296 |
| 9 | Signalling & Telecommunication | 0 |
| 10 | Track Renewal | 0 |
| 11 | Other Elect. Works | 95 |
| 12 | Machinery & Plant | 2254 |
| 13 | Workshop Incl. Production Units | 757 |
| 14 | Staff Quarters | 1274 |
| 15 | Amenities for Staff | 0 |
| 16 | Amenities for Passengers | 264 |
| 17 | Other Specified Works | 1303 |
| 18 | HRD/Training | 0 |
| | **Total** | **13740** |
| | Less credit for released Material | 2530 |
| | **Net Withdrawals** | **11210** |

## Para No. 2.21

### Open Line Works Revenue 2024-25

(Figs in Lakhs of Rs.)

| | | |

## 3.1.1 About the Department

The Commercial department is headed by Principal Chief Commercial Manager (PCCM). This department is concerned with all facets of Commercial working, from selling tickets and booking goods through rendering services to passengers at stations and on board trains to dealing with compensation claims.

## 3.1.2 Highlights of the year

### 3.1.2.A Passenger Marketing

Computerized Reservation ticketing system over Northern Railway

**a. Passenger Reservation System (PRS) Delhi**

- At present, 393PRS locations are functioning over Northern Railway

**b. Yatri Ticket Suvidha Kendra (YTSK)**

With a view to expanding the facilities for issue of tickets (both reserved and unreserved) it has decided by Railway Boards to allow establishment and operation of computerized PRS-cum UTS terminals known as Yatri Ticket Suvidha Kendra (YTSK) and Jan Sadharan Ticket Booking Seva (JTBS).

| Division | No. of YTSK Locations |
|---|---|
| DLI | 132 |
| FZR | 4 |
| LKO | 7 |
| UMB | 1 |
| MB | 6 |
| **TOTAL** | **150** |

At present, YTSKs are functioning at 150 locations over Northern Railway Division wise details of YTSK are as under:-

**c. Report of S&T Unit**

- PRS/UTS working during 2024-25 have been satisfactory and efficiency has been 99.8% to 99.9% and work done/circuit commissioned in this FY are asunder:-

| S. N. | Name of work | Status of work |
|---|---|---|
| 1 | 2Mbps Railway data circuit commissioned. | 06 Nos. |
| 2 | MTNL/BSNL lease line data circuits surrendered and PRS working shifted on Railway OFC cable and hence save revenue of Rs.2400000/- | 38 Nos. |
| 3 | Shifting of enquiry counter:- | 06 |
| | (i) From CRB Reception Room to Room no.234 at Railway Board. | |
| | (ii) PRS counters from Sabzimandi Station to PRS Building. | |
| | (iii) PRS International Tourist Bureau from IRCA to New Delhi station. | |
| | (iv) PRS & UTS Mukatsar, Ambala, Khanna to new building. | |
| 4 | Conversion of 64Kbps MTNL/BSNL leased line data Circuits from Copper cable to FTTH(Fiber). | 30 Nos. |

| | | |
|---|---|---|
| 5 | Temporary additional counter provided :- | 51 |
| | (PRS-01, UTS-08, ATVM-15 & NTES-01) at AnandVihar Terminal station | |
| | (PRS-02, UTS-08, ATVM-13 & NTES-03) at New Delhi station for chat Puja festival Rush. | |
| 6 | Temporary additional PRS-02 UTS-06 & NTES-01 Counters installed at SantNirankariSamagam at Bhodwal Majari. | 09 |
| 7 | Temporary counters installed (PRS-03, UTS-03 & NTES-01 at New Delhi. | 14 |
| | (PRS-02, UTS-04 & NTES-01) at Anand Vihar Terminal station to clear summer rush. | |
| 8 | Temporary counters installed (PRS-03, UTS-03 & NTES-01) at New Delhi and | 14 |
| | (PRS-02, UTS-04 & NTES-01) at Anand Vihar Terminal station for summer Holi festival rush. | |

### d. Unreserved Ticketing System (UTS)

The computerized un-reserved system (UTS) for issuing of Railway Unreserved journey tickets to passengers has been implemented on Northern Railway. Under this system passengers can purchase unreserved journey tickets 3 (Three) days in advance (Excluding the day of journey) from any station of that particular cluster (A specific group of many stations) station to any destination station subject to journey of 200 (Two Hundred) kilometers and above. For distances upto 199 kms., unreserved tickets are issued on the same day with validity of 3 hours and for the tickets for 200 kms. and above, the validity is upto 23:59 hrs of that day. Season tickets (MST, QST, HST& YST) are also issued to daily passengers. Platform tickets are also issued through UTS terminals which are valid for 2 hours from the time of booking. Regarding season tickets, with effect from 01/04/2013, new facilities of issuing half yearly (HST) & yearly (YST) season tickets have been provided to the passengers ie. the passengers can purchase now half yearly (HST) &yearly season tickets(YST) also as per their requirement.

The locations having UTS facility are connected to zonal server through Terminal Server. In addition, Thin Clients have also been provided at all NSG-6 category of stations where UTS has been commissioned and also at other NSG-1, NSG-2, NSG-3, NSG-4 & NSG-5 category of stations to render hassle free service.

To facilitate Station Managers/ Assistant Station Managers to concentrate better on train operations and also to facilitate passengers to get tickets it has been decided to appoint **StationTicket Booking Sewaks (STBS)** at 'E'-Category stations as a pilot project for one year only. Later this scheme was changed into **STBA i.e. Station Ticket booking Agents** and initially the period of contract would be 3 years. During FY 2024- 25, 141.15 lakh tickets have been issued through STBA generating revenue of Rs. 91.03 Cr. Vide Railway Board's circular No. 4 of 2022, the scheme to appoint STBA was extended for NSG-4 category stations also as a pilot project. Accordingly divisions have been instructed to engage STBA at NSG-4, NSG-5 and NSG-6 category stations. Divisions have engaged 08 STBAs as per the new policy. As per Railway board's letter dated 21.02.2025, the scheme has been extended upto 21.02.2026.

526 ATVMs were sanctioned for NR in 2014. 336 ATVMs were commissioned over 171 locations of Northern Railway. Another 117 ATVMs, were commissioned over Northern Railway during FY 2024-25. During the FY 2024-25, 261 lakh tickets have been issued

through ATVMs generating revenue of Rs.318.73 Cr. All divisions are under the process of procuring ATVMs at divisional level. Co-TVM was commissioned during the FY 2015-16. 60 Co-TVMs were installed at 14 locations over Northern Railway. During FY 2024-25, 2.89 lakh tickets have been issued through Co-TVM generating revenue of Rs.3.86 Cr. These were made un-operational w.e.f. August-2024.

To make booking of Unreserved Tickets more user friendly, easier and faster the railways has introduced the facility of booking of unreserved tickets through Mobile phones. On 1.11.2018, UTS-on-Mobile App was expanded on PAN-India basis. During FY 2024-25, 56.52 lakh tickets have been issued through UTS-on-Mobile App. generating revenue of Rs.59.46 Cr. Functionality of booking of UTS tickets for Divyanjan through UTS-on-Mobile App. has been implemented. Also the outer distance geofencing restriction on booking paperless tickets (Journey, Platform and Season) via UTs-on-Mobile has been removed for all Zonal Railways. Also the outer distance geofencing restriction on booking paperless tickets (Journey, Platform and Season) via UTS-on-Mobile has been removed for all Zonal Railways. As a pilot project, inner geofencing limit has been removed from NDLS, DLI, ANVT& NZM.

To promote digital transaction, QR devices are being installed at PRS and UTS counters over Northern Railway. Till end of FY 2024-25, 1220 QR devices have been installed over Northern Railway. In addition to this, payment for UTS tickets are being accepted through QR code at ATVM machines also.

To dispense unreserved tickets at station, M-UTS devices have been commissioned at various stations over Northern Railway. The facility of cash/ QR payment has been provided at all M-UTS devices installed over Northern Railway.

## f. Reservation On Internet (IRCTC)

IRCTC Online Ticket booking system is a boon to the common man, empowering the User through technology. Launched in 2002, IRCTC booked a mere 27 i-tickets on the first day of commencement of online ticketing service in the country. E-ticket booking service was started in August 2005. From just 27 i-tickets on the day of inception to a record 16.17 lakh tickets booked on 6th March 2025, IRCTC's online ticketing journey spans over two decades of remarkable growth. Today, it stands not only as a milestone in India's digital transformation but also as one of the largest e-commerce platforms in the country and the Asia-Pacific region.

The core vision behind the project was simple yet transformative: instead of making customers visit the Passenger Reservation System (PRS), bring the PRS to them. With this guiding principle, railway ticket booking through the internet is now available 24x7, with a brief 35-minute downtime daily from 23:45 hrs to 00:20 hrs for system maintenance.

Under the e-ticketing scheme, there is no need for a physical ticket—passengers can conveniently book their journey online from the comfort of their homes. A computer-generated Electronic Reservation Slip (ERS), accompanied by a valid identity card, grants access passenger to their reserved seat. The accommodation booked is not transferrable, one of the passengers named on the ERS must present any one of the twelve approved forms of ID in original during the journey; failure to do so renders all passengers on that ticket as travelling without a valid ticket, subject to existing Railway rules. In case the passenger does not carry the Electronic Reservation Slip or SMS sent by IRCTC, a charge of Rs. 50/- per ticket shall be recovered by the ticket checking staff and an excess fare ticket will be issued in lieu of that. Additionally, an SMS sent by IRCTC is also recognized as a valid travel authority when presented with appropriate ID proof.

Valid IDs: 1. Passport. 2. Voter Photo Identity card issued by Election Commission of India. 3. Driving Licence issued by RTO. 4. Pan Card issued by Income Tax Department. 5. Photo Identity card having serial number issued by Central / State Government. 6. Student Identity Card with photograph issued by recognized School/College for their students. 7. Nationalized Bank Passbook with photograph. 8. Credit Cards issued by Banks with laminated photograph. 9. Printed Unique Identification card "Aadhaar" or downloaded Aadhaar (e-Aadhaar). 10. m-Aadhaar when shown through m-Aadhaar mobile app by the passenger on his/her mobile after entering the password is accepted as proof of identity for undertaking journey in any reserved class. 11. Photo identity cards having serial number issued by public sector Undertakings of State/Central Government, District Administrations, Municipal bodies and Panchayat Administrations. 12. Passenger showing the Aadhaar/Driving Licence from the "Issued Document" section by logging into his/her DigiLocker account considered as valid proof of identity. (Documents uploaded by the user i.e. the document in "Uploaded Document" section will not be considered as a valid proof of identity).

E-ticket cancellations are permitted through www.irctc.co.in by the user. Tickets booked through Passenger Reservation Counters can also be cancelled through www.irctc.co.in by the passengers. In case e-ticket is booked through an agent, the cancellation is required to be done through the respective agent only.

### g. Next Generation E-Ticketing (NGeT) System:

The IRCTC e-ticketing system was replaced with Next Generation e-Ticketing (NGeT) System from 28- Apr-2014 with new state of art Data Centre set up in CRIS premises at Chankyapuri, New Delhi. The capacity of per minute ticket booking has been increased progressively since then. The system is being upgraded regularly and is supported by high capacity servers. A record of 30,155 tickets were booked, in a minute, on 12-March-2025 at 10.01 AM. Highest ever IRCTC booking is 16,17,404 tickets in a day reported on 06 March, 2025. On an average, 13.88 lakh tickets were sold daily through IRCTC's Website/Mobile App in Financial Year 2024-25.

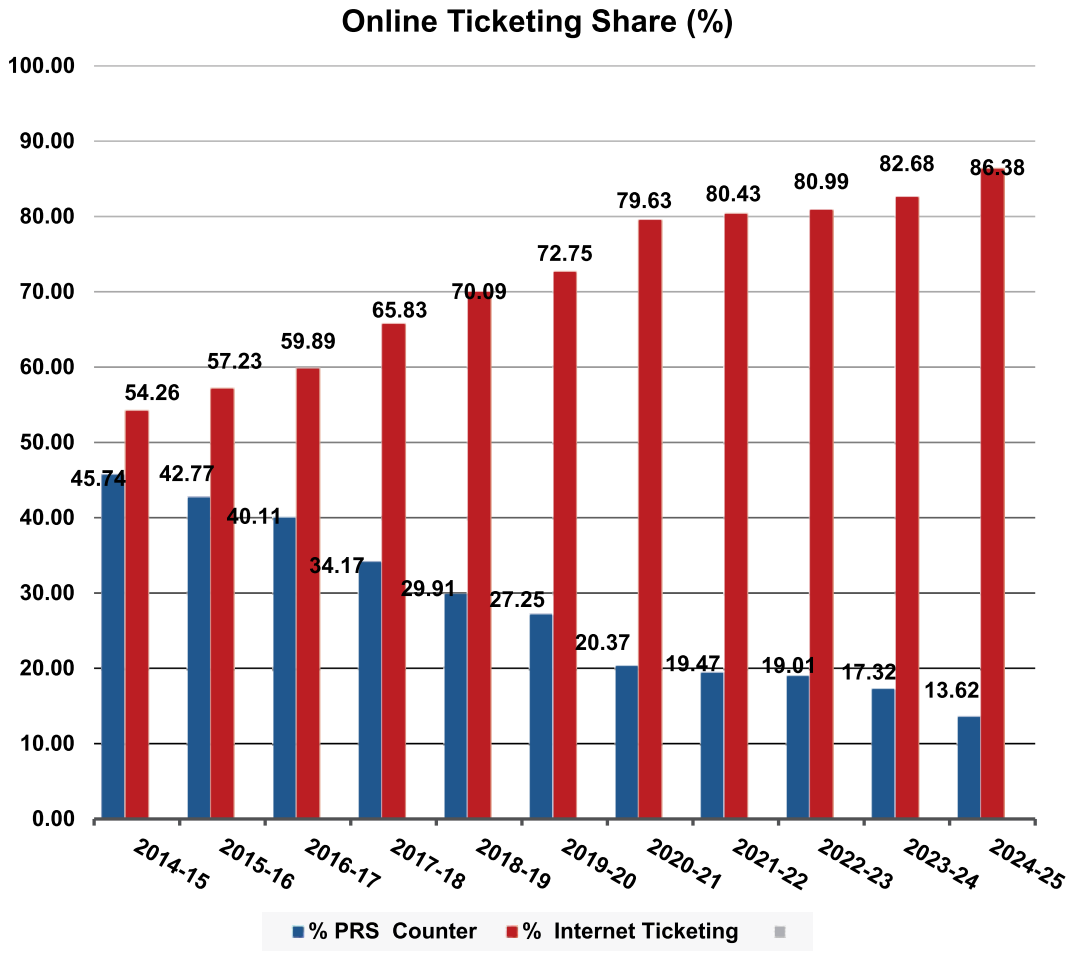
### h. Details of E-Ticket Booking:

Growth of e-ticketing on IRCTC Website/Mobile App has been phenomenal since its launch in year 2002-2003. During the financial year 2024-25, 5065.28 lakh tickets for 8910.54 Lakh passengers, have been booked through IRCTC Website (www.irctc.co.in) and Rail Connect Mobile App. A total amount of Rs. 70,214.71 Crores was collected as Railway Ticket Fare through IRCTC e-ticketing Website and Mobile App for the Financial Year 2024-25.

### Few important E-ticketing Statistics:

| | |
|---|---|
| • Registered Active Users | 10.01 Crores |
| • Online Booking Share | 86.38 % of total reserved tickets |
| • Highest Ticket in a day (Overall) | 16,17,404 on 06/03/2025 |
| • Highest Ticket in a minute | 30,155 tickets on 12/03/2025 (10.01 AM) |

## i. Online Ticketing Share:



## j. Convenience Fee:

IRCTC used to levy a service charge of Rs. 20+Tax (2S & Sleeper Class) and Rs.40+Tax in case of all other classes (1AC, EC,2AC, 3AC, CC,3E, FC) irrespective of the number of passengers booked on E-Ticket. However, the same was withdrawn w.e.f. 23.11.2016 to 31.08.2019. IRCTC has started levying Convenience Fee w.e.f. 01- Sep- 2019 @ Rs.15/- + GST per ticket for Non-AC Classes and @ Rs.30/- + GST per ticket for AC Classes (including First Class), on the online tickets booked through IRCTC, irrespective of the number of passengers booked on a ticket;

For those Users, who make online payment for e-tickets through BHIM/UPI payment mode, the Convenience Fee is charged @ Rs.10/- + GST per ticket for Non- AC Classes and Rs.20/- + GST per ticket for AC Classes (including First Class), to promote digital payments as a Digital India initiative.

## k. IRCTC Rail Connect Mobile App:

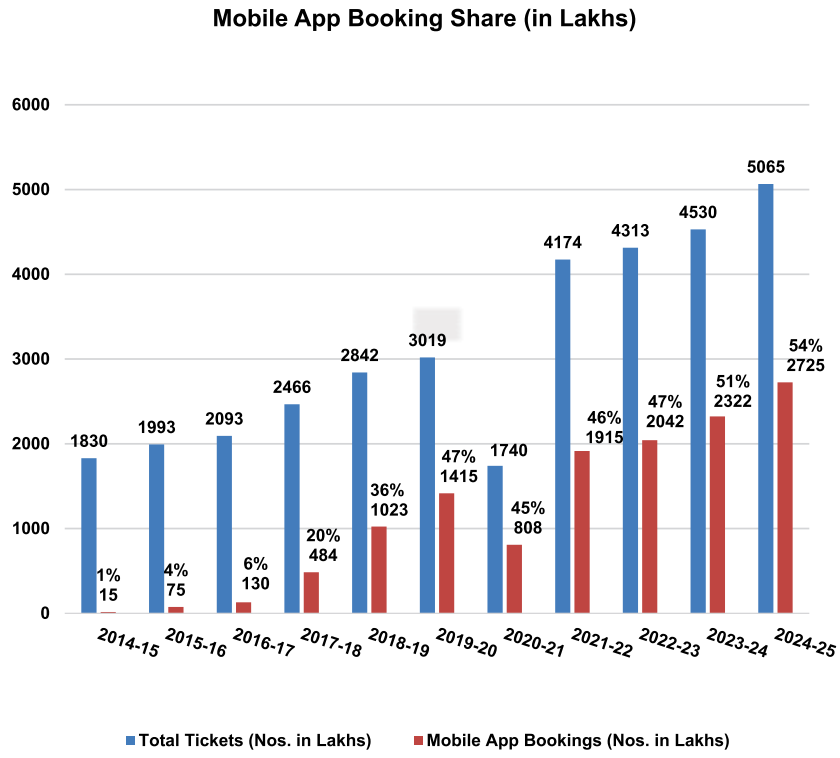
E-tickets can also be booked on IRCTC Rail Connect Mobile Apps (Android &iOS Platforms. In order to capture the ever increasing popularity and customer base and to address need of

this market segment, IRCTC had launched new Android App on Next Generation e-ticketing system in January 2017. During the year 2015-16, the average mobile ticket booking was 30,000 per day which has been increased to 7.47 Lakh tickets per day. There were a total of 14.63 Crore downloads of the Mobile App. Daily Mobile Logins were 59.79 Lakhs. 53.80% of online tickets are being booked through IRCTC Rail Connect Mobile App.

**Mobile App Statistics are given below**

| Period | Tickets (Nos. in Lakhs) | Downloads (Nos. in Lakhs) |
|---|---|---|
| 2014-15 | 15.17 | 25.47 |
| 2015-16 | 74.57 | 47.91 |
| 2016-17 | 129.90 | 94.71 |
| 2017-18 | 483.77 | 130.61 |
| 2018-19 | 1023.43 | 139.85 |
| 2019-20 | 1415.24 | 140.58 |
| 2020-21 | 808.47 | 128.47 |
| 2021-22 | 1915.37 | 185.01 |
| 2022-23 | 2042.47 | 213.94 |
| 2023-24 | l2322.32 | 225.65 |
| 2024-25 | 2724.88 | 242.75 |

## I. IRCTC Mobile App Booking Share:



**m. Payment System:**

IRCTC has a robust system of payment gateways with various payment options viz., Net Banking/Credit & Debit Card/ Wallets/ BHIM/ UPI/ Autopay/ BNPL/ EMI. The transaction on this website is completely safe and secure. Bank Account or Card Account details of User are not saved in the server of IRCTC at the time of booking tickets thereby ensuring preventing any misuse. Even, Foreign user can book tickets using International Credit Card (Issued outside India).

| [3] + [5] | Ticketless/Irregular Travel Plus Unbooked Luggage Earnings (In Rs.) | 28264.00 | 25003.74 | 19808.77 | -29.92 | -20.78 |

### 3.1.2.D CATERING

**a) Catering Earning:-**

- In financial year 2024-25 Rs. 38.89 Cr. license fee has been received fro mminor static units.
- In financial year 2024-25 Rs. 22.79 Cr. Railway share of catering units (Mobile Train side vending) have been received upto Dec-24.
- In financial year 2024-25 Rs. 3.87 Cr. Railway share of Major static units have been reported by IRCTC.

**b) Improvement in catering/vending arrangement:-**

- The objective of OSOP is to provide enhanced livelihood and welfare of local artisan, potter, weaver etc. through a marketing channel by providing earmarked space for stalls at platforms; it would also promote local food items, handicrafts arte-facts etc.
- 199 OSOP have been commissioned over a target of 185. Presently, 147 OSOP stalls are functional.
- Optional catering in Pre-Paid trains (Rajdhani, ShatabdiDuranto &Vande Bharat) introduced.
- Green initiative has been taken by banning “Use of plastic carry bags” at catering units on stations.
- 70 water vending machines have been installed over Northern Railways.

**c) Other initiatives:-**

- Total existing 203 Misc. Article units and Book stalls units have been converted into Multi Purpose Stalls (MPS) units over Northern Railway.
- The special drive to ensure sale of Rail Neer PDW over Mobile and Static units from 17.02.25 to 17.03.25 was launched wherein total 322 inspections were conducted.
- A special drive was undertaken to check certification defined in FASSAI act at static units, mobile units& base kitchen from 17.03.25 to 31.03.25 was launched wherein total 621 inspections were conducted.
- Total of 77723 complaints were lodged on Rail madad portal. All complaints dealt and disposed satisfactory in the FY 24-25.

### 3.1.2.E Public Grievances Redressal

The integrated online Complaint Management System–RailMadad Portal is available 24/7 all days for passengers to lodge complaints (Including Medical assistance and Security matters) and get assistance - on board train and at station services. Due to paperless and user friendly design, railway customers can easily communicate with the railway administration by submitting complaints through both online and offline channels, according to their convenience:

**a) Offline public complaint & suggestion channels:**

i. By dialing three digits Helpline number 139 (Including Medical & Security assistance service)
ii. SMS by writing “MADAD <space> text grievance” to Helpline number 139
iii. By writing in “Complaint & Suggestion book”, available with Station superintendent of concerned Railway Station and with concerned ‘Train Superintendent’.

**b) Online public complaint & suggestion channels:**

i. RailMadad portal website: URL https://railmadad.indianrailways.gov.in
ii. By using APP “**RailMadad**”
iii. Tweet to concerned DRM / @GM_NRly / @RailwaySeva / @RailMinIndia

**c) Performance handling for the year 2024-25 (1.4.2024 - 31.03.2025) is as under:**

i. **RailMadad Based Public Grievances:**

**Public Grievances:** A total of **3,94,030** public grievances have been resolved out of **3,94,085** received, achieving a performance rate of **99.99%**.

**Customer feedback:** The complainants’ feedback rating (Average) is satisfactory. The complainants have awarded **34,874** Excellent and **26,722** satisfactory feedbacks to Northern Railway as concerned control offices provided assistance during on board train and at station. However, **76.00%** of total **3,94,085** passengers did not bother & submit any feedback.

**Average disposal time: 51** minutes (Including Ticket Refund & Luggage Parcel case disposal time).

**Rank of IR: 2nd (Highest positive feedback)**

ii. **Centralized Public Grievance Redress and Monitoring System (CPGRAMS):**

A total of 8,982 complaints have been resolved out of 9,215 complaints, achieving a performance 97.47% disposal of public grievances. The average time for resolution is 11 days. Apart, from total disposal of appeal 1952 out of 2003 i.e. 97.45% disposal.

iii. **Manual/ DAK:** A total of 431 complaints have been resolved out of 457 received, resulting in a disposal rate of **94.31%**.

## 3.2 About the Department

The Operating department is concerned with the running of both passengers and goods trains and is headed by Principal Chief Operating Manager (PCOM).

The department also arranges multi modal traffic in regular coordination with Container Corporation of India. This includes both traffic for export and traffic for domestic use.

The passenger traffic has seen a constant increase over the years, due to increase in population as well as due to increased requirement to travel due to economic development. The freight traffic has also increased simultaneously. The Operating Department has to examine these increasing requirements and has to organize for satisfying the same. This also involves planning for infrastructural development and as such the Operating department also plays a pivotal role in planning.

### 3.2.1 Highlights of the year

Punctuality performance of Mail/Exp trains and MR trains for the year 2024-25 is appended below:

| Trains | Target | 2024-2025 |
|---|---|---|
| Mail/Exp. | 75.00% | 64.19 |

**Month-wise punctuality performance over Northern Railway**

| Mail/Exp. Trains | | | | | |
|---|---|---|---|---|---|
| **Month** | **2020-21** | **2021-2022** | **2022-2023** | **2023-2024** | **2024-2025** |
| April | 0 | 94.52 | 79.11 | 67.27 | 74.85 |
| May | 89.77 | 96.57 | 73.56 | 66.24 | 64.36 |
| June | 95.73 | 95.75 | 77.10 | 60.67 | 69.58 |
| July | 98.14 | 92.12 | 76.12 | 57.52 | 76.58 |
| August | 97.39 | 90.05 | 78.16 | 63.75 | 65.17 |
| Sept. | 97.10 | 85.82 | 76.11 | 68.05 | 64.54 |
| Oct. | 96.51 | 83.44 | 72.54 | 70.89 | 65.54 |
| Nov. | 96.49 | 82.39 | 69.02 | 65.35 | 58.85 |
| Dec. | 86.89 | 84.88 | 62.10 | 61.58 | 64.97 |
| Jan. | 78.62 | 78.56 | 57.72 | 35.59 | 46.57 |

| 8 | 22480/22479 | NDLS-LNK-NDLS Sarbat Da Bhala Express | Rail Coach Factory Kapurthala | FZR | 16.02.2025 |

### E. Permanent Augmentation

In the year 2024-25, 25 pair of NR trains have been permanently augmented by 64 coaches having 33 rakes. Detailed list attached as Annexure “A”.

### F. Augmentation to clear Extra Rush

During the Pooja/Chhath/Winter/Holi/Mela Rush2022-23 load of 83 pair of NR Special trains by 206 coaches having 98 rakes, generating 32952 coach trips. Detailed list attached as Annexure “B”.

### G. Conversion of Rakes

During 2024-25, ICF (IRS) rakes of 9 pair of NR trains having 9 rakes have been converted into LHB. Detailed list attached as Annexure “C”.

### H. Conversion into Memu Rakes

During 2024-25, ICF (IRS) rakes of 4 service (2 pair) of NR passenger trains having 2 rakes have been converted into MEMU rakes. Detailed list attached as Annexure “D”.

### I. Standardization of Rakes

In the year 2024-25, 38 pair of NR rains have been standardized having 50 rakes. Detailed list attached as Annexure “E”.

### J. Induction of AC-3 Tier Economy Coach (LWACCNE)

To facilitate passengers, NR has attached 253 AC-3 Tier Economy Coaches in 52 pair of NR trains having 65 rakes during the year 2024-25. Detailed list attached as Annexure “F”.

### K. Induction of LSLRD Vice Lwlrrm

In order to save fuel, NR has replaced 5 LWLRRM coaches with 5 LSLRD coaches in 4 pair of NR trains during the year 2024-25. Detailed list attached as Annexure “G”.

## 3.2.3 Performance of Operating Department During the year

### A. OPERATIONS (FREIGHT)

Some of the Highlights during the year 2024-25 and 2023-24 are given below:-

- **Revenue Loading:** Northern Railway has during the year 2024-25 achieved an Originating Revenue Loading was **55.67** Million Tonnes as against **53.58** Million Tonnes during the year 2023-24 registering an increase of **3.90%**.
- **Through put:** During the year 2024-25, through put was **20764** wagons per day as against 21307 wagon per day during the year 2023-24 registering decrease of **-2.55%**.
- **Diesel loco utilization:** During the year 2024-25, Diesel loco utilization was **358.49** kms. as compared to **282.90** kms. during the year 2023-24 registering increase of **26.72%**.
- **Electric loco utilization:** During the year 2024-25, Electric loco utilization was **374.70** kms. as compared to **352.05** kms. during the year 2023-24 registering increase of **6.43%**.
- **NTKM per wagon day:** During the year 2024-25, NTKM per wagon day was 6775.03 wagons per day as compared to **8889.25** wagons per day during the year 2023-24 registering decrease of **-23.78 %**
- **Wagon Kms. Per wagon day:** During the year 2024-25, wagon kms. Per wagon day was **187.28** wagons per day as compared to **237.55** wagons per day during the year 2023-24, registering decrease of **-21.16 %**.
- **Piecemeal Loading:** During the year 2024-25, **33524** wagons piecemeal loading was done as against **37707** loading during the year 2023-24 registering decrease of **-11.09%**.

## B. YEARLY PERFORMANCE OF OPERATING DEPARTMENT (FREIGH)

## C. FREIGHT OPERATIONS

- **Movement of important commodities:** The originating loading of important commodities during the year 2024-25 as compared to the previous year is as under:

| S. N. | Commodity | Average number of wagons loaded per day (BG) | |
|---|---|---|---|
| | | 2023-24 | 2024-25 |
| 1 | Food grains (Sponsored) | 747 | 865 |
| 2 | Food grains (Public ) | 25 | 26 |
| 3 | Sugar &Jagree | 18 | 12 |
| 4 | Cement | 148 | 154 |
| 5 | POL | 261 | 266 |
| 6 | Fertilizer | 340 | 356 |
| 7 | Container | 1414 | 1411 |
| 7 | Other Commodities | 332 | 333 |
| 8 | Total Loading (Originating ) | 3285 | 3423 |

- **Grand Total of wagon balance at 0/- Hrs of Northern Railway:** BG Wagon holding (Rly.+ Pvt.) during the year 2023-24 was 23029 as against 23577 in 2024-25.
- **Interchange of Wagons:** The interchange of trains from the adjoining railways was kept free from any restrictions and the trains were accepted freely. The details of average receipt and dispatches are given below :-

| S. No. | Items | No. of wagons/ day | |
|---|---|---|---|
| | | 2023-24 | 2024-25 |
| 1 | Total Receipt | 10650 | 10390 |

Parcel Traffic offered for Transportation in Parcel Vans on Northern Railway is generally for the commodities like General Goods, Hosiery Goods, Live Stock, Medicine, Govt. Stores, Bank Treasure, Perishable, SPG Vehicles. Parcel Vans provided for parcel traffic either on lease basis or by way of registration of indent in piecemeal. In emergency VPs are also utilized to carry relief material, for people affected by natural calamity.

Lease VPs are cleared by nominated Mail/Express trains and piece meal VPs are dispatched by suitable Mail/Express Trains.

During 2024-25 PCET ply between two stations on round trip basis as lease Cargo Parcel Express Trains 492(IW/OW). VP rakes also supplied against VP rake indents and 154 indented VP Rake loaded.

During the year 2024-25, 20602 Leased VP (I/W=10254 & O/W=10348) VP's loaded by Northern Railway. In addition of Leased VP's, total 3700 Piecemeal VP's handled (I/W=883 & O/W=2817). Total 3828 VVN (I/W=1920 & O/W=1908) were also handled during 2024-25.

Summarized detail of Parcel handling in VP's for 2024-25 is as below:

**FIGURE OF PARCEL TRAFFIC (LOADING) IN VPs DURING THE YEAR 2024-2025:-**

### 3.2.3.1 FUEL ECONOMY

As regards performance of Northern Railway during the year 2024-25, there has been Excess fuel consumption by 1.06% on Diesel traction as compared to the corresponding period of last year.

To achieve further economy in the consumption of HSD oil, the following steps are being taken: -

1. Shutting down of diesel locos where detention is likely to exceed 30 minutes.
2. Intensive checks are conducted against leakage of HSD oil from RCDs.
3. Monitoring of drivers to make use of the dynamic brakes and coasting period.
4. Monitoring of fuel consumption on the basis of fixed trip rations.
5. Checks on fitment of fuel oil strainers and caps on locomotive tanks to avoid the possibility of pilferage of oil online and dripping out oil by splash.
6. Super checks of outgoing locos at the level of officers and supervisors of the shed for proper maintenance practice

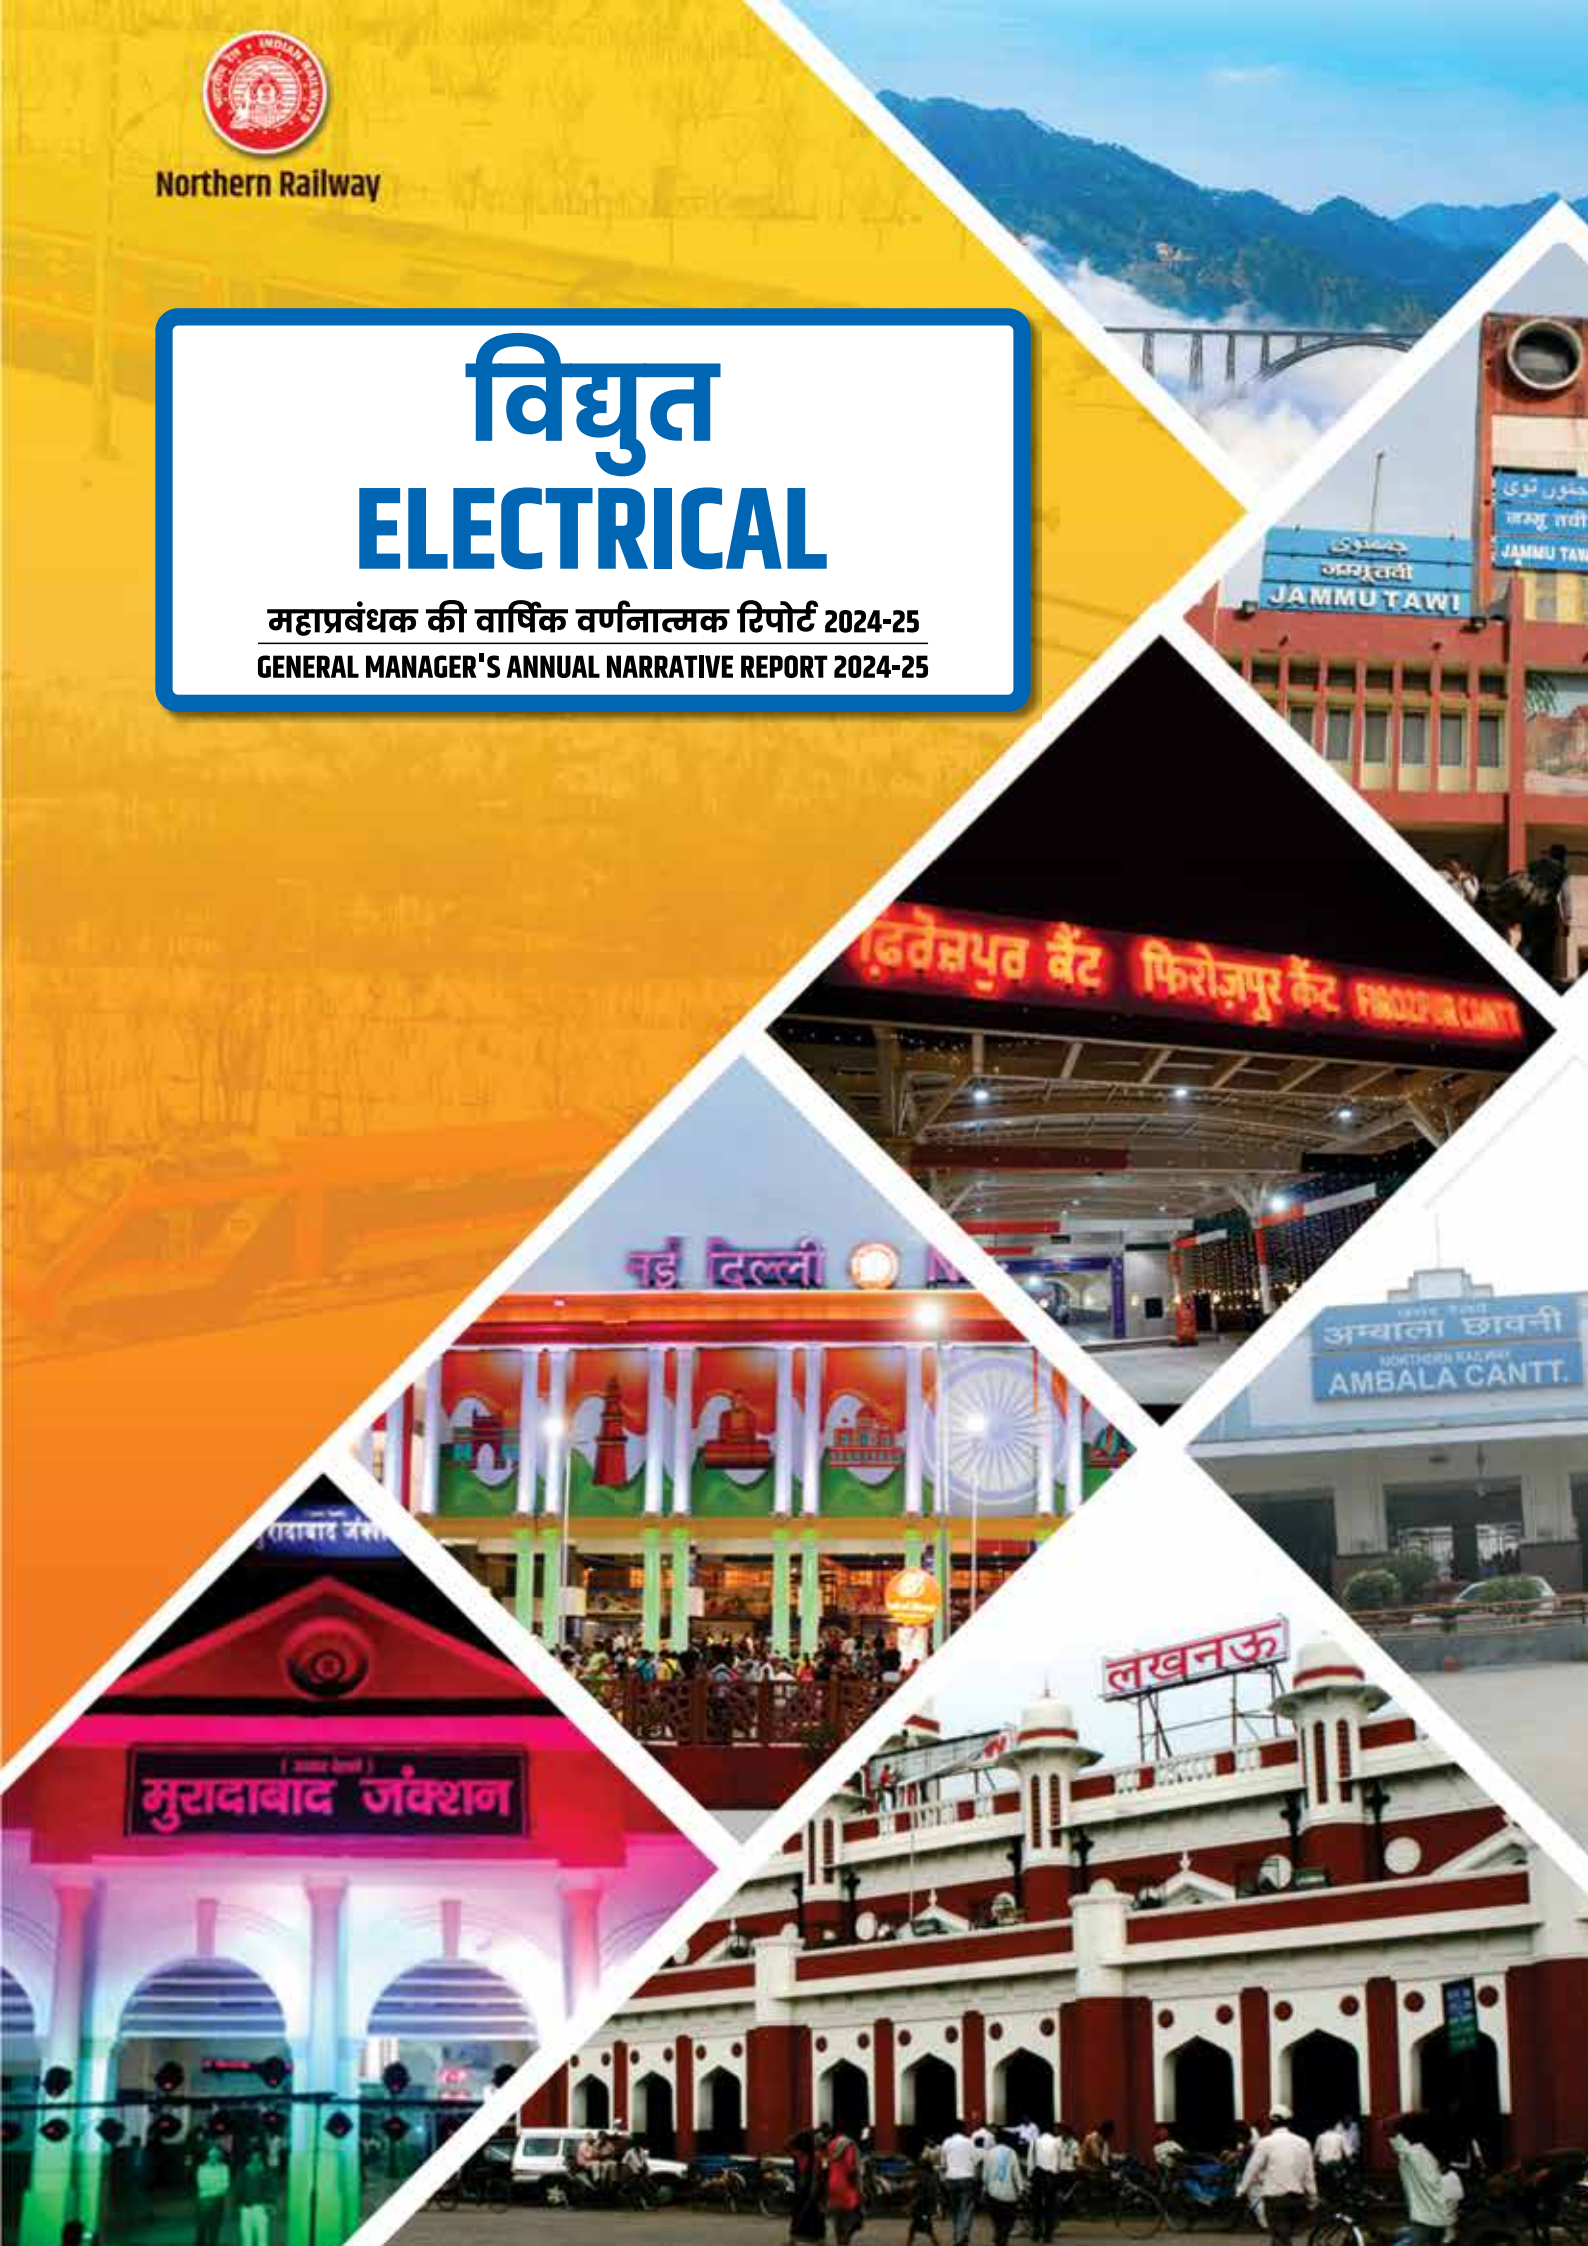
GENERAL MANAGER'S ANNUAL NARRATIVE REPORT 2024-25



# CHAPTER - IV

## 4.1 About the Department

The Electrical Department plays a vital role in ensuring the smooth and safe operation of trains by maintaining electric locomotives, diesel motive power and overhead equipment (OHE). In addition, it is responsible for the upkeep of general power supply systems at stations, service buildings and railway quarters.

The Electrical Department of Northern Railway is tasked with maintaining 1,193 electric locomotives, 900 diesel locomotives and 15,008 track kilometres (TKM) of overhead equipment. It also oversees general power supply installations and supports essential operational infrastructure across the zone.

## 4.2 Infrastructure

## 4.3 Technical Achievements:

### 4.3.1 Achievements of Electric Loco Wing:

#### i. Provision of Hotel Load Converter (HLC):

Northern Railway currently has a fleet of 329 three-phase electric locomotives. As of March 2025, a total of 244 locomotives have been commissioned with Hotel Load (HOG) converters-200 at Electric Loco Shed, Ghaziabad (ELS/GZB) and 44 at Electric Loco Shed, Ludhiana (ELS/LDH).

During the financial year 2024–25, 47 HOG converters were fitted and commissioned in-house by Northern Railway. The HOG system offers significantly higher energy efficiency compared to the End-on-Generation (EOG) system. It also contributes to reduced noise levels, lower air pollution and savings in high-speed diesel (HSD) consumption. Northern Railway holds the highest number of HOG-equipped locomotives in Indian Railways.

#### ii. Commissioning of New locos:

During the current financial year, 36 new electric locomotives—comprising 4 WAP-5, 9 WAP-7, and 23 WAG-9HC—have been successfully commissioned at Electric Loco Sheds Ghaziabad (ELS/GZB), Ludhiana (ELS/LDH), Saharanpur (ELS/SRE), and Diesel Loco Shed Tughlakabad (DLS/TKD). With this addition, the total electric locomotive holding of Northern Railway has increased to 1,193 units.

#### iii. Installation and Commissioning of KAVACH

KAVACH is an advanced safety system that assists loco pilots by automatically applying brakes if the pilot fails to maintain specified speed limits, ensuring safe train operation, especially during adverse weather conditions.

The installation of KAVACH is currently underway at ELS/Ghaziabad (GZB). During FY 2024–25, KAVACH was installed in 176 locomotives, bringing the total number of equipped locomotives to 212 across the shed, comprising:

- 104 WAP-5 locomotives
- 98 WAP-7 locomotives
- 10 WAG-9 locomotives

This represents the highest number of KAVACH installations among all zonal railways. Notably, Ghaziabad Electric Loco Shed is the first shed in Indian Railways to complete KAVACH installation in both the first 100 and first 200 locomotives.

Electric Loco Shed Ghaziabad (GZB) is the only shed in Indian Railways to provide KAVACH installation training to 71 loco sheds across the network, as well as to Original Equipment Manufacturer (OEM) representatives. During the training program, a total of 67 officers, 200 supervisors from various sheds, and 12 Original Equipment Manufacturer (OEM) representatives were trained in KAVACH installation procedures.

ELS/Ghaziabad (GZB) is the first shed in Indian Railways to reduce the KAVACH fitment time from 3 days to an impressive 1 day per locomotive. In recognition of this achievement, the Electric Loco Shed, Ghaziabad, was awarded the Northern Railway Innovation Shield for the year 2024 by the General Manager of Northern Railway. This is the first time in the history of Northern Railway that the Innovation Shield has been awarded to the Electrical Department.

### iv. Installation of Waterless Urinals in Electric Locomotives

In accordance with RDSO Functional Requirement Specification No. RDSO/2023/EL/FRS/0034 (Rev. '0'), waterless urinals have been installed in electric locomotives to enhance crew comfort. This initiative significantly improves working conditions for loco pilots, who are required to maintain constant vigilance and cannot leave the locomotive during operations. The waterless urinals are ergonomically designed for use by both male and female crew members.

During the financial year 2024–25, 44 locomotives were equipped with this facility, bringing the cumulative total to 45 locomotives fitted with waterless urinals across Northern Railway.

### v. Commissioning of waterless urinal in WAP7 type locomotive by ELS GZB:

In an effort to enhance sanitation and improve working conditions for passenger loco pilots, the Electric Loco Shed, Ghaziabad, has successfully commissioned a waterless urinal in the WAP7 type locomotive (30243/WAP7).

Space for waterless urinal has been created by providing Composite converter in place of Hotel Load Converter and Traction Converter.

### vi. Implementation of RDSO Mod. Sheet No. 505 dated 25.02.2025 for acknowledgement of VCD and removal of PVCD to improve crew alertness:

In compliance with RDSO Modification Sheet No. 505 dated 25.02.2025, Northern Railway has implemented a modification to the Vigilance Control Device (VCD) acknowledgment system. This modification involves replacing the foot-operated switch with a hand-operated push-button switch, effectively eliminating the possibility of rhythmic or unintentional acknowledgment by the crew.

The modification has been successfully carried out in 152 locomotives across various sheds:

- ELS/Ghaziabad (GZB): 12 locomotives
- ELS/Ludhiana (LDH): 52 locomotives
- ELS/Khanalampura, Saharanpur (KJGY): 11 locomotives
- DLS/Tughlakabad (TKD): 25 locomotives
- DLS/Alambagh (AMV): 52 locomotives

### vii. Commissioning of ‘BHEL Power Module Repairing and Testing Setup’:

BHEL Power Module Repairing and Testing Setup has been commissioned at Electric Loco Shed, Ghaziabad (ELS/GZB). This facility is expected to significantly enhance the reliability and performance of BHEL-manufactured power modules.

**viii. Commissioning of '18 Channel VVVF Motorized Bogie Run test plant':**

An 18-Channel VVVF (Variable Voltage Variable Frequency) Motorized Bogie Run Test Plant has been commissioned at Electric Loco Shed, Ghaziabad (ELS/GZB). This advanced facility enables comprehensive testing of traction motors under simulated operating conditions and is expected to significantly improve the reliability and performance of 3-phase electric locomotives.

**ix. Commissioning of M/s AAL make HOG Card Test Bench:**

AAL make Head on Generation (HOG) Card Test Bench has been commissioned by ELS/ GZB. This will improve the reliability of AAL make HOG converters.

### x. Push-Pull Modification of WAP5 locomotives for Amrit Bharat Trains:

As per directives from the Railway Board, Chittaranjan Locomotive Works (CLW) has been tasked with converting 55 pairs (110 units) of WAP-5 locomotives into push-pull compliant locomotives, including aerodynamic modifications on one end in accordance with the prescribed scope of work. WAP-5 locomotives from Electric Loco Shed, Ghaziabad (ELS/GZB) are being sent to CLW/CRJ for these modifications.

During the financial year 2024–25, a total of 29 WAP-5 locomotives (14.5 pairs) were successfully modified for push-pull operations, received back from CLW and fully commissioned into service by ELS Ghaziabad. Additionally, 11 locomotives are currently undergoing modification at CLW.

### xi. Provision of Remote Monitoring System (RMS):

Remote Monitoring Systems (RMS) allow maintenance teams to remotely monitor equipment and diagnose faults without the need for physical inspection. This technology enhances operational efficiency, reduces locomotive downtime and lowers maintenance costs by enabling proactive fault detection and timely intervention.

During the financial year 2024–25, 10 locomotives on Northern Railway were equipped with RMS. As of now, Electric Loco Sheds at Ludhiana and Ghaziabad have successfully installed RMS in a total of 45 WAP-5 and WAP-7 locomotives.

### xii. Modification of WAP-7 type Three Phase Electric Locomotives for snow-electric operations in USBRL region by ELS Ludhiana:

The Udhampur-Srinagar-Baramulla Rail Link (USBRL) project is among the most challenging railway ventures in India, navigating mountainous terrain and extreme weather conditions. To ensure reliable operations in this region, 6 WAP-7 locomotives have been specially modified by the Electric Loco Shed, Ludhiana, following RDSO guidelines to withstand snow-bound conditions and perform efficiently on the USBRL route.

In January 2025, comprehensive trials were successfully completed, and all 6 WAP-7 locomotives are now fully equipped and ready for deployment in the USBRL section.

### xiii. Provision of High Reach Pantograph in Electric Locomotives:

In line with Railway Board instructions, the installation of High Reach Pantographs (HRP) in all electric locomotives is underway. During the current year, a total of 39 locomotives were equipped with HRPs.

Currently, all 462 Northern Railway-based three-phase freight locomotives are fitted with HRPs to enhance AC traction performance on Dedicated Freight Corridor (DFC) routes. Additionally, 119 passenger locomotives have also been equipped with HRPs.

As of March 2025, a total of 609 electric locomotives under Northern Railway have been fitted with High Reach Pantographs.

### xiv. Commissioning of Rain Water Testing Facility at ELS/KJGY:

Electric Loco Shed, Khanalampura, Saharanpur (ELS/KJGY) has successfully commissioned a Rain Water Testing Facility during the financial year 2024–25, in accordance with RDSO Specification

RDSO/ 2017/ EL/ SMI/ 0315 (Rev. ‘0’). This advanced facility is designed to standardize the Rain Water Leakage Test for electric locomotives, ensuring their watertight integrity in preparation for the monsoon season.

This improvement facilitate to enables the detection of any water ingress into locomotive cabs, facilitating timely repairs and preventing operational issues. Additionally, it supports the cleaning of locomotives during scheduled maintenance,

contributing to a neat and well-maintained fleet appearance.

This initiative marks a significant advancement in the maintenance standards of electric locomotives at ELS/Saharanpur (SRE)

### xv. Multiple Unit Formations of WAG-9HC Locomotives for Enhanced Efficiency

Electric Loco Shed, Khanalampura (KJGE) has made a significant advancement in operational efficiency by implementing multiple unit (MU) formations for WAG-9HC locomotives. This technique allows the simultaneous operation of two locomotives as a single unit, resulting in increased hauling capacity, improved energy efficiency, and greater operational flexibility.

During the financial year 2024–25, a total of 14 MU sets of WAG-9HC locomotives were successfully formed with each set comprising two locomotives.

### xvi. Upgradation of Electric Locomotives with LED headlights:

In compliance with Railway Board guidelines, Northern Railway has successfully installed LED headlights on electric locomotives during their major and minor maintenance schedules. This up-gradation provides a more efficient, reliable and modern lighting system, significantly enhancing visibility during night operations.

During the financial year 2024–25, a total of 143 locomotives across Northern Railway sheds were equipped with LED headlights, distributed as follows:

- Ghaziabad Electric Loco Shed (GZBE): 52 locomotives
- Ludhiana Electric Loco Shed (LDHE): 59 locomotives
- Khanalampura Electric Loco Shed (KJGE): 20 locomotives
- Tughlakabad Diesel Loco Shed (TKDD): 12 locomotives

### xvii. Installation of seats for inspecting officials in a locomotive enhancing inspection efficiency:

Northern Railway is installing inspecting officials' seats in electric locomotives in accordance with RDSO Specification RDSO/2023/EL/MS/0494 (Rev. '0'). These designated seats allow inspecting officials to carry out their duties comfortably without disturbing the loco pilot or crew, thereby significantly improving working conditions for all onboard personnel who require sustained vigilance during operations.

During the financial year 2024–25, a total of 56 locomotives across Northern Railway sheds were equipped with inspecting officials' seats, distributed as follows:

- Ghaziabad Electric Loco Shed (ELS/GZB): 2 locomotives

- Ludhiana Electric Loco Shed (ELS/LDH): 36 locomotives
- Khanalampura Electric Loco Shed (ELS/KJGY): 16 locomotives
- Tughlakabad Diesel Loco Shed (DLS/TKD): 2 locomotives

**xviii. Implementation of Railway Driver Assistance System (RDAS):**

The Railway Driver Assistance System (RDAS), powered by artificial intelligence, is designed to enhance crew alertness monitoring during train operations. The system assesses the alertness of loco pilots by analyzing parameters such as eye blinking and other behavioural indicators.

Northern Railway has equipped its electric locomotives with RDAS to improve operational safety. During the financial year 2024–25, a total of 5 locomotives were fitted with RDAS across Northern Railway sheds, distributed as follows:

- Ghaziabad Electric Loco Shed (ELS/GZB): 2 locomotives
- Tughlakabad Diesel Loco Shed (ELS/TKD): 3 locomotives

**xix. Modification of CP Leg as per RDSO MS/484 completed in all WAP7 3-Phase passenger locomotives:**

Railways have identified deviations in the thickness of compressor mounting legs (compressor side and motor side) from standard specifications in various makes of shell units used in electric locomotives. This defect poses a serious risk of the compressor detaching and falling onto the track.

To address this safety concern, RDSO issued Modification Sheet No. 484 dated 24.01.2022, prescribing replacement or modification of compressor mounting legs with insufficient thickness. In compliance with this directive, the modification has been successfully implemented on all WAP-7 three-phase passenger locomotives of Northern Railway.

Un-modified CP leg

Modified CP Leg

**xx. Installation of HOG Testing Plant with Water Load and DBR by ELS/GZB & LDH:**

HOG provides a cost effective, pollution-free & energy Efficient system to coaches. However, HOG is a new concept to IR, so, to improve its reliability & to ensure its smooth and trouble-free operation, Electric Loco Shed, Ghaziabad and Ludhiana has developed 'HOG Testing Kits & Facilities. These testing facilities are 'User Friendly' and it would be helpful in eradicating any kind of transient failure which occurs either due to lack of knowledge about HOG operation or availability of testing equipment to check healthiness of system. The salient features of system are:

- Static DBR load (Resistive load of 180 Amp)
- Variable water load (Resistive load of 0 to 170 Amp)
- HOG load testing.
- To be used as a ready water reservoir to quench fire / smoke during emergencies.

This will improve the reliability of HOG loco on line.

### xxi. Development of in-position axle box racer replacement without lifting the loco:

During the current year, a new method has been developed to replace axle box racers in-situ, eliminating the need to lift the locomotive. This innovation has led to a saving of 10 man hours per locomotive while effectively addressing defects in the racer. Additionally, the time required for the replacement process has been reduced by 2 days, significantly improving maintenance efficiency.

### xxii. Development of Transverse flexibility test bench for high reach pantograph by DSL/ Tughlakabad:

As per RDSO recommendations, it is essential to conduct a transverse flexibility test of High Reach Pantographs (HRP) at their maximum working height of 3600 mm. This test measures the lateral displacement of the pantograph pan head under a 30 kg load, ensuring its proper flexibility and alignment.

The Tughlakabad (TKD) shed currently maintains 160 WAG-9H locomotives equipped with High Reach Pantographs. The introduction of this test bench will enhance the reliability of pantographs by reducing failures caused by lateral impacts with overhead equipment (OHE) and minimizing the risk of pantograph entanglement with OHE components.

### xxiii. Installation of Acoustic Chamber in TM section at DSL/Alambagh shed:

An acoustic chamber has been installed in the Traction Motor Section of Diesel Shed–Alambagh to significantly reduce ambient noise levels. This chamber is capable of attenuating unwanted noise by 25 to 30 decibels at a distance of 1 meter, allowing the sound of bearings and fans in auxiliary motors (MVMT, MVSL, MVSI, and MVRH) to be clearly heard.

This improvement facilitates the early detection of abnormal noises, enabling timely maintenance interventions and helping to prevent potential equipment failures.

### xxiv. Installation of Ultrasonic Cleaning Plant at DSL/Alambagh shed:

As a step towards self-reliance, an ultrasonic cleaning plant has been commissioned in the Sub-Assembly Section of Diesel Shed, Alambagh (AMV). This plant is designed to efficiently clean small parts of all types of engines.

The system comprises two tanks, each with a capacity of 240 liters: a hot rinsing tank and an ultrasonic cleaning tank. The hot rinsing tank utilizes hot water and cleaning agents to remove surface contaminants from small components. The ultrasonic tank employs a generator and transducer to convert the main electrical frequency into ultrasonic frequency, which is further transformed into mechanical energy by the transducer. This mechanical energy is transferred to the tank walls and subsequently transmitted into the cleaning liquid.

The ultrasonic waves facilitate deep cleaning through scrubbing and degreasing, ensuring thorough removal of dirt and contaminants from locomotive components. This advanced cleaning process significantly enhances maintenance quality and efficiency.

### 4.3.2 Achievement of General Power Supply

#### i. Light fittings:

A total of 10,543 LED light fittings, ranging from 9 watts to 400 watts, along with 60 new high mast towers of 16 and 30 meters height, have been installed across Northern Railway.

#### ii. Fannage:

- A total of 379 new 65-watt ceiling fans have been installed, replacing old ceiling fans.
- 3,100 new 35-watt ceiling fans have been provided as replacements for old 90-watt and 60-watt ceiling fans.
- 266 high-speed, 600 mm air circulator fans have been installed on platforms at various Northern Railway stations to enhance passenger comfort.
- 138 exhaust fans have been installed in service buildings across Northern Railway to improve ventilation for the benefit of passengers and staff.

#### iii. Commissioning of new solar panels:

To improve the reliability of power supply, solar panels were commissioned during 2024-25, details of which are as follows:

| Division/ WS | Location | Capacity of Solar panel (KWP) | Model |
|---|---|---|---|
| MB | Health unit Dehradun | 25 | Under CAPEX |
| MB | ZRTI/Chandausi | 400 | Under CAPEX |
| MB | Gumthal Railway station | 10 | Under CAPEX |
| DLI | BZJT Railway station | 40 | Under CAPEX |
| DLI | Gharaunda Railway station | 30 | Under CAPEX |
| DLI | Bhodwa lMajri Railway station | 30 | Under CAPEX |
| DLI | Babarpur Railway station | 40 | Under CAPEX |
| DLI | Shahbad Markanda Railway station | 40 | Under CAPEX |
| DLI | Karnal Railway station | 40 | Under CAPEX |
| DLI | Rajlu Garhi Railway station | 20 | Under CAPEX |
| DLI | Bhainikhurd Railway station | 30 | Under CAPEX |
| DLI | Taraori Railway station | 40 | Under CAPEX |
| DLI | Amin Railway station | 30 | Under CAPEX |
| DLI | Badli Railway station | 40 | Under CAPEX |
| DLI | Mohri Railway station | 30 | Under CAPEX |
| LKO | Bridge Workshop/LKO | 400 | Under CAPEX |
| UMB | Kaulseri Railway station | 20.17 | Under CAPEX |
| UMB | Chintawala Railway station | 10.36 | Under CAPEX |
| UMB | Lalru Railway station | 40.33 | Under CAPEX |
| UMB | Dhappar Railway station | 40.33 | Under CAPEX |
| LKO | Prayag Railway station | 250 | Under CAPEX |

### 4.3.3 Technical achievements of Loco Operation

**RCD: Total Fuel Management (TFM):**

Total Fuel Management has been implemented at the RCD in Delhi, which has a storage capacity of 440 KL and an average daily off-take of 40 KL. Complete operation of this RCD was handed over to IOCL on 02.05.2024.

**Train Conversion from Diesel to Electric Traction:**

During the financial year 2024-25, 36 pairs of coaching trains were switched from diesel to electric traction, resulting in a recurring annual saving of approximately Rs. 28.10 crore due to reduced consumption of HSD oil.

**Energy Regeneration on 3-Phase Electric Locomotives:**

Energy regeneration through regenerative braking in 3-phase electric locomotives yielded savings valued at approximately Rs. 168.32 crore during 2024-25.

**Rationalization of Crew Links:**

Northern Railway undertook rationalization of crew links, resulting in a saving of 35 crew sets. The savings were distributed across various locations as follows: FZR-8, UMB-9, DLI-5, MB-1, LKO-5, NWR-5, NER-1, and NCR-1.

**Rationalization of Loco Links:**

Northern Railway rationalized loco links, leading to a reduction of 10 locomotives (NR-7 and FR-3).

**Operation of Trains in USBRL:**

- The Udhampur-Srinagar-Baramulla Rail Link (USBRL) is a national project. The BDGM-SVDK section is expected to be connected to the Indian Railway network shortly. Load trials have been successfully conducted, and CRS authorization has been received to open the section.
- Crew members have received comprehensive training, including learning road, T-Set, and Ghat section training.
- Facilities have been developed, including a running room at BDGM, crew rest rooms at BAHL, SGDN, and BRML stations, and out-pit facilities at BDGM and SVDK stations. Railway accommodation has also been provided for running staff and RSO personnel.

### 4.3.4 Technical achievements of Diesel Section

**Modification of D1 Emergency Valve:**

As per RDSO guidelines, all Northern Railway diesel sheds have undertaken the safety modification of the D1 Emergency Valve to facilitate easier operation by Assistant Loco Pilots

(ALP) in High Horse Power (HHP) diesel locomotives. This modification has been completed on all NR diesel locomotives during the current year.

Additionally, Northern Railway has successfully negotiated with M/s Wabtec to implement this modification in GE class locomotives (WDG4G/WDG6G), resulting in significant cost savings for the Railways. Total 120 GE class locomotives have been modified and it is expected that the entire fleet of WLPL-based locomotives will be covered by this modification by 30th June 2025.

Before

After

**Diesel Loco in the USBRL section for Trials:**

Two WDG4D locomotives (Nos. 70770 and 70559) based at Diesel Shed, Tughlakabad (TKD), were nominated for trials in the challenging Udhampur-Srinagar-Baramulla Rail Link (USBRL) section. As per RDSO recommendations, several specific modifications were required to prepare these High Horse Power (HHP) locomotives for the extreme conditions of the USBRL. These included the installation of heating provisions in the air dryer, low-maintenance lead-acid batteries, an ethylene-glycol-based 40:60 antifreeze water solution, HVAC systems compliant with BLW specifications, proper cab sealing and ensuring the sander and wiper were fully operational.

Diesel Shed, TKD procured and installed two heatless regenerative-type air dryers conforming to RDSO standards in the trial locomotives. Low-maintenance lead-acid batteries were arranged and fitted as recommended. To meet antifreeze requirements, a total of 2500 liters (1250 liters per locomotive) of ethylene-glycol-based 40:60 antifreeze water solution was supplied. Cab sealing was verified, and the sander and wiper functions were checked for operational readiness. HVAC systems were made fully functional and cab heaters designed as per BLW specifications were additionally installed to counter the extreme cold weather of the USBRL section.

On 17th December 2024, the RDSO team inspected the modifications at Diesel Shed, TKD. They confirmed that all recommended changes had been successfully implemented and conducted thorough testing within the shed premises, verifying compliance with required standards.

Following successful inspections and tests, locomotives 70770 and 70559 were dispatched

from TKD Shed on 19th December 2024 for trial runs in the USBRL section. Locomotive No. 70770 was utilized for DMT load trials on the ANJHI bridge, while No. 70559 served as the lead engine (LE) for trials in various tunnels along the USBRL route.

**Water Inlet Pipe Testing Fixture:**

Diesel Shed, Tughlakabad (TKD), has developed a specialized testing fixture to ensure the quality and reliability of water inlet pipes used in High Horse Power (HHP) locomotives. This fixture is designed to test the pipes at a pressure of 5 Kg/cm² prior to their installation on locomotives.

Pre-installation testing of water inlet pipes offers several key benefits. Firstly, it helps identify any defects or weaknesses before the pipes are fitted, ensuring that only fully functional components are used. This proactive approach minimizes the risk of costly repairs, operational delays and potential failures. Secondly, the testing fixture significantly saves time and effort. Without this pre-test, defects would only be detected during the hydraulic checks after installation, leading to additional downtime and retrofit. By catching issues early, the fixture enhances both the reliability and efficiency of the maintenance process.

**Step Towards Self-Reliance: Ultrasonic Cleaning Plant Commissioned at Diesel Shed AMV:**

In April 2024, an Ultrasonic Cleaning Plant was commissioned in the Sub-Assembly Section of Diesel Shed AMV, Northern Railway. This plant is capable of effectively cleaning small parts of all types of engines.

The system comprises two tanks, each with a capacity of 240 liters: a hot rinsing tank and an ultrasonic tank. The hot rinsing tank uses hot water and cleaning agents to remove dirt and grease from small components. The ultrasonic tank operates using an ultrasonic transducer coupled with a generator that converts the main electrical frequency into ultrasonic frequency. The transducer transforms this ultrasonic frequency into mechanical energy, which is transmitted to the tank walls and subsequently transferred to the cleaning fluid inside. This process generates strong streaming, degreasing, and cavitation effects that ensure thorough and efficient cleaning of locomotive parts.

- On 2nd September 2024, an Acoustic Chamber was installed in the traction motor section of Diesel Shed Alambagh, Northern Railway. This chamber reduces unwanted noise by 25 to 30 decibels at a distance of 1 meter, enabling clear detection of sounds from bearings and fans of auxiliary motors (MVMT, MVSL, MVSI, and MVRH).

This enhanced acoustic environment facilitates early identification of abnormal noises, helping to prevent potential motor failures and improve overall maintenance effectiveness.

**Streamlining Bogie and Tyre Maintenance at Diesel Shed Ludhiana:**

Diesel Shed Ludhiana, Northern Railway, undertook initiatives to streamline bogie and tyre maintenance processes, aiming to reduce downtime and improve efficiency. Innovative techniques such as changing the draft gear without removing the cattle guard and servicing the bogie frame nose pad and horizontal damper of High Horse Power (HHP) locomotives at the jack point, have helped reduce out-of-charge (OOC) repair time by 30–50%.

Additionally, a focused drive to recheck clearances and reduce uneven wear has led to a nearly 30% decrease in wheel reprofiling frequency, contributing to better asset utilization and cost savings.

**Repair/Replacement of track in LDH shed of NR:**

Due to a rising trend of derailments in the Ludhiana Diesel Shed of Northern Railway, a budget of Rs. 2.5 crore has been sanctioned under the DRM's authority for the repair and replacement of tracks on lines 2, 3, 4, 5, and 8. It is noteworthy that pit lines 5 and 8 have already been successfully reconditioned as part of this effort.

**Commissioning of 5 tonnes diesel fork lift truck at Dsl shed LDH:**

A 5-tonne capacity forklift was commissioned during FY 2024-25, enhancing material handling efficiency within the shed.

**Implementation of Nomex Paper and Ring-Type Lug in Fuel Pump Motors at Diesel Shed Ludhiana:**

As per RDSO Modification Sheet MP-MOD-EM-19-03-24 dated 22.03.2024, Diesel Shed Ludhiana has upgraded fuel pump motors of High Horse Power (HHP) locomotives by providing Nomex paper insulation and replacing push-lock type lugs with ring-type lugs.

A total of 96 HHP locomotives have been fitted with Nomex paper and all 103 fuel pump motors have been equipped with ring-type lugs, enhancing reliability and durability.

- To reduce failures of lightning arrestors on locomotive roofs, Diesel Shed AMV, Northern Railway, procured a test bench for measuring the 3rd harmonic resistive leakage current of lightning arrestors. This equipment helps ensure the reliability and proper functioning of lightning arrestors, thereby enhancing locomotive safety.

**In-House Developed PHGR Test Bench at Diesel Shed AMV:**

An in-house PHGR test bench was developed at Diesel Shed AMV, Northern Railway, enabling faster testing while saving manpower and costs that would otherwise be incurred by sending equipment to other railway units.

**In-House Fixtures for Axle Box Cleaning:**

Diesel Shed AMV developed specialized fixtures for axle box cleaning, resulting in improved work ergonomics, manpower savings and enhanced reliability of the cleaning process.

**Backlash Measuring Kit for HHP Starting Motors:**

An in-house developed backlash measuring kit is now used at Diesel Shed AMV to prevent locomotive starting failures caused by out-of-range backlash between the starting motor and flywheel.

**Mechanization of Manually Operated Turn-Table:**

The mechanization of the manually operated turn-table at Diesel Shed AMV has resulted in significant savings of manpower and time required for locomotive face turning operations.

**Installation of Wind Turbine Ventilators at Diesel Shed AMV:**

To address heat buildup and gas accumulation during diesel locomotive testing over pits, wind turbine ventilators were installed on pit roofs. These ventilators use wind energy to extract hot exhaust gases, promoting fresh air circulation while reducing energy consumption and enhancing safety.

**Dedicated Tool Management Software at Diesel Shed AMV:**

A dedicated Tool Management System software was developed through outsourcing and implemented at Diesel Shed AMV. This system improves tool availability, reduces loss and damage, enhances tracking and increases accountability.

## 4.4 TECHNICAL ACHIEVEMENTS OF TRD:

### 4.4.1 INNOVATIONS: Provision of Additional wire arrangement (Dummy OHE) at LC gates:

To prevent entanglement of gate barrier booms with live Overhead Equipment (OHE) in case of boom breakage, additional wire arrangements—referred to as Dummy OHE—are being installed between the OHE and gate barrier booms. During FY 2024-25, this safety measure has been implemented at 148 vulnerable level crossing gates. This initiative effectively reduces OHE failures caused by collisions and entanglement with gate barrier booms.

## 4.5 Operational Achievements

### 4.5.1 Loco operational achievements:

**POH Schedule at Charbagh Workshop:**

The Electric Loco Workshop, Charbagh, successfully turned out 25 locomotives during the year, comprising 17 under Periodic Overhaul (POH) and 8 under Repairs and Calibration (RC). Additionally, 8 locomotives were turned out after carrying out Terminal Overhaul (TOH) and Intermediate Overhaul (IOH) schedules (3 TOH and 5 IOH). This performance aligns with the effective annual target of 25 locomotives (17 POH + 8 RC).

**Major Schedules at Electric Loco Sheds:**

Electric Loco Sheds at Ghaziabad, Ludhiana, and Saharanpur collectively completed major schedules (TOH/IOH) for 215 locomotives during the year.

**Minor Schedules at Electric Loco Sheds:Maintaining social distancing protocols, the same sheds performed minor schedules on 2,127 locomotives, broken down as follows:**

- IA: 779 locos
- IB: 655 locos
- IC: 661 locos
- IC0: 32 locos

**Average Kilometres Earned by Electric Locomotives**

- The average kilometres per loco per day (EKM/Loco/Day) for Northern Railway coaching locomotives in 2024 is 666 km, reflecting a 6.77% increase over 2023 (based on loco link data).
- For freight locomotives, Northern Railway achieved an average of 380 km per loco per day, ranking second highest among zonal railways after North Eastern Railway's 390 km (data sourced from Directorate of Statistics & Economics, December 2024).

### 4.5.2 Power Supply Operational Achievements

**Electrification of stations/Halts:** During FY 2024–25, seven railway stations under Delhi Division-Mokhra, Madina, Maham, Garhi, Mundhal Kalan, Dobh Bahali, Khar, and Sorkhi—have been electrified. This development will enhance operational efficiency and provide improved services and convenience to passengers.

**Provision of DG sets:** Following New DG Sets was commissioned for emergency power supply during 2024-25

| Division | Location | Capacity |
|---|---|---|
| DLI | Anand Vihar Railway station | 500 KVA |
| DLI | Kurukshetra Railway station | 250 KVA |
| DLI | DRM office New Delhi | 160 KVA |
| DLI | Substation No. 02 TKD | 125 KVA |
| DLI | Old Running Room TKD | 250 KVA |
| UMB | Saharanpur Railway station | 500 KVA |
| UMB | Ambala City Railway station | 82.5 KVA |
| LKO | Prayag Railway station | 250 KVA |
| LKO | Prayag Railway station | 250 KVA |
| LKO | Phaphamau Railway station | 125 KVA |

**Provision of LED base station name boards and Glow Sign Boards:** As part of energy conservation efforts and to enhance passenger guidance, 27 LED-type energy-efficient station name boards and glow sign boards were installed across various railway stations by different divisions during FY 2024–25. The distribution is as follows:

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| • | Delhi Division (DLI) | 04 | • | Lucknow Division (LKO) | 02 | • | Ambala Division (UMB) | 10 |
| • | Firozpur Division (FZR) | 10 | • | Moradabad Division (MB) | 01 | • | **Total** | **27** |

These installations contribute to both energy savings and improved station visibility for passengers.

**Provision of LED Façade lighting:** To enhance the aesthetic appeal of railway stations, 21 LED facade lighting systems have been installed across various stations under Northern Railway during FY 2024–25. The division-wise distribution is as follows:

- Delhi Division (DLI): 01 station
- Firozpur Division (FZR): 08 stations
- Moradabad Division (MB): 01 station
- Ambala Division (UMB): 11 stations

These energy-efficient installations contribute to station beautification and improved nighttime visibility.

(Façade lighting at Bijnor and Saharanpur Railway station)

**Provision of standard signages:** As part of energy conservation initiatives and to improve passenger guidance, 19 LED-type standard signage boards have been installed at various railway stations over Northern Railway during FY 2024–25. The division-wise distribution is as follows:

- Jammu Division (JAT): 02 stations
- Firozpur Division (FZR): 06 stations
- Moradabad Division (MB): 01 station
- Ambala Division (UMB): 10 stations

These energy-efficient signboards enhance visibility, reduce power consumption and improve wayfinding for passengers.

**Improvement of illumination at different areas at stations like platforms, concourse, circulating areas, waiting halls and FOBs:** To enhance passenger comfort and safety, illumination levels at key areas such as platforms, concourses, circulating areas, waiting halls and foot over bridges (FOBs) have been significantly improved at 59 railway stations across Northern Railway during FY 2024–25. This has been achieved by installing additional lighting fixtures and replacing existing ones with higher-efficiency fittings.

The division-wise distribution of upgraded stations is as follows:

- Delhi Division (DLI): 11 stations
- Firozpur Division (FZR): 12 stations
- Lucknow Division (LKO): 10 stations
- Jammu Division (JAT): 03 stations
- Ambala Division (UMB): 15 stations
- Moradabad Division (MB): 08 stations

These improvements contribute to enhanced visibility, better aesthetics and a safer environment for passengers, especially during night hours.

**Electrification of Newly Constructed Service buildings:**Following newly constructed service building have been electrified over Northern Railway in 2024-25.

| S N | Division | Name of Service Building. |
|---|---|---|
| 1 | LKO | Station building (EI) of Takia(TQA) Railway Stations |
| 2 | DLI | Toilet at Panipat & Bijwasan Railway station |
| 3 | LKO | Station building (EI building) of Jaitipur Railway Stations. |
| 4 | LKO | Platform no. 10&11 at Varanasi |
| 5 | UMB | RPF barrack at Rajpura and YamunanagerJagadhari of Ambala division |
| 6 | DLI | 09 nos. offices on PF no. 8 at ANVT Railway station and newly constructed toilet on Platform No. 2 at Anand Vihar Terminal. |
| 7 | DLI | S&T store at Delhi Sarai Rohilla Railway Stations |
| 8 | DLI | FOB at Patel Nager Railway Stations |
| 9 | DLI | RPF barrack, ChankayaPuri |
| 10 | DLI | Yoga Park & Exercise hall at CNKP Rail Enclave |
| 11 | DLI | S&T Building at Mansa Railway Station |
| 12 | DLI | Creche at Rail Bhawan |
| 13 | DLI | Warehouse at DKZ |

**Rewiring of service buildings:**Rewiring of following service buildings have been done over Northern Railway in 2024-25.

| S N | Div. | Name of Service Building. |
|---|---|---|
| 1 | DLI | Room no.333, 317, 318, 349, 220-A, 327,327-A, 428, 421A, 204, 419, 332, 126, PCPO chamber (Room no.329) (Anx. I) Dy.COM/Goods and Dy. COM/FM, & PS to CPTM room, EDP center in Anx. I & Room no.432, staff hall on 3rd floor in Anx.II at Baroda house. |
| 2 | DLI | Rooms no. 202, 132-A, 103-A, 140C,150A, 206, 220,221, 129, 110C, 140C, 152D, 253, 259, 415A, 433, 526, 402 214,215,444,470, 224,415B & 416, 469, 540A, 530, 540B & 540C & CRB' visitor room 231, 209, 237(Vimarsh), rooms 529 (PED Vig. Chamber), 107/B & 108/B,237 (Committee room), 217 ( Member traction), & 1st-floor D-wing corridor, C-Wing corridor, 4th-floor C-wing corridors, Gate no.1 at Ground & first floor, 5th-floor D-wing corridors, D-wing on 4th floor, A-wing on 4th-floor and A-wing on 5th-floor at Rail Bhawan. |
| 3 | DLI | 06nos. work-station in the Account branch & 10nos. work-station in the welfare section in DRM office New Delhi, IOW office at CNKP. |
| 4 | DLI | TA building record room at Delhi Kishanganj. |
| 5 | DLI | RPF barrack at Gurgaon, RPF office Muzaffarnagar and CHI office New Delhi Railway station, Electrical lobby/CYM office New Delhi, CCRS office new Delhi, Running Room atRohtak and Running room Palwal. |
| 6 | DLI | Engineering & Mechanical branch at DRM office Delhi. |
| 7 | DLI | VIP washroom (NDLS Station building), OS/store at EOG shed & 02nos. rooms in the OHE depot at New Delhi have been provided. |
| 8 | DLI | RPF barrack at Delhi Kishanganj, Nursery school at S.P Marg. |

| | | |
|---|---|---|
| 9 | DLI | Station master office building at Shamli Railway Station, nursery school at Tuglakabad, S&T store at SubziMandi Railway Station, RPF Canteen & computer Lab at Dayabasti, URMU office at P. K. Road, newly constructed Crech in KG school & Sr. DME/ Diesel chamber at TKD |
| 10 | DLI | Rest house Building, TKJ, RPF Building at Rohtak, IOW Office at CNKP Railway colony. |
| 11 | DLI | RPF Post at Adarshnagar Railway Station and S&T conference hall & exchange hall at Baroda House |
| 12 | DLI | Foot Over Bridge at Asaoti Railway station |
| 13 | UMB | Diesel Shed Shimla |
| 14 | DLI | Rewiring of the Tool room at the C&W office at Jind, Yogshala at Chanakyapuri, AEN/ Construction office at New Delhi and Sona Bath at S.M. Marg |
| 15 | DLI | PF no 1 to 7 at PTNR Railway station and PF no. 01 at DBSI Railway station |
| 16 | DLI | Store Nursery horticulture at the SOJ Railway colony. |
| 17 | DLI | Yoga & Exercise Room at CNKP Rail Enclave. |
| 18 | DLI | Relay Huts No. 1 & 2 at Bijwasan. |
| 19 | DLI | 02nos.Two Old Running Rooms at TKD. |
| 20 | DLI | Porta Cabin in Parcel Godown at New Delhi, TRD office at Fardabad, Health Unit at Sarojininagar, Kitchen of Kothi no.SC-3B Paharganj and Pota cabin at Bhoor side Ghaziabad of Delhi division. |
| 21 | DLI | COFMOW Canteen |

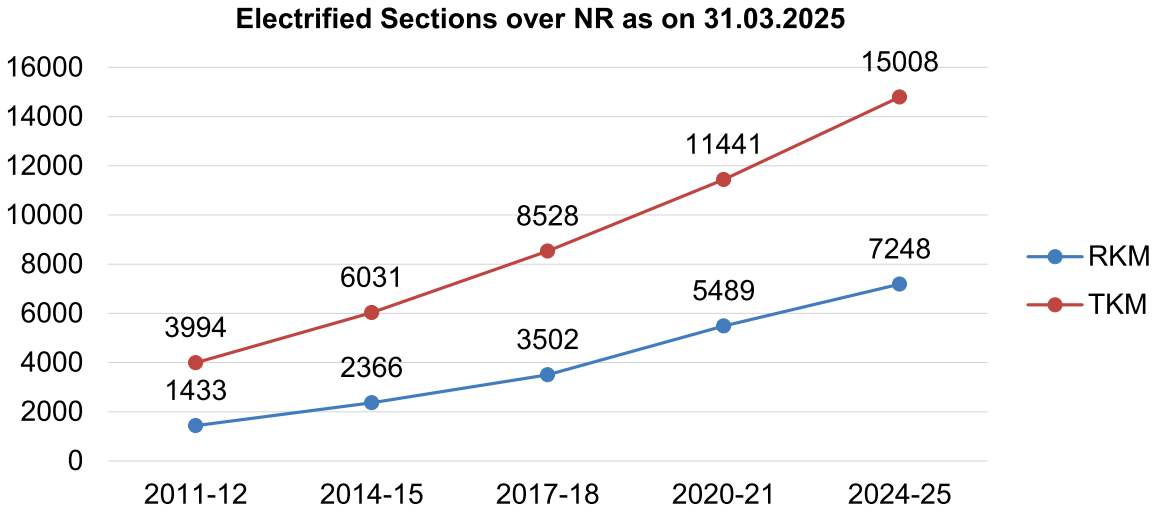
## 4.6 TRD Operational Achievements:

**Commissioning of newly electrified sections during 2024-25:**

Northern Railway has made remarkable progress under Indian Railways' flagship "Mission 100% Railway Electrification" initiative. Over the past 10 years, 5,056 Route Kilometers (RKM) and 9,335 Track Kilometers (TKM)—accounting for approximately 70% of the Broad Gauge (BG) network—have been electrified across Northern Railway.

During the financial year 2024–25 alone, 171.4 RKM (417.72 TKM) of electrification was successfully completed. A significant highlight of this achievement is the electrification of the Katra–Banihal section in the Kashmir Valley, which now enables seamless electric train connectivity, linking the Kashmir Valley to the rest of the country by rail for the first time.With these efforts, Northern Railway has now achieved 100% electrification of its Broad Gauge routes, marking a major milestone in sustainable rail transport.



The details of sections electrified during the year 2024-25 are as under:

### (i) New Electrification Sections:

| S N | Section | Divn | RKM | TKM |
|---|---|---|---|---|
| 1. | Rohtak- Meham- Hansi | DLI | 68 | 73 |
| 2. | Reasi- Sangaldan New line New Line | JAT | 45.92 | 51.93 |
| 3. | Katra- Reasi New Line | JAT | 15.88 | 15.88 |
| 4. | Deoband- Roorkee New line | MB | 30.87 | 37.63 |
| 5. | Palwal to New Pirthala Connectivity | DLI | 10.72 | 12.5 |
| | **Total** | | **171.4** | **190.9** |

### (ii) Electrification of Doubling Sections, Sidings:

| S N | Date | Section | Divn. | RKM | TKM |
|---|---|---|---|---|---|
| 1. | 04.04.2024 | DN Loop Line, Todarpur | MB | 0 | 1.32 |
| 2. | 19.04.2024 | IBL line no. 1 &2 Shakurbasti | DLI | 0 | 0.90 |
| 3. | 29.04.2024 | Longer Loop Lines at Kartarpur | FZR | 0 | 2.16 |
| 4. | 30.04.2024 | Additional loop line no. -3, Anandpur sahib | UMB | 0 | 1.25 |
| 5. | 01.05.2024 | Silo complex at Chajli. | UMB | 0 | 2.63 |
| 6. | 14.05.2024 | Washing line no. 11 & 12 at New Delhi | DLI | 0 | 1.30 |
| 7. | 21.05.2024 | UP Loop Line at Bhadaiyan | LKO | 0 | 1.48 |
| 8. | 21.06.2024 | Longer DN Loop Line Duganpur | MB | 0 | 4.35 |
| 9. | 02.07.2024 | Washing line at Meerut City | DLI | 0 | 0.75 |
| 10. | 05.07.2024 | New Shunting Neck line at Jammu Tawi | FZR | 0 | 0.37 |
| 11. | 31.07.2024 | Line no. 5(common loop line), line no. 6 (Goods line) in Roorkee yard | MB | 0 | 7.50 |
| 12. | 09.08.2024 | Rosa Yard | MB | 0 | 2.30 |
| 13. | 16.08.2024 | DN loop line, MiranpurKatra | MB | 0 | 1.23 |
| 14. | 21.08.2024 | Longer Loop Line at Sanehwal | FZR | 0 | 0.45 |

| | | | | | |
|---|---|---|---|---|---|
| 15. | 04.09.2024 | Washing Line no. 1 & 3, Katra | FZR | 0 | 2.06 |
| 16. | 18.09.2024 | Washing line no. 1 &2, Varanasi | LKO | 0 | 3.42 |
| 17. | 18.09.2024 | Sadar Washing line, Lucknow | LKO | 0 | 0.78 |
| 18. | 18.09.2024 | Janghai- Ugrasenpur Doubling | LKO | 0 | 27.00 |
| 19. | 18.09.2024 | Additional loop line at Una Himachal | UMB | 0 | 1.24 |
| 20. | 19.09.2024 | Janghai Yard remodelling | LKO | 0 | 17.76 |
| 21. | 01.10.2024 | Rajpura Yard re-modeling | UMB | 0 | 3.24 |
| 22. | 04.10.2024 | Shahganj Yard re-modelling | LKO | 0 | 10.71 |
| 23. | 10.10.2024 | Longer loop line Chiheru | FZR | 0 | 1.74 |
| 24. | 17.10.2024 | UP loop line MewaNawada | MB | 0 | 2.58 |
| 25. | 30.10.2024 | Baddowal-Ludhiana Doubling | FZR | 0 | 9.90 |
| 26. | 05.11.2024 | Patiala Yard remodeling | UMB | 0 | 10.49 |
| 27. | 23.12.2024 | DN loop line Masit | MB | 0 | 1.17 |
| 28. | 03.01.2025 | Ugarsenpur-Phapahamau Doubling | LKO | 0 | 74.89 |
| 29. | 03.01.2025 | longer loop line at Ladhowal | FZR | 0 | 2.06 |
| 30. | 07.01.2025 | Remodeling of AyodhyaCantt. Yard | LKO | 0 | 9.60 |
| 31. | 10.01.2025 | Elevated track at Kurukshetra | DLI | 0 | 6.60 |
| 32. | 14.01.2025 | Development of additional train handling facilities at Shakurbasti | DLI | 0 | 7.20 |
| 33. | 16.01.2025 | New line no. 4 of Bhanupali Yard | UMB | 0 | 3.20 |
| 34. | 18.02.2025 | Balamau Yard lines | DLI | 0 | 3.20 |
| | | **Total** | | | **226.82** |

**USBRL Project:**

The commissioning and electrification of the Katra–Banihal section have been successfully completed this year, establishing a vital rail link that connects the Kashmir Valley with the rest of India. Notably, 88% of this section runs through tunnels, all of which have been equipped with the Rigid Overhead Conductor System (ROCS). The ROCS installation in this project sets a new benchmark in Indian railway technology, ensuring reliable and safe electric traction in challenging tunnel environments.

**EIG sanction accorded:**

91 EIG sanctions were accorded during the year 2024-25 for the energization of Overhead Equipment (OHE), Traction Sub-Stations (TSS), Sectioning Posts (SP), Switching and Sectioning Posts (SSP), and Auto Transformers (ATs) across various sections of Northern Railway.

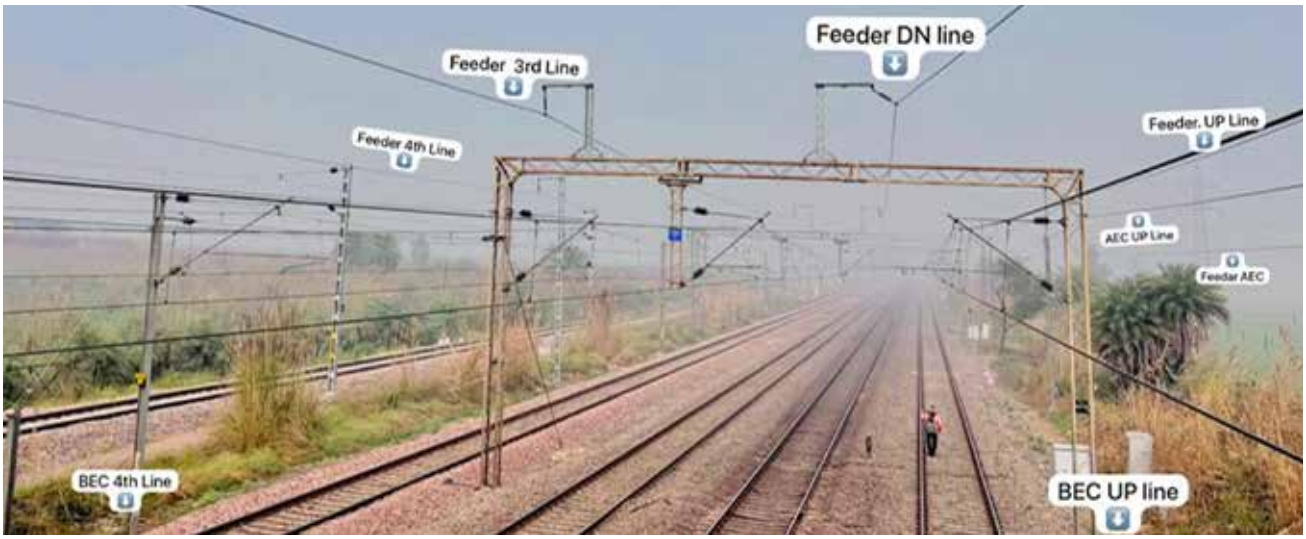
**Commissioning of Traction Substation:**

08 Traction Substations were commissioned in newly electrified sections of Northern Railway during the year 2024-25. This development has enabled full capacity utilization of these electrified sections, facilitating efficient running of trains on electric traction.

**Mission Raftar Project: 2x25kV system on New Delhi-Mumbai & Delhi-Howrah Route:**

The overhead equipment (OHE) modifications for raising speed to 160 km/h on the New

Delhi–Mumbai and New Delhi–Howrah routes are progressing rapidly over Northern Railway. The OHE modification work on the UP and DN main lines of the Rajdhani route—specifically the New Delhi–Palwal section (New Delhi–Mumbai route) and New Delhi–Chhipyana section (New Delhi–Howrah route)—has been completed, making the OHE fit for 160 km/h operations. Feeder and PSI works related to the 2x25 kV system are currently underway.



## 4.7 Achievements of Loco Operation:

**Operation of trains during Kumbh Mela:**

- **Train Operations:** Successfully operated 1,259 Kumbh Mela special trains and 2,011 Early Clearance Runs (ECRs) during the Mela period.
- **Crew Management:** 72 additional crew sets were provided from other Northern Railway divisions to meet increased demand. Maintenance staff and Chief Loco Inspectors (CLIs) were also deputed to LKO division.
- **Locomotive Deployment:** Locomotives were balanced from other divisions and deployed on both ends of special trains to avoid loco reversal during MahaKumbh. A total of 42 rakes operated with locomotives at both ends.
- **Staff Accommodation:** Additional accommodations were arranged across LKO division for running staff, CLIs, and RSO personnel.
- **Fueling Facilities:** Temporary diesel fueling points were established at MBDP and AYC stations.
- Staff Movement:Nine additional Motorized Unmanned Vehicles (MUVs) were hired for crew and maintenance staff movement, stationed at PYGS, PRG, PLP, AYC, BSB, and RBL.
- **Round-the-Clock Staffing:** CLIs and maintenance staff (Diesel & Electric) were deployed

24/7 at critical points—PYGS, PRG, PFM, AYC/AY stations—to ensure smooth and punctual running of Mela specials.

- **Crew Facilities at PRG**
  - A new temporary crew lobby was created and made operational at PRG station.
  - Two new kiosks integrated with biometric attendance machines were installed for Sign 'ON' and Sign 'OFF' in the old running room, which was also upgraded with subsidized meal services and a capacity of 48 beds.
  - An additional 37 beds were arranged in the waiting hall at the second entry side of PRG for Mauni Amavasya.

a) **Additional Bed Capacity:** Total 253 additional beds added across running rooms at:
   - PYGS: 117 beds
   - MBDP: 10 beds
   - AYC: 70 beds
   - JNU: 10 beds
   - PLP: 31 beds
   - BSB: 15 beds

b) **Mauni Amavasya Arrangements:** 25 beds arranged at PFM station building specifically for Mauni Amavasya train operations originating from PFM.

c) **Crew Availability at PRYJ:**
   - 20 crew members from LKO/NR division were consistently made available at PRYJ on main Snan days and weekends.
   - On non-Snan days, 10-12 crew were present at PRYJ.

d) **Crew Availability at PRG/PYGS/PFM:**
   - 40 crew members were deployed at PRG, PYGS, and PFM on main Snan days and weekends.
   - On non-Snan days, crew strength was adjusted to 20-25.

e) **Directional Crew Readiness:** At PRG and PYGS, three crew members were kept alert for each direction (LKO, AYC, and JNU).

### 4.7.1 Extending help to NCR to operate trains during Kumbh Mela:

Despite 1,606 vacancies (11.6%) in the running cadre of Northern Railway (NR), 90 crew sets-comprising 90 Loco Pilots (LPs) and 90 Assistant Loco Pilots (ALPs)-along with three Chief Loco Inspectors (CLIs) were transferred from the Delhi (DLI) and Moradabad (MB) divisions of NR to North Central Railway (NCR) to operate freight trains in the DFCCIL section between Khurja Junction (KRJN) and Kanpur Central (CNB). Additionally, Northern Railway balances an average of 10 MEMU-qualified Loco Pilots daily to NCR for MEMU train operations.

### 4.7.2 Running Rooms:

a) **Implementation of Running Room Management System (RRMS):** The RRMS developed by CRIS to check-in check-out in running room has been implemented in 25 running rooms of NR. In this software, CC Lobby forwards the crew to running room through software and running room receptionist allots the room to the crew. No permission slip is required. Now, no manual intervention is not required in allotment of room/bed.

b) **New Running room:**

- New Running room at LKO has been commissioned on 24.03.2025 having124 bed rooms with capacity of 250 beds.
- New running room at UCR has been commissioned on 01.07.2024 having 15 bed rooms with capacity of 30 beds.

c) **Subsidized meal facility:** Subsidized meal facility has been provided in two additional running rooms during current financial year (TD & LKO/Chg). Now, subsidized meal scheme exists in 36 running rooms over NR.

### 4.7.3 Crew Lobby:

a) Commissioning of New Crew Booking Lobby:To control over due hours and spare running of crew, new crew booking lobby has been commissioned at KRJN.

b) New Electrical & Electronic LP/ALP callout & Emergency brake Application System with Voice & Video has been installed in MB lobby on 31.12.2024.

c) The ‘Smart Motion-Based Signal Calling out System’ has been introduced in Crew lobby at LKO(Chg) of LKO division on 26.12.2024 for better visualization and practicing of crew to help LPs/ALPs to inculcate habit of signal calling out and to brake the hesitation of ALP in applying the Emergency brake(RS valve) to prevent SPAD and over speeding cases.

### 4.7.4 Details of HSD (Fuel) issue position:

Actual fuel issue of HSD oil for traction purpose, other than Traction and actual cumulative issue the detailed position is tabulated below:

| Item | 2023-24 | 2024-25 | % age |
|---|---|---|---|
| HS Doilissue (In KL) | 227362 | 201270 | -11.5 |
| NR Locos | 131279 | 112666 | -14.2 |
| FR Locos | 61096 | 54468 | -10.8 |
| Traction (KL) | 192375 | 167134 | -13.1 |
| Otherthan Traction | 34987 | 34136 | -2.4 |
| Avgofftake (In KL) | 621 | 551 | -11.3 |

### 4.7.5 Trip inspections:

During 2024-25, trip inspection examinations were carried out of 26567 locomotives(12592 NR & 13975 FR). Out of these 25039 locomotives wereof Mail/Express (12151 NR & 12288 FR) and 1528 locomotives (441 NR & 1087 FRlys) were of freight services.

## 4.8 Operational Achievements of Diesel Wing:

- On 13.01.2025, following the official ceremonial announcement of the MAHA KUMBH, the Traffic Department requested enhanced locomotive availability to ensure seamless to-and-fro movement of KumbhMela special trains. Diesel Shed AMV rose to the occasion by ensuring a continuous supply of locomotives as per Traffic requirements.

  Despite significant challenges—such as a large number of HHP and ALCO locomotives grounded due to material shortages and overdue maintenance—the shed accepted the task and successfully provided a total of 48 locomotives for KumbhMela operations. This included 6 ALCO locomotives in MU (Multiple Unit) configuration, 24 standalone ALCO locomotives, 8 electric locomotives, and 10 HHP locomotives.

- **Major Schedule of HHP Diesel locomotives:** 103 HHP Diesel locomotives are maintained by Diesel Shed, Ludhiana. In the financial year 2024-25 Diesel Shed, Ludhiana has done major schedule (6Y/3Y) of 18 HHP locos.

- **At the Diesel Shed AMV of Northern Railway, the restoration of the EPD** (Electronic Power Device) test bench was carried out in-house. This initiative resulted in significant cost savings, which would have been incurred had the work been outsourced. Additionally, it saved manpower and time, as EPDs previously had to be tested at other railway units. At Dsl shed AMV of NR restoration of EPD test bench was done in-house which resulted in cost saving which otherwise would have attracted cost if attended through outsourcing as well saving of manpower and time as EPDs were earlier tested at other Railway units.

- To enhance the reliability of HHP locomotives, all HHP locos at the Diesel Shed AMV of Northern Railway have been brought under Annual Maintenance Contracts (AMC).

## 4.9 Performance:

### 4.9.1 Loco Performance:

### A. Yearly Loco performance:

| S. N. | Item No | Target 2024-25 | Performance | | | | | Best Ever | |
|---|---|---|---|---|---|---|---|---|---|
| | | | 2020-21 | 2021-22 | 2022-23 | 2023-24 | 2024-25 | Figure | Year |
| 1.0 | **Ineffective % age** | | | | | | | | |
| | (a) Electric Loco (Stat) | 6.9 | 6.1 | 6.0 | 6.6 | 5.3 | 6.1 | 5.3 | 2023-24 |
| 2.0 | **Loss of Punctuality (Inc) (Ownership basis)** | | | | | | | | |
| | (a) Electric Loco asset failure | -- | 116 | 1640 | 1746 | 1758 | 1658 | -- | -- |
| | (b) Average Loco holding | -- | 709.3 | 874.1 | 1064.3 | 1154.9 | 1189.6 | -- | -- |
| | (c) FRPCPM | -- | 1.36 | 15.63 | 13.67 | 12.68 | 11.61 | 11.61 | 2024-25 |

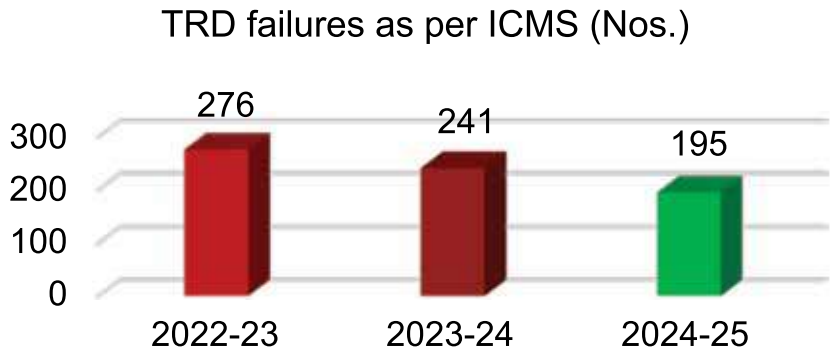
## B. Assets Failures and Asset utilization:

| S. N. | Items | 2023-24 | 2024-25 | % age variation (+/-) Imp/Det. |
|---|---|---|---|---|
| 1.0 | **Ineffective % age** | | | |
| | (a) Electric Locos(Stat) T=6.9 | 5.3 | 6.1 | (+) 11.6 |
| 2.0 | **Asset failure (Ownership basis)** | | | |
| | (a) Electric Loco asset failure | 1758 | 1658 | |
| | (b) Average Loco holding | 1154.9 | 1189.6 | |
| | (c) FRPCPM | 12.68 | 11.61 | (+) 8.43 |

### 4.9.2 OHE Performance:

A. **OHE Failures v/s Target:** A consistent thrust is being given to maintain OHE (Overhead Equipment) reliability through the implementation of the Reliability Action Plan. As a result, Northern Railway has recorded a significant reduction in TRD (Traction Distribution) failures compared to previous years.

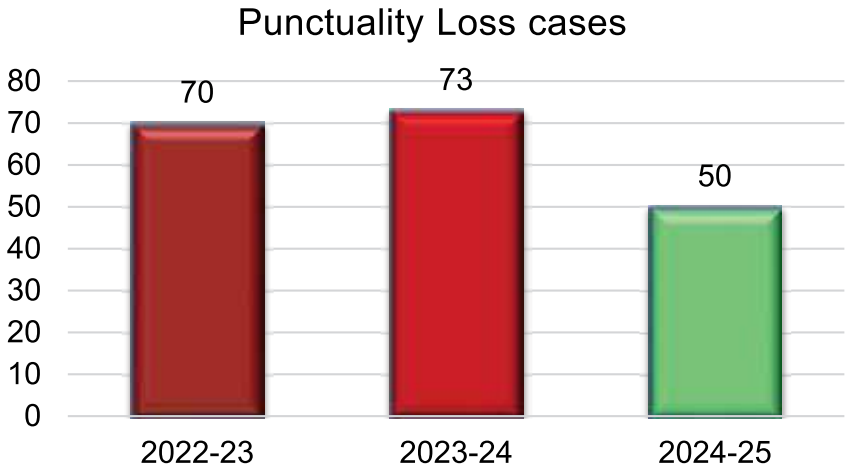
B. **TRD FAILURES AS PER ICMS:** There has been a 21.3% reduction in asset failures over Northern Railway compared to the previous year, significantly surpassing the Railway Board's MoU target of 5% reduction. This reflects the effectiveness of focused efforts and reliability enhancement measures implemented across the zone.



| Failures | 2022-23 | 2023-24 | 2024-25 |
|---|---|---|---|
| TRD failures as per ICMS (Nos.) | 276 | 241 | 195 |
| TRD Failures/100 TKM | 2.04 | 1.65 | 1.29 |
| % Reduction of TRD failures over last year. | - | - 19 % | - 21.3 % |

### 4.9.3 Punctuality Performance On TRD Account

TRD asset failures over Northern Railway have shown a consistent decline compared to previous years. Consequently, the number of punctuality loss cases per Track Kilometre (TKM) due to TRD asset failures has also significantly reduced during 2024–25.



| Punctuality loss cases | 2022-23 | 2023-24 | 2024-25 |
|---|---|---|---|
| TRD failures (Punctuality loss cases) in Nos. | 70 | 73 | 50 |
| TRD Failures/100TKM | 0.50 | 0.50 | 0.33 |
| % Reduction over last year | - | +3 % | - 34% |

### 4.9.4 Diesel Wing:

| S N | Parameters | | Cumulative Average till March 2024-25 |
|---|---|---|---|
| 1 | Asset Failures- NR-IR (BG diesel) | | 7.4 |
| | Asset Failures- NR-IR (NG diesel) | | 3.7 |
| 2 | Direct Punctuality Loss On Diesel loco a/c NR-IR | | 15.8 |
| 3 | Outage-NR diesel sheds | Target | 479.2 |
| | | Actual | 491.65 |

### 4.9.5 General Power Supply:

### A. Yearly Performance of General Power supply

| S. N. | Item No. | Target for 24-25 | Performance | | | | | Best Ever | |
|---|---|---|---|---|---|---|---|---|---|
| | | | 20-21 | 21-22 | 22-23 | 23-24 | 24-25 | Figure | Year |
| | **A) ENERGY CONSERVATION** | | | | | | | | |
| 1 | Energy consumption (MU) | 309.71 | 279.29 | 314.54 | 319.11 | 321.48 | 329.69 | 279.29 | 20-21 |
| 2 | Unit Generation by Solar panels (MU) | 29.21 | 12.74 | 17.77 | 16.95 | 21.14 | 15.63 | 21.14 | 23.-24 |
| 3 | Provision of 5 Star rating equipment by venders at Railway station (Nos. of stations) | 45 | 46 | 52 | 34 | 33 | 31 | 52 | 21-22 |

| | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| 4 | Automation of pumps with GSM technique | - | 10 | 96 | 239 | 55 | 0 | 239 | 22-23 |
| 5 | Electronic energy Meters in Railway installations | - | - | 18 | 200 | 0 | 0 | 200 | 22-23 |
| 6 | Automatic switching Power Factor improvement (Nos.) | 25 | 28 | 26 | 30 | 33 | 31 | 33 | 23-24 |
| 7 | Solar water heater at Running Rooms & hospitals | - | 02 | 0 | 0 | 0 | 0 | 02 | 21-22 |
| 8 | Automatic Switching OFF/ON of Platforms Light for all Stations (70% & 30% Circuit) | - | - | 05 | 28 | 04 | 0 | 28 | 22-23 |
| 9 | Segregation of domestic loads. | - | 02 | 05 | 03 | 06 | 0 | 06 | 23-24 |
| 10 | Replacement of 90 watt ceiling fans by 60/35 watt ceiling fans | 6000 | 239 | 389 | 1190 | 2010 | 3100 | 3100 | 24-25 |
| 11 | Replacement of Overhead conductors with Underground cables. (Nos. of locations) | 50 | 50 | 62 | 31 | 60 | 27 | 62 | 21-22 |
| 12 | Use of solar street lights for (a) remote place at colonies (b) training institutes (c) Retiring rooms (d) officers rest house | - | - | - | 24 | 0 | 19 | 24 | 22-23 |
| 13 | Use of 5 star rating pump sets | 130 | 110 | 156 | 196 | 152 | 171 | 196 | 22-23 |
| 14 | Provision of LED based station name boards (Nos.) | 45 | 48 | 63 | 32 | 35 | 27 | 63 | 21-22 |
| | **B) PASSENGER AMENITIES** | | | | | | | | |
| 1 | Improvement in illumination at stations i.e. platforms, FOB, circulating area, waiting halls, booking office / enquiry office, concourse, Retiring Room,(No. of station) | - | 14 | 23 | 31 | 40 | 59 | 59 | 24-25 |
| 2 | Provision of standard signages. (No. of station) | - | 04 | 03 | 09 | 11 | 19 | 19 | 24-25 |
| 3 | Improvement in lighting in circulating area by providing high mast tower | - | 02 | 16 | 01 | 12 | 39 | 39 | 24-25 |
| 4 | Provision of Mobile/Lap top charging point (Nos.) | - | 44 | 34 | 14 | 67 | 46 | 67 | 23-24 |
| 5 | Commissioning of Lifts (Nos.) | 20 | 08 | 10 | 13 | 18 | 17 | 18 | 23-24 |
| 6 | Commissioning of Escalators (Nos.) | 13 | 13 | 07 | 08 | 27 | 13 | 27 | 23-24 |
| 7 | Provision of additional water coolers at stations | - | 23 | 22 | 5 | 15 | 14 | 23 | 20-21 |
| | **C) STAFF AMENITIES** | | | | | | | | |
| 1 | Rewiring of quarters. | 1650 | 842 | 859 | 774 | 861 | 1353 | 1353 | 24-25 |
| | **D) TRAFFIC AMENITIES** | | | | | | | | |
| 1 | Improvement in illumination in washing line, sick line, yard (No of station) | - | 0 | 9 | 03 | 31 | 7 | 31 | 23-24 |

| | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| 2 | Improvement in goods shed/freight terminals | - | 14 | 49 | 41 | 25 | 20 | 49 | 21-22 |
| 3 | Electrification of stations/halts. | - | 11 | 03 | 02 | 01 | 7 | 11 | 20-21 |
| | **E) SAFETY** | | | | | | | | |
| 1 | Electrification of eligible manned level crossings | - | 20 | 8 | 20 | 50 | 0 | 50 | 23-24 |
| 2 | Provision of RCCBs | - | - | - | - | 650 | 1970 | 1970 | 24-25 |
| | **F) RELIABILITY** | | | | | | | | |
| 1 | AMF Panel on DG sets more than 100 kVA. | - | 02 | 01 | 04 | 02 | 04 | 04 | 24-25 |
| 2 | Maintenance free earthing | - | 04 | 82 | 8 | 547 | 497 | 547 | 23-24 |
| 3 | Pre- paid meters within vender's premises | 6175 | - | 18 | 200 | 301 | 1076 | 1076 | 24-25 |
| 4 | 11/.750KV EOG external power supply system | - | - | - | 4 | 47 | 10 | 47 | 23-24 |

## 4.9 Safety Performance:

### 4.9.1 General Power Supply:

**A. Electrification of Manned Level Crossings:** State Electricity Board (SEB) supply has been provided at 156 level crossing gates that were previously equipped with standalone solar PV systems only. This includes 121 gates in the Lucknow (LKO) division and 35 gates in the Moradabad (MB) division.

**B. Provision of RCCBs:** A total of 1,970 RCCBs (Residual Current Circuit Breakers) have been installed across various railway stations, rest houses, retiring rooms and TTE rest houses over Northern Railway. These have been provided for water coolers, electric poles, HMTs and electric geysers to enhance the safety of railway staff and electrical installations.

### 4.9.2 Loco Operation Safety:

**A. Safety Seminars:** From April 2024 to March 2025, a total of 1,399 safety seminars were organized. During these sessions, 11,242 running staff members participated and were addressed on the prevention of SPAD (Signal Passed At Danger) incidents as well as other safety-related issues.

**B. Family Interactions:** Between April 2024 and March 2025, 1,003 interaction sessions with family members of running staff were organized at crew lobbies across all divisions. A total of 5,365 family members attended these sessions, where they were encouraged to maintain a positive home environment and ensure that Loco Pilots (LPs) and Assistant Loco Pilots (ALPs) receive proper rest to support safe train operations.

### 4.9.3 Analysing of CCVR:

CVVRS (Crew Vigilance Video Recording System) has been installed in 13 locomotives

across Northern Railway sheds. From April 2024 to March 2025, 310 CVVRS checks were analyzed, identifying 338 irregularities. These included issues such as failure to call out signals with hand gestures, instances of micro-sleep, ALPs not checking the functioning of the RS valve, failure to place a hand on the RS valve while passing a yellow signal, missing train numbers and crew IDs in the SPM and LPs not opening the signal location book on the desk. Staff found at fault were counselled by Chief Loco Inspectors (CLIs).

### 4.9.4 Analysing of Speed chart:

Speed chart analysis is an important tool for monitoring the driving skills of Loco Pilots (LPs). Prior to November 2024, very few speed charts were analyzed over Northern Railway. From November 2024 onwards, a decision was made to analyze two speed charts for each LP every month. This initiative resulted in a significant increase, with 47,466 speed charts analyzed by Chief Loco Inspectors (CLIs) from November 2024 to March 2025 using an app. Crews were counselled appropriately on irregularities such as late braking, over speeding and abrupt braking identified during the analysis.

## 4.10 Diesel Safety:

**4.10.1** ZERO ACCIDENTS Target achieved on Diesel Loco account.

## 4.11 System improvement

**4.11.1** System improvement in TRD during 2024-25:

### A. Replacement of corroded/weak/damaged catenary wire:

Electrification in the Delhi area began in 1976. Over time, the catenary wires have become aged and their condition has further deteriorated due to heavy pollution in the Delhi (DLI) area. To address this, phased replacement of the catenary wires is underway. Additionally, corroded catenary wires are being replaced in chemically polluted zones near factories across various sections of all divisions. Splicing is also carried out whenever a single damaged strand is detected to prevent failures.

During the financial year 2024–25, 131.8 km of old and weakened catenary wires were replaced. Furthermore, 1,618 locations with damaged strands received splice repairs.

## B. Replacement of brazed jointed contact wire:

Electrification in the Delhi area commenced in 1976. The contact wire installed until 1995 featured silver-brazed joints approximately every 100 meters. Failures of these brazed joints began to occur from 1989 onwards. Consequently, a phased drive was initiated to replace all contact wires with silver-brazed joints.

In the Delhi (DLI) area, replacement of these failure-prone brazed joint contact wires is ongoing. Approximately 554 km (70%) of the total 794 km of such contact wire have been replaced. Replacement on main lines has been completed, with work continuing on yard lines and goods lines. During the financial year 2024–25, 20.63 km of brazed joint contact wire was replaced.

## C. Replacement of corroded contact wire:

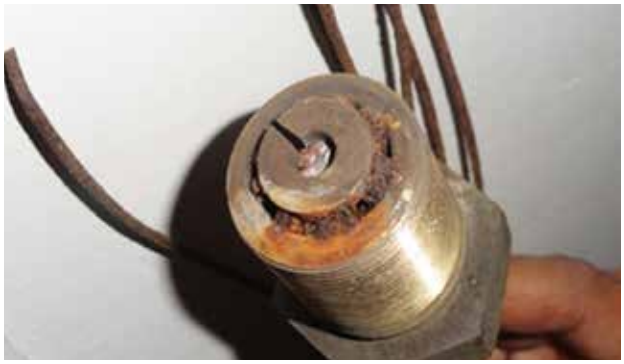
The condition of TRD assets deteriorates significantly due to chemical pollution discharged by factories near railway tracks. To improve reliability, identified corroded contact wires in these polluted areas are being replaced in a phased manner. During the year 2024–25, 23 km of corroded contact wires were replaced.

## D. Replacement of corroded cantilever Assembly:

Severe effects of chemical pollution on TRD assets have been observed in various sections of Northern Railway due to industrial effluents from factories located near the tracks. This pollution causes rusting of cantilever assemblies in affected areas. Consequently, these rusted cantilever assemblies are regularly surveyed and replaced. During the year 2024–25, a total of 5,364 rusted cantilever assemblies were replaced in polluted zones.

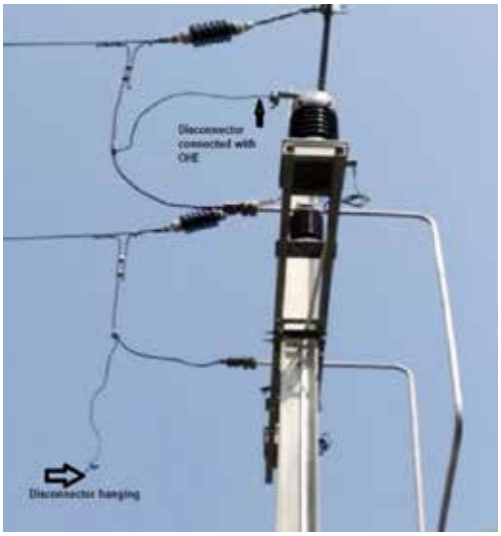
## E. Replacement of corroded steel anti creep wire:

Steel anti-creep wires are also subject to corrosion and increased risk of failure due to chemical pollution from nearby factories across various sections in all divisions of Northern Railway. To address this, corroded steel anti-creep wires are being replaced with copper catenary wires. During the financial year 2024–25, 435 corroded steel anti-creep wires were replaced with copper catenary wires.



## F. Provision of Disconnectors on Lightning Arrestors (LA):

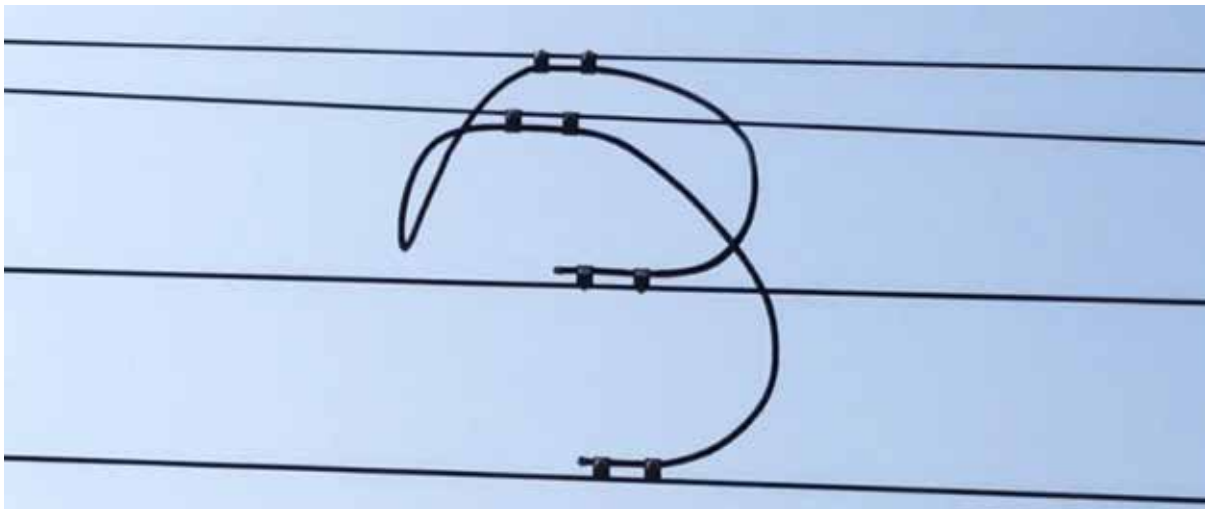
In the event of a Lightning Arrester (LA) failure on the line, the line remains energized until the faulty LA is identified and physically isolated, often causing significant traffic interruptions. To prevent this, disconnectors are being installed to automatically disconnect the LA from the Overhead Equipment (OHE) upon failure. This ensures uninterrupted traffic flow and allows for much faster restoration. Additionally, the device provides a visual tell-tale indication to identify the failed LA quickly. A drive was launched to equip all gantry LAs across Northern Railway with disconnectors. During the financial year 2024–25, 800 disconnectors were installed on gantry LAs in accordance with RDSO's revised SMI TI/MI/0048 Rev-2. This initiative will help reduce OHE failures caused by LA malfunctions.



**G. Enhancement of OHE capacity:** To improve the reliability of TRD assets, the following actions have been undertaken to enhance OHE capacity and reduce incidents of OHE parting from PG clamps of G-jumpers, isolator jumpers and drop jumpers, especially in high-density sections and Vande Bharat routes:

i. Replacement of 105 sq. mm drop jumpers with 160 sq. mm drop jumpers at isolators, along with increasing the number of PG clamps from 4 to 6 to enhance the contact area for better current transfer. During the year 2024–25, 1,146 isolators received 160 sq. mm drop jumpers. Work on main lines has been completed and replacement is ongoing in yard lines.

ii. Provision of 160 sq. mm jumper wire as G-jumper on UIOL in the first subsector of TSS, replacing the earlier 105 sq. mm jumper wire to increase current carrying capacity. This upgrade was implemented at 552 locations during the year 2024–25. Additionally, cross-type connected G-jumpers are being installed throughout the entire section to enhance the current transfer path between two OHE lines.



iii. Provision of 105 sq. mm G-jumpers on both sides of UIOL in high-density single-line sections to increase the current transfer path between two OHE lines. This has been implemented at 549 locations during the year 2024–25.

### 4.11.2 Power Supply System Improvement:

| S N | Item No. | Target for 24-25 | Performance | | | | | Best Ever | |
|---|---|---|---|---|---|---|---|---|---|
| | | | 20-21 | 21-22 | 22-23 | 23-24 | 24-25 | Figure | Year |
| | **SYSTEM IMPROVEMENT** | | | | | | | | |
| 1 | AMF Panel on DG sets more than 100 kVA. | - | 02 | 01 | 04 | 02 | 04 | 04 | 24-25 |
| 2 | Maintenance free earthing | - | 04 | 82 | 8 | 547 | 497 | 547 | 23-24 |
| 3 | Pre- paid meters within vender's premises | 6175 | - | 18 | 200 | 301 | 1076 | 1076 | 24-25 |
| 4 | 11/.750KV EOG external power supply system | - | - | - | 4 | 47 | 10 | 47 | 23-24 |

## 4.12 Reliability

### 4.12.1 OHE MEASURES TO ENHANCE RELIABILITY OF OHE DURING 2024-25:

A number of measures were taken to improve reliability of OHE during 2024-25, which are as under:

**A. Checking of PG Clamps & Joints Using Thermo-Vision Camera:** To enhance the reliability of Track and Rolling Stock Depots (TRD) assets through predictive maintenance, regular thermo-vision inspections are conducted. These inspections are performed half-yearly for Overhead Equipment (OHE) and quarterly for Power Supply Installation (PSI) equipment to detect and address potential failures or incipient faults proactively.

During the year 2024–25:

- A total of 26,316 kilometers of OHE and 4,268 PSI installations (including Traction Sub-Stations (TSS), Sectioning Posts (SP) and Sectioning and Paralleling Posts (SSP)) were inspected using thermo-vision cameras.
- 28 hot spots were identified during these inspections.
- All detected hot points were promptly attended to by arranging necessary power blocks for safe rectification.

**B. Provision of contact wire in place of catenary wire under over line structures (FOB/ ROB):** To prevent catenary wire parting caused by falling foreign materials from Foot Over Bridges (FOB) and Road Over Bridges (ROB), RDSO recommended replacing the catenary wire with contact wire beneath these structures. During the year 2024–25, this replacement was carried out at 118 locations.

**C. Provision of Retro- reflective Sigma Boards before signal:** To enhance Loco Pilots' awareness of approaching stop signals, retro-reflective Sigma boards and Sigma strips are regularly installed on the two masts behind stop signals in electrified territories. During the year 2024–25, retro-reflective Sigma boards were provided at 699 locations.

**D. Replacement of Aluminium Cross Feeders:** During the financial year 2024–25, eight cross-feeders were replaced with 150 sq. mm copper cross-feeders along with their drop jumpers at switching posts.

**E. Replacement of old designed failure prone RRA clamps:** To arrest the cases of contact wire parting due to sharp edges in old designed RRA clamps, a drive was launched to replace these with modified RRA clamps in phased manner. During the year 2024-25, 899 nos. sharp edge RRA clamps were replaced with modified RRA clamp. This shall improve the reliability of system.

**F. Major Schedule of OHE:** 10794 TKM major schedule of OHE i.e. IOH/POH carried out during the year 2024-25.

**G. Checking of Turnout & Cross over:** 10071 nos. Turn-out & cross-over on main line & yards were checked during the year 2024-25 to avoid Panto-entanglement.

**H. Maintenance of ATD:** AOH/POH schedule of 26943 Nos. ATD were carried out during the year 2024-25.

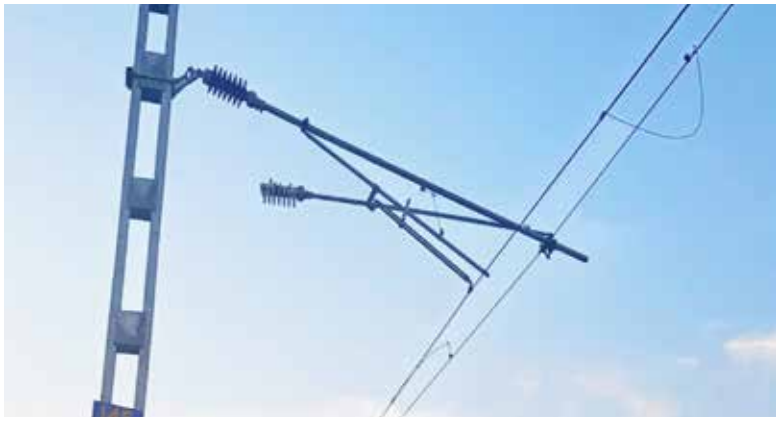
**I. Live line checking:** Total 18038 RKM Live line checking of OHE by 8-wheeler Tower Wagon was carried out during year 2024-25.

**J. Current Collection Test:** To improve the reliability of OHE 15859 RKM Current collection test with Oliver G has been carried during year 2024-25.

**K. Maintenance of gantry:** Annual scheduled maintenance of 620 Nos. gantries of switching stations was carried out during year 2024-25 covering feeders, PG Clamps and provision of bimetallic strips etc.

**L. Cleaning of Insulators:** As a measure to improve the reliability of OHE by arresting CB tripping 43073 Nos. insulators have been cleaned in polluted areas and 410979 Nos. insulators have been cleaned in normal areas as a regular exercise during the year 2024-25.

**M. Porcelain Insulators replacement:** To improve the reliability of OHE system in vandal prone zone 882 Nos. porcelain insulators were replaced by composite type insulators during the year 2024-25.



**N. Provision of missing/damaged traction bonds:** To improve the safety by limiting rise of rail potential and reliability of system, provision of traction bonds are regularly ascertained and their tightness is ensured during foot patrolling. 35313 Nos. missing/damaged traction bonds were replaced provided during the year 2024-25.

**O. Provision of PVC pipes as anti-bird measures:** There is problem of Bird nest formation in fabricated Drop Arms. To arrest the CB tripping and failures due to bird nest, PVC pipes were provided on 496 nos. fabricated drop arms of portals as anti- bird measures during the year 2024-25.

**P. Provision of circular disc on cantilever in identified birding areas as anti-bird measures:** To arrest the cases of insulator failure/OHE tripping due to birding on cantilever assembly, circular disk has been provided on cantilevers as per RDSO's SMI TI/MI/0059 at 671 nos. locations in identified birding areas during the year 2024-25.

**Q. Provision of Anti monkey climbing device on OHE portal & mast:** There is problem of OHE failure due to electrocution of Monkeys climbing on mast and portals in monkey prone areas. To arrest the CB tripping and failures due to monkey electrocution, Anti monkey climbing devices were provided on OHE mast and portals at 3293 nos. locations in identified monkey prone areas during the year 2024-25.

**R. Tree Trimming:** To improve the reliability of OHE, 161680 Nos. trees branches close to OHE were trimmed during the year 2024-25 to maintain safe clearance of 4 meters with OHE.

**S. Annual Relay testing & calibration of 82 Nos**. TSS was carried out during the year 2024-25.

**T. Earth Pit resistance checking:**10646 Nos. earth pit resistance values have been checked to improve the reliability of OHE during the year 2024-25.

**U. Checking healthiness of LA:** 2367 Nos.LAs were checked for healthiness by Leakage current monitor during year 2024-25.

**V. Replacement of old SS wire rope of ATDs more than 9 years old:** 2187 Nos. SS wires of ATDs were replaced due to over aged more than 09 years during the year 2024-25.

**W. Provision of sacrificing mast in loading/unloading sidings:** 236 Nos.sacrificing masts have been provided in loading/unloading sidings during the year 2024-25.

## 4.13 Power Supply Reliability:

**4.13.1** 7216 mtrs. Overhead conductor replaced by the underground cable at various Railway station/colonies over Northern Railway to ensure safety, reliability & smooth working of power supply to railway installations and colony as well.

**4.13.2** 70,762 meters 4 Core LT cable has been laid at various locations over Northern Railway for improvement in the reliability of power supply arrangement.

**4.13.3** Over head line conductors at 27 nos. stations (DLI-1,FZR-9,LKO-1,MB-8 &UMB-8) over Northern Railway have been replaced with underground cables.

## 4.14 Green Energy Initiatives:

### 4.14.1 1160 Kwp Power Plant:

During FY 2024–25, 606.19 kWp of grid-connected rooftop solar power plants were installed across various service buildings and railway stations on Northern Railway. Till date, a total

capacity of 24,816 kWp of rooftop solar installations has been commissioned under both RESCO and CAPEX modes across Northern Railway premises.

These solar power plants generated 15.564 million units (15.56 Lacs units) of electricity in the last year, resulting in:

- Cost savings of approximately Rs. 7.96 Crores
- Reduction of 12,765 tonnes of $CO_2$ emissions annually.

### 4.14.2 Remote controlling and monitoring of the ACs in the relay rooms.

21 nos. devices for Remote Controlling of ACs have been installed at S&T installations (Relay Rooms) in Moradabad Division for efficient and economic operation of installed ACs.

## 4.15 Economy Measures

### 4.15.1 Economy Measures of Power Supply:

**Provision of LED tube lights (lamp) in place of high wattage fittings:**

8155 LED fittings in place of place of high wattage fittings have been provided at various Railway station buildings.

- 10.1.2 11KV/750V EOG External power supply on 10 Nos. Washing lines have been successfully operated at various depots over Northern Railway (DLI-01, LKO-02, FZR-05 & MB-02). This External power supply is fed to EOG LHB Rakes from CSS during daily repair work in washing line and sick line. With its commencement, there will be no air pollution in daily repair work.

### 4.15.2 TRD: OHE Economy in Traction Energy Bills:

**Open Access Status in Northern Railway:**

Northern Railway is availing cheaper traction power through Open Access in the states of Haryana, Delhi, UP & Punjab directly from Generators. With this 92% of the total power requirement of Northern Railway has come under Open Access.

- Total saving on traction energy bill through open access in NR during the FY 2024-25 is approx. Rs. 530 Crs. up to Mar'25 for UP, Delhi, Haryana & Punjab states.

### 4.15.3 Economy (Loco):

- **Scrap disposal:** Electric loco sheds disposed off a total of 863.523 MT ferrous scrap, 33.184 MT non-ferrous scrap and 243 nos. empty drum & 539 nos. loco battery during FY 24-25 against the targets of 420 MT ferrous scrap & 11 MT Non-ferrous scrap.

### 4.15.4 Economy (Diesel)

- **Scrap disposal (MT):**

| Shed | Target | FERROUS | NON-FERROUS | Total |
|---|---|---|---|---|
| TKD | 750 MT | 409.11 | 5.40 | **414.51** |
| LDH | | 512.78 | 25.1177 | **537.8977** |
| AMV | | 133.78 | 11.662 | **145.442** |
| **TOTAL** | | **1055.67** | **42.1797** | **1097.8497** |

- Alco loco condemnation: During 2024-25 NR Diesel sheds have finalized the condemnation of 52 Alco class Diesel locomotives which is Second Highest during the last 10 years.

## 4.16 Staff Amenities

### 4.16.1 Power Supply:

**Rewiring of staff quarters:** Rewiring has been done for 1353 nos. (DLI-480, FZR-106, LKO-65, MB-510 & UMB-192) staff quarters.

### 4.16.2 Diesel wing:

Water pipeline laying work and work of a new boring of deep tube well at Diesel Shed AMV of NR is under progress to cater the need of fresh drinking water in Diesel Shed premises.

## 4.17 Manpower Planning:

### 4.17.1 General Power supply:

| Bench Marking | Staff per 1000 units (on Roll) |
|---|---|
| IR average | 0.13 (2021-22) |
| Northern Railway | 0.11 |

### 4.17.2 TRD:Position of TRD Staff on roll for 2024-25 is as under:

| Item | TRD (Staff on roll per TKM) |
|---|---|
| Staff required as per revised yardstick: | 0.22 Non Sub-urban area 0.42 Sub urban area |
| TRD Staff in N. Rly. | 0.20 Non Sub-urban area 0.40 Sub urban area |

### 4.17.3 Division wise staff position over NR is as follows:

| Items | | DLI | FZR | JAT | LKO | MB | UMB | Total |
|---|---|---|---|---|---|---|---|---|
| Electrified RKM | | 1551 | 1211 | 578 | 1462 | 1408 | 1038 | 7248 |
| Electrified TKM | | 3654 | 1921 | 965 | 3445 | 2840 | 2183 | 15008 |
| Sanctioned strength of staff | | 982 | 379 | 240 | 715 | 668 | 497 | 3481 |
| Staff On Roll | | 914 | 311 | 205 | 689 | 584 | 375 | 3078 |
| Manpower per TKM | Sub urban (Yardstick: 0.42/ TKM) | 0.40 | - | - | - | - | - | 0.40 |
| | Non-Sub-urban (Yardstick:0.22/TKM) | 0.19 | 0.16 | 0.21 | 0.20 | 0.19 | 0.15 | 0.20 |

The Railway Board has revised the benchmarking norm from 0.45 staff per Track Kilometer (TKM) to 0.22 staff per TKM. Presently, the staff-to-TKM ratio on Northern Railway has further reduced to 0.20 staff per TKM.

Despite the reduced staffing levels, maintenance activities are being effectively carried out by the existing workforce without compromising on quality or safety standards. To optimize resources and maintain efficiency, the following non-core functions have been outsourced across all divisions of Northern Railway:

- Maintenance of Power Supply Installations (PSI) assets
- Manning and housekeeping of Traction Sub-Stations (TSS)
- Other non-core activities

## 4.18 Operations wing:

**Vacancy Position and Promotions in Running Cadre**:- During FY 2024–25, Northern Railway (NR) inducted 36 Assistant Loco Pilots (ALPs) into the line staff. Additionally, 694 running staff were promoted to higher grades, including 194 promotions from Senior ALP/ Loco Pilot Shunter (LPS) to Loco Pilot Goods (LPG).

**Training**

- As of 31.03.2025, no running staff on Northern Railway (NR) are overdue for Periodic Medical Examination (PME) or mandatory transportation training.
- Foggy weather operational training has been imparted to all running staff to ensure safe train operations during low-visibility conditions.
- Electric traction training was provided to 373 running staff who transitioned from diesel to electric operations.
- KAVACH system training was conducted for 756 personnel, including Running Staff, Crew Loco Inspectors (CLIs), and Instructors, to enhance safety and operational preparedness.

**Shortage of Running Staff**

As on 31.03.2025, there are 1,634 vacancies in the running cadre of Northern Railway, representing a shortfall of 11.8%.To address this shortage, the selection process for 1,020 Assistant Loco Pilot (ALP) posts through the Railway Recruitment Board (RRB) is currently underway.

## 4.19 Training at ETC/GZB, DTC/LDH, DTC/AMV & DTC/TKD

### 4.19.1 ETC/GZB:

- During FY 2024–25, a total of 208 training courses were conducted against a target of 175, with 7,961 trainees trained across various programs. In comparison, 195 courses were held in FY 2023–24 against a target of 166.
- A special training course on KAVACH technology commenced in September 2024, with 900 trainees successfully completing the program by March 2025.
- A special training program on the WAG-12 locomotive was conducted for 695 trainees in 2024–25. Instruction was provided by ETC/GZB, and examinations were administered by MELPL/SRE.
- A refresher course on WAG-12 locomotives was also conducted for 309 trainees during the year.
- A special training course on T-18 (Vande Bharat Express) was conducted for 433 trainees, while a refresher course on T-18 was imparted to 13 trainees.
- A one-day special simulator course on the operation of the RS (Emergency) Valve for Assistant Loco Pilots (ALPs) was launched on February 25, 2023, and continues to be conducted round-the-clock. As of May 2024, a total of 1,786 ALPs have been trained under this initiative.
- A special training class for escorting staff from C&W and TL-AC departments was organized, with 100 trainees in attendance.
- To recognize and motivate running staff for their outstanding performance, “Star of the Month” appreciation certificates are awarded at the lobby, divisional, and zonal levels. These recognitions are also uploaded on the ETC/GZB website: www.etcgzb.in.
- A quiz program has been introduced to assess and enhance trainee knowledge through interactive learning.
- Safety seminars were conducted at ETC/GZB to raise awareness and improve operational safety among Loco Pilots, with a particular focus on preventing SPAD (Signal Passed At Danger) incidents.
- Yoga and meditation sessions have been initiated at the center to promote mental wellness, focus and efficiency among trainees.
- Counseling sessions on sound sleep and guided relaxation techniques have been introduced to improve the well-being and performance of trainees.
- The procurement of gym and fitness equipment, along with sports and recreational items, is currently underway to promote physical wellness and recreational engagement among the trainees at ETC/GZB.

### 4.19.2 DTC/LDH

- A total of 41 classes on Combined Diesel and Electric traction were conducted during FY 2024–25, significantly exceeding the target of 21 classes.
- 534 trainees were trained across various courses in FY 2024–25, compared to 1,041 trainees in FY 2023–24.
- An Initial (AIM) training class for the North Western Railway (NWR) Zone was conducted, with 40 trainees successfully completing the course.
- 9 classes of ARM and PRM were organized during the year.
- Two special pre-coaching classes for Junior Engineers (JE) and one class under the Management Development Programme (MDP) were conducted in FY 2024–25.
- A Safety Seminar was held on 20.12.2024, focusing on SPAD (Signal Passed At Danger) prevention, troubleshooting techniques, and driving efficiency for Loco Pilots.
- A Power Point presentation in Hindi on Kavach Technology was developed to raise awareness on safety and technological advancements.
- To improve campus infrastructure, a new garden and motor bike parking facility were constructed during FY 2024–25.

### 4.19.3 DTC/AMV

- A total of 154 batches of regular and special courses were conducted for running and maintenance staff during 2024–25, with 1,301 trainees completing training across various programs.
- New Electric Locomotive courses were introduced at DTC/AMV from September 2024, providing refresher training to 348 Loco Pilots/Assistant Loco Pilots.
- 37 Assistant Loco Pilots underwent initial training as per the syllabus issued by the Railway Board.
- 250 running staff received training in a Special Course on Automatic Signalling during the year 2024–25.
- Three Safety Seminars were organized on 16.08.2024, 10.12.2024, and 28.02.2025 at DTC/AMV to promote safe train operations and prevent SPAD (Signal Passed At Danger) incidents.
- A Refresher Course for Shed Maintenance Staff was introduced from October 2024, through which 148 maintenance staff completed training.
- To promote mental well-being, a daily session on Yoga and Meditation is conducted before the commencement of classes for running staff.

### 4.19.4 DTC/TKD

- A total of 610 running staff received training in various courses (AIM, RNG-4, RNG-5, RNG-9, PRM, ARM, and WDG4G/6G) during 2024–25, compared to 1,054 trainees in 2023–24. The reduction is attributed to the combined refresher training for Diesel and Electric traction initiated in September 2024.

- 133 maintenance staff underwent refresher training in 2024–25, compared to none in 2023–24.
- 35 trainees participated in the SC/ST Pre-Selection Course for JE/DSL (Mechanical) during 2024–25, as against nil in the previous year.
- 11 trainees received specialized training for RITES and DFCCIL in 2024–25, with no comparable training conducted in 2023–24.
- 86 trainees successfully completed the Management Development Program (MDP) during 2024–25.
- 42 trainees underwent Industrial Training in 2024–25, up from 18 in 2023–24.
- 39 trainees completed Act Apprentice Training during 2024–25, marking a significant increase from 11 in 2023–24.
- 842 trainees were trained in Overhead Equipment (OHE) during 2024–25, compared to none in the previous year.
- A seminar on the Computer Controlled Brake (CCB) system of locomotives was conducted on 23.04.2025, aimed at enhancing safety awareness among maintenance staff. A total of 30 trainees attended.

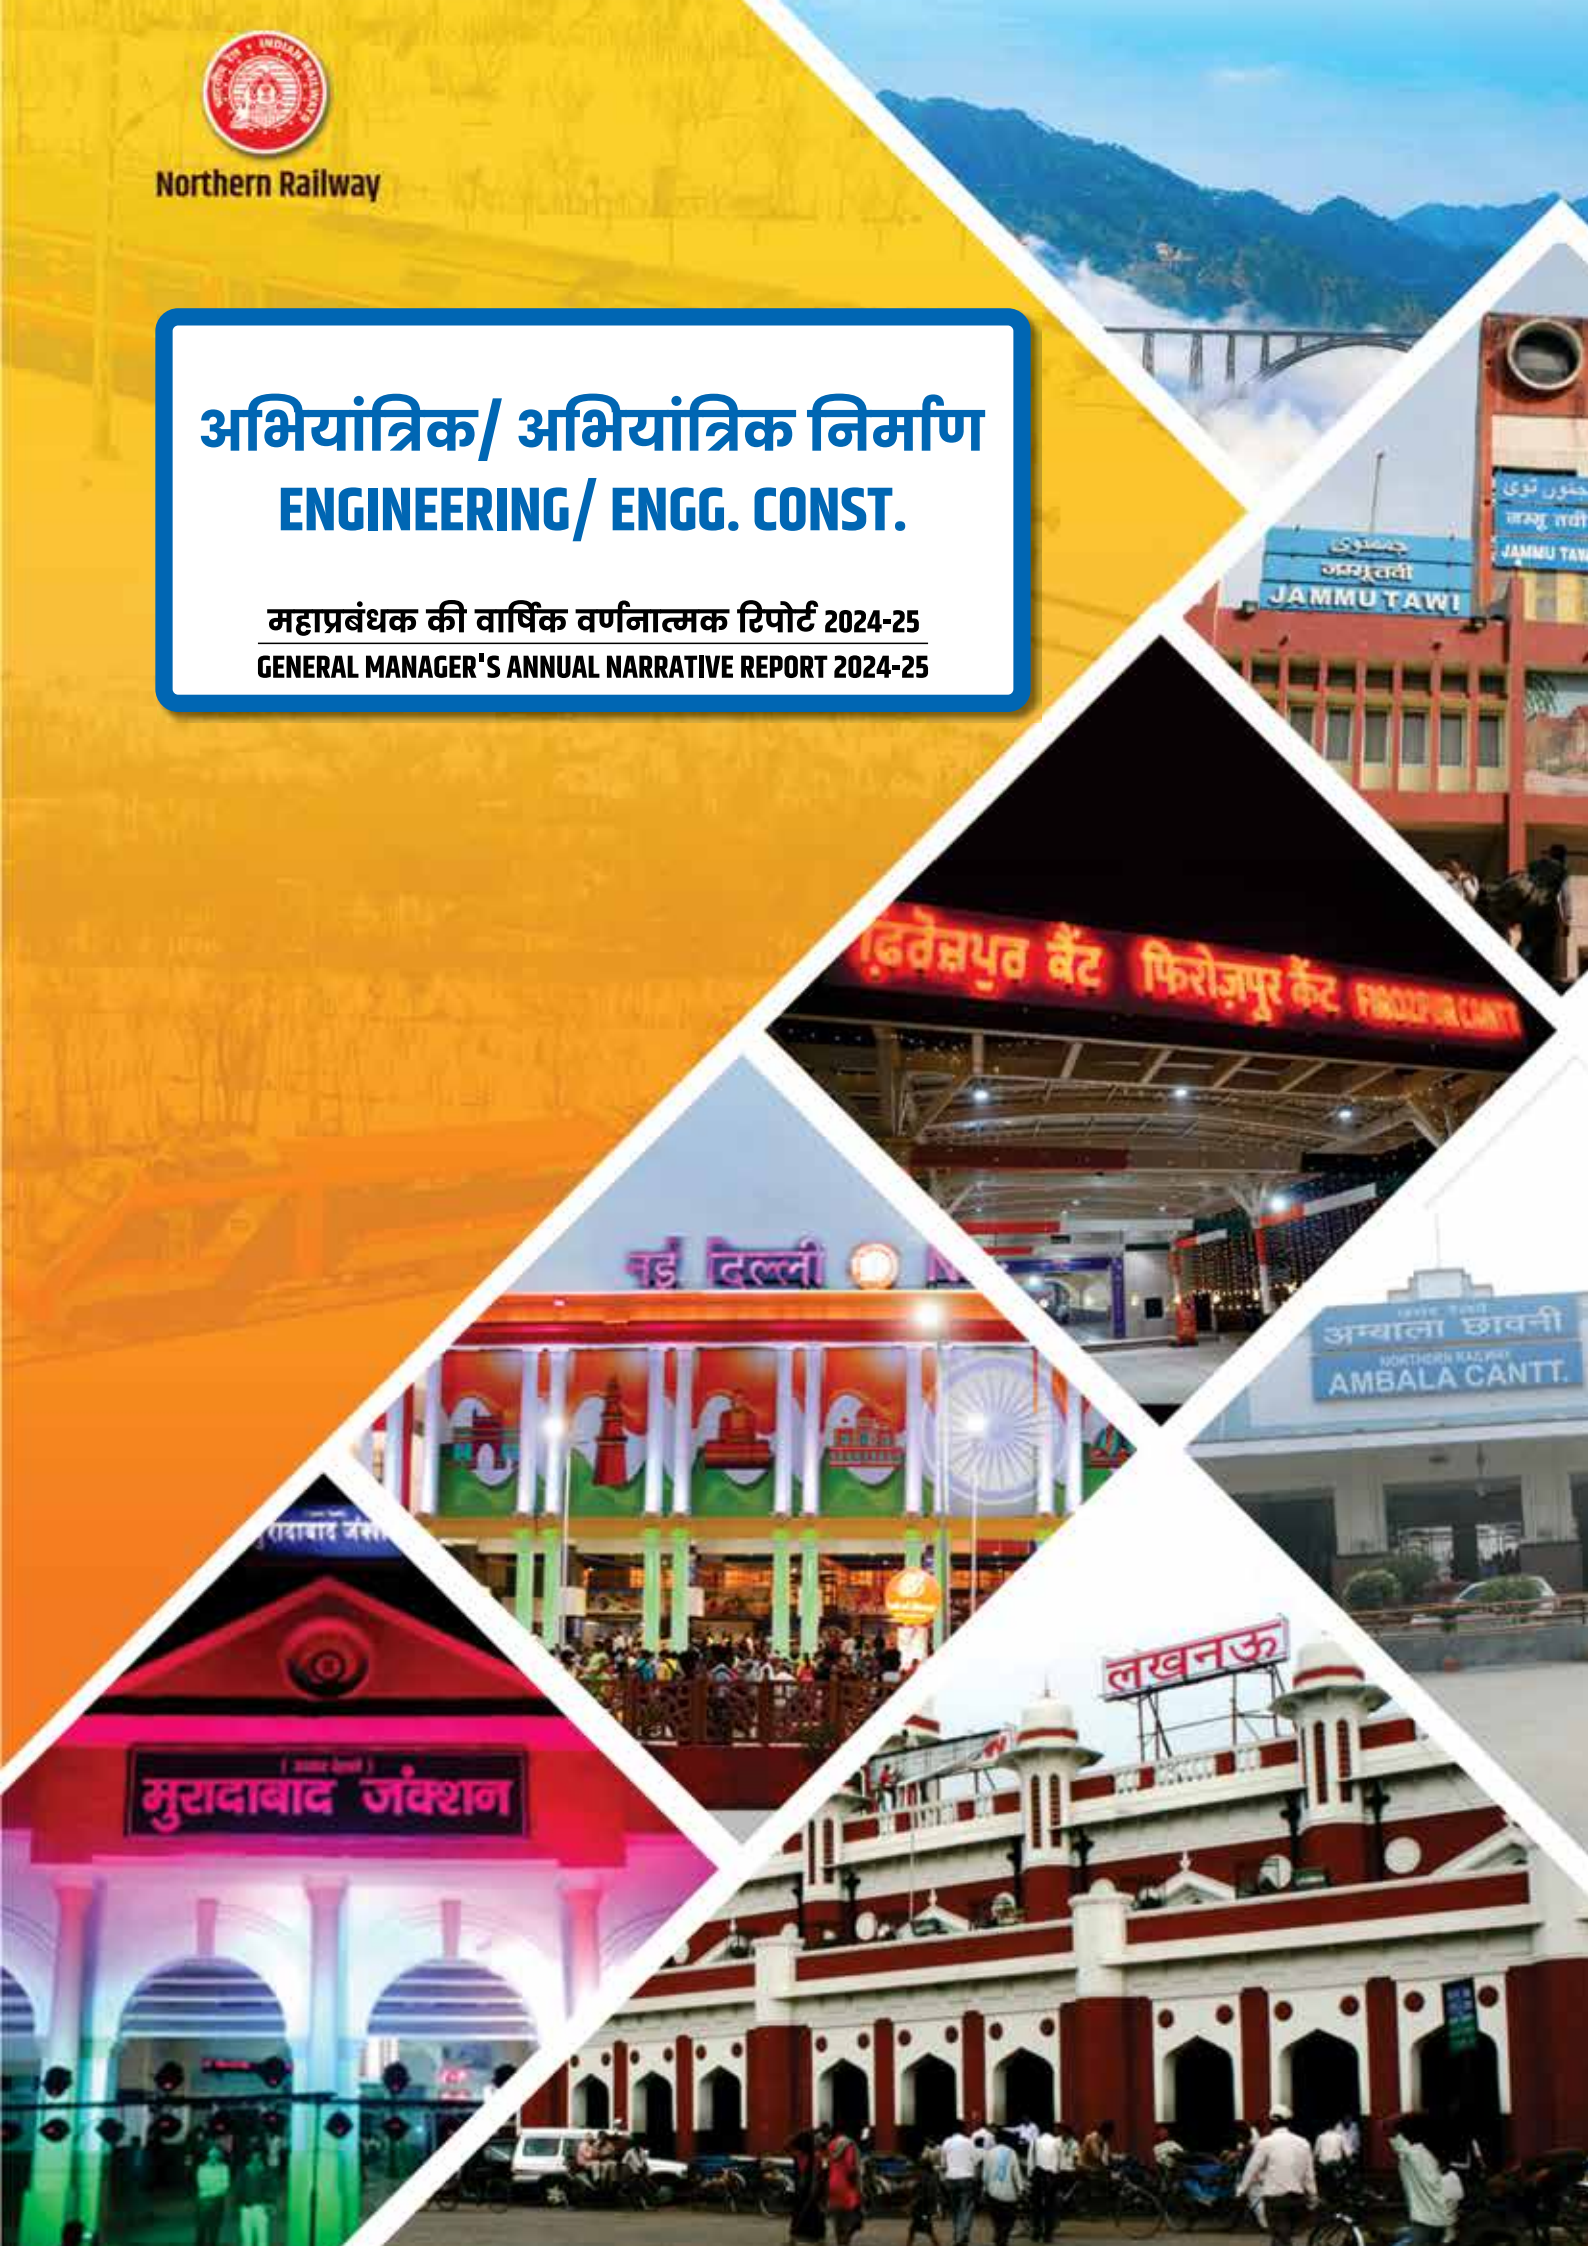
## महाप्रबंधक की वार्षिक वर्णनात्मक रिपोर्ट 2024-25
## GENERAL MANAGER'S ANNUAL NARRATIVE REPORT 2024-25



# CHAPTER - V

## GENERAL MANAGER'S ANNUAL NARRATIVE REPORT FOR THE YEAR 2024-25

| Para | Subject | 2024-25 |
|---|---|---|
| **Para 6.05** | Taking over of State Railway | NIL |
| **Para 6.06** | Loss to Railway Property: (i) Due to Civil disturbances and violent strikes/bomb blast. | NIL |
| | (ii) Due to damages caused by floods and cyclones (Repair to slips was done departmentally) | NIL |
| **Para 6.07** | Progress in Hindi in Engineering Deptt:- | 96% |
| | The present progress of Hindi in Engineering Deptt. of N. Rly. is about 90 %. All correspondence received in Hindi is replied is Hindi. All Boards at stations, waiting halls and on service buildings are written in Hindi/bilingual. Registers in the Offices are also maintained in Hindi/ in bilingual. Efforts are being made to do as much noting in Hindi as possible and it is being progressively increased. | |
| **Para 6.08** | (a) Improvements made in Marshalling Yards and their working | Nil |
| | (b) Works in Progress in Marshalling yards during 2024-25 | Nil |
| **Para 6.09** | (A) Works completed during 2024-25 costing Rs.100 lakhs and above: | |
| | (a) Remodelling & construction of passenger yards. | - |
| | (b) Remodelling & construction of Goods Yards | - |
| | (c) Line capacity works | 01 |
| | (d) Doubling of lines. | - |
| | (e) Other works | 02 |
| | **Total expenditure incurred during 2024-25 =** | **Rs. 5.49 Crore** |
| **03 no. works costing Rs. 5.49 Cr. was completed out of which expenditure of Rs. Nil was incurred during 2024-25.** | | |
| **Para 6.9 (B)** | Works in progress during 2024-25 Costing Rs.100 lacs and above | |
| | (a) Remodelling and construction of passenger yards | 30 |
| | (b)Remodelling and construction of goods yards | 17 |
| | (c) Line capacity works | 41 |
| | (d) Doubling of line | 51 |
| | (e)Other Works in progress | 86 |
| | Expenditure incurred during 2024-25 > Rs.100 Lakh = | 2389.88 Cr. |
| | Expenditure incurred during 2024-25 < Rs. 100 Lakh = | 13.71 Cr. |
| | Total expenditure incurred during 2024-25 = | 2403.58 Cr. |
| | The total cost of these 225 no. of works is about | 65128.83 Crores. |

**(c) Throwforward in new works costing ₹100 lacs and above under all plan heads during the year 2024-25.**

Plan Head (15) Doubling = ₹ 28716.5 Cr.

Plan Head (16) Traffic Facility = ₹18786.26 Cr.

## TRACK

NR has total route Kms. as 7477.10 km & running Kms. as 10876.703 Km. Total track Kms. including tracks in yards, sidings etc., stands at 14165.39 Km. About 96.51 % of the route is electrified.

The track network at the end of 2024-25 in comparison with earlier years (2020-21 onward) is shown below:-

| Year | Total route kms. | | Running Kms. | | Total track kms. | |
|---|---|---|---|---|---|---|
| | Electrified | Total | Electrified | Total | Electrified | Total |
| 2020-21 | 5503.84 | 7323.29 | 8284.23 | 10103.68 | 10891.41 | 13395.46 |
| 2021-22 | 6125.26 | 7330.99 | 9050.43 | 10256.16 | 11817.06 | 13526.37 |
| 2022-23 | 6613.69 | 7362.99 | 9740.02 | 10489.32 | 12541.45 | 13742.40 |
| 2023-24 | 7076.74 | 7405.59 | 10373.265 | 10702.12 | 13636.319 | 13957.13 |
| 2024-25 | 7216.25 | 7477.10 | 10616.853 | 10876.703 | 13777.08 | 14165.39 |

### Track Renewals:-

At the end of 2024-25 there was an arrear of 1522 CTR units in track renewal. During 2024-25., NR completed 744.00 CTR units of Track renewal against target of 600.00 CTR units.

### Track Patrolling :-

NR undertakes monsoon patrolling and manning of vulnerable spots and bridges to ensure safety of track. In addition wherever any crisis comes patrolling and track protection drills automatically come into force. Gang staff are continuously examined and trained in these exercises. Security Patrolling is also being done in PTK-JAT section and JAT-UDM- SVDK being terrorism prone area.

### Welded Rails:-

On most of the important routes, rails have been welded into continuous lengths from station to station and smaller lengths of 2 to 3 km. as well. On other routes, short welded rails of 39 m lengths and single rails are adopted. As on 31.3.2025, total length of B.G. welded track on NR was 10522 kms. out of which 9869 kms. is with long welded rails and 653 kms. short welded rails.

**State Wise route km:-**

The following table shows the breakup of route kms States/Union Territories-wise at the end of 2024-25.

| S. No. | STATE (Union Territory) | ROUTE KILOMETRE 2023-24 |
|---|---|---|
| 1 | Uttar Pradesh | 3089.55 |
| 2 | Rajasthan | 31.17 |
| 3 | Himachal Pradesh | 312.55 |
| 4 | Jammu & Kashmir | 360.56 |
| 5 | Punjab | 2193.42 |
| 6 | Haryana | 1127.32 |
| 7 | Delhi | 187.93 |
| 8 | Chandigarh (Union Territory) | 15.70 |
| 9 | Uttarakhand | 158.90 |
| | **Total** | **7477.10** |

**Track maintenance done by Track Machines:-**

| SN | Item | Progress 2023-24 | Progress 2024-25 | % Improvement |
|---|---|---|---|---|
| 1 | Rail Grinding by RGM (Plain Track) | 1045 | 4703 | 350 % |
| 2 | Rail Grinding by SRGM (Turnout) | 578 | 1122 | 94 % |
| 3 | Maintenance Tamping by MPT | 5675 | 7918 | 40 % |
| 4 | Maintenance Tamping by DTE | 6627 | 6790 | 2.5 % |

## CONCRETE TURNOUT SLEEPERS

Turnout Concrete Sleeper is technically the best suited sleeper for high speed trains, having traffic density routes and track circuited areas. Northern Railway has total of 10298 Nos. turnouts of all types on Main Line (BG) out of which 10254 Nos. are PSC (99.57%) and 5334 Nos. turnouts on Non Running Lines (BG) out of which 5228 Nos. are PSC (98.01%). In addition to this there are 2511 Nos. Derailing Switches are 306 Nos. Diamonds and Scissors. These are also being replaced with PSC Layout. The ultimate target is to lay 100% PSC turnouts on main line. Therefore, efforts are being made to produce maximum number of turnout concrete sleepers and lay them on the track as per the sanctioned works. The yearly production of turnout sleepers of last 5 years is given as under:-

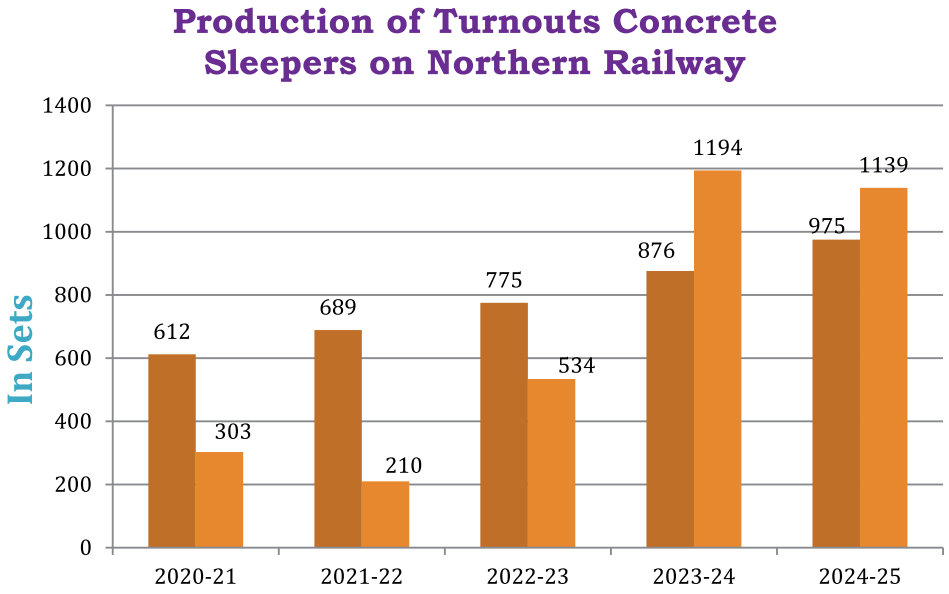

Fig. 5

## CONCRETE SLEEPERS

Concrete Sleeper is the most economical and technically best suited sleeper for high speed trains, heavy traffic density routes and track circuited areas. Northern Railway has total of 10616 Kms of main line out of which 10616 Kms are on PSC (100%). The ultimate target is to lay 100% PSC on main line. Therefore, efforts are being made to produce maximum number of concrete sleepers and lay them on the track as per the sanctioned works. At present 9 concrete sleeper plants producing line sleepers and special layout sleepers. The yearly production of line sleepers of last 5 years is given as under:-

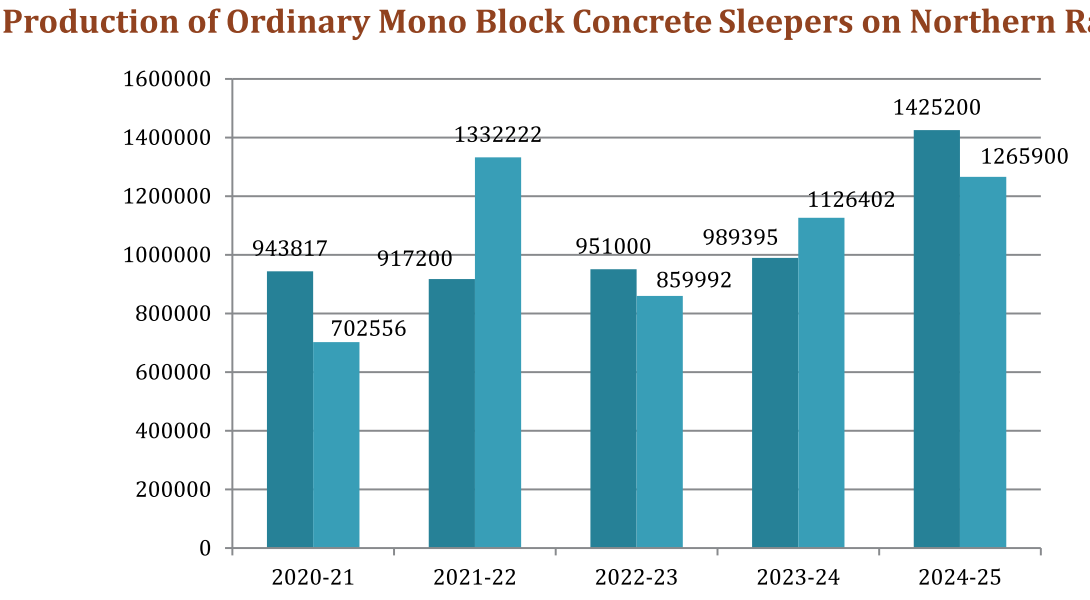

Fig. 6

## 7.01 BRIDGES & TUNNELS:-

### Bridges:-

### 1. Bridges Statistics:-

The total numbers of bridges on Northern Railway are 22389. out of which 67 Nos. are important bridges, 1575 are Major bridge and balance 20747 Nos. are minor bridges.

### 2. Waterway under bridges:-

Statement of waterway under various categories as on 31-3-2025 is given below:

| S.N | Bridge category | B.G. | M.G. | N.G. | TOTAL |
|---|---|---|---|---|---|
| 1 | Important bridges | 33733m | - | 1435 m | 35168 m |
| 2 | Major bridges | 68913 m | - | 4280 m | 73183 m |
| 3 | Minor bridges | 39272 m | - | 2670 m | 41942 m |
| | **Grand Total** | | | | **150293 m** |

### 3. Bridge works completed during 2024-25 :-

| | |
|---|---|
| Rebuilding /Rehabilitation of Bridges | 351 Nos. |
| b) Removal of Permanent Speed restriction | 0 |

### Progress of bridge works (Cost wise):

**POSITION OF EXPENDITURE DURING 2024-25 UNDER PLAN HEAD BRIDGE WORKS UPTO THE END OF MARCH-2025:-**

| Year | Allocation | Final Budget Allotment for the year 2024-25 (IN CR.) | Expenditure for the year 2024-25 (IN CR.) | Percentage of Expenditure | Remarks |
|---|---|---|---|---|---|
| 2024-25 | Total | 252.94 | 242.83 | 96.00% | |

### Performance of bridge Workshop during 2024-25

Fabrication of steel structure = 10638 MT against the target of 11600 MT.

### Tunnels:

Statement of length of tunnels for track as on 31-3-2025 is given below:

| Gauge | BG | MG | NG | Total |
|---|---|---|---|---|
| Length of tunnel as on 31-3-2025 | 76851.03 M | - | 8631.30 m | 85482.33 m |

### 7. Performance of Erection works during the year 2024-25 of erection of Steel:

= 4300 MT against the target of 2633.09 MT.

**8. Fabrication of steel structure other than girder bridges:**

= 6301 MT against the target of 3500 MT.

**Productivity achieved:**

= More than 1.0 against the target of 1 MT/man/month.

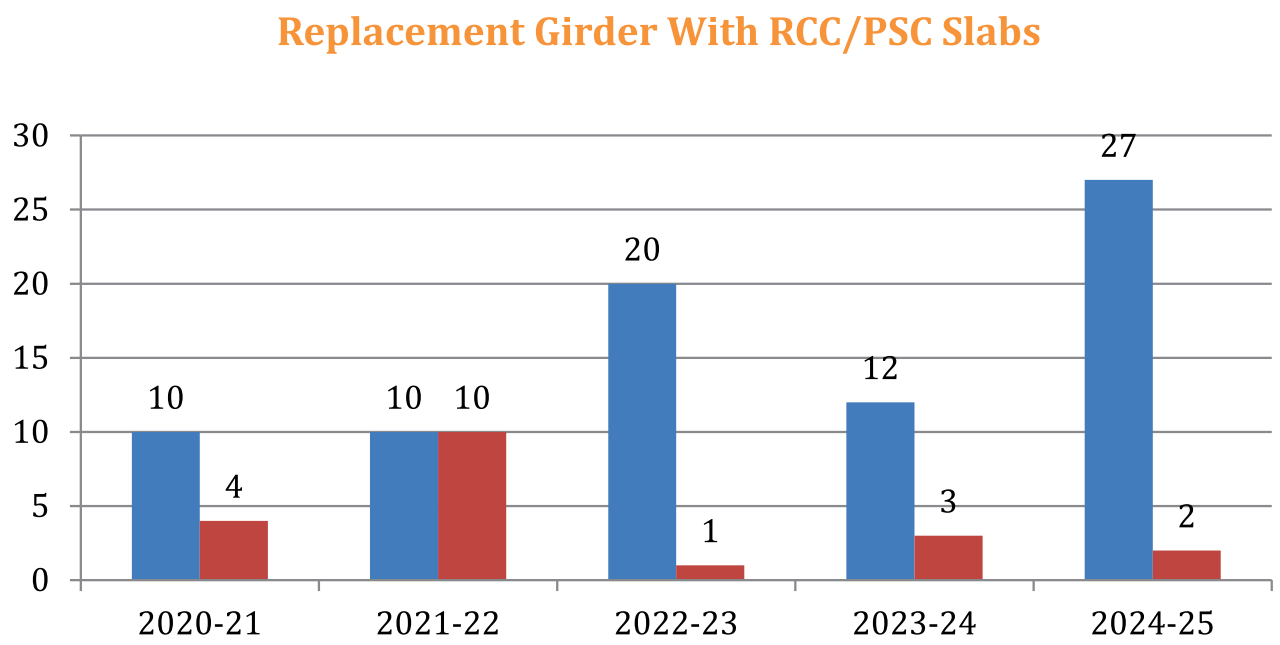

Fig. 7

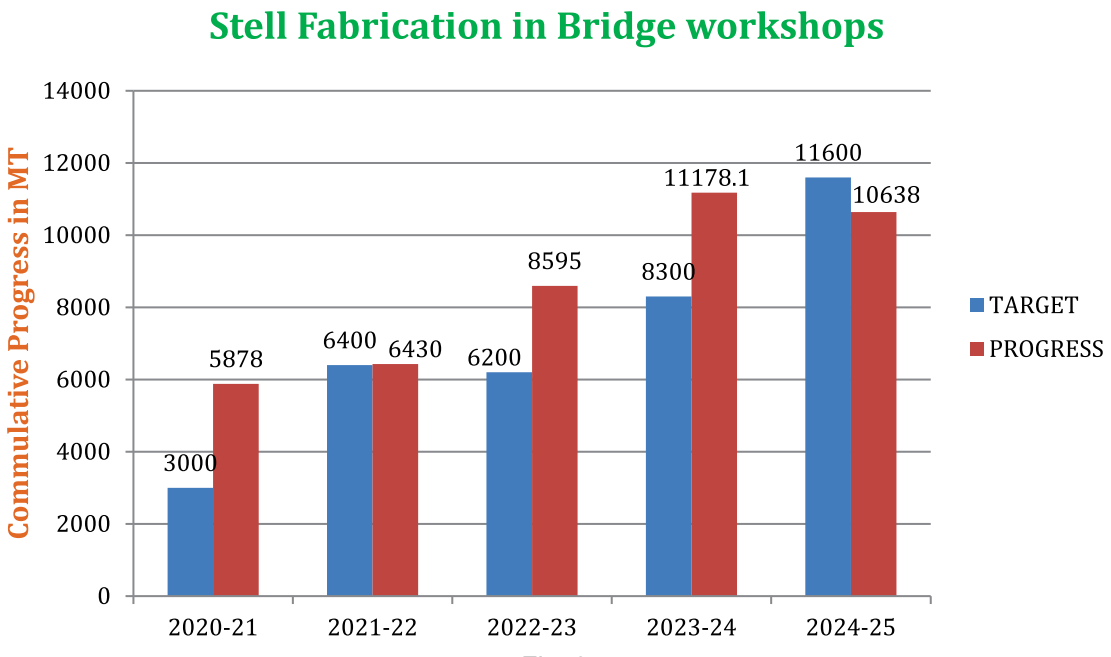

Fig. 8

**QUARTERS :-**

**Para 7.02**

**Provision of Quarters**

| Class of Quarter | No. of Qtrs. as on 31.03.2025 |
|---|---|
| I & II | 51310 |
| III | 2983 |
| IV | 1479 |
| V & above | 673 |
| No. of barracks | 3753 |
| **Total** | **60198** |

These figures include substandard Quarters also.

**Para 7.03**

(a) No of over and under bridges constructed in replacement of Unmanned level crossings (UMLC's) in 2024-25 = Nil

(b) No. of over and under bridges constructed in replacement of Manned level crossings (MLC's) during 2024-25 = 71 Nos.

**LEVEL CROSSINGS:-**

(c) Total no. of level crossings under various classifications over NR as on 01.04.2025

| S. N. | Classification of Level Crossings | Number of level Crossings 01.04.2025. |
|---|---|---|
| 1 | Special class | 392 |
| 2 | `A' class | 252 |
| 3 | `B' class | 266 |
| 4 | `C' class / Manned | 1687 |
| 5 | `C' class / Unmanned | 0 |
| 6 | `D' class | 0 |
| 7 | Canal/Manned | 0 |
| 8 | Canal/unmanned | 0 |
| 9 | Siding manned | 05 |
| 10 | Siding unmanned | 0 |
| | **Total** | **2602** |

| SN | Items | 2024-25 |
|---|---|---|
| 1 | No. of level crossing manned | 0 |
| 2 | No. of level crossings where additional man provided without upgrading | 11 |
| 3 | No. of level crossings upgraded | 133 |
| 4 | No. of level crossings provided with lifting barriers | 04 |
| 5 | No. of level crossings where traffic census has been taken | 1097 |
| 6 | No. of level crossings down graded | 0 |
| 7 | No. of level crossings de-manned | 0 |
| 8 | Assisted and private sidings commissioned | 0 |
| 9 | Railway over and under bridges constructed | 117 |
| | **Total** | **1362** |

## Table-'C'

| S N | Items | Length of Over/Under bridges (Meter) As on 31.03.2025. |
|---|---|---|
| 01. | FOB | 29819 |
| 02. | ROB | 16666 |
| 03. | RUB | 12338 |

## Floods & Breaches:

| | | |
|---|---|---|
| Para 7.04 | Floods and breaches occurred during 2024-25 Monsoon. | 06 |
| Para 7.05 | Review of works done by special organization set up on this Railway and review of Railway Bridges | NIL |
| Para 7.06 | Review of works made by joint committee of Engineers (Railway and State) in the Railway and other Public affecting works. | NIL |
| Para 7.07 | Progress made in connection with implementation of scheme for enlisting co-operation of villages in communication timely information regarding heavy rains and floods etc. | District Magistrates of the districts of all Divisions of Northern Railway requested to instruct their staff to have close coordination with Rly. Officials. Their attention in that respect is being drawn every year by divisions. |

## PASSENGER AMENITIES:-

## PARA 8.00: Amenities for Passengers:

Total no. of stations including halts opened for passengers during 2024-25 =
(Pertain to Commercial).
Waiting rooms and Waiting halls provided for passenger during 2024-25 =
(Pertain to Commercial)

| | Gents | Ladies | Combined |
|---|---|---|---|
| For 1st Class Passengers | - | - | - |
| For 2nd Class Passengers | - | - | - |
| For 1st & 2nd Class Passengers | - | - | - |

**PARA 8.01 : Covered and raised platforms 2024-25:-**

| SN | Division | (PF Shelter) No. of stations provided with covered platforms during (2024-25) | High level Platform provided during (2024-25) |
|---|---|---|---|
| 1 | Ambala | 18 | 05 |
| 2 | Delhi | 03 | 16 |
| 3 | Firozpur | 11 | 05 |
| 4 | Luck now | 21 | 14 |
| 5 | Moradabad | - | 01 |
| | **Total** | **53** | **41** |

**Upgradation of stations:-**

Work completed at Amrit Bharat stations during 2024-25 = 20 nos.

(Works at 5 stations are completed in all respect and at other 15 stations soft upgradation works completed except 12m wide FOBs.)

Work in progress in Amrit bharat stations during 2024-25 = 116 Nos. (60 Target)

**Divyangjan facilities:-**

Divyangjan facilities provided at stations during 2024-25= 20 Nos. (Divyangjan completed station).

**PARA 8.02: Water softener and water purification schemes:-**

Automatic Chlorinator: Automatic Chlorinators have been provided at all pumping locations in all divisions of Northern Railway.

Filtration Plant: - Filtration plants at Kalka & Uklana (of UMB Division) have been overhauled by Agency of Division during the years .

Rain Water Harvesting: - 47 nos. of Rain Water Harvesting were installed during the year for recharging of underground water. Total progress of RWH upto 31.03.2024 over Northern Railway is 466.

**PARA 8.03 :**

**Amenities for passengers : Foot Over Bridges:-**

Work completed during 2024-25 = 20 Nos.

Works in progress during 2024-25 = 50 Nos. (Target)

**PARA 8.04:**

Nos. of stations where bathing facilities for passenger travelling in 2nd class exists including halt stations where hand pumps/water tanks have been provided = 1014 Stations.

**PARA 8.05:**

Passenger amenities works during 2024.25 :

a) Works completed during 2024-25 (costing Rs. 100 Lacs ) and above = 27 nos.
Total expenditure incurred during 2024-25 = ₹ 1.42 Cr.

b) Works in progress costing during 2024-25 (Costing Rs. 100 Lacs) and above = 624 nos.
Total expenditure incurred during 2024-25. = ₹ 1497.40 Cr.

**Schedule of expenditure of Development funds:-**

(Figure in Crore of Rs.)

| SN | Particular of works | 2024-25 |
|---|---|---|
| 1 | Platforms | 105.06 |
| 2 | Water Supply arrangements | 20.60 |
| 3 | Goods shed | 104.99 |
| 4 | Waiting/retiring room facilities | 11.39 |
| 5 | Transfer Facilities | 210.98 |
| 6 | Sanitation | 30.57 |
| 7 | Station building & circulating Area | 974.06 |
| 8 | Other users amenities | 39.74 |
| | **Total Exp. incurred in Rly. Board/GM power works** | 1497.40 |
| | **Exp. incurred in DRM/LS Power works** | 75.19 |
| | **Grand Total** | **1572.59** |

**LAND MANAGEMENT:-**

**PROFORMA 'A'**

**Tree Plantation (in Thousands):-**

**Target for 2024-25 = 10 Lac**

| Name of State | Total no. of Tree Surviving as on 01.04.24 | Total no. of Trees Planted on Rly. Land 2024-25 | | | Total land handed Over to Forest Deptt. (Hectares) | |
|---|---|---|---|---|---|---|
| | | Deptt. | Forest Deptt. | Total | During Year | Total up-to date |
| Rajasthan | 4138 | 1652 | 0 | 1652 | 0 | 0 |

## 5.5 New Construction & Engineering Works

### 5.5.1 New Lines

### A. New Lines Completed During The Year 2024-25

| S N | Project Name | Name of Section | Gauge | Length (Km) | Month of Commissioning |
|---|---|---|---|---|---|
| 1. | Deoband -Roorkee | Deoband - Roorkee | BG | 29.551 | CRS inspection conducted on 29.03.2025 (29.551 Km) & authorisation received on 16.04.2025. |
| | **Total** | | | **29.551** | |

### B) I. Sanctioned During The Year 2024-25: Nil

### II. Under Construction During 2024-25 - Nil

| S N | Name of Project | Estimated cost (In Cr. of Rs.) | Gauge | Length (Kms) | % age of Physical Progress |
|---|---|---|---|---|---|
| 1 | Nangal Dam- Talwara (83.74)- New BG Line and taking over siding Mukerian- Talwara (29.16 km) | 2018 | BG | 122.57 | 60 |
| 2 | Chandigarh- Baddi | 1540 | BG | 30.30 | 29 |
| 3 | Firozpur- Patti | 781 | BG | 25.72 | 0 |

### (B/III) Frozen Works / Awaiting requisite approval from MoR- NL

| S N | Name of Project | Estimated cost (In Cr. of Rs.) | Gauge | Length (Kms) | % age of Physical Progress |
|---|---|---|---|---|---|
| 1 | Unchahar- Amethi | 380 | BG | 66 | 0 |
| 2 | Delhi- Sohna- Nuh- Firozpur- Jhirka- Alwar | 1249 | BG | 104 | 0 |
| 3 | Faizabad- Lalganj via Akbarganj, Maharajganj and Raebareli | 654 | BG | 116 | 0 |
| 4 | Qadian – Beas | 842 | BG | 39.68 | 0 |
| 5 | Yamuna Nagar- Chandigarh via Sadhaura, Narayangarh | 901 | BG | 91 | 0 |
| 6 | Hissar- Sirsa via Agroha and Fatehabad | 400 | BG | 93 | 0 |
| 7 | Meerut - Panipat | 2200 | BG | 104 | 0 |
| 8 | Rajpura –Mohali | 406 | BG | 24 | 0 |
| 9 | Una- Hamirpur | 3361 | BG | 41 | 0 |
| 10 | Hardoi to Gursahaiganj | 1302 | BG | 59 | 0 |

## (B/ IV) Survey sanctioned and carried out during the year 2024-25

| SN | Name of Work | Length | Survey cost (In Lacs) | DPR Cost (In Lacs) | Survey Works Prog-ress (in %) | Remarks |
|---|---|---|---|---|---|---|
| 1 | Varanasi-Pandit Deen Dayal Upadhyay 3rd and 4th line with substructure of two lines on Malviya Bridge (BR No. 11) | 23.5 | - | 246446 | 100% | Project sanctioned vide Rail-way Board letter no. 2024/W-II/ NR/DL/DPR/34 (3473071) dated 24.10.2024.for an antici-pated cost of 2464.46 Cr. |
| 2 | Phaphamau-Unchahar Dou-bling | 72.27 | - | 89900 | 100% | Project sanctioned vide Rail-way Board letter no. 2019/W-2/ NR/DPR/DL/11 Pt. (3463541) dated 03.10.2024. |
| 3 | (FLS) Byepass chord line at Ayodhya Cantt. | 6 | - | 9734 | 100% | Project sanctioned vide Rail-way Board letter no. 2024/W-2/ NR/DL/DPR/14 (3464770) dated 27.06.2024. |
| 4 | (FLS) Y-Connection at Ghari-Harsaru to avoid rever-sal at Ghari-Harsaru. | 2.5 | - | 5407 | 100% | Project sanctioned vide Rail-way Board letter no. 2024/W-2/ NR/DL/DPR/13 (3464766) dated 24.06.2024. |
| 5 | (FLS) 3rd line between Dilkhusha- Malhaur. | 8.2 | - | 15968 | 100% | Project sanctioned vide Rail-way Board letter no. 2024/W-II/ NR/DL/DPR/35 (3474487) dated 10.10.2024. |
| 6 | FLS) Chord line between Bis-hanpura Haryana-Jind City to avoid reversal at Jind. | 5.21 | - | 7687 | 100% | Project sanctioned vide Rail-way Board letter no. 2024/W-II/ NR/DL/44 (3476444) dated 22.10.2024. |
| 7 | (FLS) 3rd line between Delhi KishanGanj - Shakurbasti | 8 | - | 15115 | 100% | Project sanctioned vide Rail-way Board letter no. 2025/W-2/ NR/DL/06 (3488402) dated 18.03.2025. |
| 8 | Delhi - Panipat Jn 3rd & 4th line | 198 | 396 | 685 | 100% | DPR was submitted in Railway Board on 28.01.2025. |
| 9 | Panipat Jn-Ambala Cantt Jn 3rd & 4th Line | | | 895 | | |
| 10 | Ambala Cantt Jn - Ludhiana Jn 3rd line(Excluding 15 kms between SNL-LDH) | 151 | 302 | 270692 | 100% | DPR was submitted in Railway Board on 21.03.2025. |
| 11 | (FLS) Bypass between Rishi-kesh- Doiwala at Raiwala | 2.00 | 2.50 | 28781.72 | 100% | DPR submitted to Board on 08.07.2024 |
| 12 | (FLS)Doubling of Phapham-au bypass | 2.50 | - | 43.70 | 100% | DPR submitted Rly board on 01.03.2024. |
| 13 | (PET) Nemisharanya to Farrukhabad via Hardoi new BG line | 112.00 | 56.00 | 213165.19 | 100% | DPR submitted to Railway Board on 20.09.2024 |

| | | | | | | |
|---|---|---|---|---|---|---|
| 14 | Bypass line Bhatinda | 28.53 | 40.00 for 08 no. bye pass including BTI | 56434.18 | 100% | DPR submitted to Railway Board on 27.09.2024. PEC observations are being complied. |
| 15 | (FLS) New BG rail line from Baddi to Ghanauli | 25.00 | 62.50 | 216376.00 | 100% | DPR Submitted to Rly Board on 24.09.2024 |
| 16 | Bypass line Balamau | 10.04 | 40.00 for 08 no. bye pass including Balamau (Roza) | 5173.00 | 100% | DPR submitted to Railway Board on 29.10.2024 |
| 17 | Manaknagar-Kanpur with grade separated bypass at Kanpur Central Station 3rd-4th line (LKO-IV) | 67.22 (92KM) | 134.44 | Under preparation | 100% | Conceptual Yard plan, L-section are under approval. |
| 18 | Jalandhar cantt - Pathankot cantt- Jammu Tawi (JUC) | 210.75 | 432.00 | NA | 55% | Total 8 Packages out 3 Packages Estimates has been submitted to Authority, Pkg4 to Pkg 8 estimates under Progress |
| 19 | (FLS) New line between Tanda-Urmur to Hoshiarpur (Firozpur division).(JUC) | 33.76 | 77.76 | 116801.00 | 100% | DPR/Detailed Estimate under finance vetting. |
| 20 | (FLS) 3rd & 4th line between Zafrabad-Shivpur except (Shivpur-Varanasi) 45.4 km and 4th line between Shivpur -Varanasi 5.79 km.(BSB) | 51.19 (45.40+ 5.79 km) | 75.10 | Under Preparation | 90% | Conceptual plan submitted to division for review and approval |
| 21 | Y-connection at Muzzampur Narain on Moradabad- Saharanpur section.(MB) | 6.00 | 12.00 | Under Preparation | 100% | Alignment & concept plan finalised. Estimate submitted by Survey Agency on 25.06.2025. Estimate sent for finance vetting. |
| 22 | (FLS) New line between Dhampur- Kashipur.(MB) | 58.00 | 145.00 | Under Preparation | 30% | Alignment not finalised on NER part. |
| 23 | (FLS)3RD Line btw Salarpur-Ayodhya Cantt.-Ayodhya-Darshan Nagar. (LKO-I) | 22.00 | 28.51 | Under Preparation | 60% | Conceptual Yard plan, L-section are under approval. |
| 24 | (FLS) New double line connectivity between Farukh Nagar - Jhajjar.(TKJ) | 24.69 | 61.82 | 132673.00 | 100% | Conceptual Yard plan Approved, L-section are under approval.DE Under Finance Vetting |
| 25 | (PET) New Line Ranital Rly station to Jwalaji Nadaun, Hamirpur and Bilaspur Rly station. (S&C) | 100.00 | 50.00 | Under vetting | 60% | Conceptual Yard plan, L-section are under approval.Traffic details are under preparation. |
| 26 | (PET)New line between Mullanpur to Barnala via Raikot(S&C) | 53.00 | 26.50 | 133722.70 | 70% | Traffic data collection, FIRR & EIRR calculation is in progress. Targeted for DPR submittion to Board on or before 31.08.2025. |

| | | | | | | |
|---|---|---|---|---|---|---|
| 27 | (FLS) New line between Karnal-Yamuna Nagar (UMB) | 63.14 | 157.85 | Under Preparation | 60% | Conceptual yard plan under signature. |
| 28 | (FLS) 3rd line between Shakurbasti - Rohtak. (SERD-I) | 60.00 | 120.00 | Under Preparation | 90% | Conceptual yard plan approved by Division. |
| 29 | (FLS) Doubling between Prithla to Palwal (9.14).(S&C) | 9.14 | 18.28 | Under Preparation | 50% | Finalisation of Conceptual yard plan is pending with DLI Division, S&T and TRD sub estimates are pending with sister departments, Traffic data collection is under progress by agency. |
| 30 | (FLS) New Line between Dadri-Faridabad-Gurugram with mega passenger terminal in noida, (TKJ) | 113.00 | 225.00 | Under Preparation | 60% | Traffic data collection, FIRR & EIRR calculation is in progress. Conceptual Plan under preparartion. Target Date of Submission 30.11.2025 |
| 31 | (FLS)Bhiwani-Rohtak-Panipat-Ambala/Shambhu- to be developed as feeder route of WDFC` (TKJ) | 316.50 | 490.00 | Under Preparation | 70% | Traffic data collection, FIRR & EIRR calculation is in progress. Conceptual Plan under preparartion. Target Date of Submission 30.10.2025 |
| 32 | Doubling of Jhangai-Mariahu-Zafrabad. (BSB) | 48.00 | 96.00 | Under Preparation | 20% | Field survey is under progress. |
| 33 | Doubling of Phaphamau -Pratapgarh (47 km) and Chilbila -Sultanpur-Ayodhya Cantt (94 km) (LKO-I) | 141.00 | 282.00 | Under Preparation | 40% | Field survey is under progress. |
| 34 | (FLS) New line between Dehradun to Saharanpur via Shakumbhari Devi.(UMB) | 81.25 | 203.12. | Under Preparation | 60% | L-section, Conceptual yard plans have been scrutinized and under signature. |
| 35 | (FLS) Doubling of Sirhind-Morinda - Nangal Dam section. (CDG-I) | 103.00 | 206.00 | Under Preparation | 65% | Conceptual plans are under approval with Ambala Division. Traffic survey in progress. DPR under preparation. |
| 36 | (FLS) Flyover between Kunwadeeh (NER) to Phaphamau (NR) station. (BSB) | 10.00 | 17.64 | Under Preparation | 20% | Field survey is under progress. |
| 37 | (FLS) Doubling of Garhi Harsaru - Farrukh Nagar. (CSB-I) | 11.27 | 22.54 | Under Preparation | 70% | Traffic data collection, FIRR & EIRR calculation is in progress. Conceptual Plan under Approval. Target Date of Submission 30.10.2025 |

| | | | | | | |
|---|---|---|---|---|---|---|
| 38 | (FLS) Elevated Rail corridor from Delhi to Jaipur via Rewari. (CSB-I) | 310.00 | 767.00 | Under Preparation | 100% | DPR vetted by finance submitted to Rly. Bd. on 15.02.2024. During MI inspection on 08.04.2024, few suggestions were made. Revised DPR submitted to accounts for vetting after technical check at K. Gate on 14.08.24. Finance observations raised on 23.09.24. RITES compliance received and EIRR/FIRR pending and DPR to be submitted to finance. TDC-Oct'25 |
| 39 | (FLS) Doubling between BH 'K' to Vyas Nagar. (BSB) | 8.00 | 6.18 | Under Preparation | 20% | Field survey is under progress. |
| 40 | (FLS) Gauge conversion of Pathankot-Joginder nagar section from NG to BG. (CDG-II) | 200.00 | 600.00 | Under Preparation | 20% | First 50 km. alignment finailzed. 100 km is under progress. |

### 5.5.2 Construction Works

### A. Progress of Gauge Conversion works : Nil

### B. Doublings

#### (i) Doublings Completed During The Year 2024-25 (Dl)

| SN | Project Name | Name of Section | Length (Kms) | Month of Commissioning |
|---|---|---|---|---|
| 1 | Palwal IR & New Prithla (WDFC) | Palwal IR & New Prithla (WDFC) | 9.13 | 12.02.2025 |
| 2 | Janghai - Pratapgarh - Amethi | Pratapgarh - Gaura | 23.715 | 26.03.2025 |
| | | **Total** | **32.845** | |

#### (ii) Sanctioned During The Year 2024-25

| SN | Section | Gauge | Length (Km) | Month of Commissioning (TDC) |
|---|---|---|---|---|
| 1 | Northern Railway- Chord line between Bishanpura Haryana- Jind City | BG | 5.21 | Apr'28 |
| 2 | Northern Railway - Bypass/Chord line at Ayodhya Cantt. (between Salarpur-Masodha) | BG | 6 | Jan'27 |
| 3 | Northern Railway- Y-connection at Garhi Harsaru to avoid reversal at Garshi Harsaru | BG | 2.5 | Sep'26 |
| 4 | Northern Railway- 3rd line between Dilkusha- Malhar (8.20 km) | BG | 8.20 | May'28 |
| 5 | Phaphamau –Unchahar Doubling | BG | 2.27 | Dec'28 |
| 6 | Varanasi- Pt. Deen Dayal Upadhyaya - Multitracking including construction of a new Rail- cum- Road Bridge across Ganga River | BG | 15 | Dec'29 |
| | | **Total** | **94.18** | |

## (iii) Progress Of Doubling Works- Dl

| SN | Name of work | Length (Km) | Estimated cost (Fig. in Cr. of Rs.) | % age of Physical progress |
|---|---|---|---|---|
| 1 | Mansa-Bhatinda (Phase-I), (52 km) incl. new material modification for Rama Mandi (Raman) - Sada Singhwala via Talwandi Sabo - new line | | | |
| | Mansa-Bhatinda (Phase-I) | 52 | 217.93 | 100 |
| | Material Modification for New line between Rama Mandi (Raman) - Sada Singhwala via Talwandi Sabo - new line | 43 | Survey work in progress | Nil |
| 2 | Anand Vihar- Tilak Bridge – 3rd & 4th line | 19.54 | 419 | 50 |
| 3 | Jaunpur – Tanda | 77.25 | 1079 | 100 |
| 4 | Ludhiana - Mullanpur | 21 | 295 | 99 |
| 5 | Ludhiana-Kila Raipur | 19 | 238 | 52 |
| 6 | Chipyana Buzurg-Ghaziabad - 4th line | 1.55 | 34.29 | 3 |
| 7 | Doubling between Jaunpur Jn-Zaffarabad | 6.28 | 177 | 3 |
| 8 | Dayabasti - Grade separator | 3 | 196 | 63 |
| 9 | Utretia-Zafrabad - Doubling of balance 148 km section with MMs for Rae Bareli - Akbarganj (46.9 km) & Sultanpur - Amethi (29.22 km) with new MM of Sultanpur - Kadipur - new lines | | | |
| | Balance 148 km doubling between Utretia-Zafrabad | 148 | 1581 | 100 |
| | MMs for Rae Bareli - Akbarganj (46.9 km) & Sultanpur - Amethi (29.22 km) with new MM of Sultanpur - Kadipur (38.7 km) - new line | 114.82 | | Nil |
| 10 | Barabanki - Akbarpur | 161 | 1798 | 100 |
| 11 | Janghai - Pratapgarh - Amethi | 87 | 1194 | 69 |
| 12 | Barabanki-Malhaur - 3rd & 4th Line | 32.84 | 407 | 74 |
| 13 | Connectivity between Palwal (IR) & New Prithala (WDFC) (Umbrella work) | 9.14 | 112.06 | 100 |
| 14 | Construction of 3rd line between Varanasi-Shivpur | 5.83 | 78 | 0 |
| 15 | Chord line between Alal -Himmatana | 12.52 | 174 | 0 |
| 16 | Chord line connecting Mufti ganj (NER)- Jaunpur-Mahgawan by passing Jaunpur Jn (DL) | 1.5 | 76 | 0 |
| 17 | Bye pass line between Didarganj Road/Khanja Halt (NER) to Bilwai (NR) to avoid reversal at Shahganj Jn (DL) | 5.7 | 137 | 0 |
| 18 | Bye pass line at Ayodhya Dham | 1.5 | 56 | 0 |

## (iv) Frozen Works / Awaiting requisite approval from MoR

| SN | Name of Project | Estimated cost (In Cr. of Rs.) | Gauge | Length (Kms) | % age of Physical Progress |
|---|---|---|---|---|---|
| 1 | Bareilly-Chandausi-Aligarh | 2454 | BG | 75.183 (BE-CH Section only) | 0 |
| 2 | Moradabad-Chandausi | 480 | BG | 44 | 0 |
| 3 | Panipat-Rohtak | 814 | BG | 71.4 | 0 |
| 4 | Ferozepur-Bathinda & Jakhal-Hisar | 2376 | BG | 168.80 | 0 |
| 5 | Varanasi-Moradabad by passing Lucknow, with fly-over at Unnao | 2500 | BG | 102 | 0 |
| 6 | Asthal Bohar-Rewari | 852 | BG | 75.20 | 0 |
| 7 | Delhi-Shamli-Tapri incl Saharanpur by-pass | 1500 | BG | 175 | 0 |

## (C) Progress of works under plan head-42 “Workshops including Production units”.

| SN | Name of work | Original Cost | % age of Physical progress |
|---|---|---|---|
| 1 | New Delhi - Dismantling of existing pit lines and sewage system. Rebuilding of all the 3 WL with proper pits and sewage arrangements at STB Complex etc. Construction of covered shed with provision of EOT gantry at sick line, Firozpur. Up-gradation of 26-coach length washing line, Varanasi. | 15.69 | 70% |
| 2 | Dehradun - Provision of loco outpit. | 3.76 | 50% |
| 3 | Kalka - Extension of Broad gauge washing line No.5 & 6 towards diesel shed end by 100 m | 6.34 | 100% |
| 4 | Bareilly (Carriage & Wagon Depot) - Covered shed with EOT crane incl AC maintenance shed | 20.14 | Work is to be dropped |
| 5 | Upgradation of maintenance infrastructure at Amritsar into Vande-Bharat Chair Car Maintenance Depot | 61.77 | 1% |
| 6 | NDLS Upgradation of maintenance facilities including provision of covered shed on DLT-W/L Nos. 3, 4 & 5, RAJ-W/L Nos. 9 & 10. | 56.53 | 2% |
| 7 | BWSN - Upgradation/ Development of Maintenance Infrastructure as VBE Maint. Depot Incl. provision for M&P and Training Facilities etc. | 254 | 0% |
| 8 | Upgradation of Coaching Depot, Hazrat Nizammudin to STAR DEPOT. | 37.92 | 2% |
| 9 | ANVT - Upgradation of maintenance facilities including provision of covered shed on Washing Cum Pit-lines. | 60.03 | 1% |
| 10 | Anand Vihar Setting up of Trainset Depot for Maintenance of Vande-Bharat Sleeper Trains in compliance of WTA-527 at Anand Vihar (N.R.) | 167 | 0% |

| 17 | SSB - Upgradation/ Development of Maintenance Infrastructure as VBE Maint. Depot Incl. provision for M&P and Training Facilities etc. | 258 | 0% |
| 18 | AYODHYA CANTT Development of Universal Coaching Maintenance Facility at Ayodhya Cantt (AYC) Station. | 67.87 | 25% |
| 19 | Shri Mata Vaishno Devi Katra Setting up of additional trip shed at Shri Mata Vaishno Devi Katra (SVDK) | 15.53 | 0% |
| 20 | Jagadhari workshop : Augmentation of LHB shed for improving outturn and reduction in cycle time. | 43.46 | 20% |
| 21 | Jagadhari workshop : LHB Coach POH Enhancement & Wagon Bogie Shop Extension. | 18.06 | 35% |
| 22 | Jagadhari workshop : Extension of different sheds & flooring in WR & Wheel shop. | 43.71 | 2% |
| 23 | Daulat Pur chowk : Creation of infrastructural facilities by construction of One new covered washing Line & complex for integrated maintenance of rolling stock. | 43.33 | 0% |
| 24 | LKO(CBW) : Creating shed capacity for pit line examination of incoming and outgoing Vande Bharat (16 coach lengths) | 37.33 | 0% |
| 25 | Varanasi Upgradation of Coaching Maintenance Facilities at BSB Coaching Depot. | 48.49 | 0% |
| 26 | Lucknow-Malhaur: Development/Up-gradation of Vande Bharat Chair Car Maintenance Depot at Malhaur over LKO Division | 245 | 0% |

### 5.5.3 Progress of works under plan head “Traffic Facilities”-

| SN | Name of Work | Original Cost (in Cr.) | % of Physical Progress |
|---|---|---|---|
| 1 | Bijwasan - Land acquisition for development of freight & coaching terminal ( Complete land has been acquired. Land cost has been deposited with State Govt. Some landowners have not turnup to take amount.) | 85.35 | 100 |
| 2 | Bijwasan - Coaching / freight handling terminal | 63.46 | 61 |
| 3 | Holambi Kalan - Addl acquisition of land & development of world class freight terminal (Land acquisition & 3 km long boundary wall completed. Balance work to be executed by division) | 848 | Construction related work completed. Balance work done by open line. |
| 4 | Mughalsarai- Lucknow- Moradabad- Ambala- Jalandhar- Amritsar (1150 km)- Longer loops | 221 | 78 |

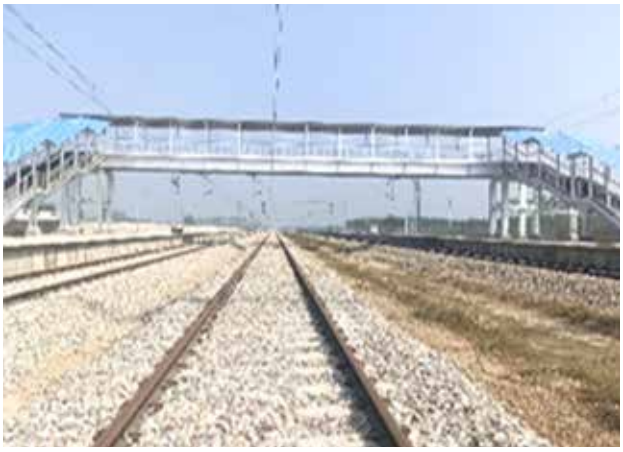
| | | | |
|---|---|---|---|
| 5 | **Jammu** - Second entry in c/w development of coaching terminal (NI done on 06.03.2025) | 181 | 25 |
| 6 | **Moradabad Division** - Addl. directional up / down loops (5 stations) : Raisi Station only is balance . | 11.31 | 75 |
| 7 | **Chhan Arorian** - Goods handling line with covered goods shed and cement handling facility | 17.54 | 22 |
| 8 | **Gharyala** - New block station with shifting of goods traffic of Patti | 21.87 | 30 |
| 9 | **Bareilly:** BE yard remodelling | 48.9 | 0 |
| 10 | **Naya Ghaziabad:** Conversion of naya Ghaziabad (GZN) Halt into Crossing station. | 24.53 | 0 |
| 11 | **Bandhua kalan - Sultanpur**: Provision of 12 IBS in 6 busy stations (SLN, ZBD, AYC, PBH, RBL & JNH) | 41.01 | 0 |
| 12 | **Pathankot Cantt:** Provision of shunting neck at PTKC to facilitate shunting movement avoiding involvement of main line | 13.74 | 0 |
| 13 | **Nangloi:** Provision of the longer loop on both UP & DN Direction. | 17.9 | 0 |
| 14 | **Faridkot:** Provision of R&D facility on Goods loading line to curtail arrival to placement time. | 15.1 | 0 |
| 15 | **Chandigarh:** Development of additional maintenance and stabling facilities at Chandigarh. | 11.14 | 0 |
| 16 | **Dhandari Kalan:** Remodelling to increase handling capacity and provision of Shunting neck. | 41.82 | 0 |
| 17 | **Jalandhar Cantt:** Remodelling of JRC for provision of Up loop Line and extension of short length lines to accomodate full lenth trains. | 34.09 | 0 |
| 18 | **Parao Mehna Halt:** Conversion of halt station to a crossing station with development of freight terminal | 32.86 | 0 |
| 19 | **Sahnewal Jn.~~Amritsar Jn.:** Extension of loop lines on 3 stations on SNL-ASR Section.(TRA, DIW & HMR) | 11.14 | 0 |
| 20 | **Achalganj:** Conversion of Achalganj halt station into Crossing Station between Unnao-Bighapur section | 29.47 | 0 |
| 21 | Provision of Directional loop line along with Down main line at **Darazpur**. | 12.29 | 0 |
| 22 | **Ghaziabad:** Connectivity of 3rd line CYZ-GZB with 4th line of GZB-SBB | 4.63 | 0 |
| 23 | **Budhai balamgarh halt:** Conversion of halt station to a crossing station with development of freight terminal | 30 | 0 |
| 24 | **Rohtak~~Panipat:** Provision of a new crossing station between **ROK-GHNA**. | 26.42 | 0 |
| 25 | **Shakurbasti** - Coaching terminal in metre gauge area | 114 | |
| 26 | **Lucknow** - 4-line entry & exit with yard remodelling | 34.98 | 20 |
| 27 | Asaoti~~Addition & alteration i/c/w provision of High rise OHE at Asaoti/ Piyala station and merger of DFCCIL western corridor at Asaoti yard. | 31.11 | 100 |
| 28 | **Kumbhawas** Yard Remodelling work (a DFC Deposit Work) | 111 | 5 |

### 5.5.4 Work Completed During 2024-25

### A. New Line Commissioned during 2024-25 (29.551 km)

**Deoband -Roorkee New Line ( 29.551 Km)**

CRS inspection conducted between Deoband- Roorkee NL on 29.03.2025 & authorisation received on 16.04.2025.



### B. Doubling commissioned during 2024-25 (32.845 km)

**Connectivity between Palwal IR & New Prithla:**

Work of Connectivity between Palwal (IR) & New Prithala (WDFC) (9.13 km) has been completed and commissioned on 12.02.2025.

**Maa Bela Devi Dham Pratapgarh-Gaura doubling (23.715 KM):**

Maa Bela Devi Dham Pratapgarh-Gaura section has been commissioned on 26.03.2025, followed by a speed trial of 120 kmph of the entire section.

**Status of ROB/RUB/LHS works (PH-30) completed in financial year-2024-25**

**Completion of ROB in lieu of LC No. 44 at km 73/13-15 on Delhi-Ambala section**

Work for Construction of ROB in lieu of LC No. 44 at km 73/15-17 on Delhi-Ambala section was sanctioned in 2019-20. This consists of composite steel girders having 02 spans (1x37.28 m +1x18.08 m) on the Rly portion. The work has been completed.

**Completion of ROB in lieu of LC No. 127 on Saharanpur-Ambala-Ludhiana section.**

Work for Construction of ROB in lieu of LC No. 127 on Saharanpur-Ambala-Ludhiana section was sanctioned in 2013-14. This consists of Bow string girder having 01 span (1x60 m) on Rly portion. The work has been completed.

**Completion of 2 lanes ROB in lieu of LC No. 47 at km 79/1-3 on Delhi-Ambala section near Diwana**

Work for Construction of 2 lanes ROB in lieu of LC No. 47 at km 79/1-3 on Delhi-Ambala section near Diwana was sanctioned in 2019-20. This consists of composite steel girder having 02 span (1*37.28 m+ 1*25.08 m) on Rly portion. The work has been completed.

**Completion of ROB at km 149/10-11 in lieu of LC No. 75-A on Prayag-Phaphamau section between Prayag-Phaphamau station**

Work for Construction of ROB at km 149/10-11 in lieu of LC No. 75-A on Prayag - Phaphamau section between Prayag - Phaphamau station was sanctioned in 2021-22. This consists of composite steel girder having 01 span (72 m) on Rly portion. The work has been completed.

**Completion of ROB at km 34.400 on ROK-PNP section (NHAI)**

Work for Construction of ROB at km 34.400 on ROK-PNP section was sanctioned in 2021-22. This consists of composite steel girder having 02 spans (25.00 m) on Rly portion. The work has been completed.

**Completion of ROB at km 68.562 on SNP-JHI section (NHAI)**

Work for Construction of ROB at km 68.562 on SNP-JHI section was sanctioned in 2021-22. This consists of composite steel girder having 01 span (1*31.2 m) on Rly portion. The work has been completed.

**Completion of ROB at km 11.987 on PNP-JHI section**

Work for Construction of ROB at km 11.987 on PNP-JHI section was sanctioned in 2021-22 (NHAI).
This consists of RDSO composite girder having 01 span (36 m) on Rly portion. The work has been completed

**Completion of ROB in lieu of LC No. 45-A Rly km 67 and NH km 399.300 between Maholi and Hempur station in Sitapur City on ROSA-Sitapur section**

Work for Construction of ROB in lieu of LC No. 45-A Rly km 67 and NH km 399.300 between Maholi and Hempur station in Sitapur City on ROSA-Sitapur section was sanctioned in 2011-12. This consists of composite steel girder having 01 span (52.20 m) on Rly portion. The work has been completed

**Completion of 4 lane ROB at km 21.70 on Narwana-Kurukshetra section near Railway Station Kalayat.**

Completion of 4 lane ROB at km 21.70 on Narwana-Kurukshetra section near Railway Station Kalayat. The work has been completed.

**Construction of ROB at km 20/27-20/29 on DLI-BTI section**

Deck slab casting of all 04 nos. carriageway above Railway track of ROB at Km0/27-29 between NNO-GHE stations on DLI - BTI section (NHAI Work) completed. For Non-railway carriageway 6-deck slab out of 8 are completed, 45nos girders out of 52 have been launched.

**Construction of ROB LC No. 98-B/2 at Yamuna Nagar section**

Work for Construction of ROB LC No. 98-B/2 at Yamuna Nagar section was sanctioned in 2007-08. This consists of Steel composite girder having 02 spans (24m) on Rly portion. The work has been completed.

**Construction of ROB LC No. 72 at Phaphamau section.**

Work for Construction of ROB LC No. 72 at Phaphamau section was sanctioned in 2023-24.. The work has been completed.

**Construction of ROB at km 86/04-05 of Ganga expressway under Moradabad division.**

Work for Construction of ROB at km 86/04-05 of Ganga expressway under Moradabad division was sanctioned in 2022-23. This consists of RDSO composite girder having 1 x 36 m (track span) & 1 x 18 m (non track) span girders on Rly portion. The work has been completed.

**Construction of 2 lane ROB LC No. 118 at km 250/9-11 on SRE-UMB section of UMB division.**

Work for Construction of 2 lane ROB LC No. 118 at km 250/9-11 on SRE-UMB section of UMB division was sanctioned in 2016-17. Clear span is 1*54 m. Bow string girder is used. The work has been completed.

**Construction of 2 lane ROB LC No. Spl.1-A at km 0/10-11 on Rajpura-Patiala section near Rajpura**

Work for Construction of 2 lane ROB LC No. Spl.1-A at km 0/10-11 on Rajpura-Patiala section

near Rajpura was sanctioned in 2019-20.Span is 1*60 m. Bow string girder is used. Carriage way width is 9.5 m. One side footpath of 1.5 m is provided.

**Construction of ROB completed at Km 84.682 on JIND - SNP section (NHAI Work)** Construction of ROB completed at Km 84.682 on JIND - SNP section (NHAI Work). This work has been completed.

**Construction of 2 lane ROB in lieu of LC no 139 at km 161/1-2 completed on Delhi-Bhatinda section near Narwana yard** Construction of 2 lane ROB in lieu of LC no 139 at km 161/1-2 completed on Delhi-Bhatinda section near Narwana yard. This work has been completed.

- **Construction of RUB** in lieu of level crossing No.49 near Diwana on Delhi-Ambala section.

**Construction of RUB in lieu of LC Nos. 168 at Km 359/5-7 on UMB-LDH section of Firozpur Division.**

- **Construction of 2 lanes RUB** in lieu of level crossing No.26 at km 37/7-8 on Delhi-Rewari section near Gurugram.
- **Limited Height Subways** at LC No.21 on DBD-RK section
- **Limited Height Subways** at Br. No.18 on DBD-RK section.
- **Limited Height Subways** at Br. No.18B on DBD-RK section.
- **Limited Height Subways** at Br. No.20 on DBD-RK section
- **Limited Height Subways** at No.24 on DBD-RK section
- **Limited Height Subways** at Br. No.24A on DBD-RK section
- **Limited Height Subways** at Br. No.27C on DBD-RK section
- **Limited Height Subways** at Br. No.28 on DBD-RK section
- **Limited Height Subways** at Br. No.30 on DBD-RK section
- **Limited Height Subways** at Br. No.32B on DBD-RK section
- **Limited Height Subways** at Br. No.31 on DBD-RK section
- **Limited Height Subways** at Br. No.33 on DBD-RK section

- **Limited Height Subways** at Br. No.34 on DBD-RK section
- **Limited Height Subways** at Br. No.37A on DBD-RK section
- **Limited Height Subways** at Br. No.38 on DBD-RK section
- **Limited Height Subways** at Br. No.39 on DBD-RK section
- **Limited Height Subways** at Br. No.39B on DBD-RK section
- **Limited Height Subways** at Br. No.40 on DBD-RK section
- **Limited Height Subways** at Br. No.42 on DBD-RK section
- **Limited Height Subways** at Br. No.43 on DBD-RK section
- **Limited Height Subways** at Br. No.62 on DBD-RK section
- **Limited Height Subways** at Br. No.64B on DBD-RK section
- **Limited Height Subways** at Br. No.66 on DBD-RK section.
- **Limited Height Subways** at Br. No.77 on DBD-RK section
- **Limited Height Subways** at Br. No.78 on DBD-RK section
- **Limited Height Subways** at Br. No.79 on DBD-RK section
- **Limited Height Subways** at Br. No.81 on DBD-RK section
- **Limited Height Subways** at Br. No.82A on DBD-RK section
- **Limited Height Subways** at Br. No.84 on DBD-RK section.
- **Limited Height Subways** at LC No. 390 in Duganpur Yard
- **Limited Height Subways** at LC No.56 in Kartarpur Yard
- **Limited Height Subways** at LC No. 30 on Meerut Cantt.-Saharanpur
- **Limited Height Subways** at LC No.21 on Patial-Mukerian section
- **Limited Height Subways** at LC No.23 on Patial-Mukerian section
- **Limited Height Subways** at LC No. 389 on Duganpur Yard
- **Limited Height Subways** at LC No. 146 on UMB-LDH section.
- **Limited Height Subways** at bridge no 27 on Patial-Mukerian section
- **Limited Height Subways** at bridge no 32 on Patial-Mukerian section
- **Limited Height Subways** at bridge no 46 on Patial-Mukerian section
- **Limited Height Subways** at bridge no 50 on Patial-Mukerian section
- **Limited Height Subways** at LC-48 on Delhi- Shamli section
- **Limited Height Subways** at bridge. 33 on Utretia -Transport Nagar section
- **Limited Height Subways** at bridge no 27 on on Deoband – Roorkee section
- **Limited Height Subways** at bridge no 33A1 on on Deoband – Roorkee section
- **Limited Height Subways** at bridge no 35 on on Deoband – Roorkee section
- **Limited Height Subways** at At bridge no 63 on on Deoband – Roorkee section
- **Limited Height Subways** at bridge no 72 on on Deoband – Roorkee section

### 5.5.5 Traffic Facility Works

Following traffic facility works (PH– 16) have been completed during the year 2024-25:

**NI Work done in connection with New Lines, Doublings and Traffic Facility works: (Total: 26 Nos.)**

- The work of additional directional loops at commissioned at Balamau, Masit, Mewa Nawada, Miranpur Katra & Todarpur.

Miranpur Katra

- The work of longer loops commissioned at Ladhowal, Cheheru, Sahnewal, Kartarpur, Duganpur & Bhadaiyan

Sahnewal

- NI of Jammu done in connection with Second entry work of development of Coaching terminal.
- NI of Shahganj done in connection with Doubling between Jaunpur-Akbarpur
- NI of Palwal done in connection with Doubling between New Prithala (DFC) to Palwal (NR).

- NI of Roorkee, Jabrera,Banera khas & Deoband done in connection with New Line between Deoband-Roorkee.
- NI of Ayodhya Cantt. Yard remodelling.
- NI of Alam Nagar done in connection with Doubling between Alam nagar -Transport nagar.
- NI of Rosa Yard remodelling.
- NI of Janghai, Pratapgarh, Gura, Prithiganj & Maabarhi devi dham done in connection with Doubling between Janghai - Pratapgarh - Amethi.

### 5.5.6 Status of FOB works completed in financial year-2024-25

**New line:**

02 Nos. FOB Banhera Khas & Jhabrera have been completed.

**Doubling:**

01 Nos. FOB –Model Gram has been completed.

**Traffic Facilities:**

02 Nos. FOB - Chakrajmal & Chiheru have been completed.

**Customer Amenities:**

03 Nos FOB at Jalandhar Cantt have been completed.

### 5.5.7 Status of Track Renewals (PH-31) completed in financial year 2024-25.

Utratia - Alamnagar byepass: TFTR (17 Km) completed.

### 5.5.8 Status of Bridge Works (PH-32) completed in financial year- 2024-25

Nil

### 5.5.9 Status of Other Electrical Works, incl TRD (PH-36) completed in financial year- 2024-25-

Nil

### 5.5.10 Status of Workshops including PUs (PH-42) completed in financial year- 2024-25

Bareilly (Now Raebareli)- 26-coach washing & sick line facilities (one each) has been completed and engine trial done. Kalka- Extension of Washing Line No 5&6 by 100 metres: Washing lines completed and engine trial has been done.

### 5.5.11 Status of STAFF WELFARE (PH-51) completed in financial year 2024-25

Nil

### 5.5.12 Status of PASSENGER AMENITIES (PH-53) completed in financial year- 2024-25

Nil

### 5.5.13 Status of OTHER SPECIFIED WORKS (PH-64) completed in current financial year- 2024-25

New integrated running room for loco pilots & guards (125 Nos 2-bedded rooms) at Lucknow completed.

### 5.5.14 Status of TRAINING HRD WORKS (PH-65) completed in current financial year- 2024-25

Nil

**Table No. C: Number of over and under bridges constructed in replacement of level crossing during 2024-25 - 17 nos. (list as under)**

| SN | Type of work | State | Description of work | Section | LC No. | ROB/ RUB/ LHS | Dy. CE/C | Div. |
|---|---|---|---|---|---|---|---|---|
| 1 | CS-PB (UMB) | HR | Construction of 2 lanes ROB in lieu of LC No. 44 at Km 73/13-15 on Delhi-Ambala section near Samalkha | DLI-UMB | 44 | ROB | CSB-I | DLI |

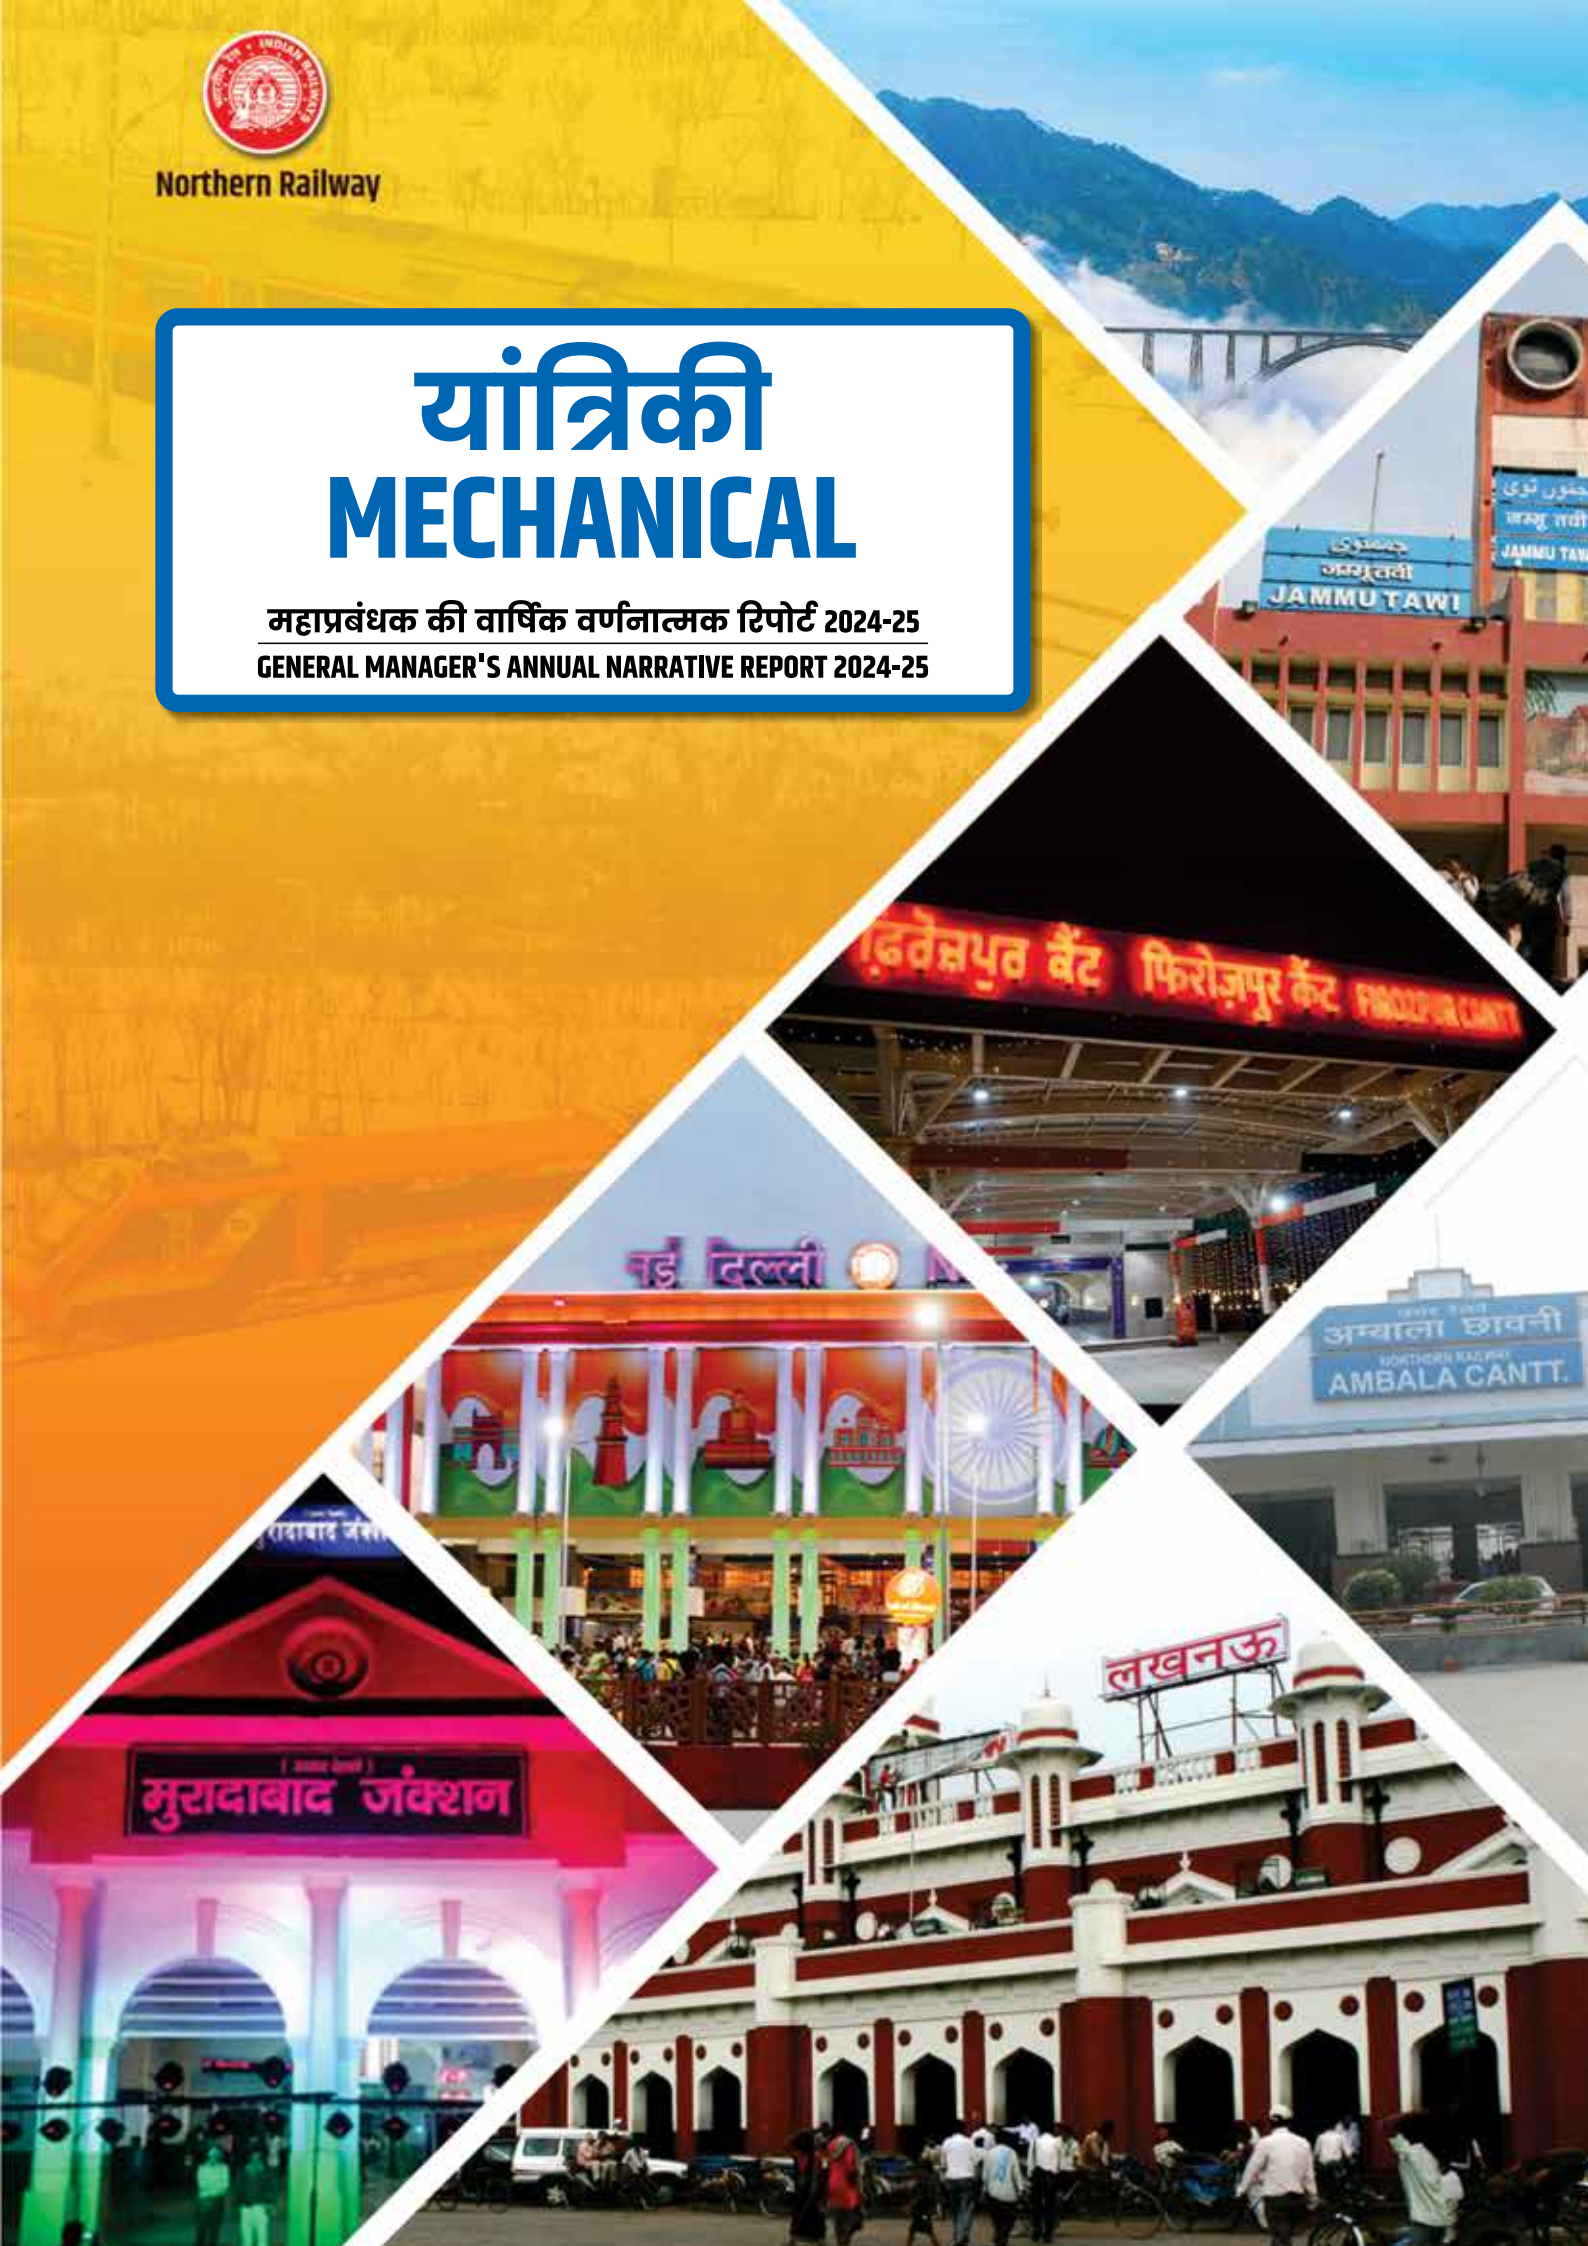
## महाप्रबंधक की वार्षिक वर्णनात्मक रिपोर्ट 2024-25
## GENERAL MANAGER'S ANNUAL NARRATIVE REPORT 2024-25



# CHAPTER - VI

## 6.1 About the Department

Efficient and safe train operation is the outcome of synergic efforts of various departments in Railways. Role of Mechanical Department acquires importance as this department not only facilitates smooth & safe train operation by maintaining motive power & rolling stock but also plays a crucial role in restoration & relief work when flow of traffic is interrupted by any eventuality.

Mechanical department of Northern Railway is responsible for maintaining a total of 7744 coaches (4158 Non AC & 3586 AC coaches). An average 145.3Primary Based Mail/Express Trains and 48.2 Goods Trains are maintained every day.

### 6.1.1 Maintenance of mechanical assets is being undertaken at:

| DIV. | Freight depots | Coaching depots |
|---|---|---|
| DLI | TKD, GZB, SSB Private siding – ICD/TKD, GHH, PT, AST, BDMJ, PWL, DWNA, MUZ | DLI, NDLS, HNZM, ANVT, DEE, MTC, JHI, PNP, SSB, ROK |
| LKO | LKO | LKO, BSB, AYC, SLN, RBL, MBDP, PYGS, JNU |
| FZR | LDH, JUC, ASR, FZR Private siding –DDL, GRFL/SNL | FZR, ASR, CIA, |
| JAT | PTK | SVDK, JAT, PTK, BDGM, MCTM, BJPL(NG), PTK(NG) |
| MB | MB | DDN, HW, NBD, MB, BE, BLM,RKSH, SPN, YNRK |
| UMB | UMB, KJGY, BTI, Private siding - CHA, ICAK-QRP, GPHK-QRP | UMB, KLK, SRE, NLDM, CDG, BTI, SML(NG), KLK(NG) |

### 6.1.2 Periodic overhauling of assets on NR is undertaken at following shops:

| S N | Workshop | Major Activities |
|---|---|---|
| 1. | Jagadhri | • POH of AC & NAC ICF coaches |
| | | • POH of AC & NAC LHB coaches |
| | | • Overhauling of ICF & LHB bogies for IOH of coaches |
| | | • POH of freight stock |
| | | • RSP works of Coaching & Freight stock |
| | | • Wheel supply to Divisions |
| 2. | Charbagh, Lucknow | • Electric Loco POH, |
| | | • SPART/SPARME POH, |
| | | • DEMU & MEMU POH |
| | | • Overhauling of ICF coach bogies for IOH |
| | | • POH/SS-I of T-18 bogies |
| | | • RSP work of DEMU/MEMU |
| | | • Wheel supply to Divisions |

| | | |
|---|---|---|
| 3. | Alambagh, Lucknow | • POH of AC and NAC ICF coaches |
| | | • POH of AC and NAC LHB coaches |
| | | • Overhauling of ICF & LHB bogies for IOH of coaches |
| | | • RSP works of coaching stock |
| | | • Wheel supply to Divisions |
| 4. | Amritsar | • Manufacturing of BOXNHL, BVCM, BRN and other wagons on demand basis |
| | | • Fabrication of ICF bogie frames on work order basis |
| | | • Wheel supply to Divisions |
| | | • POH of wagon is being planned |
| 5. | Kalka | • POH of NG coaches for Kalka-Shimla (KSR) & Pathankot - Joginder Nagar (KVR) sections. |
| | | • Manufacturing & Rehabilitation of NG coaches. |
| | | • Manufacturing of NG Wagons |
| | | • POH of RMC (Rail Motor Car) |
| | | • Manufacturing of NG components & Steam loco components for RE Steam Loco shed |
| 6. | Sonipat | • MLR of LHB coaches |
| | | • SS-I of LHB coach bogies |
| | | • Maintenance of Vande Bharat is being planned |

## 6.2 Coaching:

### 6.2.1 Maintenance of trains

| Divn. | Depot | Trains based for PM | Trains based for SM | Trains based for TE | Passing through (Enroute watering) | Total |
|---|---|---|---|---|---|---|

## 6.6 Highlights of the year

### 6.6.1 Improved maintenance of Rolling Stock

### 6.6.1.A Workshop

| S. No. | Good work | Description |
|---|---|---|
| 1 | SPIC Conversion at CBW | CBW successfully converted two SPICs from overaged MEMU MC coaches which have been nominated for NFR. |

| | | |
|---|---|---|
| 2 | 2nd Best Wagon POH cycle time (No of Wagons POH > 500 per month) | Wagon POH cycle time of 5.54 days achieved by JUDW in FY 24-25 which is 2nd best among the workshops having 500 wagons POH outturn per month over IR. |
| 3 | Conversion of ICF AC coach into NMGHS | AMVW has undertaken the initiative of conversion of ICF AC coach into NMGHS. As on date, NMGHS conversion is being done from ICF NAC coaches. Validation from RDSO is awaited, if successful, this will help in disposal of surplus over-aged ICF AC coaches. |
| 4 | Flameless Inspection Carriages | Alambagh Workshop has started the work of provisioning of flameless cooking equipment in inspection carriages under RSPs (LAW BOOK 708/24-25 & 709/24-25) covering 83 Nos. Qty (46 Nos. Non-AC & 37 Nos. AC).This initiative replaces the traditional use of LPG, thereby reducing the risk of fire incidents & thus creates a safer working environment. AMVW has tentatively planned for attending all inspection carriages by Dec'25. |
| 5 | Conversion of SAKSHAM | CBW & AMVW successfully converted the "SAKSHAM"-mobile training car, into Self propelled Tool Van (DPC-DTC module) for use in ART during KUMBH. |
| 6 | Conversion of ICF coaches into NMGHS | Jagadhri & Alambagh Converted 104 ICF coaches into NMGHS in FY 24-25 (JUDW-61 + AMVW-43). |
| 7 | NMG to NMGH conversion | Jagadhri & Alambagh Converted 95 NMG to NMGH in FY 24-25 (JUDW-8 + AMVW-87). |
| 8 | Overall POH cycle time of coaches | AMV ranked 1st in NR and 5th in Indian Railways with overall POH cycle time of 10.55 days in FY 24-25 (From 01-Apr-2024 to 31-Mar-2025). |
| 9 | IOH/SS-I Bogies supplied to division | 3866 coach sets (1312 LHB + 2554 ICF) during the year.(Highest ever figure) |
| 10 | SS-I of Vande Bharat Version 2.0 rake | CBW along with Trainset depot, Shakurbasti carried out the SS-I of Vande Bharat Version 2.0 rake for the first time in July'24. |

### 6.6.1.B Coaching

- Average ineffective of coaching stock during 2024-25 was 5.57% against Railway Board's target of 7.50%. This resulted in increased availability of coaches for traffic use.
- Average Ineffective of freight stock during 2024-25 was 2.75% against Railway Board's target of 2.75%. Hence, higher availability of wagons was ensured.
- ROH outturn during 2024-25 was 1018 wagons per month against 954 wagons per month during 2023-24. Hence, higher availability of wagons was ensured.
- Freight sick line outturn increased to 23952 wagons during 2024-25 against 21680 wagons during 2023-24.
- Freight hot axle cases reduced to 32 wagons during 2024-25 against 58 wagons during 2023-24.
- Freight train parting cases reduced to 11 wagons during 2024-25 against 23 wagons during 2023-24.

**Proliferation of Head On Generation (HOG) system**
**(Environment, heritage preservation & promotion initiatives)**

Due to inherent features like no noise and air pollution on account of diesel generator set

besides being energy efficiency & eco-friendly, proliferation of HOG system in EOG trains has been done over N.Rly.

- All 122 LHB type trains (151 rakes) have been made HOG compliant over N.Rly. & shifted to HOG from EOG over N.Rly. 10 trains (10 rakes) have been made HOG during 2024-25.
- Modification work to make the LHB coaches and power cars HOG compliant was done to complete all LHB stock.

Regular & special LHB trains worked on HOG scheme for 75.56% during 2024-25. This has resulted in a saving of approx. 3.54 Crore Ltrs (Approx. Rs. 317.8 Cr.) of HSD oil from April'24 to March'25 earning 94830 Tonnes of carbon credits also.

**Retro-fitment of existing Fluorescent tube lights with LED lights in coaches**

In order to improve the passenger amenities and recognizing the potentials of energy saving by providing LED lights, N.Rly has retrofitted existing FTL/CFL by LED lights in coaches to complete all AC & Non AC coaches.

This has resulted in substantial savings (halved energy consumption i.e. saving of approx. 4.5kW/hr per rake) besides improvement in coach illumination (30 to 65 Lux)

### 6.6.1.C Train set Introduction of New "Vande Bharat Express"

Two new Vande Bharat Express (VBE) Trains has been introduced in the year 2024-25 in NR.

| S. N. | TRAIN NO. | ROUTE | COMMERCIAL RUN STARTED ON |
|---|---|---|---|
| 1 | 22490/89 | MTC-LKO | 01-09-2024 |
| 2 | 22500/499 | BSB-DGHR | 16-09-2024 |

### 6.6.1.D DEMU SS-1 schedule of Vande Bharat Express completed

Shop Schedule (SS-1) is a comprehensive overhaul done every 18 months. The Shop Schedule for Vande Bharat Express trainsets is a periodic maintenance activity conducted at a workshop or depot to ensure the train's reliability, safety, and efficiency. It involves detailed inspection, servicing and repair of various components, including mechanical, electrical, and onboard systems.

Four SS-1 schedules of rake nos.IC1001, IC2002, IC2009 & IC2018 of VB rakes successfully completed, during the year 2024-25.

**Fitment of Fire Detection and Suppression system (FDSS) in DEMU/DPCs**

FDSS has been installed to detect fire incidents in critical areas and automatically suppress the fire to prevent escalation. This has improved the safety for both passengers and crew. The work has been completed successfully in 73 nos. DEMU DPCs during 2024-25.

### 6.6.1.E MEMU Trial of 20-Car 3-Phase MEMU rake in Sanehwal (SNL)-New Morind (NMDA) section.

3-Phase MEMU trains were operated with rake formations of up to 16 cars. As per the requirement of RDSO, formation of a 20-Car 3-Phase MEMU rake was planned for conducting extended trials. Accordingly, a 20-Car RCF/MEDHA MEMU rake (consisting of rake numbers 238670–238679–238676–228136–238678) was formed at EMU Car Shed, Ghaziabad. This involved arranging inter-vehicular couplers, required materials, and carrying out modifications as per the RDSO scheme.

The rake was turned out from the shed to Chandigarh (CDG) on 07.12.2024, with a dedicated team of SSEs, JEs, and staff deputed at CDG to ensure readiness for trial. After rake loading, the trial was successfully conducted jointly by EMU Car Shed/GZB and RDSO on 24.12.2024 in the Sanehwal (SNL) – New Morinda (NMDA) section. The scope of the trial included:

- Coupler force measurements
- Stationary test
- Emergency Brake Distance (EBD) tests under wet and dry rail conditions Parking brake

## 6.7 Developments in EMU/MEMU Car Sheds

### 6.7.1 Development of Inspection Car no. 329

A new Inspection Car was developed by converting an overage MEMU Motor Coach no. 30029 by EMU Car Shed, GZB. This has been completed within three months' time with provision of latest facilities (mentioned under) and inaugurated by MT&RS during his visit to shed on 27.01.2024. The details of work carried out are as under:

i. Complete interior fabrication & best wooden work with false ceiling both in executive & non-executive portion.

ii. Entirely re-designing of one end cab and modifying the other end cab to give a better look.

iii. Shifting of LT compartment near the HT compartment to have a spacious larger size executive portion.

iv. Provision of 28 executive type seats in executive portion & 18 seats for staff & supervisors in
non-executive portion.

v. Provision of western style commode, mirror & wash basin in the toilet of executive portion.

vi. Modular Kitchen in Executive Portion with pantry racks, oven, chimney, refrigerator etc.

vii. Provision of a toilet in non-executive portion for staff & supervisors.

viii. A fine finishing work in the exterior of body cell followed by better quality light pleasant colour painting to give an aesthetic look.

ix. Provision of Bio-toilet in the Inspection Car.

x. Traditional man-made regional paintings have been provided to give it an exotic look longer 3-Phase MEMU rake operations.

## 6.8 New Work Commissioned during 2024-25

(i) Various facilities at **Trainset Maintenance Depot, Shakurbasti** which are first of its kind have become operational.

ii) Work of "**Electrification of Washing Lines at Katra (SVDK) station over**" costing Rs. 2.99 cr. has been completed in PH-42.

iii) Work of "**Charbagh Workshop - Heavy repair work and extension of shed including other related work for creating facilities of DEMU/EMU POH, in the old Diesel shop**" costing Rs. 2.32 cr. has been completed in PH-42.

iv) Work of "**Construction/repair of boundary wall of Alambagh Workshop**" costing Rs. 2.35 cr. has been completed in PH-42.

v) Work of "**Improvement in infrastructure facilities for Wagon examination by Repair of pathways & provision of lights in yards at UMB**" has been completed in PH-42.

vi) Work of “**Provision of End On Generation (EOG) testing facilities works at YNRK over MB Division**” costing Rs. 1.58 cr has been completed in PH-42.

vii) Work of “**Up-gradation of 26 Coach Length New Washing Line, Sadar at Lucknow as per latest CAMTECH drawing**” costing Rs. 3.41 cr. has been completed in PH-42.

viii) Work of “**Augmentation/Upgradation of resources and infrastructure at Amritsar Workshop for increasing production and reduction of cycle time of wagon manufacturing**” costing Rs. 2.95 cr. has been completed in PH-42.

ix) Work of "**Horizontal Roof Lifeline for fall Protection for working at height confirming to IS 3521 (Part 8): 2021 at ASRW**" costing Rs. 0.95 cr. has been completed in PH-42.

x) Work of "**Delhi - Provision of 750 V power supply for testing & maintenance of EOG coaching rolling stock at washing line/sick line**" costing Rs. 34.28 cr. has been completed in PH-42.

xi) Work of "**Lucknow - Provision of 750V power supply for testing & maintenance of EOG coaching rolling stock at washing line/sickline over LKO Division**" costing Rs. 7.29 cr. has been completed in PH-42.

## 6.9 Major high value M&Ps (costing more than 50 laks) Commissioned during 2024-25 under PH-41:

i) **EOT CRANE-10 Ton** commissioned on 18.02.25 at Jagadhri Workshop.

ii) **3150 KVA, 66/11 KV, YNyn0, ONAN** cooled power transformer complete with all fittings commissioned on 12.12.24 at Jagadhri Workshop.

iii) **TRAVERSER 80T 2 track** commissioned on 20.04.24 at Jagadhri Workshop.

iv) **Spare power pack**, control table and spare hydraulic hose pipe set for ART commissioned on 07.08.24 at Bhatinda, Saharanpur & Ambala.

## 6.10 Ongoing Major Projects

- **Setting up of Train set depot at SSB in PH-42** Composite tender for Civil, Elect., S&T and Mech. works had been awarded on 05.04.22 to M/s HYT, Pune. Work is in progress for 1st phase and is advanced stage of completion. RE has been sanctioned by RB on 03.04.25.

- **Mission Raftar project for raising of speed to 160 KMPH on NDLS-BCT route in DLI area and NDLS-HWH route in LKO area**

  - **Creation of mechanical maintenance facilities at DLI area:** 50% work completed during FY 2024-25.

  - **Creation of mechanical maintenance facilities at LKO area:** 70% work completed during FY 2024-25.

**USBRL project**

- Work of construction of the 3rd washing line at **Shri Mata Vaishno Devi Katra** is almost completed, only hydrant work is pending and is expected to be completed by Jun ’25.
- Work of construction of 02 new dual-pit inspection lines with covered shed being constructed for LHB/Vande Bharat maintenance in place of existing old washing lines at Badgam. Work likely to be completed by Oct ’25.
- For work of extension of DEMU Shed from 8 coaches to 12 coaches at Budgam, Civil & Elect. works have been completed during 2024-25. M&Ps are under procurement. Work for further extension to 16 coach length has also been sanctioned by RB. Tender for the same has been awarded on 26.03.25. Soil testing done. Drawing and design under approval.
- Work of ‘**Development of freight and Goods maintenance facilities at Budgam**’ is in progress and is expected to be completed by Jun ’25.
- Work of sick line shed with EOT crane provision at **Badgam** has been sanctioned by RB and is being executed by CAO/C/USBRL. Tender awarded on 26.03.25. Soil testing done. Drawing and design under preparation.
- The ‘Quick Watering Arrangement’ work is currently in progress at **Badgam**, Srinagar and Jammu Tawi and is expected to be completed by Sep ’25.

## 6.11 New Works sanctioned under PH- 42

Works sanctioned for upgradation of maintenance infrastructure for Vande Bharat trains and other rolling stocks at Coaching Depots, Freight Depots, Workshops, DEMU/EMU Car Sheds, Diesel Sheds and Electric Loco Sheds under Umbrella works (PH-42) and GM lumpsum power during FY 2024-25 are as under:

- 01 no. proposal of BSB costing Rs. 48.48 cr. has been sanctioned by RB in umbrella work 2022-23.
- 06 nos. proposals of ELS/LDH, BDGM DEMU Shed (12 to 16 coaches), BDGM sickline, JAT (750V), AMVW (store) & SVDK (Trip shed) costing Rs. 140 cr. have been sanctioned by RB in umbrella work 2023-24.
- 18 nos. proposals of LKO (3) & KJGY ROH depot (2), BSB, EMU Car Shed/GZB, AMVW, ASRW, CBW, JUDW, DLI (2), KKDE, MB (2), HW and UMB costing Rs. 62.08 cr. have been sanctioned by GM/NR in umbrella work 2023-24.

- 06 nos. proposals of AMVW, ASRW (2), JUDW (2) and LDH Diesel Shed costing Rs. 29.39 cr. have been sanctioned under GM lumpsum power in 2024-25.

## 6.12 Other Initiatives in NR

### 6.12.1 Zero Waste Railway Colony at S.P. Marg and San Martin Marg Railway colonies

A pilot project for transformation of premier colonies of NR, namely S.P. Marg and San Martin Marg Railway Colonies into Zero-Waste colonies, through a collaborative partnership with the Why Waste Wednesdays Foundation, on a pro bono basis have been undertaken. A zero-waste colony is a colony from which waste sent to the landfill is minimal or as close to nil as possible. Thus, most of the wet waste generated in such colonies is processed within the premises and dry waste is segregated and reused/recycled by involving the informal sector/authorized recyclers in accordance with Solid Waste Management Rules 2016 and amendments thereto.

Why Waste Wednesdays Foundation conducted a profiling of the households and collected data regarding the existing waste management system through a door-to-door survey by the volunteers. From February 14 - March 17, 2024, housekeeping staff of the contractor and volunteers from WWWF conducted door-to-door awareness campaigns in the colonies. Flyers were distributed by DLI division educating residents about wet and dry waste distributed to households.

An MRF and composting plant, along with leaf composters, have been installed at SP Marg Colony and are currently functional. Additionally, the newly constructed MRF and composting plant at San Martin Marg Colony were completed in May 2025 and will begin operations shortly. The next phase of development includes establishing a Reduce-Reuse-Recycle (RRR) center at SP Marg Colony.

### 6.12.2 First Time Energy Audit of Shed by BEE Certified Firm.

A team of M/s SABS Energy Enviro Pvt Ltd, Indore, M. P. visited EMU Car Shed, Ghaziabad on 27.05.2024 for conducting energy audit of shed which was due since long. They have checked various parameters and appreciated the steps taken by shed towards energy conservations. This kind of audit has been conducted for the 1st time in shed and shall be beneficial to shed for further improvements.

### 6.12.3 First External Surveillance Audit of ISO: 9001-2015 & 5S on 27.05.2024.

A team of External Auditors visited EMU Car Shed, Ghaziabad on 27.05.2024 for conducting 1st Surveillance Audit of ISO: 9001-2015 & 5S standard. They have checked all the parameters, house-keeping & maintenance procedure of the most of the section and found in order. The practices adopted by shed have been appreciated by them & few suggestions were also given by them for further improvements.

### 6.12.4 First time Thematic Painting work on the Walls of Shed.

EMU Car Shed has been accredited with the GreenCo Bronze rating by the Confederation of

Indian Industry (CII). In line with the suggestions received for further training and awareness of staff regarding the GreenCo policy, the Shed has undertaken several initiatives to promote environmental consciousness and related themes.

One of the key initiatives is the thematic wall painting project. Various sections of the Shed—especially the front and side walls, as well as the gallery of the administrative building—have been adorned with vibrant murals depicting themes such as environmental conservation, Swachhata (cleanliness), sports, forest and energy conservation, water preservation, monuments, cultural heritage, and social awareness.

These paintings have significantly enhanced the aesthetic appeal of the Shed premises, creating a visually engaging and motivating environment from the entrance up to the workplace. This initiative, undertaken for the first time in the history of the Shed, has brought a sense of pride and positive energy among the staff.

### 6.12.5 Award of "Best Maintained DEMU/MEMU/EMU Shed" Shield to GZB/Shed.

EMU Car Shed, Ghaziabad has been awarded with a shield of "**Best maintained DEMU/EMU/MEMU shed**" during 69th Railway Week function-2024 organised at National Rail Museum, New Delhi on 23.01.2025. This is a glorious & proud moment for entire team of shed.

**6.12.6 Great appreciation & award of Rs. 25,000/- for commissioning &turning out new MEMU rake in a record time of single day.**

One 3-Phase MEMU 8-Car RCF/MEDHA rake (239053-239054) was received in EMU Car Shed, Ghaziabad on 26.03.2024 from RCF/Kapurthala with loco attachment. As per short notice from HQ, a directive was received to induct a 12-Car rake into passenger service within a day, requiring immediate commissioning of the 8-Car rake and the addition of another unit of 4 coaches.

Accepting this challenging task, the shed promptly deployed a team of hardworking supervisors and staff. With meticulous planning and coordination, commissioning of the 8-Car rake was successfully completed on 27.03.2024. Subsequently, a 12-Car rake was formed and all necessary testing was completed the same day. This marks the first instance in the history of EMU Car Shed, Ghaziabad, where such a task was accomplished within a single day. The rake was turned out directly for passenger service—train no. 04336 in the GZB-MB section—on 28.03.2024, without any prior trial run.The exemplary effort has been highly appreciated by PCME/NR, who immediately sanctioned an award of Rs. 25,000/- for the team in recognition of this achievement.

**GM sanctions:**

By close coordination with other Departments, 22 GM sanctions (Chg. - 13,Frt. - 9) were taken during the period.

## 6.13 System Improvement

Following COEs were developed by NR Workshops in 24-25: -

a) Jagadhri Workshop- BMBS (WR) section:-

**Objective: -**

- Center of knowledge for BMBS.
- Dismantling, assembly and testing of BMBS Brake Cylinder Assembly.

**Facilities : -**

- Ergonomically designed benches to assemble and disassemble the cylinders

- Hydraulic presses for easy assembling and disassembling of cylinders
- Automation for smooth operation for overhauling
- Exploded as well as cut model for better understanding of system
- Mechanized system i.e. conveyor, Gantry Crane etc. for Handling of cylinder parts

**b) Alambagh Workshop- Motor Repair Section:-**

**Objective:-**

- Monitoring and testing of parameters to avoid errors.

**Facilities**

Bearing of RMPU blower motors is replaced with the new one in all LHB coaches & then motor run test is performed for 15 minutes and following parameters are noted:

- Temperature Rise
- Vibration of bearing is checked through Shock Pulse Meter
- Current drawn by motors

After complete assembly & testing, motors are sent to RMPU section for fitment & final testing along with the RMPU.

**c) RCNK, Sonipat: Air Brake Section:-**

**Objective:**

- To conduct all prescribed Air Brake Tests

**Facilities:-**

- Testing Facilities of Disc Brake cylinder, Distributor Valve, Small components, FIBA device etc.
- For training purpose related to LHB coaches

### 6.13.1 Commencement of ROH at Wagon Care Centre, GZB

The Sick Line at GZB depot has been officially approved as C-class ROH depot vide Railway Board dated 15.07.2024. First wagon no. 55020160029 ER BRNA was made fit after ROH at GZB on 21.08.2024.

### 6.13.2 Installation of Rake Testing Rigs (RTRs) at Dhandari Kalan (DDL)

Two new RTRs have been installed for examination Line No. 16 & 17 at DDL on 04.02.2025 for air pressure testing of BLC rakes.

### 6.13.3 Installation of Hydraulic Huck Bolting Machine at Tughlakabad (TKD)

01 no. Huck bolting machine which provide a permanent, vibration-resistant Joint without the need for secondary locking mechanisms or welding.

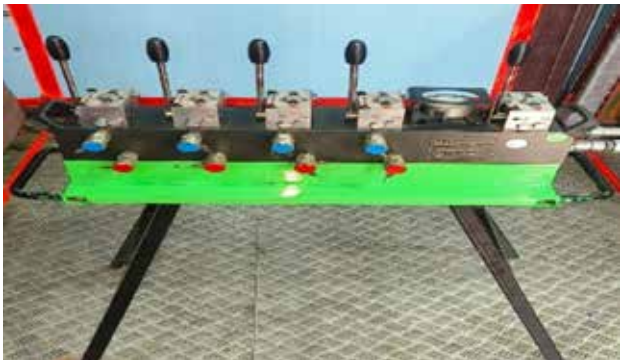
### 6.13.4 Hydraulic Shearing Machine at Tughlakabad

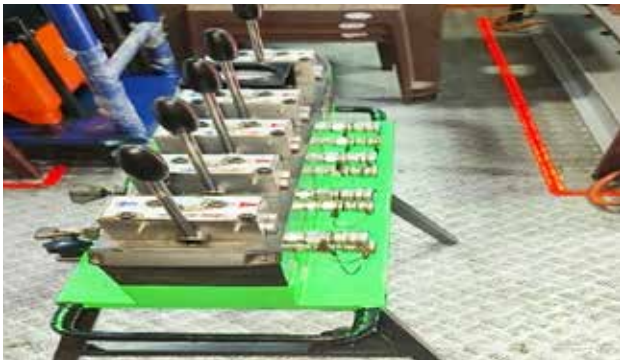
The Tuglakabad Wagon Care Centre has recently commissioned a Hydraulic Shearing Machine has been commissioned at Wagon Care Centre, Tughlakabad. The key features of machine include high precision cutting for fabricating and repairing wagon components, increased productivity due to its ability to handle high workloads in reduced time, high durability and reliability as it is built to withstand rigorous use, secure working environment for staff as enhanced safety features are integrated into the machine and sustainability due

to optimum energy usage. The machine is currently being used for cutting and shaping metal sheets and plates, fabricating custom components, repairing structural elements of wagons and preparing materials for retrofitting & upgrades.

### 6.13.5 Hydraulic Re-railing equipment Control Table at NDLS

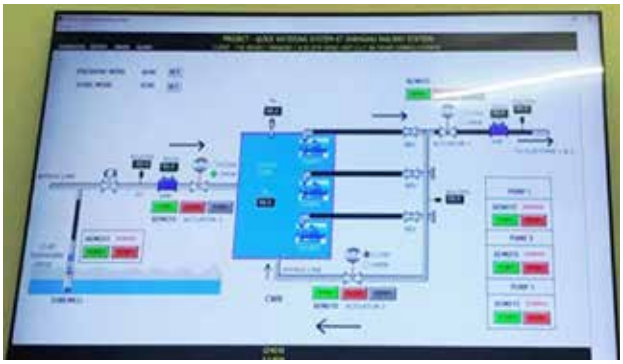
Road Mobile Breakdown Van, NDLS has recently commissioned a control table in standby of the existing control table for hydraulic re-railing equipment. The benefits include operational continuity, improved safety and faster recovery as backup system minimizes response time in critical situations.





### 6.13.6 Installation of Quick watering systems

Quick Watering system were installed at NDLS, NZM, SHG, SLN & LKO (Upgradation) during the period to ensure full en-route watering of coaches.The system consists of water pumps, Supervisory Control and Data Acquisition (SCADA) control panel, pressure sensor and digital flow meter in header.



### 6.13.7 Provision of 750V supply in washing lines for maintenance & pre-cooling of EOG/HOG trains

Rake maintenance/pre-cooling of HOG/EOG rakes is still being done through running power cars which is major reason of diesel consumption (Approx. 25000 ltrs/month). Total 58 out of 86 washing lines with pit lines were identified for provision of 750V external power supply for maintenance & pre-cooling of EOG/HOG trains, 6 washing lines have been completed during 2024-25 (Cummulative-58), work under execution at 28 washing lines. This is eco-friendly due to its inherent benefits like no air & noise pollution as well as potential revenue saving as diesel will be saved by non-running of DG sets. This will save HSD oil.

### 6.13.8 Automation of RMPU Testing and Monitoring system

RMPU testing at JUDW & AMV(W) was intensified during the year. The salient features are:

- Real time display of Parameter such as Voltage, Current of all fan motors & compressors, Temperatures & pressures of different portions of refrigerant cycles
- Automatic Control of heat load in cooling chamber at desired level during testing
- Calculation of Cooling efficiency of RMPU AC units
- User friendly online access on phone & PC through App/software
- Report generation in PDF format for backup and online access
- Generation of all logs and Data recording after every ten minutes during testing
- Incorporation of additional inputs in test reports such as RMPU Sl. No. Coach No., Unit Make, Staff details etc.
- This will ensure Automation of testing procedures and data records, Elimination of human errors during testing and calculation of cooling efficiency, Improve reliability of RMPU AC units during train service and Energy savings due to automatic controlling of heating & cooling parameters.

Display of the monitor

Automated DATA acquisition system

### 6.13.9 Provision of power factor corrector capacitors in EOG coaches & power cars

To enhance the capacity utilization of DG sets, EOG coaches were provided with power factor corrector capacitors. This improves the power factor resulting in smooth power supply without overloading and enhancing the existing rake loads. Proper working of these capacitors is ensured during primary maintenance by the divisions.

### 6.13.10 Development of advanced VCB testing chamber cum commissioning of HV tester with VCB test bench, VCB Analyser & Contact resistance meter

A state-of-the-art Vaccum Circuit Breaker (VCB) testing chamber has been developed and commissioned at EMU Car Shed, replacing the earlier in-house testing panel. This new facility is equipped with advanced testing equipment, including a High Voltage (HV) Tester, VCB Test Bench, VCB Analyser, and Contact Resistance Meter.

The chamber enables safe and accurate testing of various types of VCBs, with capabilities of testing up to 40 kV. It allows for comprehensive evaluation of all critical parameters, significantly improving the efficiency, precision, and reliability of VCB testing. To ensure safe and effective operation, detailed system-testing instructions for both high and low voltage testing of VCBs have been prepared and prominently displayed on the outer wall of the testing chamber. These instructions serve as a clear and accessible guide for maintenance staff, promoting adherence to safety protocols and standard procedures.

### 6.13.11 Modification in Contactor of main Compressor (MCP)

In EMU/MEMU Motor Coaches, a Main Compressor (MCP) contactor is provided to ensure timely operation of the compressor as per system requirements. However, there have been instances of permanent sticking of the contactor's contacts, leading to continuous running of the main compressor and resulting in overheating of the contactor. Upon investigation, it was found that the knuckling spring provided in the moving contact assembly—meant to return the set coil to the de-energized position—was getting stuck due to arcing at the main contacts. To address this issue, the Shed has implemented a modification by adding an additional spring in parallel to the existing knuckling spring. This additional spring provides supplementary force to effectively bring back the moving contact, thereby preventing contact sticking.

The modified MCP contactor has been installed on a trial basis in two Motor Coaches during August and September 2024. The performance of the modification is currently under observation.

### 6.13.12 Arrangement of Digital Wheel Dia Gauge

A digital wheel diameter gauge has been procured for measurement of wheel dia of EMU/MEMU coaches. With this, regular measurement of wheel dia shall be possible and the gauge can be used by a single person to take accurate measurements with a very less scope of error.

### 6.13.13 Procurement of two fork lifter

In order to smoothen in-house material transportation & handling, one no. new fork lifter with capacity of 5.0 Ton and one no. battery operated fork lifter (02Ton) have been arranged. This has provided a lot of convenience for safe & fast material handling at EMU/Store Depot & also during maintenance of EMU/MEMU coaches in shed.

### 6.13.14 Transformer Oil-pipeline modification in two MEMU Motor Coaches

As per instructions issued vide Railway Board letter No. 2022/Elect(G)/113/3 Fire dated 18.11.2024 and earlier as per ICF letter and Drawing No. MD/DSS/EMU/168 AC EMU dated 31.08.2024, regarding the “Modification of Transformer Oil Pipeline Arrangement and Auxiliary Reservoir in Conventional EMU/MEMU,” EMU Car Shed has carried out partial modification of the transformer oil pipeline in two MEMU Motor Coaches initially.

Subsequently, this modification has been completed in an additional twenty-five MEMU Motor Coaches. The remaining part of the modification work, pertaining to the auxiliary reservoir, will be undertaken upon receipt of the required materials.

The transformer oil pipeline modification has resulted in the creation of additional space, thereby enabling easier access for inspection and tightening of transformer secondary connections. This enhancement facilitates smoother maintenance of transformer secondary power connections located at the rear side of the rectifier during scheduled inspections and is expected to improve the overall reliability of MEMU train operations.

## 6.14 Infrastructural Improvements

### 6.14.1 Up-gradation of Coaching Maintenance Facilities at Coach Care Centre, NDLS

Under the scope of ongoing work of “Upgradaton of Coaching Maintenance Facilities” as part of the “Mission Raftar Project”, all weather working covered shed has been provided on Washing Cum Pitlines No. 11&12 at Rajdhani Maintenance Complex of New Delhi, which is one of the technical requirements specified by Rly. Board for coaching stock maintenance for speed up to 160/200 kmph. Both the ‘Washing Cum Pit-lines’ have also been equipped with overhead electrification for the maintenance of Vande Bharat Train-sets as well.

### 6.14.2 Construction of new washing line at Coach care Centre, DEE:

Construction work of washing line no. 2 has completed at Coach Care Centre, DEE and has been made operational since 13/08/2024.

### 6.14.3 Extension of track for pit wheel lathe located at Anand Vihar Terminal (ANVT):

Track for pit wheel lathe at ANVT towards DLI end has been extended to allow for the accommodation of two more coaches at a time, facilitating the turnout of three coaches per day.

### 6.14.4 Maintenance infrastructure for USBRL section Badgam

- DEMU/MEMU Shed - Extension from 8 coach to 12 Coach length. Civil & Elect. works have been completed during 2024-25. M&Ps are under procurement. Work for further extension to 16 coach length hasalso been sanctioned by RB. Tender for the same has been awarded on 26.03.25. Soil testing done. Drawing and design under approval.
- Work of construction of 02 new dual-pit inspection lines with covered shedbeing constructed for LHB/Vande Bharat maintenance in place of existingold washing lines at Badgam. Work likely to be completed by Oct ’25.
- Work of sick line shed with EOT crane provision at Budgam has been sanctioned by RB and is being executed by CAO/C/USBRL. Tender awarded on 26.03.25. Soil testing done. Drawing and design underpreparation.

### 6.14.5 Automatic Coach Washing Plant

**Automatic Coach Washing Plant (ACWP)** have been commissioned at **Chandigarh** (Oct ’24) and **JUC DEMU Car Shed** (Nov ’24) resulting in saving of water and saving of revenue which is being incurred on contractual external washing of coaches and cost of water.

ACWP at Chandigarh

ACWP at JUC DEMU Car Shed

### Quick Watering System

Quick Watering System has been commissioned at **New Delhi** (14.05.24), **Hazrat Nizzamuddin** (13.05.24), S**hahganj** (10.06.24), **Sultanpur** (17.08.24) and Ayodhya (22.01.25) stations under PH-53. This has resulted in manpower reduction in valve operation, proper flow to ensure full watering in limited time, improved watering in case of bunching, water saving and flow/pressure monitoring and uninterrupted water supply in peak summer.

Quick Watering System at Hazrat Nizzamuddin

### 6.14.6 Infrastructure Upgradation for Enhanced Maintenance Efficiency

A significant infrastructure upgradation has been completed, focusing on the construction of high-quality flooring and pathways to facilitate smoother maintenance operations.

**Flooring Construction**

Previously, the absence of flooring between WRP lines, TW lines, and Major Repair Shed lines hindered proper coach maintenance due to the presence of soft sand-type soil with bushes. To address this, better-quality concrete flooring has been constructed, spanning two-three coach lengths. This upgrade enables carrying out following activities at these locations:

1. Battery provision in coaches.
2. Exterior and interior painting of coaches.
3. Light and fan overhauling in coaches.
4. Maintenance of front safety lights (headlight, flasher light, Tail Light, etc.) in coaches.
5. Maintenance of pneumatic items such as E. P. Unit & Air Drier in coaches.
6. Similar maintenance activities in Tower Wagons.

**Wide Concrete Pathway Construction**

A wide concrete pathway has been built to connect the inspection shed to SMM Store, replacing the old, weak, and narrow pathway. This upgrade provides:

- A safe and short route for material transportation.
- A convenient route for staff movement between SMM Store, Administrative Block, Time Office, and inspection shed.

  These infrastructure enhancements have not only streamlined maintenance and material handling but also improved the overall appearance of the surrounding area and workplace.

### 6.14.7 Construction of 2-wheeler and 4-wheeler parking area.

There has been a long pending issue of bike/cycle/car parking in shed. Monkeys were damaging the cushion seats & other parts of bikes. After continuous efforts, parking area has been constructed which would be very useful to employees of shed and has also improved the aesthetics of shed. Entire steel structure of this parking stand have been painted with better quality reflective paints which significantly improved safety during night hours & low-light conditions thereby enhancing overall visibility in entire parking zone of shed.

## 6.15 Excellence in Safety

**Jagadhri Workshop-**

**Development of Fixture for checking ATLs**:- Body Shop/Wagon Repair in JUDW in-house developed a fixture for checking degree of rotation of ATL (Automatic Twist Lock) Twist head by using torque wrench, metal compass and box shaped unit. It serves for easily testing rotational functionality of ATL at torque values provided by OEM.

**Charbagh Workshop**

**Gear case felt treatment**:- Significant cardium leakage was observed from the half wiper (gear case felt) fitment position in multiple coaches, leading to unscheduled repairs. The leakage was primarily due to the use of unsuitable felt material, improper installation and insufficient lubrication. To address the issue, the following corrective actions were implemented:

**Material Upgrade**: Adopted high-density felt material as per IS 1719:2000 for improved durability. Process Improvement: Introduced a new process for treating the felt using heat and oil, as outlined in SMI 218. This involves:

- Heating lube oil to 70-80°C for 10 hours.
- Drying felt strips at 50-60°C for 2 hours.
- Submerging felt strips in heated lube oil at 100°C for 15 minutes.
- Cooling the submerged felts in lube oil for 2 hours.
- Final fitment of treated felts in the gear case.

**Alambagh Workshop:-**

**Testing facility of RCBOs (Residual Current Circuit Breaker with Over current protection) in LHB TL Lab**:- Testing facility of RCBOs helps in measuring the leakage current of 30 mA in addition to the over current. Due to precise measurement of leakage current, the reliability of RCBOs has been improved and enroute failure cases of RCBOs has been reduced significantly.

**Restoration of Lining Gantry in USBRL section**

The staff of RMRV/SVDK helped in the restoration of Lining Gantry at Railway tunnel T-33 in USBRL section on 12.10.2024 that had derailed by one wheel and got stuck up inside T33 tunnel. The alignment of lifting jack supporting roof shutter was also disturbed. The task of re-railing of gantry was challenging as staff had to work in flooded conditions in tunnel. Also, lining shutters had stuck up with the concrete tunnel lining, leaving less room to carry out lifting operation. Mis-aligned Hydraulic Lifting Jacks of the gantry made the work even more tedious. However, staff showcased strong temperament and firstly ensured safety of gantry and shutter by providing support with wooden wedges and then patiently carried out the re-railing work with the help of Lifting Jacks.

**Rescue operation mock drill at Wagon Care Centre,Tuglakabad**

Mock drill for rescue operation was conducted at Wagon Care Centre, Tuglakabad/ Sick Line by Local Police, RPF, Fire and Emergency Services, Medical Response Teams, National Disaster Response Force (NDRF)and Railway staff on 13/09/2024.

**Fire fighting training at Prayagraj Sangam (PYGS)**

Fire fighting training was provided to staff of Prayagraj Sangam depot on 19.11.2024.

### Monitoring of Rail Madad

Passenger complaints lodged on the Rail Madad portal are being monitored on real Time Basis round the clock at HQ & are promptly attended by the onboard staff to minimize the response time.

### Implementation of Escorting App. for entering defects observed enroute

An Android App has been developed by CRIS for entering defects observed enroute in coaches, running of DG sets, HOG running hours & fueling in power cars. Divisions have been advised to ensure entry in App for real time monitoring.

### Replacement of bellow duct with Meta Aramid fabric bellow duct

As a measure of reliability improvement, replacement of bellow duct with Meta Aramid fabric bellow duct is being carried out in LHB AC coaches as per the directives of RDSO/LKO. This has to be completed in 1325 coaches. In 1st phase work for 530 coaches has been awarded 221 coaches have been completed during 2023-24 completing all 530 coaches.

### Aerosol based fire extinguishers for AC coach panel

For Aerosol based fire detection and suppression system Rly Bd. has allotted work in Rly Bd. bulk RSP 2023-24 for 1786 LHB AC coaches & 578 SGAC coaches. Work awarded to M/s Rasika International for 1340 coaches & to M/s J. K. Exim for 446 coaches. Work completed in 1733 (1306 + 427) coaches during 2024-25 (Work completed).

### Cleaning of Radiator after separating CAC & Radiator

To improve reliability of diesel engines provided in power cars, 100% stripping of Radiator has been started at JUDW workshop during POH from Dec'2023. Also, CPCB-II Engines have radiator unit in two parts (CAC & Radiator). Cleaning of CAC & Radiator fins from both side after separating both parts is being ensured at JUDW workshop. Engine internal scale removing is being ensured using Ready wash during POH. External cleaning of Radiator is being ensured at depot also.

Before cleaning

After cleaning

**Water leakage test for RMPU trough**

JUDW has started conducting water leakage test for trough area and staff was using rugs and other similar type of materials for plugging of water drain holes from where seepage of water could be seen during leakage test. To stop this water seepage special plugging device has been developed by using fastener and rubber seal gaskets. Extended fastener is placed through one end of drain to other end and tightened with rubber gasket on both ends this ensures zero water leakage through drain holes during testing.

**Provision of safety rope for securing Z.S. Coupler**

DLI division has provided safety rope on the rear end ZS couplers of LSLRD/ Power Cars to avoid their falling on track during running of train enroute.

**Provision of Projected SS Collar Ring around the condenser air out let in RMPUs**

Provision of projected SS Collar Ring around the condenser air out let in RMPUs for better condensation and comfort cooling by avoiding short circling of air is being done at all depots over NR. These have been provided in all coaches.

**Conversion of 100 VA feeder control transformer to 200 VA control transformer - 1649 LHB AC coaches & 256 power cars**

To improve reliability of coaches during running on HOG supply, conversion of 100VA feeder control transformer to 200VA as per directives of RDSO/LKO has been taken up & completed in 1348 coaches & power cars (DLI-839, FZR-181, UMB-95, LKO-92, MB-62, AMV-21 & JUDW-58) during 2024-25.

**Replacement of DC carriage fans with BLDC fans in GS coaches**

Conventional DC carriage fans are failure prone as these use carbon brush and also consume more power. As a measure of safety & reliability improvement, energy efficient Brush Less DC (BLDC) fans are being provided in GS coaches during POH.

**Fitment of Fire Detection and Suppression system (FDSS) in DEMU/DPCs**

FDSS has been installed to detect fire incidents in critical areas and automatically suppress the fire to prevent escalation. This has improved the safety for both passengers and crew. The work has been completed successfully in 73 nos. DEMU DPCs during 2024-25.

**Virtual Meeting on Quality Issues of CBW POH coaches on 03.05.2024.**

There have been huge shortcomings, deficiencies & unscheduled lifting in OFF-POH MEMU coaches POHed by CBW, which were communicated from time to time to CBW. In connection with this a virtual meeting was organised on 03.05.2024, in which, officers & key supervisors from both side were present. The meeting started with a presentation of EMU Car Shed, Ghaziabad. All the failures reported within 100 days, Major Failures & Unscheduled lifting cases were discussed and suggestions given for improving POH quality & reducing failures. Other issues were also discussed to streamline the system. This meeting was quite successful and also served as a platform for knowledge sharing.

**Divisional level safety meeting on 01.05.2024& 02.01.2025.**

A divisional level team headed by Sr. DSO/DLI conducted a safety meeting at EMU Car shed, Ghaziabad on 01.05.2024& 02.01.2025. After an initial address by Sr. DSO/DLI on the importance of safety, all the points related to fire prevention & avoiding derailments

were discussed with concerned SSE/JEs. They have also advised to ensure the tightness of electrical connections of cables of coach and keep electric panels neat & clean. Emphasis on proper techniques for carrying out safe shunting of coaches was also given All Section Inchargesalongwith shunting staff & shunters (LPS) have participated in the meeting and also given their suggestion for further safety improvement.

**Seminar & practical training on safe isolation & closing of OHE of Inspection & Washing Pits**

A safety & practical training on safe isolation & closing of OHE of Inspection & Washing Pits was conducted on 30.05.2024. The procedure & guidelines to be followed before isolation of OHEs and closing of same after completion of work by respective sections were told to the staff & supervisors of concerned sections. Proper earthing measures were also explained for safe working of staff on roof & underframe of EMU/MEMU rakes. Instructions were given for immediate & record keeping entry in registers for OHE isolation & closing. Consequences of accidents in case of even minor negligence by staff & supervisors were highlighted.This seminar & training session was attended by most of the staff & supervisors of Running, Shunting, DJ& Pantograph sections of shed and is a step towards safety.

**Conducting Weekly Training/Mock-drill/Demonstration for fire prevention.**

In connection with fire prevention, three groups of Senior SSEs have been nominated for ConductingWeekly Training/Mock-drill/Demonstration session in different areas such as “fire

prevention in EMU/MEMU coaches", "fire prevention in shed premises/installations" & "case study of smoke/fire/derailment/accident". A total of ten such training & sessions have been conducted which has improved awareness & skills of supervisors & technicians towards fire & accident prevention.

**Training on Quick & Proper operation of Fire Extinguishers**

A team of M/s Crash Fire visited EMU Car Shed, Ghaziabad on 15.05.2024 & 13.06.2024 for conducting training on quick & proper operation of Fire Extinguishers. They have demonstrated it by conducting a mock drill in order to train supervisors & staff in extinguishing fire in minimum possible time. Most of the running staff & supervisors have attended the mock-drill and gained the benefit.

**Completion of monsoon & weak-long safety drive.**

In compliance to HQ instruction, 15 days monsoon drive has been conducted from 22.06.2024

to 06.07.2024. A total of 619 coaches have been checked & attended with respect to all parameters regarding monsoon preparedness. A weak-long safety drive has also been successfully conducted from 12.07.2024 to 18.07.2024. These drives have improved amenities of passengers and safety & reliability of EMU/MEMU trains.

**Successful completion of Railway Board's special drive on coach maintenance.**

In compliance to Railway Board's directive (letter no. 2025/safety-1/3/2/2 dated 06.02.2025), shed has successfully completed a special drive from February 13 to March 19, 2025 on coach maintenance. The drive consisted of comprehensive checks on all EMU/MEMU coaches and counselling of staff by shed officers to improve maintenance practices. Shortcomings identified during the drive were promptly addressed ensuring enhanced safety and reliability of rolling stock.

**Safety Drives**

- Safety & seasonal drives (Summer, Monsoon & Winter) are launched regularly to ensure reliable and safe working of equipments in coaches and power cars.
- Special drive for checking of fire safety measures of coaches have been launched regularly as per the directives of Safety Dte of Rly.Bd. Results were advised to Rly.Bd.
- In order to prevent fire incidence in EMU/MEMU rakes, a fire prevention safety drive has been successfully carried out in EMU/MEMU rakes.

## 6.16 Innovative Measures

### 6.16.1 Jagadhri Workshop

**In-house Development of Body Bulge straightening fixture for BOXN type wagons** :- Wagon Repair team of Jagadhri Workshop has developed a body bulge straightening fixture for BOXN type wagons. Initially this activity used to be done by chains and jacks which was very laborious and poorly ergonomically designed. This fixture is easy to operate & staff friendly.

Before

After

### 6.16.2 Amritsar Workshop

**Development of BOXNHL wagon floor holding arrangement to maintain Camber**:-There was a problem of Camber in BOXNHL floor due to which buffer height is increased and wagon detained at final section by Inspection authority, result in delay in dispatch of wagon

as well as wastage of labour to rectify these defects. Now, a new BOXNHL wagon floor holding arrangement is developed in house to maintain Camber by ASRW staff to hold the ends of BOXNHL under frame floor tightly by screw arrangement, with use of this holding arrangement, the Camber and buffer height is maintained properly now, resulting in saving of time and labour and improved quality.

### 6.16.3 Alambagh Workshop

**Prototype Conversion of Hybrid Coach into Automobile Carrier cum Brake Van SNMGHSR**:- With increasing population of NMGs resulting in requirement of more number of last vehicle (brake van) for NMG rakes. Currently SLR/SLRD is being used as last vehicle for NMG rakes in which material loading cannot be done and thus causing loss of revenue to Railways. Hence, Railway Board nominated Alambagh Workshop to convert one Hybrid coach (LHB shell on ICF bogies) into Automobile carrier-cum-brake van in consultation with RDSO. AMVW became 1st workshop in Indian Railways to successfully convert one Hybrid Coach into Automobile Carrier cum Brake Van.

### 6.16.4 Development of device for Centre pivot shackle lock and pin

The inspection of the fitment of the centre pivot shackle lock and pin is inherently challenging due to its location inside the bolster, which prevents direct visual access. Traditionally, this inspection relies on experienced workmen who use their hands to assess the fitment within the confined space of the bolster.

To address this limitation, the UMB Division has developed an innovative device for inspecting the fitment of the centre pivot shackle lock and pin inside the bolster. The device incorporates a camera and a light mounted on a specially designed shaft. This setup allows clear visualization of the location through a mobile phone connected to the device. As a result, the fitment can now be inspected more easily and effectively.

### 6.16.5 Up-gradation of Brake van at Wagon Care Centre, TKD

Two Brake Van No. 87122215529 BVCM and 87151810122 BVCM were upgraded at Wagon Care Centre, Tughlakabad to improve safety, comfort and aesthetics.

### 6.16.6 Working model of Electro Pneumatic Pressurized Flushing system (EPPFS) at ANVT

A working model of Electro Pneumatic Pressurized Flushing system was conceptualized, fabricated and commissioned in sick line complex at ANVT on 07/04/2024, to augment staff knowledge about operation and maintenance of EPPFS system.

### 6.16.7 Introduction of New “Vande Bharat Express”

Two new Vande Bharat Express (VBE) Trains has been introduced in the year 2024-25 in NR.

| S. N. | TRAIN NO. | ROUTE | COMMERCIAL RUN STARTED ON |
|---|---|---|---|
| 1 | 22490/89 | MTC-LKO | 01-09-2024 |
| 2 | 22500/499 | BSB-DGHR | 16-09-2024 |

### 6.16.8 Innovative Cable Protection Solution: Flexible Conduit Steel with Asbestos Packing

EMU Car Shed, Ghaziabad, has introduced a novel solution to safeguard train line cables in MEMU coaches. A flexible conduit steel arrangement with asbestos packing, sourced from Patiala Locomotive Works, has been successfully provided in MEMU Motor Coach No. 30087. This has been provided in four train line cables each of approximate length of more than 30 meters on the roof ceiling & ending at jumper boards of end wall in the Coach.

**Key Features:**

- One-inch diameter flexible conduit steel with asbestos packing
- Provides protection against damage and theft
- Bears jerks, reducing damage risk
- First-time use in coaches, replacing traditional aluminium pipes

This innovative solution will be closely monitored for performance, with potential for wider proliferation across other cables.

## 6.17 HR Initiatives

### 6.17.1 Training under 'Rail Kaushal Vikas Yojana'

C&W Training Centre, GZB has been nominated to impart training to eligible candidates in the fitter and welder trade under 'Rail Kaushal Vikas Yojana'. 33 candidates (Fitter-24& Welder-09) completed their training in 2024-25.

### 6.17.2 Installation of working model of Bio Vacuum Evacuation system at C&W Training centre, Ghaziabad

A working model of Bio-Vacuum Evacuation System has been installed at C&W Training centre, Ghaziabad on 17-12-2024. This system is being used to impart practical training to induction course and refresher course trainees. With the help of this working model, Training centre/GZB has prepared & uploaded an educational video on their YouTube channel (Rail Gyaan Ganga GZB) regarding Bio vacuum evacuation system & it's enroute troubleshooting.

### 6.17.3 ON job training to loco pilot for online operation of 3-phase MEMU rakes

Whenever any unusual case arises online like malfunctioning of software, brake binding in 3-Phase MEMU coach, air leakage near air suspension bellow etc. LP/ALP/LPAS/LPG are not able to handle such situation which leads to major punctuality loss online. Hence, since Jan'2025, on job training for online operation of 3-Phase MEMU rakes are being organized at MEMU/SRE. As such total 157 nos. LPP/LPG/LPS have imparted the said training upto 28.02.2025. This will definitely control punctuality loss cases online.

### 6.17.4 Hydraulic testing of fire extinguishers used in MEMU coaches

Cumulative Hydraulic testing on 68 nos. fire extinguishers has been carried out, out of 84 nos. upto Feb'25. This will definitely enhance reliability of fire extinguishers used in MEMU train service.

### 6.17.5 Special drive for provision of insulation sleeve on battery box cover leg

Under special drive, insulation sleeve has been provided on battery box covers leg (connection terminal side) of conventional as well as 3-Phase MEMU motor coaches to avoid short circuit in between battery box cover arm and its terminal. During the year 24-25, this provision has been implemented in all 40 nos. MEMU motor coaches.

Provision of insulation sleeve on battery box cover leg

## 6.18 Staff Welfare Initiatives

During the review period, a total of 308 staff members have been promoted, comprising the following:

- 05 JE (Promoted through PQ)
- 49 Tech-I to Sr. Technician
- 181 Tech-II to Tech-I
- 57 Tech-III to Tech-II
- 16 Assistant/EMU to Tech-III

Additionally, **MACP (Modified Assured Career Progression)** has been granted to 04 EMU Supervisors. At present, there are no pending promotion cases in this cadre. These timely promotions and career advancements have significantly boosted the morale of staff and their families have positively reflected the image of Railways in the public domain.

### 6.18.1 Common facilities provided in all NR Workshops

- **Crèche:** In workshops where there is sizeable population of female employees, the facility of crèche has been provided. This enables the mothers to take care of their young children, while they are at work.
- **E-Kiosk:** The Kiosks help the employee see their status of leaves, passes, salary and other establishment details without any human intervention.

- **Changing Rooms & Lockers:** all Staff have been provided changing rooms and locker facilities. Separate toilet blocks for ladies called ping toilets have been provided for them.
- **Canteen:** Workshops have staff canteens that serve tea, snacks and meals at reasonable rates to the employees.
- **Health units:** Workshops have dedicated health Units within the premises to cater to emergencies in case of any injuries to the staff, while at work.
- **ATM:** Automatic teller machines have been installed inside the workshops for any emergent requirement of cash.
- **Library:** The railways has provided libraries inside the workshop for any literary pursuits by the workers at the workshop

- **Deluxe Toilets & Pink Toilet:** Toilets for ladies, equipped with pad dispenser and incinerator.
- A free medical awareness-cum health check-up camps were organized in NR Workshops time to time to create awareness on health issues and to extend the quality treatment for the various ailments.
- 09 emergency eye wash

fountains have been strategically installed at various locations in ASRW.

- Jagadhri Workshop organized 22 Grievance Redressal Camp in 2024-25 for facilitation of staff grievance regarding Accounts & Establishment.
- Jagadhri Workshop organized Pension Adalat time to time for the redressal of grievances related to Pension.

## 6.19 Enviroment and Housekeeping efforts

On June 5, 2024, Northern Railway celebrated World Environment Day with a focus on the theme “Land Restoration, Desertification, and Drought Resilience,” under the slogan “Our land. Our future. We are #Generation Restoration.”

The celebration commenced with GM/NR administering the “LiFE Movement” pledge to all attending officers, encouraging eco-friendly practices in daily life to reduce environmental impact. A factsheet on ‘Zero Waste Railways’ was presented, highlighting the Model Zero-Waste Railway Station and Railway Colony Initiative undertaken by Northern Railway in collaboration with the Government of Uttar Pradesh and German Development Cooperation (GIZ-India). A video documentary titled “Composting ki Pathshala” was unveiled, showcasing the composting unit. Mr. Vaibhav Rathi, Senior Technical Advisor on Climate Change and Circular Economy at GIZ, presented on the Miyawaki plantation technique used in Varanasi, demonstrating its benefits and rapid forest development. ACMS (H&FW), DLI division, provided an update on the “Model Zero Waste Colony” project running at SP Marg and San Martin Marg railway colonies. Dr. Ruby Makhija, Founder of Why Waste Wednesdays Foundation (WWWF), shared her experiences collaborating with Northern Railway officials and colony residents on this initiative. A talk on “Circular Economy Approaches in Construction” was also conducted, featuring insights from Mr. Shrashtant Patara, CEO of Development Alternatives, and Dr. Shashank Bishnoi, Professor of Civil Engineering at IIT Delhi. In addition, all divisions of Northern Railway celebrated World Environment Day 2024 with a variety of impactful activities, including webinars and seminars, the administration of the LIFE and Swachhata pledges to senior officers, branch officers, and staff, and widespread sapling plantations. Cleanliness drives were conducted alongside video and audio campaigns, signature and selfie points were set up for engagement, and cloth bags were distributed to passengers to promote sustainable practices. Banners, posters, and standees were displayed across divisions to raise awareness on pressing environmental issues, reinforcing Northern Railway’s commitment to a greener future.

- **Celebration of World Environment Day**: - All NR Workshops,Coaching Depots and Frieght depots observed World Environment Day on 5th June, 2024 keeping in line with the theme “Our land, Our Future” which focuses on land restoration, halting desertification, drought resilience and planted saplings in the premises of workshops.
- **Observance of Swachhata Pakhwada Campaign 3.0 at NR Workshops**: All NR Workshops observed Swachhata Pakhwada Campaign 3.0 from October 1st to 17th, 2024. A range of activities were organized to foster a culture of cleanliness and environmental responsibility such as administration of Swachhata Pledge, commemoration of Mahatma Gandhi Jayanti, intensive cleaning, solar power awareness initiative etc.

- **Development of Sculpture Park at KLKW**: Kalka Workshop has taken an initiative to develop Sculptural Park in front of empty space of Lab Section .All shops of Kalka Workshop were entrusted to develop sculptures from scrap available in the workshop to be displayed in the Sculptural. The utilization of scrap for making sculptures for display in park & transformation of area into a beautiful landscape by Sharmdaan of Kalka Workshop staff is a good initiative to explore the inherent skill of staff of Kalka Workshop.

- **Online Workshop on “Home Composting”**: An online workshop on the topic of “Home Composting”, with the aim of educating the residents of various colonies of Northern Railway on the benefits and techniques of home composting was organized on 12.07.2024. Ms. Jyoti Arora, a waste management consultant, was invited to be the guest speaker for

the workshop. The workshop was attended by officers and staff from all Divisions of NR, especially CHIs of various colonies.

- **Observance of Swachhata Pakhwada from October 1 to October 15, 2024**: Swachhta Pakhwada was effectively conducted from October 1 to October 15, 2024 by all the Divisions and workshops across the Northern Railway. The activities recommended by the Railway Board were executed successfully during the Pakhwada.

  Throughout the Swachhata Pakhwada, various activities such as intensive cleanliness drives were conducted to thoroughly clean tracks, stations, trains, pantry cars, washing lines, waiting rooms, toilets, water booths, solar panels, and other facilities. Special emphasis was placed on removing garbage from railway premises. To honor their contributions, safai-mitras were awarded certificates of commendation, fostering a spirit of healthy competition.

Chairman & CEO Railway Board administering Swachhata Pledge to Branch officers and staff at New Delhi Railway Station

Chairman & CEO Railway Board watching Nukkad Natak at New Delhi Railway Station

GM/NR,PHODs, PCME and DRM/DLI along with others participating in Shramdaan at New Delhi Railway Station

As part of the Swachhata Pakhwada Campaign, Northern Railway Headquarters Cultural Team presented a captivating Nukkad Natak on the theme “Swachhata Parmo Dharma” at the Central Lawn of Baroda House, Headquarters Office. The 10-member team, comprising eight male artists Mukesh Kumar, Aman Kumar, Bharat Bhushan, Harish Kumar, Anup KumarSanjay Mishra, Parivesh Khanna, and Dr. Sumit Malik and two female artists, Ms. Reena Mehra and Ms. Radha, delivered a powerful message promoting cleanliness and healthy surroundings. On the occasion, Harsha Dass, CPO/G, Ms. Archana Mittal CME/Planning, Sh. Abhishek Thakur, Dy.CPO/HQ and other senior officials of headquarters were present.

### Swachhata Hi Seva Campaign 2024

Swachhata Hi Seva Campaign 2024 was observed from 14th September to 1st October 2024 with the theme of ‘Swabhaav Swachhata - Sanskaar Swachhata’, with celebration of Swachh Bharat Diwas on 2nd October 2024. NR organized a series of activities and events for the curtain-raiser ceremony and throughout the campaign.

The initiative commenced with Railway personnel across all levels taking the Swachhata Pledge on September 17, 2024. Over the campaign period, 124 public workshops were conducted across NR, including a public awareness workshop on ‘Waste Management and Related Laws’ at NRHQ on September 20, 2024. This event was attended by approximately

400 officers and staff, and was graced by the General Manager, Northern Railway. Dr. Ruby Makhija, Founder of Why Waste Wednesdays Foundation and Secretary of the Residents' Welfare Association, Navjeevan Vihar Colony, Delhi, addressed the gathering and talked about waste segregation and reducing single-use plastic.

The campaign also featured walkathons, plantation drives (Ek Ped Maa Ke Naam), elocution competitions, street plays (Nukkad Nataks), sports events, rangoli and painting competitions, and selfie points to engage participants. A total of 1,422 CTUs were identified across NR, leading to the cleaning of 50,36,507 square meters area and the disposal of 5,653 tonnes of garbage. 438 health check-up camps were organized in which 3037 sanitation workers attended. 2443 PPE kits and safety gears were distributed to Safai Mitras to protect them from infectious diseases.

GM/NR administering the
"Swachhata Hi Seva" pledge

Plantation at NRHQ

**Special Campaign 4.0**

Special Campaign 4.0 was conducted across Northern Railway from October 2 to October 31, 2024, with a strong emphasis on promoting cleanliness in government offices and addressing long-pending matters, continuing the legacy of similar successful campaigns held in 2021, 2022, and 2023.

The campaign was structured in two distinct phases:

1. **Preparatory Phase (September 16–30, 2024):** Focused on data collection and setting specific, measurable targets.
2. **Implementation Phase (October 2–31, 2024):** Concentrated on achieving the set targets through systematic execution

The campaign emphasized key parameters such as the disposal of pending references, review and simplification of rules, effective records management, and comprehensive cleanliness within government offices. Activities under the campaign included cleaning of designated sites, office space optimization, aesthetic enhancement, and proper disposal of scrap materials.

Daily progress was documented and submitted to the Railway Board using a shared Google Sheet, accompanied by high-resolution photographs and videos showcasing the condition of campaign sites before and after the activities.

To enhance public participation, Rail Chaupals were organized under the tagline “Baat Karne Se Hi Baat Banti Hai” at major stations with high passenger footfall, as well as at other important locations. These open forums offered passengers a direct platform to share feedback and suggestions for improving cleanliness on railway premises.

As part of the intensive inspection drive, 54 major stations and 41 coaching depots/workshops/ store depots were reviewed by HQ officers from various departments. Ten of the worst geo-tagged spots were identified in each location, along with estimates of garbage to be removed, scrap to be disposed of, and space to be cleared.

**Consent to Operate (CTO) in terms of water/air act/statutory rules under EPA:**

During FY 2024-25, Consent to Operate (CTO) under the Water Act/ Air Act/ statutory rules of the Environmental Protection Act (EPA) was granted to two stations in DLI division—DLI and ANVT. With this, 50 out of 83 major stations have now obtained CTO. Additionally, the renewal of CTO for all 17 stations in the LKO division has been successfully completed, while the renewal process for 27 stations in the DLI, FZR, MB, and UMB divisions is currently in progress.

**ERW Works**

In FY 2024-25, 08 ERWs, totaling Rs. 13 crore, have been approved including four STPs at Prayag(PRG), Phaphamau(PFM), Prayag Sangam (PYGS) and Ayodhya Dham (AY) stations of LKO division, Extension of ACWP at SVDK and Augmentation of existing STP in Rail vihar colony, UMB division etc. Currently, Rs. 6.5 crores ERW fund is available with HQ EnHM Wing.

## 6.20 Passenger Amenities

### 6.20.1 Passenger amenities work in DEMUs (Specially in Kashmir Valley area)

- For increase passenger safety and comfort, old seats and broken windows are replaced with new and upgraded one.
- Bio vacuum toilets are repaired/fitted in DEMU coaches of BDGM for better service of passengers.
- Mobile charging sockets have been provided.
- Modular switch assemblies are fitted for better aesthetics.
- Stainless steel luggage rakes are fitted for better durability and aesthetics.
- Panels of coaches have been improved. FRP panels are provided instead of conventional panels.

### 6.20.2 Provision of upgraded linen

Newly developed premium linen collection with increased durability was introduced for the first time in Indian Railway in Ranchi Rajdhani and Bilaspur Rajdhani after rigorous R&D in consultation with Bureau of Indian Standards for providing comfortable and hygienic bed-roll services to passengers at par with hospitality industry. This effort was highly appreciated by Rly Bd and now Rly Bd has advised N.Rly to make centralized procurement of above mill-made linen

items for all Zonal Railways covering all Rajdhani, Duronto, Tejas, Humsafar and all fully AC express trains.

### 6.20.3 Fitment of IOT based water level monitoring system in T. No. 12436 at ANVT

The rake of train no. 12436 Anand Vihar-Jayanagar Garib Rath has been provided with IoT based water level monitoring system. In this system, a hydrostatic pressure sensor and LoRa WAN-based communication is used to indicate the water level in coach. Whenever the water level goes beyond 40%, 10% and 0% below the designed capacity of the tank, the system generates an alert notification promptly on the mobile phone/PC so that action can be taken accordingly for replenishment of water at next watering point. The system has been integrated with CMM.

### 6.20.4 Maintenance of Kumbh Special rakes

Primary maintenance and Terminal examination of 257 & 626 Kumbh Special rakes respectively was attended in Lucknow Division.

### 6.20.5 Commissioning of LHB rakes for USBRL section

04 LHB rakes have been commissioned for operation in USBRL section having special features such as thermally insulated double walled under slung water tanks, self-regulating heat tracing cable i.e. high power output at low temperature & vice versa with nitrile rubber insulation and

aluminium cladding along water pipeline to prevent water in pipe from freezing and to retain heat, provision of geyser for warm water in taps, heat-insulated bio-tanks, enhanced heating capacity of RMPU (Roof Mounted Package Unit) from 6 kW to 7.5 kW & automatic sliding plug doors with better sound insulation.

## 6.21 Performance Of Mechanical Engg. Dept during 2024-25

| SN | Parameters | Target for 2024-25 | Performance | | | | | | Best Ever | |

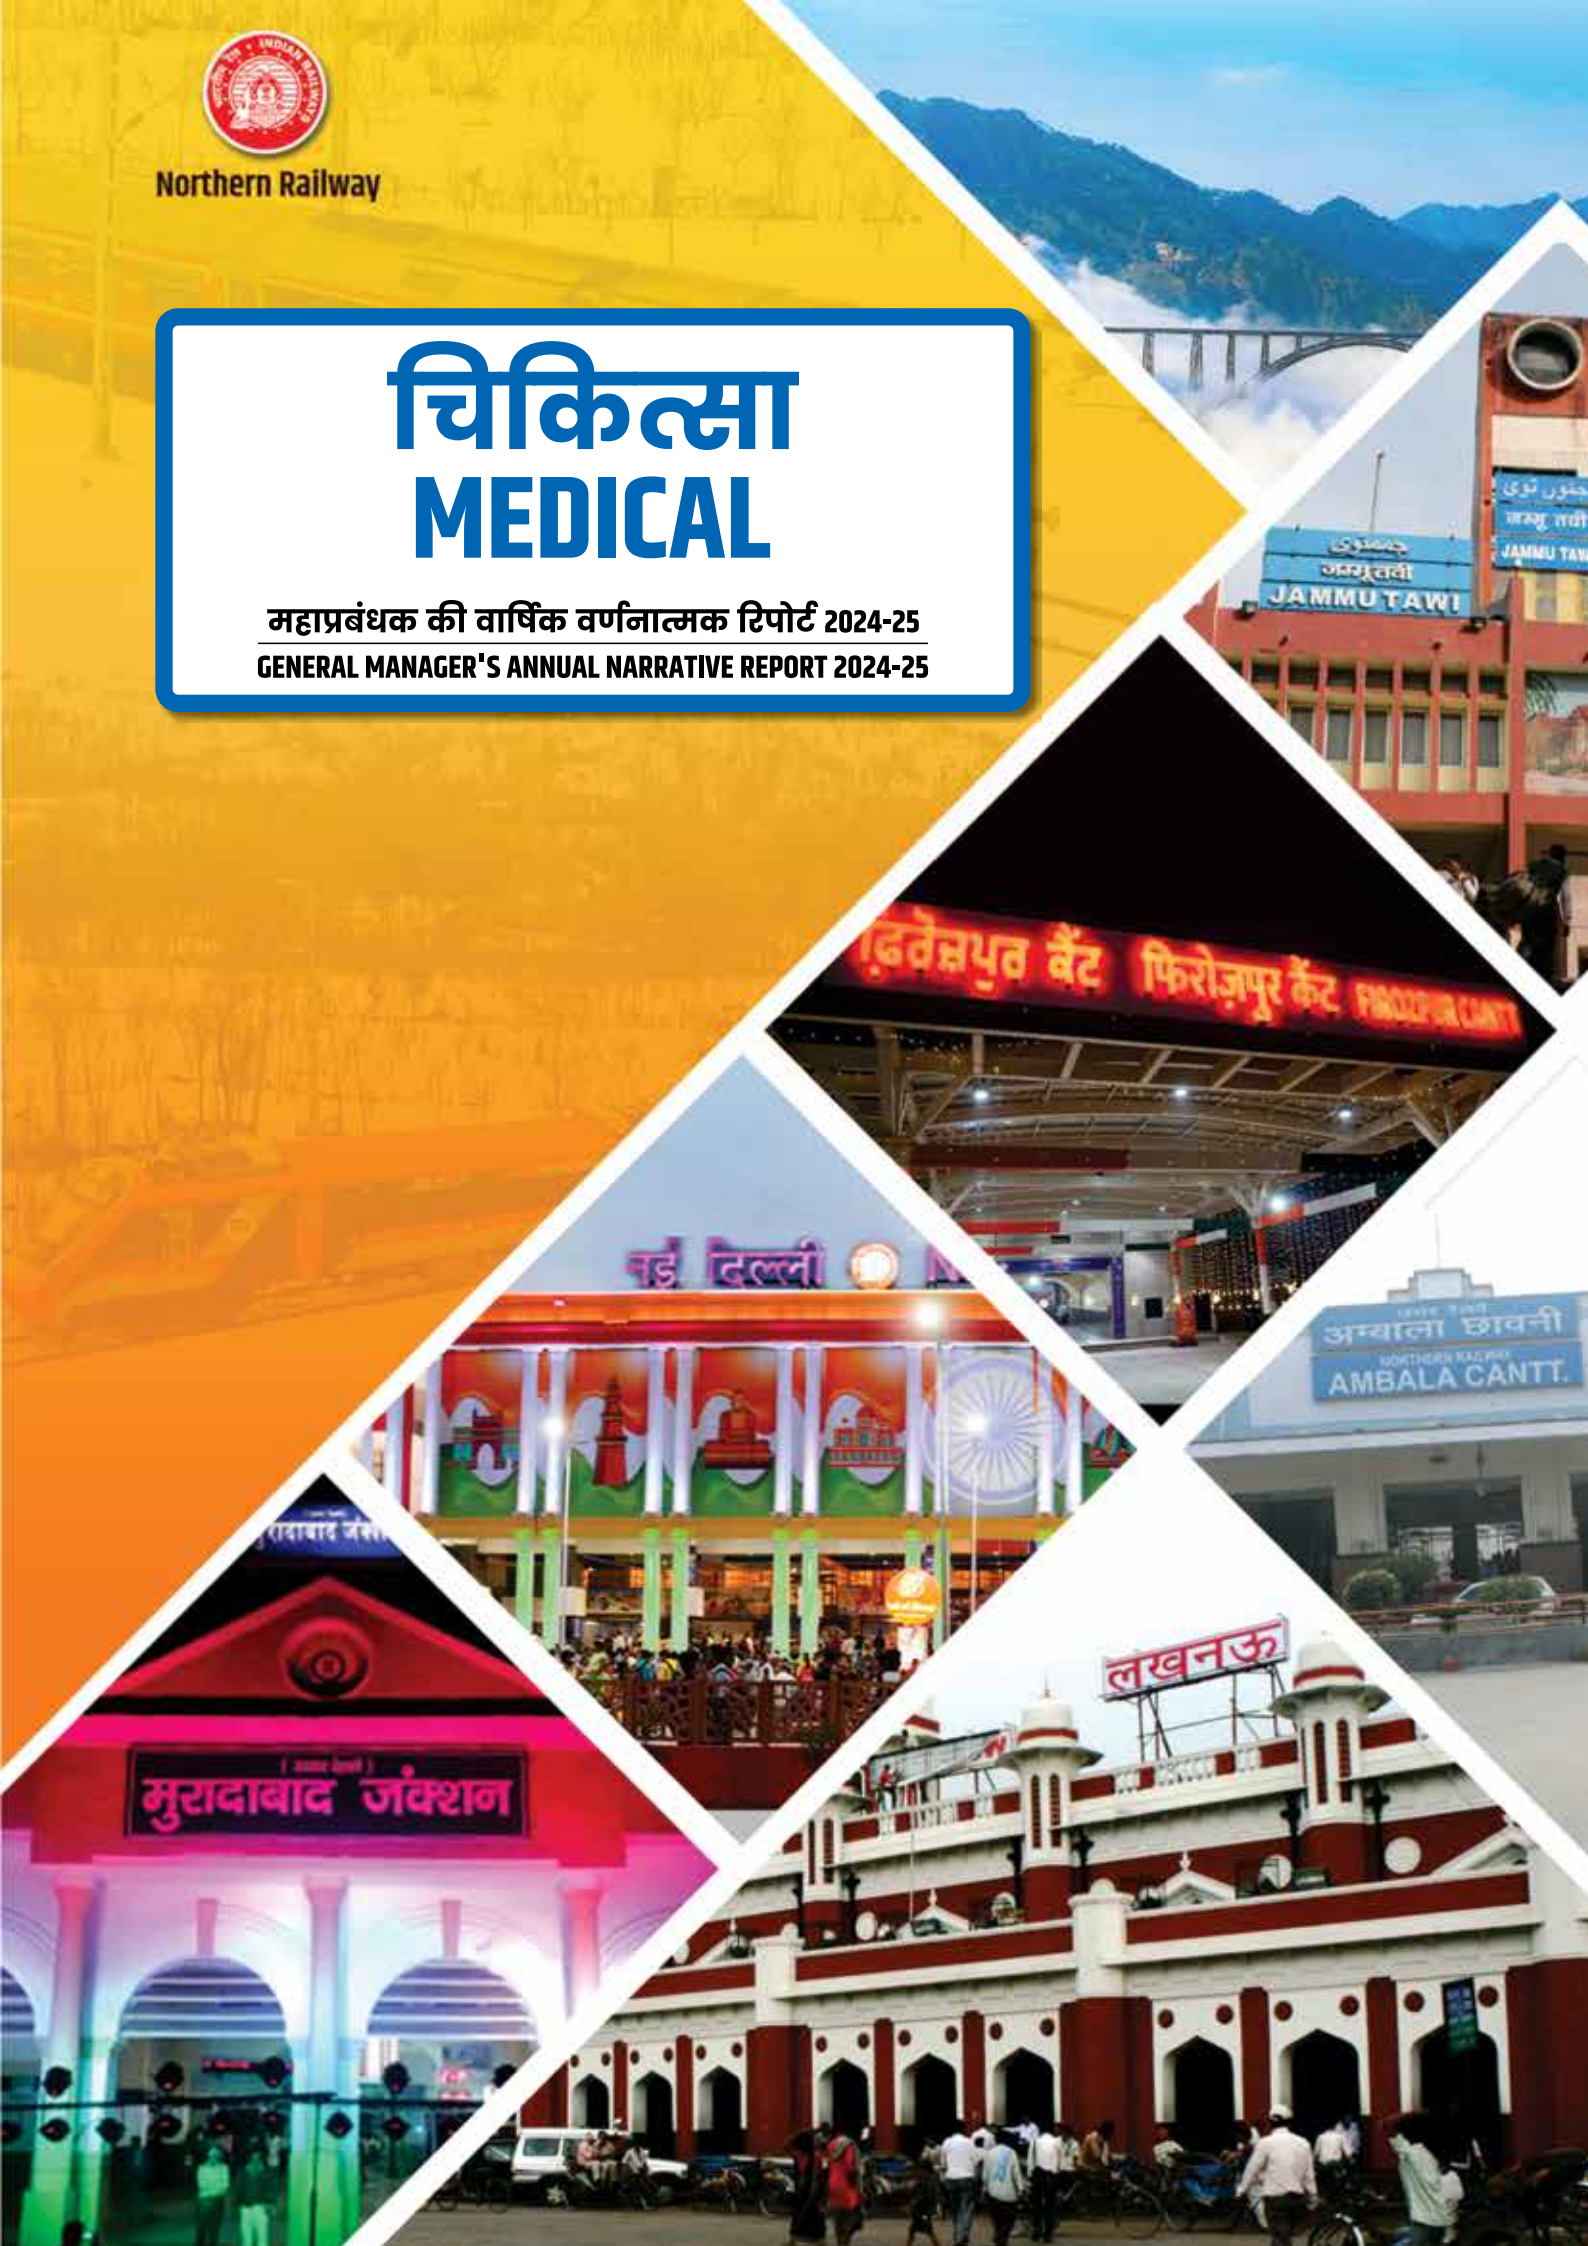
## GENERAL MANAGER'S ANNUAL NARRATIVE REPORT 2024-25



# CHAPTER - VII

## 7.1 About the Department

Northern Railway Network passes through the states of Uttar Pradesh, Haryana, Punjab, Himachal Pradesh, Jammu & Kashmir, Delhi and Union Territory of Chandigarh. The Railway System extends right from the hills of Himalayas in north and covers the best part of Gangetic plains.

The Medical Department of Northern Railway provides comprehensive health care services comprising of preventive, promotive, curative and rehabilitative care to Railway population and beneficiaries. Bonafide passengers who take ill during their journey are also given medical assistance, on payment as per the norms stipulated by the Railways. It has an important role in the functioning of this Railway by: Provision of Curative, Preventive, Promotive and Rehabilitative Health Services.

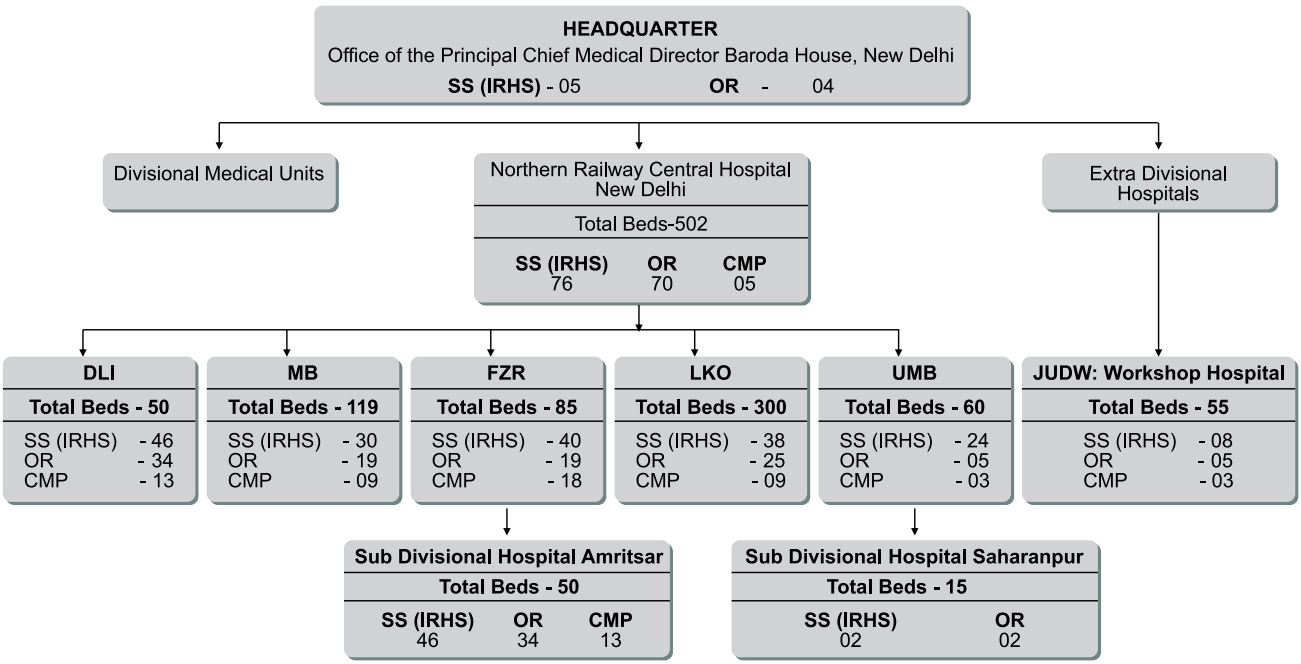
Occupational Health Services, including pre-employment and in-service Periodical Medical Examinations, Examination under Workmen's Compensation Act, monitoring of safety environment of Workshops etc.

- Medical relief during Railway Accidents.
- Emergency Medical assistance to Railway passengers who take ill during their journey.
- Implementation of Food Safety and Standards Act within Railway premises.
- Monitoring of quality of drinking water in Railway Stations and Railway Colonies. Monitoring of Surface sanitation of certain Railway Colonies and some nominated Railway Stations.
- Reproductive and Child Health Services including Family Welfare and immunization of vulnerable groups.
- Implementation of National Health Programmes.

### Medical Department is committed to the Mission Statement, Which is

**"Total Patient Satisfaction Through Humane Approach & Shared Commitment of every single Doctor and Paramedic to Provide Quality Health Care Using Modern & Cost Effective Techniques and Technologies."**

## ORGANIZATION CHART OF MEDICAL DEPARTMENT



### 7.1.1 Establishment

Northern Railway has an established chain of medical care institutions under its jurisdiction to cater to the needs of about 1,29,262 Railway employees and their families 2,71,949 and 1,28,523 Retired Railway beneficiaries.

### 7.1.2 Categories of Institutions

| | | |
|---|---|---|
| (i) | Central Hospital, New Delhi | 01 |
| (ii) | Divisional Hospitals Delhi, Lucknow, Moradabad, Ambala, Firozpur | 05 |
| (iii) | Sub-Divisional/ Workshop Hospitals Amritsar, Saharanpur, EDH/ Jagadhari Workshop | 03 |
| (iv) | Health Units | 62 |

| S N | Division/ Under control of Hospital | No. of Health Units | Name of Health Units |
|---|---|---|---|
| 1. | NRCH/ NDLS | 06 | S. P. Marg, Basant Lane, Baroda House, Tilak Bridge, Sarojini Nagar, Lajpat Nagar. |
| 2. | Delhi | 17 | Tuglakabad, Anand Vihar, Shakur Basti, Punjabi Bagh, Delhi Kishan Ganj, Delhi Shahdara, Arya Nagar/GZB, Bhoor Sen Colony/GZB, Faridabad, Sonipat, Jind, Panipat, Rohtak, Meerut City, Shamli, NOIDA, GURUGRAM. |
| 3. | Moradabad | 11 | Balamau, Roza, Shahjanpur, Hapur, Chandausi, Najibabad, Haridwar, Dehradun, OSG/Jharipani,, Laksar, Bareilly. |
| 4. | Lucknow | 12 | Hazrat Ganj, C&W/LKO, Loco Workshop/LKO, Running Shed, Sultanpur, Unnao, Partapgarh, Varanasi, Faizabad, Jaunpur, Barabanki, Rae-Bareli. |

| | | | |
|---|---|---|---|
| 5. | Firozpur | 10 | Amritsar M, Amritsar Workshop, Ludhiana, Jalandhar City, Jalandhar Cantt, KotKapura, Pathankot, Jammu Tawi, Sri Mata Vaishno Devi Katra, Badgam. |
| 6. | Ambala | 05 | Shimla, Bhatinda, Dhuri, Kalka, Chandigarh. |
| 7. | JUDW | 01 | Sonepat (RCNK) |
| | **Total** | **62** | |

### 7.1.3 Lockup Dispensaries/First Aid Post : 04

The locations of lock-up dispensaries are as follows:

| S. N. | Division | No. | Name of dispensaries/First Aid Post |
|---|---|---|---|
| 1. | Delhi | 1 | S&T Workshop/GZB (First Aid Post), |
| 2. | Moradabad | 2 | Hardoi & South Colony Harthala |
| 3. | Firozpur | 1 | Bajnath Paprola |
| | **Total** | **04** | |

### 7.1.4 Man Power Resources

The sanctioned strength of staff is 267 Medical Officers (Including 06 Dental Surgeons),10 Assistant Nursing Officers, 01 Assistant Health Education Officer, 02 Assistant Pharmacy Officers, 01 Assistant Health Officers and 01 Designated Officer & 04 Food Safety Officers (group-C), 1211 paramedical group 'C' employees including ministerial Staff and 1947 Group 'D' employees. Northern Railway Central Hospital is recognized for imparting training to 30 Sr. Residents, 73 DNB, 09 Jr. Residents. Vide Railway Board letter no.2015E(GC)10-2(IRHS) (64) 26/08/2022 cadre review of IRHS done by Railway Board, sanction strength of IRHS is over NR now 267.

### 7.1.5 Sanctioned Cadre

## 7.2 Performance of Medical Department during the year

### 7.2.1 Curative Services

| S No. | Particulars | 2024-25 | 2023-24 |
|---|---|---|---|
| (A) | No. of Hospital beds per 1000 Employees | 9.77 | 8.72 |
| (B) | No. of Indoor-patients treated | | |
| | (i) Males | 17935 | 20343 |
| | (ii) Females | 16494 | 16464 |
| | **Total** | **34429** | **36807** |
| (C) | Bed Occupancy Ratio | **47.79** | **45.32** |
| (D) | No. of bed days per patient | **5.09** | **5.45** |
| (E) | No. of outdoor patients | | |
| | (i) Males | 848588 | 1042184 |
| | (ii) Females | 718688 | 765500 |
| | **Total** | **1682206** | **1807684** |
| (F) | No. of operations performed | | |
| | (i) Major | 7337 | 7015 |
| | (ii) Cataract | 2063 | 2155 |
| (G) | Diagnostic | | |
| | (i) Investigations | 2921881 | 2692236 |
| | (ii) No. CT Scans/MRI's | **21880** | **21258** |

### 7.2.2 Mandays Lost :

| | Particulars | 2024-25 | 2023-24 |
|---|---|---|---|
| 01 | Total no. of RMC issued | 28103 | 31388 |
| 02 | Total no. of Mandays Lost on RMC | 485326 | 505095 |
| 03 | Average days per RMC | 20.28 | 16.09 |
| 04 | Total no. of certificate issued on IOD | 925 | 1033 |
| 05 | Total no. of Mandays Lost on IOD | 23836 | 26421 |
| 06 | Average days per Certificate | 21.46 | 25.57 |
| 07 | Total no. of certificate issued on PMC | 1931 | 2304 |
| 08 | Total no. of Mandays Lost on PMC | 46115 | 61646 |
| 09 | Average days per certificate | 30.57 | 26.75 |

### 7.2.3 Financial provisions and expenditure:

The detailed budgetary provision and expenditure for 2024-25 compared to 2023-24 is as follows:

(Rupees in Thousands)

| Budgetary Head | Particulars | 2024-25 Final Grant | 2023-24 Revised | 2023-24 AE |
|---|---|---|---|---|
| 210 | Medical services-control & superintendence at HQ and Divisions. | 2924895 | 297,30,37 | 264,45,97 |
| 220 | Hospitals and Dispensaries excl. cost of Medicines | 14731 | 13.70 | 1,04,29 |
| 230 | Cost of Medicines | 1433919 | 137,64,23 | 108,12,79 |
| 240 | Reimbursement of Medical expenses/referrals to private empanelled Hospitals | 3100519 | 221,85,68 | 170,74,68 |
| 250 | Public Health | 0 | 14,73 | 0 |
| 260 | Maintenance of equipment's | 87650 | 10,87,13 | 5,76,36 |
| 270 | Cashless Treatment Scheme | 0 | 0 | 0 |
| 280 | (ABPM-JAY) | 0 | 0 | 0 |
| 310 | Health & Family Welfare Services:- Sanitation in Rly Colonies. | 728353 | 82,45,98 | 79,92,89 |
| | **Grand Total** | **8290067** | **6,38,46,18** | **5,52,61,16** |

## 7.3 Public Health

Northern Railway Medical Department provides sanitation services in nominated Railway Colonies. Engineering Branch looks after water supply including Chlorination of drinking water. Joint inspections are carried out along with Engineering Officials covering the aspects of functioning of chlorination plants, drinking water storage tanks, condition of D.W. distribution system etc. The quality of drinking water is monitored regularly as per laid down schedules. The results of tests i.e. the presence or absence of residual chlorine and bacteriological quality are advised to Engineering Branch from time to time. Medical Branch carries out the monitoring of food quality including the hygienic upkeep of catering establishments, medical examinations of food handling staff. FSSA Act provisions are implemented in Railway areas. Joint inspections are carried out along with the Officials of Commercial Branch covering aspects of sanitation of stations, upkeep of catering establishments etc. The results of tests of food samples lifted under quality control are advised to respective branches for appropriate action wherever necessary. The FSSA defaulters are prosecuted as per the provisions of the FSSA Act.

### 7.3.1 Status of Food Samples under FSSAI & Quality Control

| S. No. | FSSAI | 2024-25 | 2023-24 |
|---|---|---|---|
| i) | No. of food samples collected under FSSAI | 221 | 220 |
| ii) | No. of unsatisfactory reports received under FSSAI | 4 | 08 |
| iii) | No. of Cases filed for adjudication | 4 | 10 |
| iv) | No. of prosecutions launched under FSSAI | 0 | 0 |
| v) | No. awarded punishment under FSSAI | 5 | 1 |

### 7.3.2 Family Welfare & other National Programmes

Medical Organization provides Family Welfare Services to Railway population and the Community.

| S. No. | Achievement in | 2024-2025 | 2023-2024 |
|---|---|---|---|
| 1. | Sterilizations | 104 | 161 |
| 2. | IUD's | 125 | 310 |
| 3. | BCG | 1190 | 8497 |
| 4. | DPT | 4609 | 2449 |
| 5. | Measles | 2022 | 1827 |
| 6. | TT (PW) | 1965 | 1730 |

Universal Immunizations Programme for children and expectant mothers is an ongoing activity.

### 7.3.3 Immunization:

| SN | Division | BCG | DPT 3rd dose | OPV 3rd dose | Measles | TT (PW) |
|---|---|---|---|---|---|---|
| 1 | NRCH | 788 | 5701 | 2518 | 701 | 917 |
| 2 | Delhi | 02 | 157 | 157 | 155 | 88 |
| 3 | Lucknow | 180 | 301 | 301 | 642 | 465 |
| 4 | Moradabad | 99 | 592 | 592 | 252 | 118 |
| 5 | Firozpur | 83 | 36 | 44 | 55 | 196 |
| 6 | Ambala | 56 | 96 | 96 | 134 | 157 |
| 7 | JUDW | 0 | 41 | 37 | 67 | 42 |
| | **TOTAL** | **1208** | **6924** | **3745** | **2006** | **1983** |

### 7.3.4 Division – wise Family Welfare Activities (2024-2025)

| SN | Division | Sterilizations | IUD Insertion |
|---|---|---|---|
| 1 | NRCH | 71 | 79 |
| 1 | Delhi | - | 07 |
| 2 | Lucknow | 9 | 10 |
| 3 | Moradabad | 4 | 5 |
| 4 | Firozpur | 10 | 3 |
| 5 | Ambala | 12 | 24 |
| | TOTAL | 35 | 128 |

(Figures of NRCH are included in Delhi, JUDW in Ambala)

## 7.4 Sanitation

Medical Department of Northern Railway is responsible for sanitation of Northern Railway Hospitals, Northern Railway Health Units and Railway Colonies.

## 7.5 HIV/AIDS Prevention & Control Programme

| SNo. | Division | Tests done | Found +ve | Deaths |
|---|---|---|---|---|
| 1 | NRCH/NDLS | 12587 | 46 | 0 |
| 2 | Delhi | 596 | 02 | - |
| 3 | Lucknow | 6908 | 8 | 0 |
| 4 | Moradabad | 2197 | 03 | 0 |
| 5 | Firozpur | 1337 | 2 | 0 |
| 6 | Ambala | 383 | 0 | 0 |
| 7 | JUDW | 375 | 1 | 1 |
| | **TOTAL** | **24383** | **62** | **1** |

- No. of HIV/AIDS patients on ART : 94+
  (Positive patients advised ART continued medicine by Health units)
- Availability of Blood Bank : Yes

## 7.6 Drinking Water Quality

The number of samples collected for bacteriological quality during the year was 4547 and 95.88% of samples were found to be conforming to the quality standards.

**Division-wise Water samples tested for Bacteriological Quality**

| S.No. | Division | Collected | No. of found fit | % age fit |
|---|---|---|---|---|
| 1 | Delhi | 885 | 885 | 100% |
| 2 | Moradabad | 392 | 375 | 95.66% |
| 3 | Ambala | 790 | 790 | 100% |
| 4 | Firozpur | 1197 | 1176 | 98.24% |
| 5 | Lucknow | 1271 | 1122 | 88% |
| 6 | JUDW | 12 | 12 | 100% |
| | **TOTAL** | **4547** | **4360** | **95.88%** |

**Division-wise Water samples tested for Residual Chlorine**

The number of samples collected for the presence of Residual Chlorine was 89697, out of which 81.78% had the required amount of Residual Chlorine.

| S. No. | Division | Collected | No. of found fit | % age fit |
|---|---|---|---|---|
| 1 | Delhi | 23988 | 23628 | 98.49% |
| 2 | Moradabad | 17528 | 14407 | 82.19% |
| 3 | Ambala | 16149 | 16149 | 100% |
| 4 | Firozpur | 13753 | 7880 | 57.29% |
| 5 | Lucknow | 15345 | 8359 | 54% |
| 6 | JUDW | 2934 | 2934 | 100% |
| | **TOTAL** | **89697** | **73357** | **81.78%** |

## 7.7 Surveillance of Communicable diseases

Northern Railway has been actively participating in the implementation of National Health Programmes viz. Control of Malaria, Filaria and other Vector Borne Diseases, Control of Tuberculosis, AIDS Awareness etc. Surveillance is also kept on various other communicable diseases. No communicable disease in epidemic proportions was reported during the year.

**Communicable Diseases**

A statement showing the no. of attacks and death due to various diseases is as follows:-

| S. No. | Name of disease | No. of attacks | No. of Deaths |
|---|---|---|---|
| 1. | Cholera | - | - |
| 2. | Plague | - | - |
| 3. | Small Pox | - | - |
| 4. | Malaria | 21 | - |
| 5. | Other fever/ Enteric fever | 23908 | - |
| 6 | Tuberculosis | 361 | 03 |
| 7. | Leprosy | - | - |
| 8. | Diphtheria | 01 | - |
| 9 | Other cases (Influenza, Mumps, Measles, Chicken Pox, Whooping Cough etc.) | 210 | - |

## 7.8 Health Education:

The importance of Health Education is recognized in Northern Railway. Continuous efforts were made to impart Health Education to various sections of Railway population through Multi-Purpose Health Drives. Medical Officers and paramedical staff gave regular lectures on health topics in various Training Courses. Railway beneficiaries were educated on health related subjects at Railway Health Units.

## 7.9 Training:

Northern Railway is conscious of the importance of in-service Training as a tool for Human Resource Development. Medical Officers were motivated to participate in the Continuing Medical Education Programme. Following steps were taken in this direction to facilitate their attendance:

- Arranging CME programs.
- On line Seminars were conducted.
- Oriental Training Programme were conducted time to time.

### A. Gazetted Staff:

| S. N. | Medical Officers | Nos. |
|---|---|---|
| 1. | Total No. of UPSC selected doctors working as GDMO/Specialists | 193 |
| | i) GDMO | 60 |
| | ii) Specialists | 133 |
| 2. | Total No. of Doctors attending scientific conferences, once during the year while working as | |
| | i) GDMO | 16 |
| | ii) Specialists | 72 |
| 3. | Total No. of Doctors attending scientific conferences twice during the year while working as specialist. | 72 |
| 4. | Number of doctors who underwent professional training of one week more duration | 2 |
| | i) Total number of SAG Medical Officers | 97 |
| | ii) Number of SAG Medical Officer who attended Hospitals administration training of one week or more duration. | 01 |

### B. Training Programme Paramedical:

Training was provided to medical personnel like H&MIs, Nurses, Office Supdt., Safaiwalas, HAs, Radiographers. The modules of training for Group "C" & "D" staff were used with some modifications. Matrons, Health & Malaria Inspectors, Office Staff were also sent for Management Development Programmes for senior supervisors.

| S. No. | Training of Paramedical Personnel | Nos. |
|---|---|---|
| 1 | Total number of Paramedical Personnel | 1741 |
| | Number of Paramedical Personnel trained in-house | 1572 |
| | Number of Paramedical Personnel deputed for training to outside institutions | 02 |

## 7.10 Non-Railway Earnings

There was decrease in the earnings from Non-Railway sources. Amount collected Rs. 87,47,643/- during the year 2024-25 as against 1,17,70,745/- in the previous year.

## 7.11 Division wise position of St. John Ambulance Brigade:

| S N | Division | Ambulance | Nursing | Cadet |
|---|---|---|---|---|
| 1 | Delhi | 12 | 05 | 850 |
| 2 | Ambala | 01 | 0 | 35 |
| 3 | Moradabad | 0 | 0 | 0 |
| 4 | Lucknow | 58 | 19 | 39 |
| 5 | Firozpur | 0 | 0 | 0 |
| 6 | JUDW | 0 | 0 | 0 |
| | **TOTAL** | **71** | **24** | **924** |

Co-operation was sought and assistance was obtained from various Voluntary Organizations wherever necessary to supplement the Administration's efforts in implementing the National Health Programme. NRWWO, St. John Ambulance Brigade and The Bharat Scouts and Guides have given their valuable assistance in implementing F.W. programmes, Pulse Polio Immunization, First Aid in fairs and festivals etc. Financial assistance was provided to needy employees suffering from chronic diseases such as TB, Cancer and Leprosy from CSBF.

## 7.12 Accident Relief :

There are 12 ARME Scale-I and 46 ARME Scale-II on Northern Railway to provide rescue and relief at the time of accidents. ARME Scale-I of SRE is of Self Propelled type. The locations of ARME are as follows:

| | Division | ARME Scale-I | ARME Scale-II |
|---|---|---|---|
| 1 | Delhi | Delhi | Jakhal, Rohtak, Panipat, Kurukshetra, Muzaffarnagar, Shamli (6) |
| 2. | Lucknow | Lucknow, Ayodhya | Unnao, Barabanki, Raibareli, Sultanpur, Jaunpur, Janghai, Shahganj, Akbarpur, Unchahar, Haldargarh, Varanasi (11) |
| 3. | Ambala | Ambala, Saharanpur, Bhatinda | Shimla, Dharampur (H.P), Kalka, Dhuri, Nangal Dam, Sirhind, (6) |
| 4. | Firozpur | Firozpur Cantt, Ludhiana, Pathankot, Amritsar, Badgaon. | Fazilka, Moga, Jammu Tawi, Mukerian, Kotkapura, Baijnath Paprola, Kangara, Patti, Batala, Nawanshahar, Jalandhar City, LohianKhas, Udhampur, Banihal, BDGM (15) |
| 5. | Moradabad | Moradabad, Roza, Haridwar | Dehradun, Laksar, Najibabad, Hapur, Chandausi, Bareilly, Balamau, Shahjehanpur (8) |
| | **Total** | **14** | **46** |

## 7.13 The Highlights of 2024-25

**MD/NRCH: Details of New technologies introduced during the year 2024-2025.**

### 1 Ophthalmology

- New 2nd generation anti VEGF injection Faricimab (VABYSMO) approved for Diabetic macular edema, Age related macula disease, retinal venous occlusion now started in NRCH for all eligible patients of retinal diseases.
- Ahmed Glaucoma Valve (AGV-GDD Glaucoma Drainage device) now being implanted in patients of advanced glaucoma disease.
- Toric EDOF PCIOL (intra intraocular lens with cylindrical power with near and distant vision capability) lenses now being implanted for eligible patients.

- OCT Angiography (TOPCON- OCTA) machine installed capable of doing retinal angiography without the need of injecting dye to the patient, this equipment is also capable of OCT swept source, glaucoma RNFL measurement and anterior segment OCT for corneal evaluation available for the patients.
- LIO - Retinal Laser machine (QUANTEL) installed for doing Laser procedures for various retinal diseases in patients.

**2 Dental Department:-**

- A new state of the art Hi Tech Dental unit with latest technology and accessories installed in October 24.
- Latest digital dental radiography machine, Cordless RVG installed in November 24.
- One more Dental chair and unit with latest accessories was installed in Dental OPD.
- Hemi-mandibulectomy done in a case of pathological fracture due to osteomyelitis.
- Sub-mandibular intubation given in many cases of pan-facial bones fracture fixation.
- Buccal pad graft repositioning done to repair defect after excisional biopsy of a growth in cheek.
- Buccal advancement flap surgery done in a case of localised gingival recession.
- Absolute alcohol injection block given in the management of a case of trigeminal neuralgia

**3 Dermatology Department:-**

- Fractional Co2 Laser.

**4 Orthopedics Department:-**

- Spine Endoscopy- Biportal.
- Spine Endoscopy-Uniportal.

**5 Anesthesia Department:-**

- Introduced Pain clinic this year with a visiting pain consultant Given lots of new blocks.
- USG shoulder prolotheraphy for shoulder pain
- PRP block given in shoulder joint
- Adenolysis done of subscapular ligament
- Transforaminal Nerve block given under fluoroscopy guidance
- Greater occipital, Suboccipital nerve block given with alcohol neurolysis
- Caudal epidural + Facet joint block
- Right median nerve release done for carpel tunnel syndrome
- Sacroilliac joint block with
- Genicular nerve block given with cooled radiofrequency under USG
- Cervical epidural
- Trigeminal Nerve block given under Fluoroscopy guidance

- Costoclavicular block.
- Rectus sheath catheter for giving pain relief over prolonged period.
- Self releasing Elastomeric pumps with epidural catheters for pain relief in cancer patients and patients with multiple rib fractures.
- Introduced Ultrasound Guided.
- Assessment of gastric volume.
- Putting Subclavian catheters for dialysis.
- Cooled radiofrequency genicular nerve blocks.

**6 ENT Department:**

**BONE CONDUCTION HEARING IMPLANT SURGERY**

A bone conduction hearing implant surgery was done on a 41-year-old patient, a technician from UMB having Treacher-Collin syndrome with absent auricles and multiple middle ear problems. Previously, the patient had undergone a Bone Conduction Hearing Implant surgery at PGI/CDG 10 years back on the left side. The previous Bone Conduction Hearing Implant had become non-functional and outdated. The patient was taken for surgery with the latest model of Bone Conduction Hearing Implant (Medel Bone Bridge) in December 2024.

Switch-on of the external device was done three weeks after the surgery, which showed that the patient was hearing with the bone conduction hearing implant.

This was a very rare case and the surgery is a rare surgery. This was the first time that Surgery was done in NRCH/NDLS.

**7 Gynae Department:**

- Informative videos are being prepared and displayed in waiting area of GOPD for better understanding and involvement of patient and family in care of the patient and helping them in achieving a better lifestyle.
- More Advanced Laproscopic and Hysteroscopic cases are being done in our department.
- Laproscopic excision and suturing of scar ectopic.
- Laproscopic Myomectomy for Cervical Fibroid.
- Hysterescopic guided Septoplasty.
- Recently adopted policy of Labour Companion.
- Insertion of Subdermal Implants.

**8 Microbiology Department:**

**New tests introduced -**

- Galactomannan Aspergillus Antigen test.
- HSV 1/2 DNA Qualitative PCR & MTB-INH Resistance PCR test.

- Qualitative PCR for Scrub typhus and
- Qualitative PCR for Leptospira

  New equipments installed -
- Fully Automated Enzyme Linked Fluorescent Assay Immunology Analyzer (VIDAS)
- Lateral Flow Assay Reader (Cube Reader)
- Micro-centrifuge
- Centrifuge Machine for 50 ml Falcon® Tube
- Dry Bath
- Tissue Homogenizer
- Nos. of Bacteriological incubators (Small)
- Hot Air Oven Small
- Bio-Safety Cabinet CLASS - II, B-2
- VDRL Shaker
- Aerial Disinfection System
- Real Time Quantitative Micro PCR Analyzer (TrueNat)
- Deep Freezer (-80°C)

  Research and publications-
- Publications by the department in year 2024-25
- in National Journal & 3 in International Journals
- Case report & 3 Original research articles.
- Teaching Program
- DNB Microbiology broad speciality course started - 1st Batch of 02 post - MBBS DNB trainees joined in the department.

**9 Surgery Department:-**

- Total Thoracoscopic Laproscopic Esophagectomy for Esophageal cancer
- Lap Radical gastrectomy with use of orvil for esophagojejunosomy Lap Radical cholecystectomy for gallbladder cancer
- Video assisted Thoracoscopic surgery for mediatinal tumor
- Video assisted Thoracoscopic surgery for lung resection
- Laproscopic bile duct excision & Hepaitcojejunstomy
- Laproscopic total colectomy
- Laser ablation of prostate
- Laser lithotripsy
- Laproscopic partial nephrectomy
- Laser ablation of varicose vein
- Laser ablation of fistula & hemorroid

**Delhi Division:-**

**New Medical Equipment:-**

A YAG Capsulotomy machine was installed in the Eye OPD at NRDH and inaugurated by DGRHS on 10.07.2024. A Centrifuge Diagnostic Machine was inaugurated by CMS/DLI on 11.07.2024.All medical equipment's are under AMC and functional.

**Lucknow Division**

**Details of New technologies introduced during the year- 2024-25:-**

- BRBAE (Birth registration Based Aadhar Enrolment) – Total number of enrolment till date 58.
- Dental X-Ray Machine with RVG.
- CSR: - 2 industrial RO filter machine of 150 litres capacity were installed on 6th, January 2025 at NRDH through CSR by Northern Railway Co-operative Bank.
- In January 2025, an MOU was signed with RFREC Lab for testing the Food samples under Lucknow Division
- In 2025, the Charbagh Station and the Northern Railway Divisional Hospital, Lucknow canteen received the 'Eat Right' certificate from FSSAI.
- In 2025, for the first time in the Lucknow Division, a fogging contract was implemented in Alambagh and Charbagh for the prevention of mosquito-borne diseases.
- Play Room for children admitted in NRDH.
- Open Gym for patients at NRDH.

**Firozpur Division**

**Details of New technologies introduced during the year- 2024-25:-**

- Outsourced ambulance is available at DH/FZR, HU/LDH and proposals are under process for HU/BDGM, PTK, JUC,ASR.
- 09 Patient under Ayushman Bharat Yojana(62600/-) and 22 Private patients treated at DH/FZR (201839)/-) Total revenue generated is Rs.-(62600+201839)=264439/-
- Modular OT of DH/FZR has started functioning.
- Ultrasound machine, Endoscope & Colonoscopy installed and commissioned DH/FZR.
- All world Health days celebrated at DH/FZR & other health units.
- In-house refresher training Imparted to 100% paramedical staff.

**Ambala Division**

**Details of New technologies introduced during the year- 2024-25:-**

- MFR Kit = 15

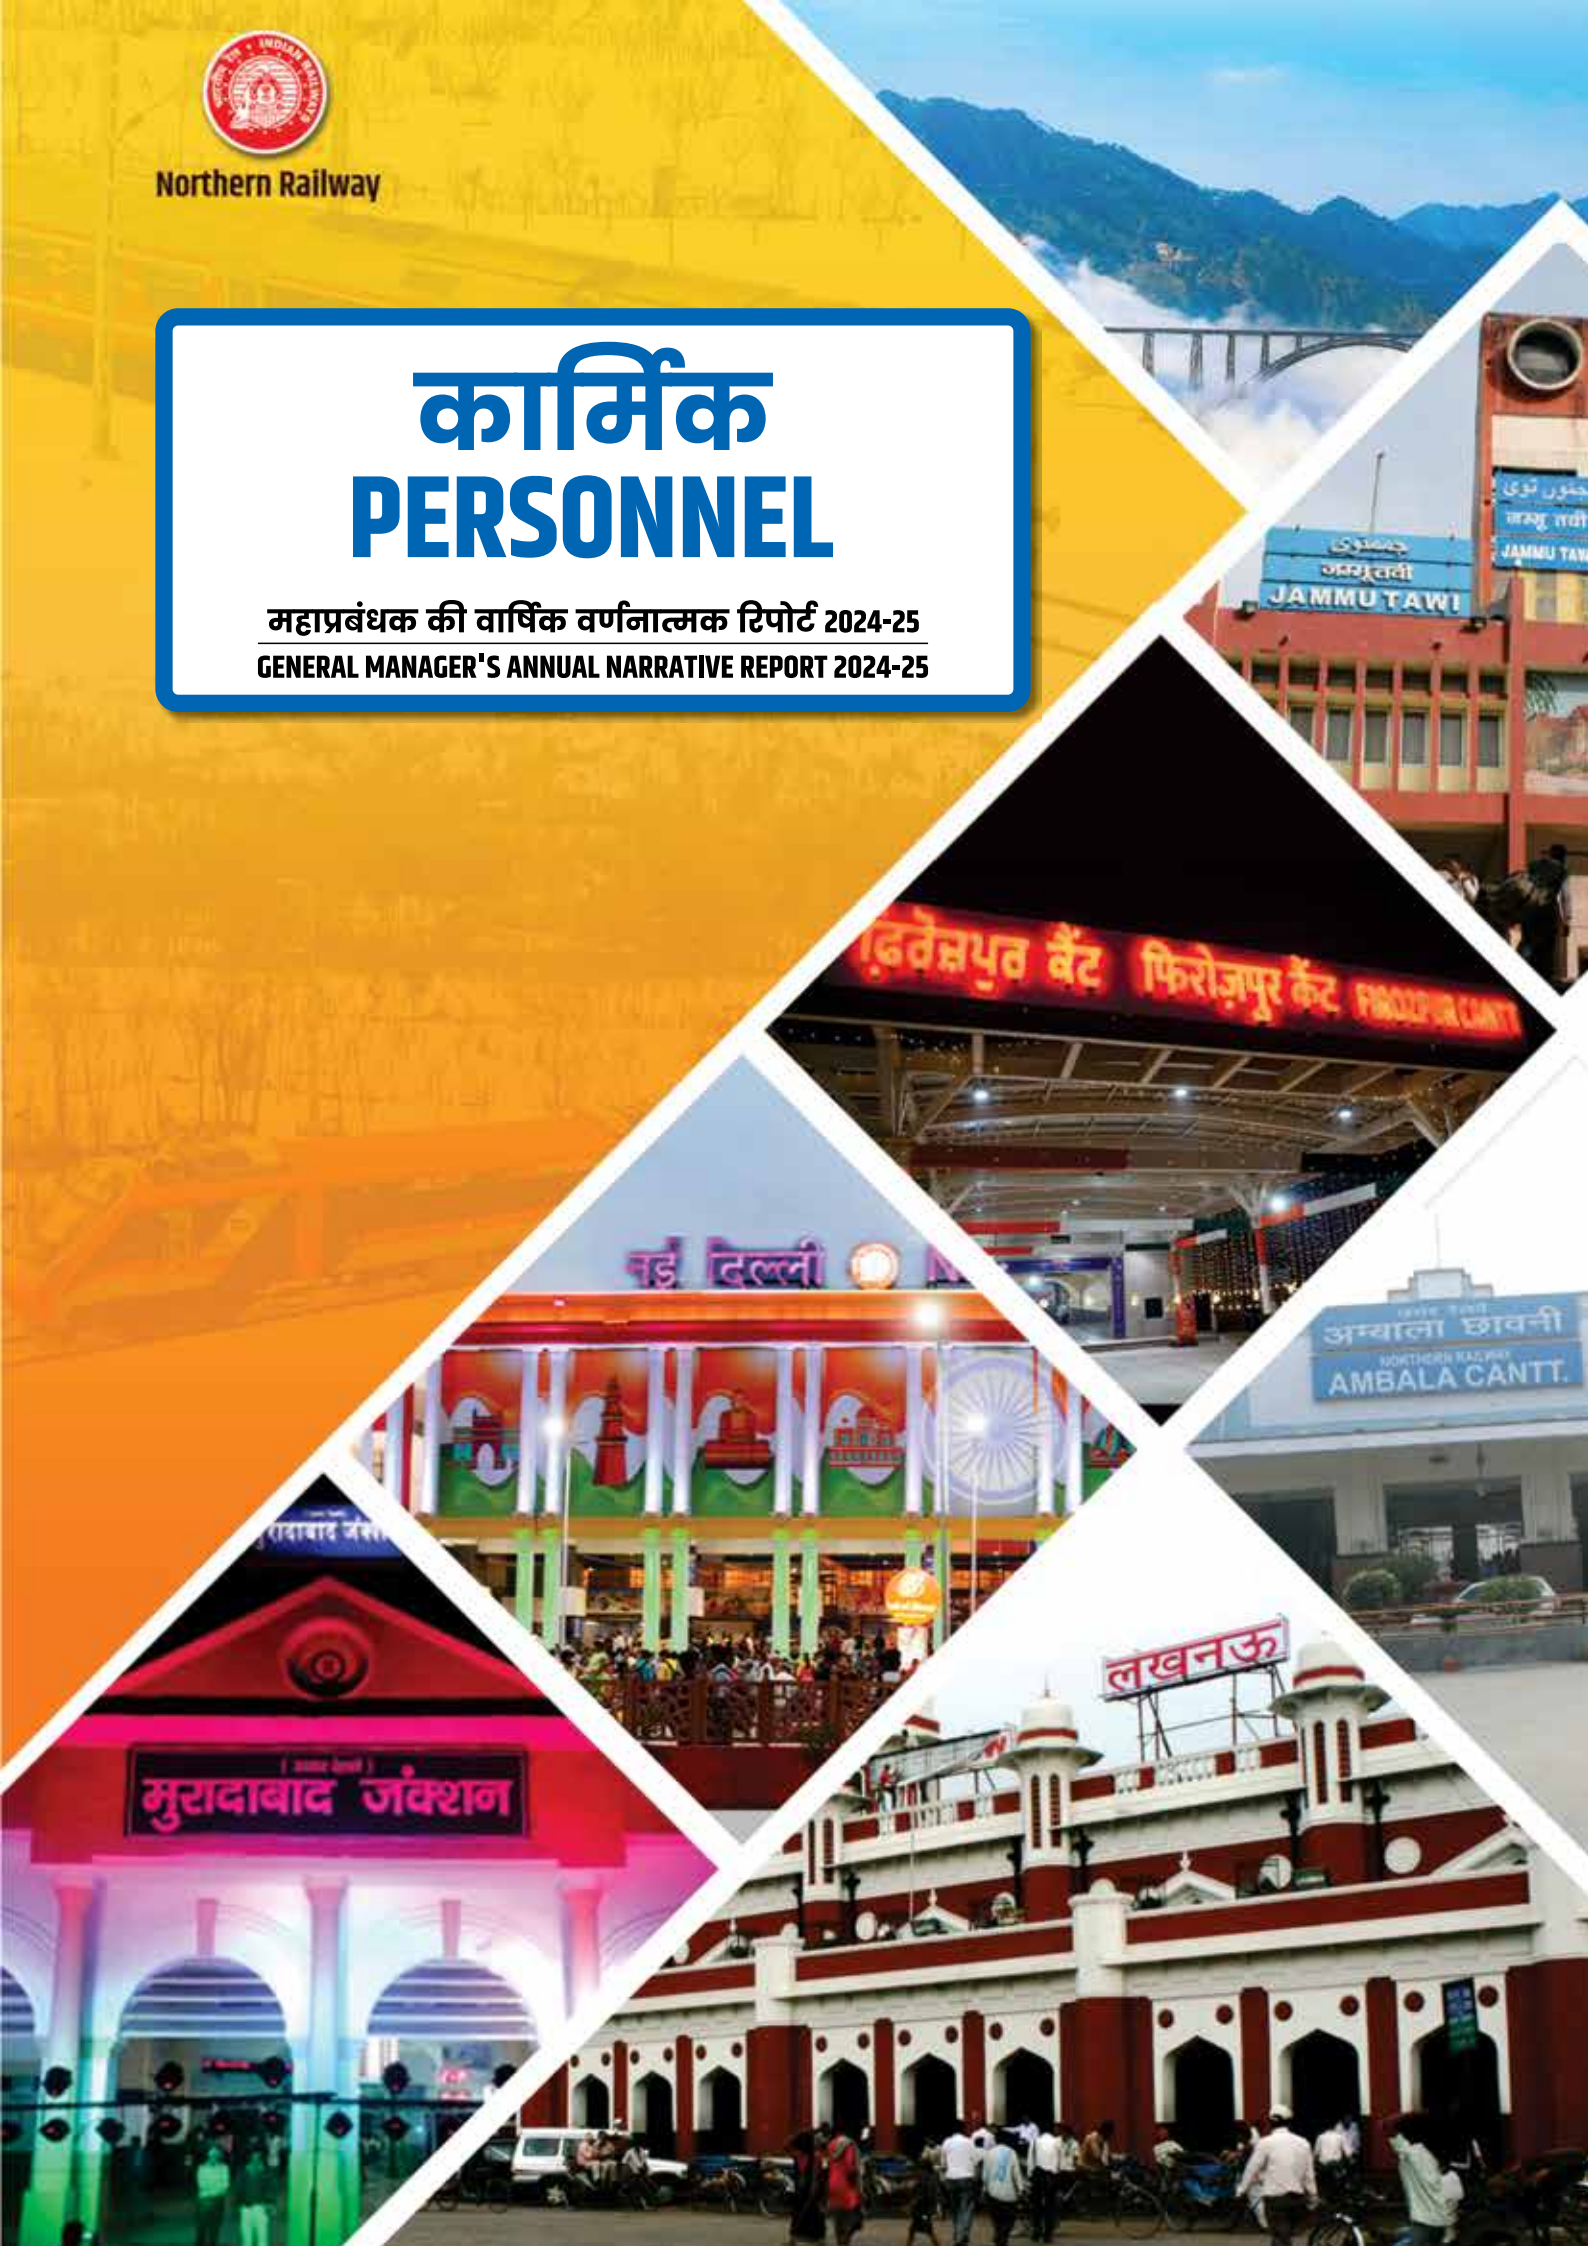
## महाप्रबंधक की वार्षिक वर्णनात्मक रिपोर्ट 2024-25
## GENERAL MANAGER'S ANNUAL NARRATIVE REPORT 2024-25



# CHAPTER - VIII

## 8.1 About the Department

The task of the Personnel Department of Northern Railway is to manage and look after the welfare of this large mass of employees and their families.Generally Personnel department's role is to communicate and implement policies. They play an important role by providing the required expertise in maintaining industrial relations by Liasoning with the technical executives.

**Functions of Personnel Department**

- Man Power Planning.
- Recruitment.
- Training and Development.
- Placement.
- Transfer.
- Performance Appraisal
- Promotions and Demotions.
- Guidance on Disciplinary matters.
- Wage and Salary administrations.
- Settling Industrial Disputes.
- Grievance Redressal.
- Incentives and Financial aids.
- Settlement and Pension.
- Arranging Post retirement benefits and Grievance Redressal of Pensioners.
- Setting up and maintenance of Welfare Activities.

## 8.2 Performance for the year 2024-25

### 8.2.1 Trade Union

Our relation with unions on this Railway, i.e. NRMU & URMU continued to be cordial. The issues raised by the unions regarding grievances of staff in personnel matters are being promptly sorted out in various forms of formal and informal meeting, which are being held as per schedule. Regular PNM at HQ level as well as at divisional/workshop level are being held in a fruitful manner. Besides the meetings, several issues are also solved through correspondence, non-payment meetings etc.

### 8.2.2 General Manager's Level PNM Meetings:

PNM meetings at Zonal level held once in every three months for each recognized union i.e. NRMU & URMU

| DESCRIPTION | NRMU | URMU |
|---|---|---|
| No.of PNMs held | 2* | 2* |
| No. of items pending as on 01.04.2024 | 127 | 142 |
| No. of fresh items added | 51 | 60 |
| No. of items finalized | 110 | 99 |
| No of items pending as on 31.03.2025 | 68 | 103 |

* Shortfall in number of meetings was because Secret Ballot Elections were held during 2024-25. when all the Unions were derecognized due to enforcement of code of conduct.

### 8.2.3 Correspondence Items

In addition to PNM Meetings, the union raises various issues through correspondences addressed to GM, AGM, PCPO & PHODs which are examined at various levels and replies showing final decision are conveyed to the union. The detailed position during the year 2024-25 is as under: -

| Description | NRMU | URMU |
|---|---|---|
| No. of correspondence letters pending as on 01.04.2024 | 61 | 66 |
| No. of correspondence letters fresh added | 154 | 179 |
| No. of correspondence letters finalized | 121 | 156 |
| No. of correspondence letters pending as on 31.03.2025 | 94 | 89 |

### 8.2.4 Memorandum

Whenever GM/AGM and other PHODs/HODs go on line, the Branch representative and Divisional representatives of the Union hand over the memorandum, which are examined and detailed position of each item of memorandum is sent to the General Secretary. The position of Memorandum for the year 2024-25 is as under:

| Description | NRMU | URMU |
|---|---|---|
| No. of Memorandum in hand as on 01.04.2024 | NIL | NIL |
| No. of Memorandum received during the period | 04 | 03 |
| No. of Memorandum finalized | 03 | 02 |
| No. of Memorandum pending as on 31.03.2025 | 01 | 01 |

### 8.2.5 Membership of the Union

For the year ending December, 2024 NRMU & URMU had enrolled 1,05,043 and 1,08,500 members respectively. For the year ending, March 2025, NRMU had 130 Branches (incl. Central Body & Divisional Body) and 1526 Office Bearers whereas URMU had 129 Branches (incl. Central Body & Divisional Body) and 1512 Office Bearers on this Railway.

### 8.2.6 Number & Cost of Staff as on 31.03.2025

| Group | Number of Staff (In Thousand) | | Cost of Staff (In Crore) | |
|---|---|---|---|---|
| | 2023-24 | 2024-25 | 2023-24 | 2024-25 |

### 8.2.9 Human Resources Development (HRD) and Manpower Planning.

A lot of emphasis is laid on development of human resources, by providing training in the Training Institutes run by Northern Railway. The whole exercise is aimed to improve the productivity level of the staff. In addition, in house training is also being provided by organizing Seminars and Workshops. As a step forward, this Railway has introduced a system of organizing “Quiz Competition” for different departments, wherein, the focus is given on improving the day-to-day working and the professional knowledge. During the period from 01.04.2024 to 31.03.2025 total number of non-gazetted staff trained is as under: -

| Initial Training | Promotional Training | Refresher Training | Specialized Training | Other | Total |
|---|---|---|---|---|---|
| 5763 | 3323 | 28836 | 6232 | 4509 | 48663 |

In addition to Zonal training centres PTC at Udaipur is providing Training to clerks, Law Assistants and Inspectors of Personnel Department wherein different modules have been prepared for different categories. The courses has helped in improving the day to day functioning of Personnel department staff by providing an opportunity to the staff of different units to interact with each other and discuss the problems being faced by them in their respective units.

### 8.2.10 Establishment of Training Centers for imparting training staff:

For imparting training to the teaching staff there is no established training center on Northern Railway. However, for up-gradation and improving teaching skills of the teachers of Oak Grove School/Jharipani/Mussoorie, our teaching staff are being nominated from time to time for participating in the training programs run by the Kendriya Vidyalaya Sangathan.

### 8.2.11 Railway Men’s Co-operative Credit Societies:

To create the habit of saving and to provide financial assistance to Railway employees, the Northern Zone Railway Employees’ CTC Society Limited is functioning.This society is functioning with 11 Branch offices in different Divisions, Workshops with Headquarter at New Delhi. In Kalka Workshop,the Kalka Railway Employees’ Urban Salary Earners Co-Operative Thrift & Credit Society Limited and in Lucknow and Moradabad Divisions the Northern Railway Co-operative Banks are in operation with Headquarter at Lucknow.

### 8.2.12 Railway Men's Co-operative Housing Societies:

No such Co-operative Society is functioning over Norther Railway under Personnel Department.

### 8.2.13 Railway Schools

Northern Railway is running a prestigious Boarding School named Oak Grove School at Jharipani near Mussoorie Hills in Uttarakhand. The education standard of this School is very high. This School has been a pioneer in education and sports activities and has consistently won a number of Inter School Tournaments and other Competitions. For the benefit of Railway employees' children, one High School is also running at Bareilly in Moradabad Division.

### Oak Grove School- Result

### 8.2.17 Women Empowerment:

International Women's Day was celebrated with great zeal in Baroda House, HQ office from 3rd March 2025 to 12th March 2025 followed by a grand function at National Rail Museum, Chanakya Puri on 12th March, 2025. General Manager Northern Railway and President NRWWO graced the function.

The grand function on 12th March was held after a ten days long campaign comprising a series of events i.e Special Women Health Check-up Camp, Games/Sports for the Women railway employees at Karnail Singh Stadium, Food- Cooking Competition, Rangoli Competition. Workshop on Stress management and Women's Health at Pratap Garh Farm (Jhajjar, Haryana), Seminar on "Bridging Diversity: Balancing Life, Career and Family" by Minakshi Bansal, Founder Life Essence. The awards were given to meritorious non-gazetted women Railway employees and to the winners of the Rangoli Competition, Food and Cooking Competition, Games/Sports & Best dressed Competition. International Women's Day event was a grand success & women staff and officers of the HQ Office availed the health camp benefits.

### 8.2.18 Canteen Welfare.

22 Non-Statutory and 10 Statutory Canteens are running for the benefit of staff on "No profit No loss" basis over Northern Railway in different Divisions and Workshops/Units.

### 8.2.19 Recreation Club, Institute & Children Park

Over Northern Railway 12 Officers' Clubs & 09 Railway Institutes are functioning where staff and their families are provided with the facilities for recreation &amusement, like Indoor Games, Out Doors Games, Libraries, Gym etc. A number of Children Parks, in Railway colonies, have been equipped with Swings, Sea-saw and Slippery Slides etc.

### 8.2.20 Holiday Homes

To facilitate the staff to have an enjoyable holiday with their family and refresh themselves, well-furnished Holiday Homes with facilities of crockery, utensils and cooking-gas are run by Northern Railway. Accommodation is provided to the staff in the Holiday Homes at very nominal charges. At present, Holiday Homes are available at Shimla, Barog, Haridwar, Baijnath Paprola, Muni Ki Reti, Rishikesh, Patnitop, Mussoorie (Garhwal Hotel), Palampur, Kasauli, Salara and Manali. In addition, Holiday Home at Katra is likely to be completed and would become operational, as soon as the same is handed over by the Construction Department.

### 8.2.21 Holiday Camps

Holiday camps for employees, spouse camp, women's camps and camps especially for physically challenged employees are being conducted regularly on this Railway under the aegis of Staff Benefit Fund. An amount of Rs. 66,83,742/- (Rs. Sixty-Six Lakh Eighty-Three Thousand Seven Hundred Forty-Two Only) has been allotted for Division/Units and Workshops of Northern Railway during the year 2024-25 on this account.

**Details of the Holidays Camps are as under:-**

1. Children Camp was organized at Nainital from 08.06.2024 to 12.06.2024 under the aegis of Central Staff Benefit Fund. 50 Children (Twenty-Seven Girls and Twenty-Three Boys) participated from all divisions and units of Northern Railway. The camp journey up to Kathgodam was by train and onward from Kathgodam to Nainital, by road. Children visited Naini jheel, enjoyed boating, Himalaya Darshan, Geological Cave Garden, Sattal Lake, Naina Devi Temple, Tibbetian Market, Bhimtal Lake, Bell Temple, Naukuchiaya Tal and enjoyed complete trip. During the camp, children played different games and also learn benefits of regular yoga in life. Children also enjoyed camp-fire by performing dance, drama, jokes, poem, solo song, group song and winners of games received awards from the Camp Commander.
2. Employees camp at Leh Ladakh was organized by CSBFC from 22.08.2024 to 26.08.2024, 52 Railway Employees from Division & Unit of Northern Railway participated.
3. Women Camp was organized by CSBFC 17.12.24 to 21.12.24. It was a trip to Goa by air. 52 Railway Women Employees participated from different Divisions and Units of Northern Railway.

### 8.2.22 Scholarship granted for technical education to children of railway employees during 2024-25.

Over Northern Railway 3,25,44,472/- was granted as scholarship for technical education to the children of railway employees during year 2024-25 under following heads:-

(i) Scholarship for higher technical/professional education for wards of non-gazetted railway employees whose grade pay is above 2400/- @ 1500/- per month.

(ii) Scholarship for higher technical/professional education of Girl children of railway staffs in grade pay up to 2400/- @ 1500/- per month.

(iii) Scholarship for higher technical/professional education of male children of railway staffs in grade pay up to 2400/- @ 1500/- per month.

### 8.2.23 Film Show

No such activity is running in Northern Railway.

### 8.2.24 Labour Welfare Organization

The Labour Welfare Organization at Northern Railway functions under the administrative

control of Principal Chief Personnel Officer, CPO/IR, Dy.CPO/IR in Headquarters Office and the Dy.CPOs and Sr. DPOs in Divisions/ Workshops who are Incharge of the Welfare work. Welfare Inspectors are posted in all the Establishments including Workshops, Stores Depots who are required to contact the staff within their beats to handle the grievances, including non-payment claims etc. They are also required to educate the staff regarding various welfare schemes available for their benefits.Welfare Inspectors also visit Hospitals, Schools, Handicrafts Centres, Recreation Clubs, Staff Canteens, Sheds and Stations to ensure their proper functioning. They also serve as internal machinery for ensuring proper implementation of various Labors Laws.

### 8.2.25 Handicraft Centers

To augment the earning of the employees family, as also to provide training as to how to give them an opportunity to earn some additional income, Northern Railway has set up 04 Handicraft Centres at various locations. Tailoring, Knitting, Embroidery work & file cover making are also done by the willing female family members of Railway Employees in these Handicraft Centers.

### 8.2.26 Railway Men's Consumer Co-operative Societies:

At present no consumer co-operative societies is in operation over Northern Railway.

### 8.2.27 Pension Adalat

The pension Cell in the Headquarters Office continues to provide guidance for implementation of the Board's order received from time to time. The benefits of Liberalized Railway Pension rules and the Family Pension are brought to the notice of the employees. The Inspectors of 'Personnel Department' are deputed to chase the outstanding cases and to help in quick disposal of settlement cases referred to Headquarter Office. They also assist the widows in submitting their claims for the grant of Ex-gratia payment, which is paid to the widows of those CPF beneficiaries who had died prior to 1.1.86 Inspectors also help in filling up of pension form of retiring employees.

In the Divisional Offices, an APO has been specifically nominated to ensure expeditious payment of settlement dues. By taking action in advance of the date of retirement, in respect of verification of service and leave account etc. Instructions have also been issued that Sr.DPOs along with Sr. DFM will review the settlement cases once in a month.

The Pension Cell in the Headquarter Office keeps a watch on the progress of settlement cases and also issues clarification on the points raised by various Division and Extra Divisional Offices in this connection.

| **Pension Adalat from 01.04.2024 -31.03.2025** | | | | |
|---|---|---|---|---|
| Pension Adalat Held at | Pension Adalat held on | Cases Receive | Cases Finalized | % |
| Division Level | 16.12.2024 | 150 | 139 | 92.66% |
| HQ Level | 16.12.2024 | 8 | 8 | 100% |
| **Total** | | **158** | **147** | **93.04%** |

The position of settlement cases is also discussed in the Divisional Office with respective Divisional Railway Managers and between Principal Officers and General Manager.

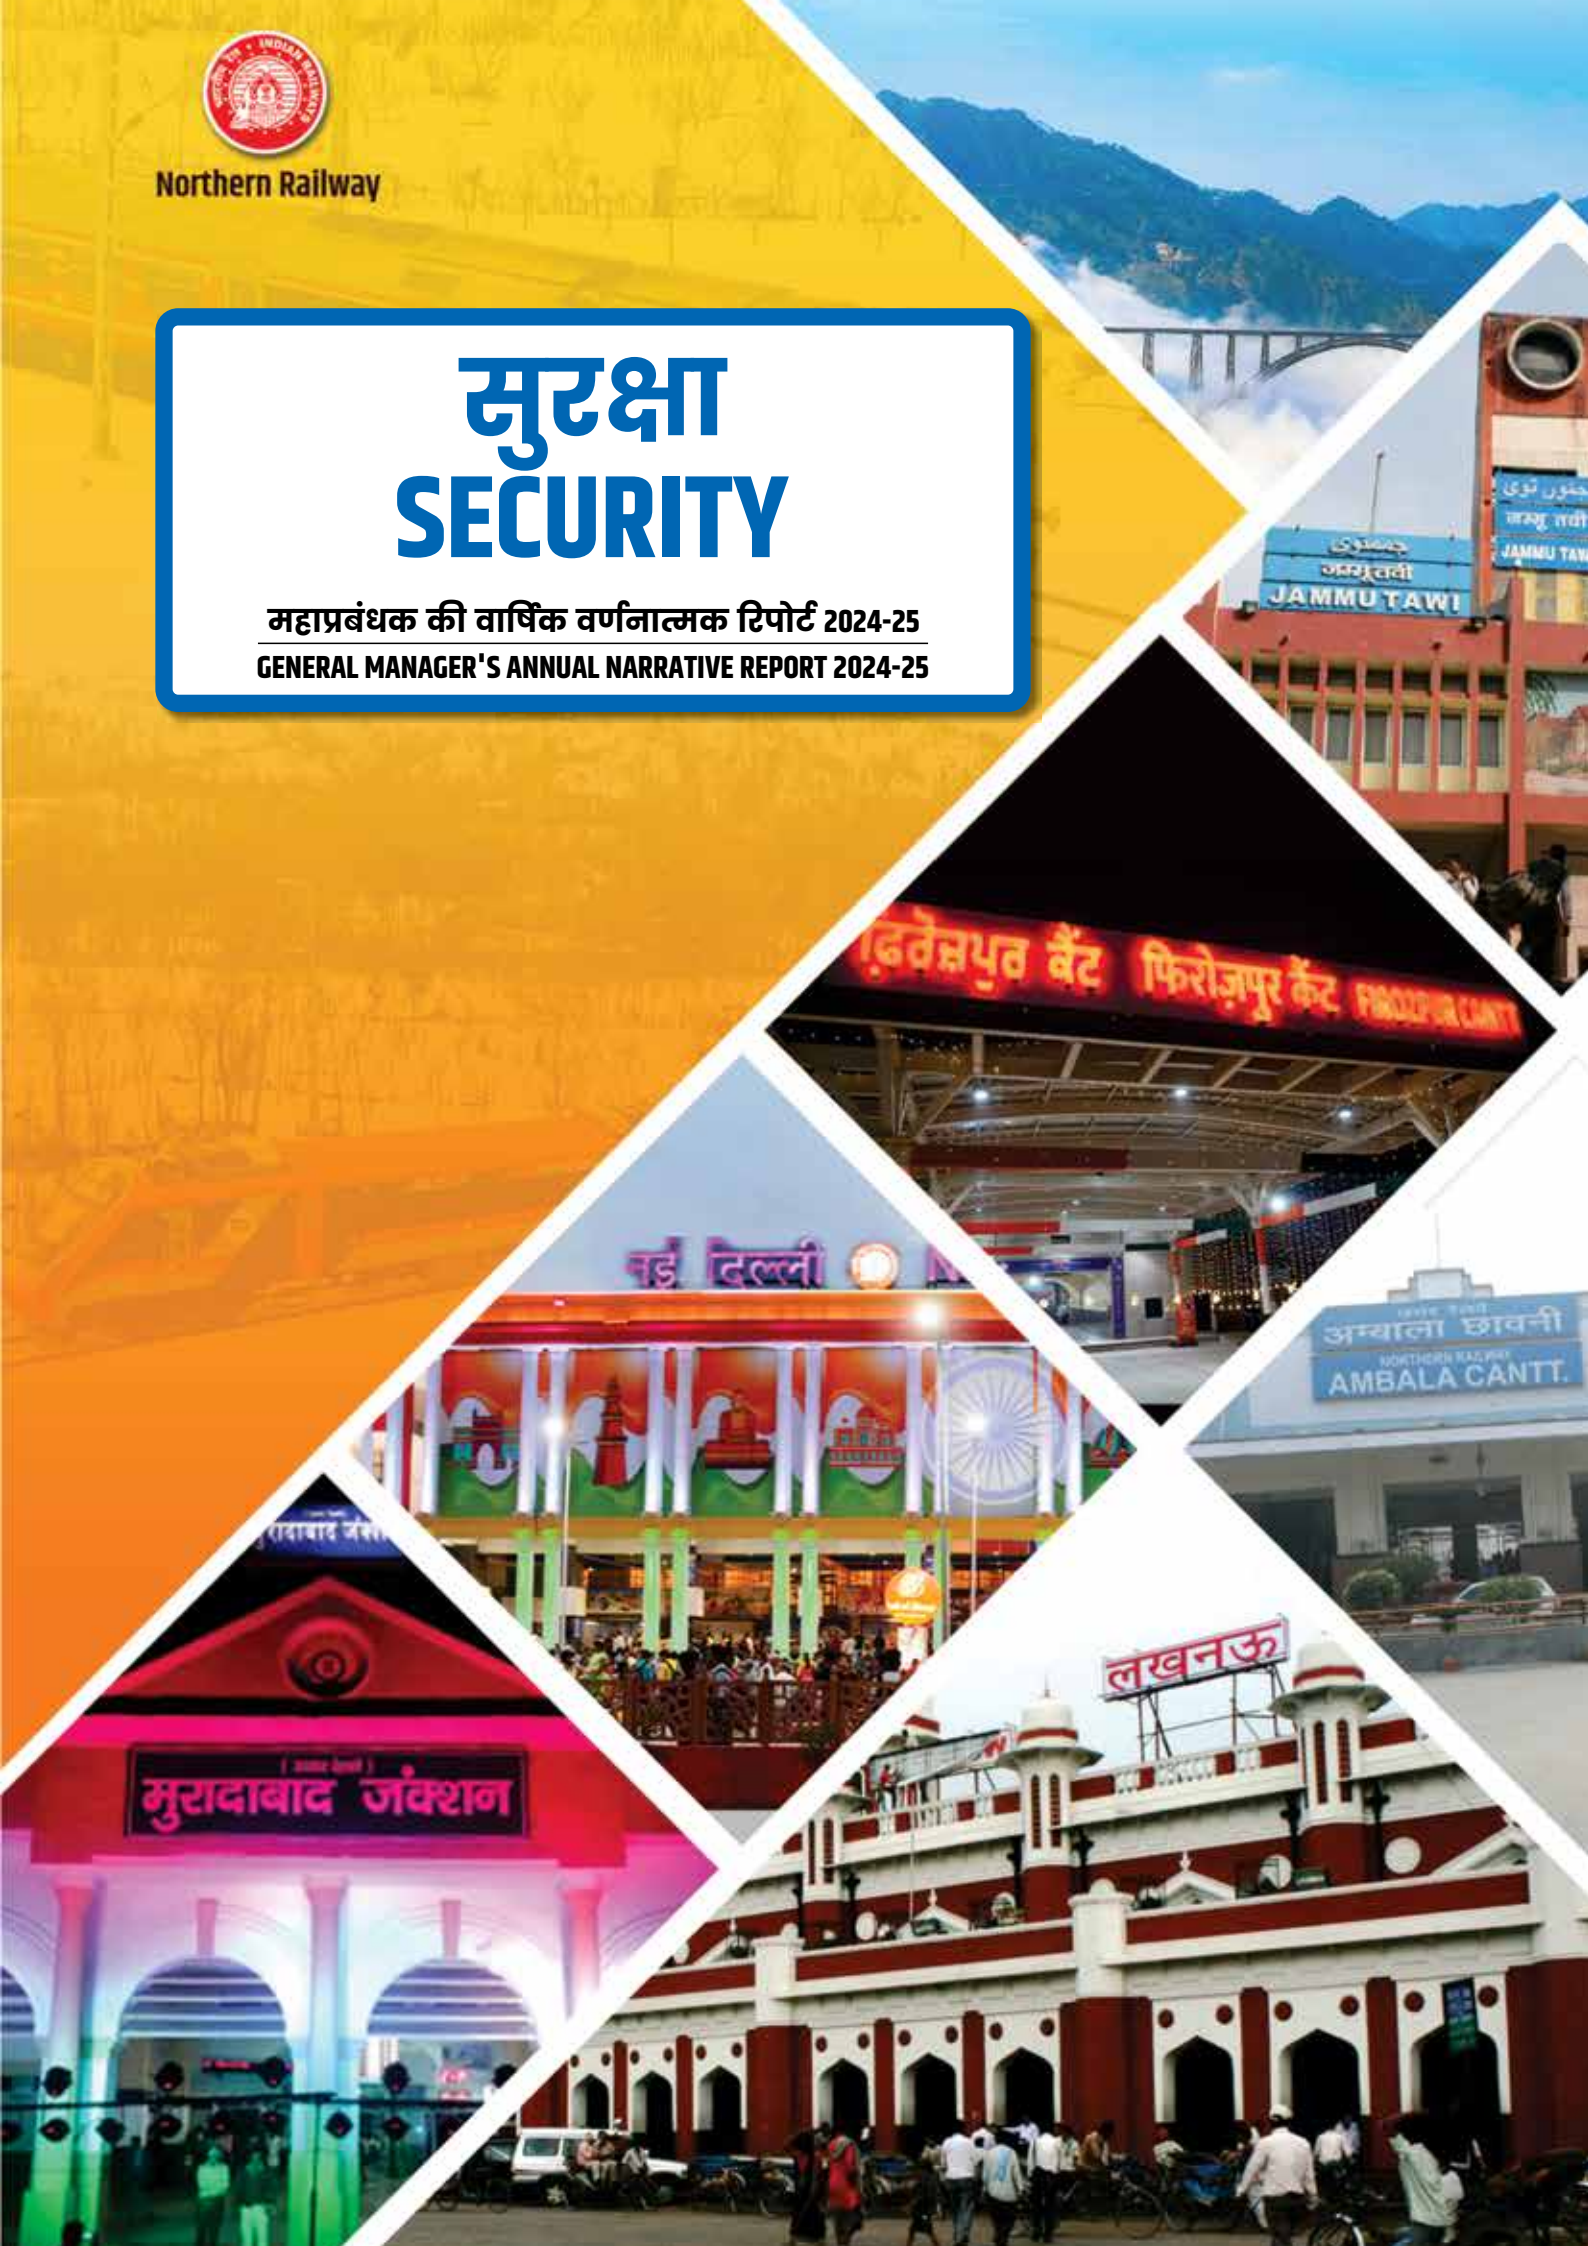
## GENERAL MANAGER'S ANNUAL NARRATIVE REPORT 2024-25



# CHAPTER – IX

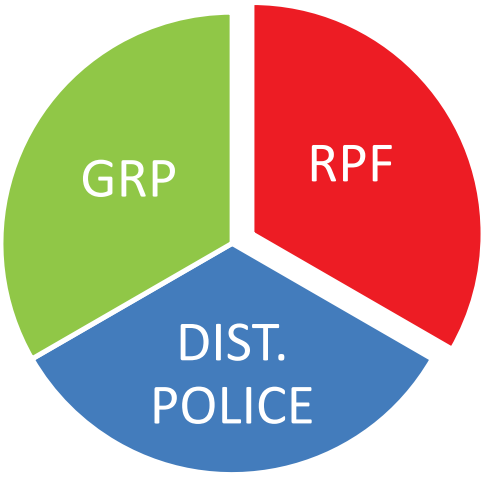
## 9.1 Department

The Security Department of Northern Railway is being headed by Principal Chief Security Commissioner, Railway Protection Force. The RPF also performs duties relating to passenger facilitation, ensuring passenger's safety and security, action against unauthorized hawkers, beggars and urchins, trespassers etc. In addition, the RPF as a Central Police Organization (CPO) has to undertake duties pertaining to movements, Melas, Agitations etc.

The objectives of the RPF are to carry on an unrelenting fight against criminals in protecting Railway property, Facilitate passenger safety and security by removing all anti-social elements form trains and railway premises, Co-operate with sister departments of the Railways in improving the efficiency and the image of the Indian Railways, Act as a bridge between the Government Railway Police/Local Police and the Railway Administration and adopt all modern technology and management techniques in the pursuit of these objects.

### 9.1.1 Security System on Indian Railways.

**Indian Railways has a three tier Security set up:-**



(a) **Railway Protection Force (RPF):** An armed force of the Union constituted under an Act of the Parliament, the RPF Act, for better protection and security of railway property, passenger area and passengers and for matters connected therewith.

**Duties of RPF include:**

(i) To execute lawful orders.

(ii) To protect and safeguard railway property, passenger area and passengers;

(iii) To remove any obstruction in the movement of railway property or passenger area; and

(iv) To do any other act conducive for the better protection and security of railway property, passengers and passenger area.

For proper execution of these duties, RPF is legally empowered under the following Acts and Rules:

(i) **The Railway Property (Unlawful Possession) Act, 1966 [RP(UP) Act:** This act empowers RPF to conduct enquiry & prosecution of cases involving theft, dishonest misappropriation, abetment, conspiracy, connivance and unlawful possession of the Railway Property.

Railway Property is defined as any goods, money or valuable security or animal belonging to or in the charge or possession of a railway administration.

(ii) **The Railways Act, 1989:** RPF is empowered to conduct enquiry and prosecution of offenders involved in offences like travelling without ticket, alarm Chain Pulling/Hose pipe disconnection, unauthorized hawking/vending, begging, drunkenness, nuisance, trespass, endangering safety of persons travelling by railways, opening or breaking level crossing gates, entering into compartments reserved for female, smoking, unlawfully bringing dangerous/offensive goods, obstructing running of trains etc.

(iii) **The Narcotics Drugs & Psychotropic Substances Act, 1985 [NDPS Act]:** RPF has been empowered to conduct search & do seizure under this Act.

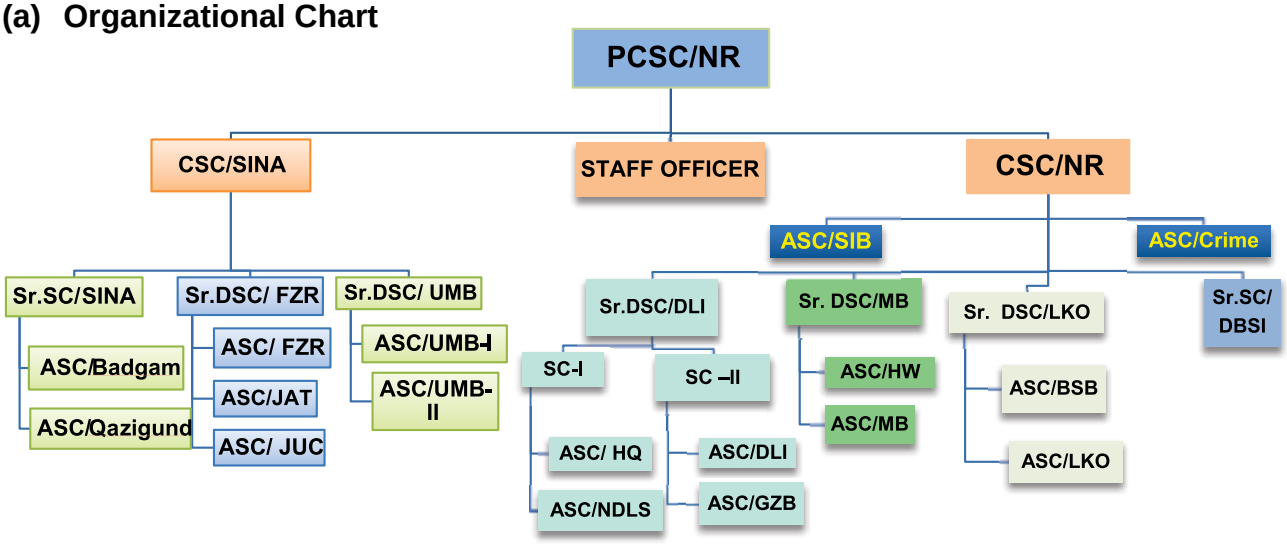
(iv) **The Railway Passengers (Manner of Investigation of Untoward Incidents) Rules, 2003:** Under this Rule, RPF is empowered to conduct enquiry on genuity of claims and submit report to the DRM for submitting written statement, on behalf of the Railways, before the Railway Claims Tribunals (RCTs).

(b) **Government Railway Police (GRP):** GRP is a component of State Police. They are empowered to deal with offences against Passengers and register/investigate cases under the Indian Panel Code (IPC).

(c) **District Police:** In most of the states, District Police is empowered to deal with offences under the IPC, if place of occurrence is between two outer signals and on the tracks.

### 9.1.2 RPF set up over NR

**(a) Organizational Chart**



### (b) Sanctioned/Present strength of RPF/NR (as on 01.06.2025)

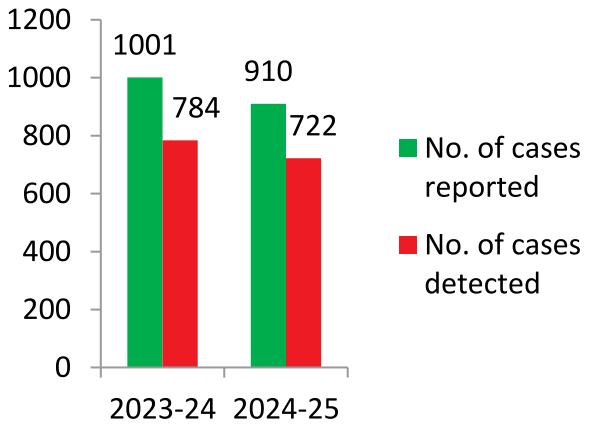
| Rank | IG | CSC | JAG | SS | JS | IPF | SI | ASI | HC | CT | Dvr | Ancil/ Artis. | Total |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| Sanctioned strength | 01 | 03 | 08 | 01 | 19 | 220 | 461 | 757 | 2377 | 3880 | 55 | 218 | 8000 |
| Present Strength | 01 | 03 | 06 | 03 | 18 | 212 | 417 | 698 | 2276 | 3618 | 24 | 185 | 7461 |
| Vacancy | - | - | 02 | +2 | 1 | 8 | 44 | 59 | 101 | 262 | 31 | 33 | 539 |

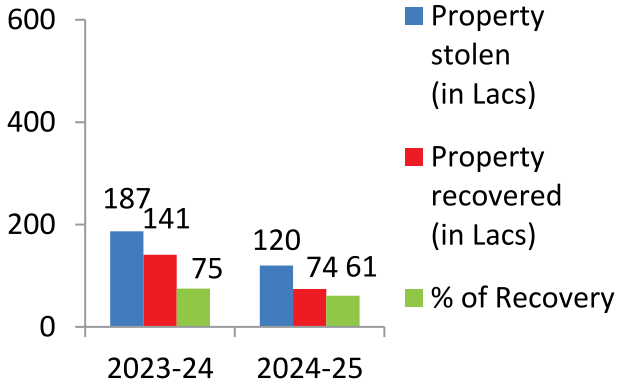
02 JAG Post (Sr.DSC/DLI-E & Sr.DSC/MB) has been temporarily downgraded in Sr.Scale by Railway Board.

## 9.2 Action Taken by RPF for crime control:-

### 9.2.1 Crime against Railway Property (Booked Consignment and Railway Materials)

| Year | No. of cases reported | No. of cases detected | Value of property Stolen | Value of property recovered | Criminals arrested |
|---|---|---|---|---|---|
| 2023-24 | 1001 | 784 | 1,87,75,155 | 1,41,86,457 | 1718 |
| 2024-25 | 910 | 722 | 1,20,02,091 | 74,35,667 | 1412 |





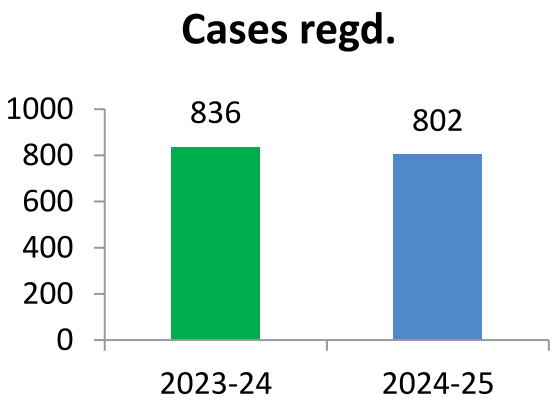
### 9.2.2 Offences under the Railways Act

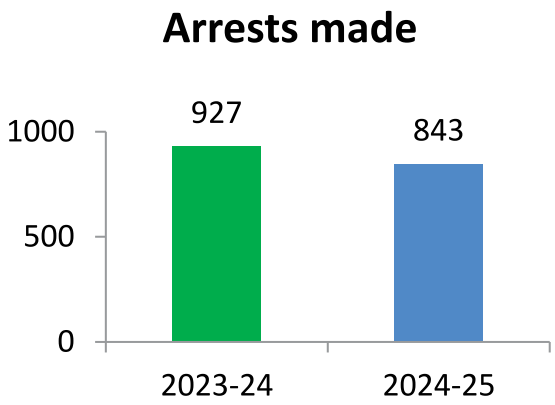
| Sections of the Railways Act | 2023-24 | | 2024-25 | |
|---|---|---|---|---|
| | Cases registered | Persons arrested | Cases registered | Persons arrested |
| Travelling without ticket (137 * 138) | 159 | 159 | 92 | 92 |
| ACP/HPD (141) | 12201 | 9646 | 13861 | 11401 |
| Touting (143) | 836 | 927 | 802 | 843 |
| Unauthorized hawking/vending (144) | 17059 | 17067 | 18899 | 18913 |
| Nuisance (145) | 1969 | 1966 | 5981 | 5966 |
| Trespass (147) | 5496 | 5494 | 7260 | 7235 |

| | | | | |
|---|---|---|---|---|
| Endangering safety of passengers (153, 154) | 979 | 639 | 1377 | 833 |
| Opening or breaking LC gates (160) | 1269 | 1011 | 1197 | 965 |
| Entering into compartments reserved for female (162) | 1879 | 1878 | 6111 | 6111 |
| Bringing dangerous/ offensive goods (164) | 08 | 09 | 09 | 15 |
| Smoking (167) | 15 | 14 | 62 | 61 |
| Obstructing running of trains (174) | 1043 | 809 | 959 | 744 |
| Other sections (142,146,155,156, 159,163,166,172,175) | 9052 | 9056 | 13321 | 13318 |
| **Total** | **51,965** | **48,675** | **69931** | **66497** |

### 9.2.3 Action against agents/ Touts involved in illegal business of selling/ Procuring reserved railway tickets

| Year | No. of cases registered | No. of persons arrested | Total no. of tickets seized | Total value of tickets seized (in Rs.) |
|---|---|---|---|---|
| 2023-24 | 836 | 927 | 14519 | 12,32,95,129 |
| 2024-25 | 802 | 843 | 14241 | 2,72,55,570 |





### 9.2.4 Offences against passengers (registered by the GRP under the IPC/BNS)

### (a) IPC/BNS cases by GRP:

| Offences | 2023-24 | | 2024-25 | |
|---|---|---|---|---|
| | No. of cases registered | No. of cases detected | No. of cases registered | No. of cases detected |
| Theft of passengers' Belongings (TOPB) | 1785 | 467 | 1672 | 437 |
| Drugging | 11 | 11 | 10 | 4 |
| Robbery | 42 | 30 | 29 | 17 |
| Dacoity | 00 | 00 | 1 | 1 |
| Crime against Women passengers | 37 | 16 | 38 | 18 |

**(b) Cases of the IPC/BNS detected by RPF and criminals handed over to the GRP for legal action**

| Year | No. of cases detected by the RPF | No. of persons arrested by the RPF |
|---|---|---|
| 2023-24 | 382 | 493 |
| 2024-25 | 347 | 427 |

### 9.2.5 Action by RPF under the NDPS Act:

| Year | No. of cases detected by RPF | No. of persons arrested by RPF | Value of seized contraband items (In Rs.) |
|---|---|---|---|
| 2023-24 | 55 | 64 | 64,09,728 |
| 2024-25 | 68 | 62 | 7,83,60,763 |

### 9.2.6 Seizure of smuggled wild life/ endangered species by RPF

| Year | No. of cases detected by RPF | Arrests made by RPF |
|---|---|---|
| 2023-24 | 2 | 0 |
| 2024-25 | 10 | 2 |

### 9.2.7 Important initiatives.

(a) **Rail Suraksha:** Drives with an objective of protection and prevention/ detection of crime against railway property including booked consignment, efforts to reduce any leakage of railway revenue.

(b) **Yatri Suraksha:** Drives with an objective of Prevention and Detection of passenger crime, emergency response under 139/ Rail Madad.

(c) **Mahila Suraksha:** Targeted for security of women passengers including “Meri Saheli”, “ Matangini”and other squads. Special ladies escort in ladies coaches, drive against unauthorized travel in ladies coaches among others.

(d) **SEWA:** Drives with an objective of assistance to passengers/ elderly/ women/ Divyangjan/ sick/ injured/ infants etc.

(e) **Satark:** Drives with an objective of action against illicit liquor/ FICN/ illegal tobacco products/ unaccounted gold/ cash/ precious items/ any other items for the purpose of tax evasion/smuggling. Recovery of arms / ammunitions/ explosives etc.

(f) **Matri Shakti:** Drives with an objective of assistance to pregnant women passengers in child birth.

(g) **Uplabdh:** Drives with an objective of action against touts and unauthorized entry in reserved coaches etc.

(h) **AAHT:** Action against human trafficking (AAHT), rescue of the victim from the clutches of traffickers, apprehension of traffickers.

(i) **e-office:** All office files are being dealt electronically through this.

(j) **E-Suvidha:** Provides information to RPF Employees for their BIO-Data, Promotion, Posting Details, Transfer Order, Award, APAR, Leave, Family Details, Punishment, download Service Book in PDF etc.

(k) **R.B.M.S:** RPF Barrack Management System. This has been developed for monitoring the progress of construction & provisioning of amenities along with redressal of grievances related to upkeep, repair & maintenance of the barracks meant for RPF/RPSF personnel.

(l) **RSMS:** RPF Security Management System was developed -

- to help railways to develop paperless office,
- to track cases registered and enquired by RPF online 24x7,
- to allow seamless exchange of data between different modules,
- to ensure automatic generation of reports,
- to ensure quick and accurate data analysis etc.

It has become fully functional with proper utilisation of all modules from Post –level to Zonal Headquarter.

(m) **Security Helpline No. 139:** This is an all India Security Helpline number which is available 24*7 for assistance to passengers in case they have any security related problem during journey. Complaints received on this number are as under:

| Year | No. of complaints received through 139 | No. of complaints redressed |
|---|---|---|
| 2023-24 | 48761 | 48761 |
| 2024-25 | 115962 | 115945 |

(n) **Twitter/X Complaints:** Complaints received on RPF Northern Railway twitter handle @ rpfnr:

| Year | No. of complaints received | No. of complaints redressed |
|---|---|---|
| 2023-24 | 3136 | 3136 |
| 2024-25 | 4216 | 4216 |

(o) **Children in need of care and protection:**

- Railway Board issued Revised Standard Operating Procedure (SOP), 2021 in accordance with the directions of the Hon'ble High Court of Delhi in the Writ Petition (Civil) No. 5365/2012 Ms. Khusboo Jain Vs. Union Of India; Juvenile justice (Care & Protection of Children) Act, 2015 further amended in 2021; Juvenile Justice (Care and Protection of Children) model rules, 2016 and other existing guidelines/directions.
- Child Help Desk (CHDs) and Child Help Groups (CHGs) have been set up at important stations of NR. Representatives of nominated NGOs are also available at CHDs.

- 20 stations of NR have identified and approved for extension of SOP and setting up of CHDs.
- Child Help Desks(CHDs)are setup presently at 13 station i.e New Delhi, Meerut, Moradabad, Dehradun, Haridwar, Bareilly, Rampura, Lucknow, Varanasi, Shri Mata Vaishno Devi Katra, Jammu Tawi, Amritsar & Ludhiana.
- CHDs were removed by NGOs at 06 Stations i.e Anand Vihar, Delhi-M, Hazarat Nizamuddin, Firozpur,Ambala & Patiala.
- CHD at Chandigarh station is temporarily closed due to renovation of the station.

**Children rescued by the RPF:**

| Year | Female children rescued | | | | Male children rescued | | | | Grand Total |
|---|---|---|---|---|---|---|---|---|---|
| | United with parent | Handed over to NGOs | Handed over to police* | Total | United with parents | Handed over to NGOs | Handed over to police* | Total | |
| 2023-24 | 07 | 361 | 28 | 396 | 07 | 486 | 30 | 523 | 919 |
| 2024-25 | 2 | 878 | 73 | 953 | 4 | 438 | 38 | 480 | 1433 |

*Cases of child trafficking

## 9.3 Dog Squad in NR:

RPF has a very strong and effective dog squad set up over NR.

| S. Strength | Strength Available | Sniffer | Tracker |
|---|---|---|---|
| 33 | 29 | 23 | 6 |

## 9.4 Disposal of complaints, grievances of passengers (CPGRAM):

| Year | No. of complaints received | No. of complaints redressed |
|---|---|---|
| 2023-24 | 222 | 222 |
| 2024-25 | 276 | 276 |

## 9.5 Awards to RPF Personnel:

In recognition of their sincerity, devotion to duty and exemplary courage, RPF personnel of NR received 04 Indian Police Medal by the President of India and 37 DG's Insignia by the Director General/RPF in the year 2024.

## 9.6 Some exceptional cases worked out by RPF:

On 18.09.2024, RPF of Varanasi apprehended two outsiders at Varanasi railway station and recovered 5 kg Opium, valued Rs. 75 Lakh from their possession. In this connection, GRP/BSB registered a case vide FIR No. 231/24 u/s 8/18 NDPS against the arrested criminals.

On 05.09.2024, RPF/NDLS seized 24 parcels containing 498-gram gold bar, valued approx. Rs. 36 lakh and 365.704 kg silver, valued approx. Rs. 2.8 crore and Rs. 85lakh in cash. The cash and gold have been confiscated by Income Tax Department. In this connection, RPF/Post/NDLS registered a case vide CC no 4695/24 u/s 163 of the Railways Act against unknown on dt 06.09.2024.

On 11.09.2024, RPF/Ambala Cantt appre-hended 04 persons with possession of 8.884 Kg gold ornaments & 5.418 Kg gold plated ornaments valued Rs. 4.5 Cr. from train no. 13006 at Ambala Cantt Railway station. In this connection, RPF Post/Ambala Cantt registered 04 cases vide cc no. 1223 to 1226/24 u/s 146 Railway Act against arrested persons.

On 21.01.2025, RPF/Moradabad apprehe-nded one lady with 163 turtles, from T/No-14015 at Moradabad Railway Station.In this connection GRP/Moradabad registered a case vide FIR No.09/25 u/s 9/39/49/51 Wildlife Reserve Act against the arrested person.

On 26.03.25, RPF/NR recovered 86 cartoons of imported cigarettes, valued approx. Rs. 02 crores during illegal transportation at New Delhi Railway Station.In this connection, RPF/NDLS registered a case vide CC No.1541/25 u/s 163 of Railway Act against unknown.

On 26.03.2025, RPF/ Varanasire covered a bag from train no. 19046 (Tapti Ganga express) having 20 bundles (500 gm each) of brownish black sticky substance like Hashish, weighing 10 kg, valued approx. Rs.5 crore. The bag was handed over to GRP/Varanasifor further legal action.

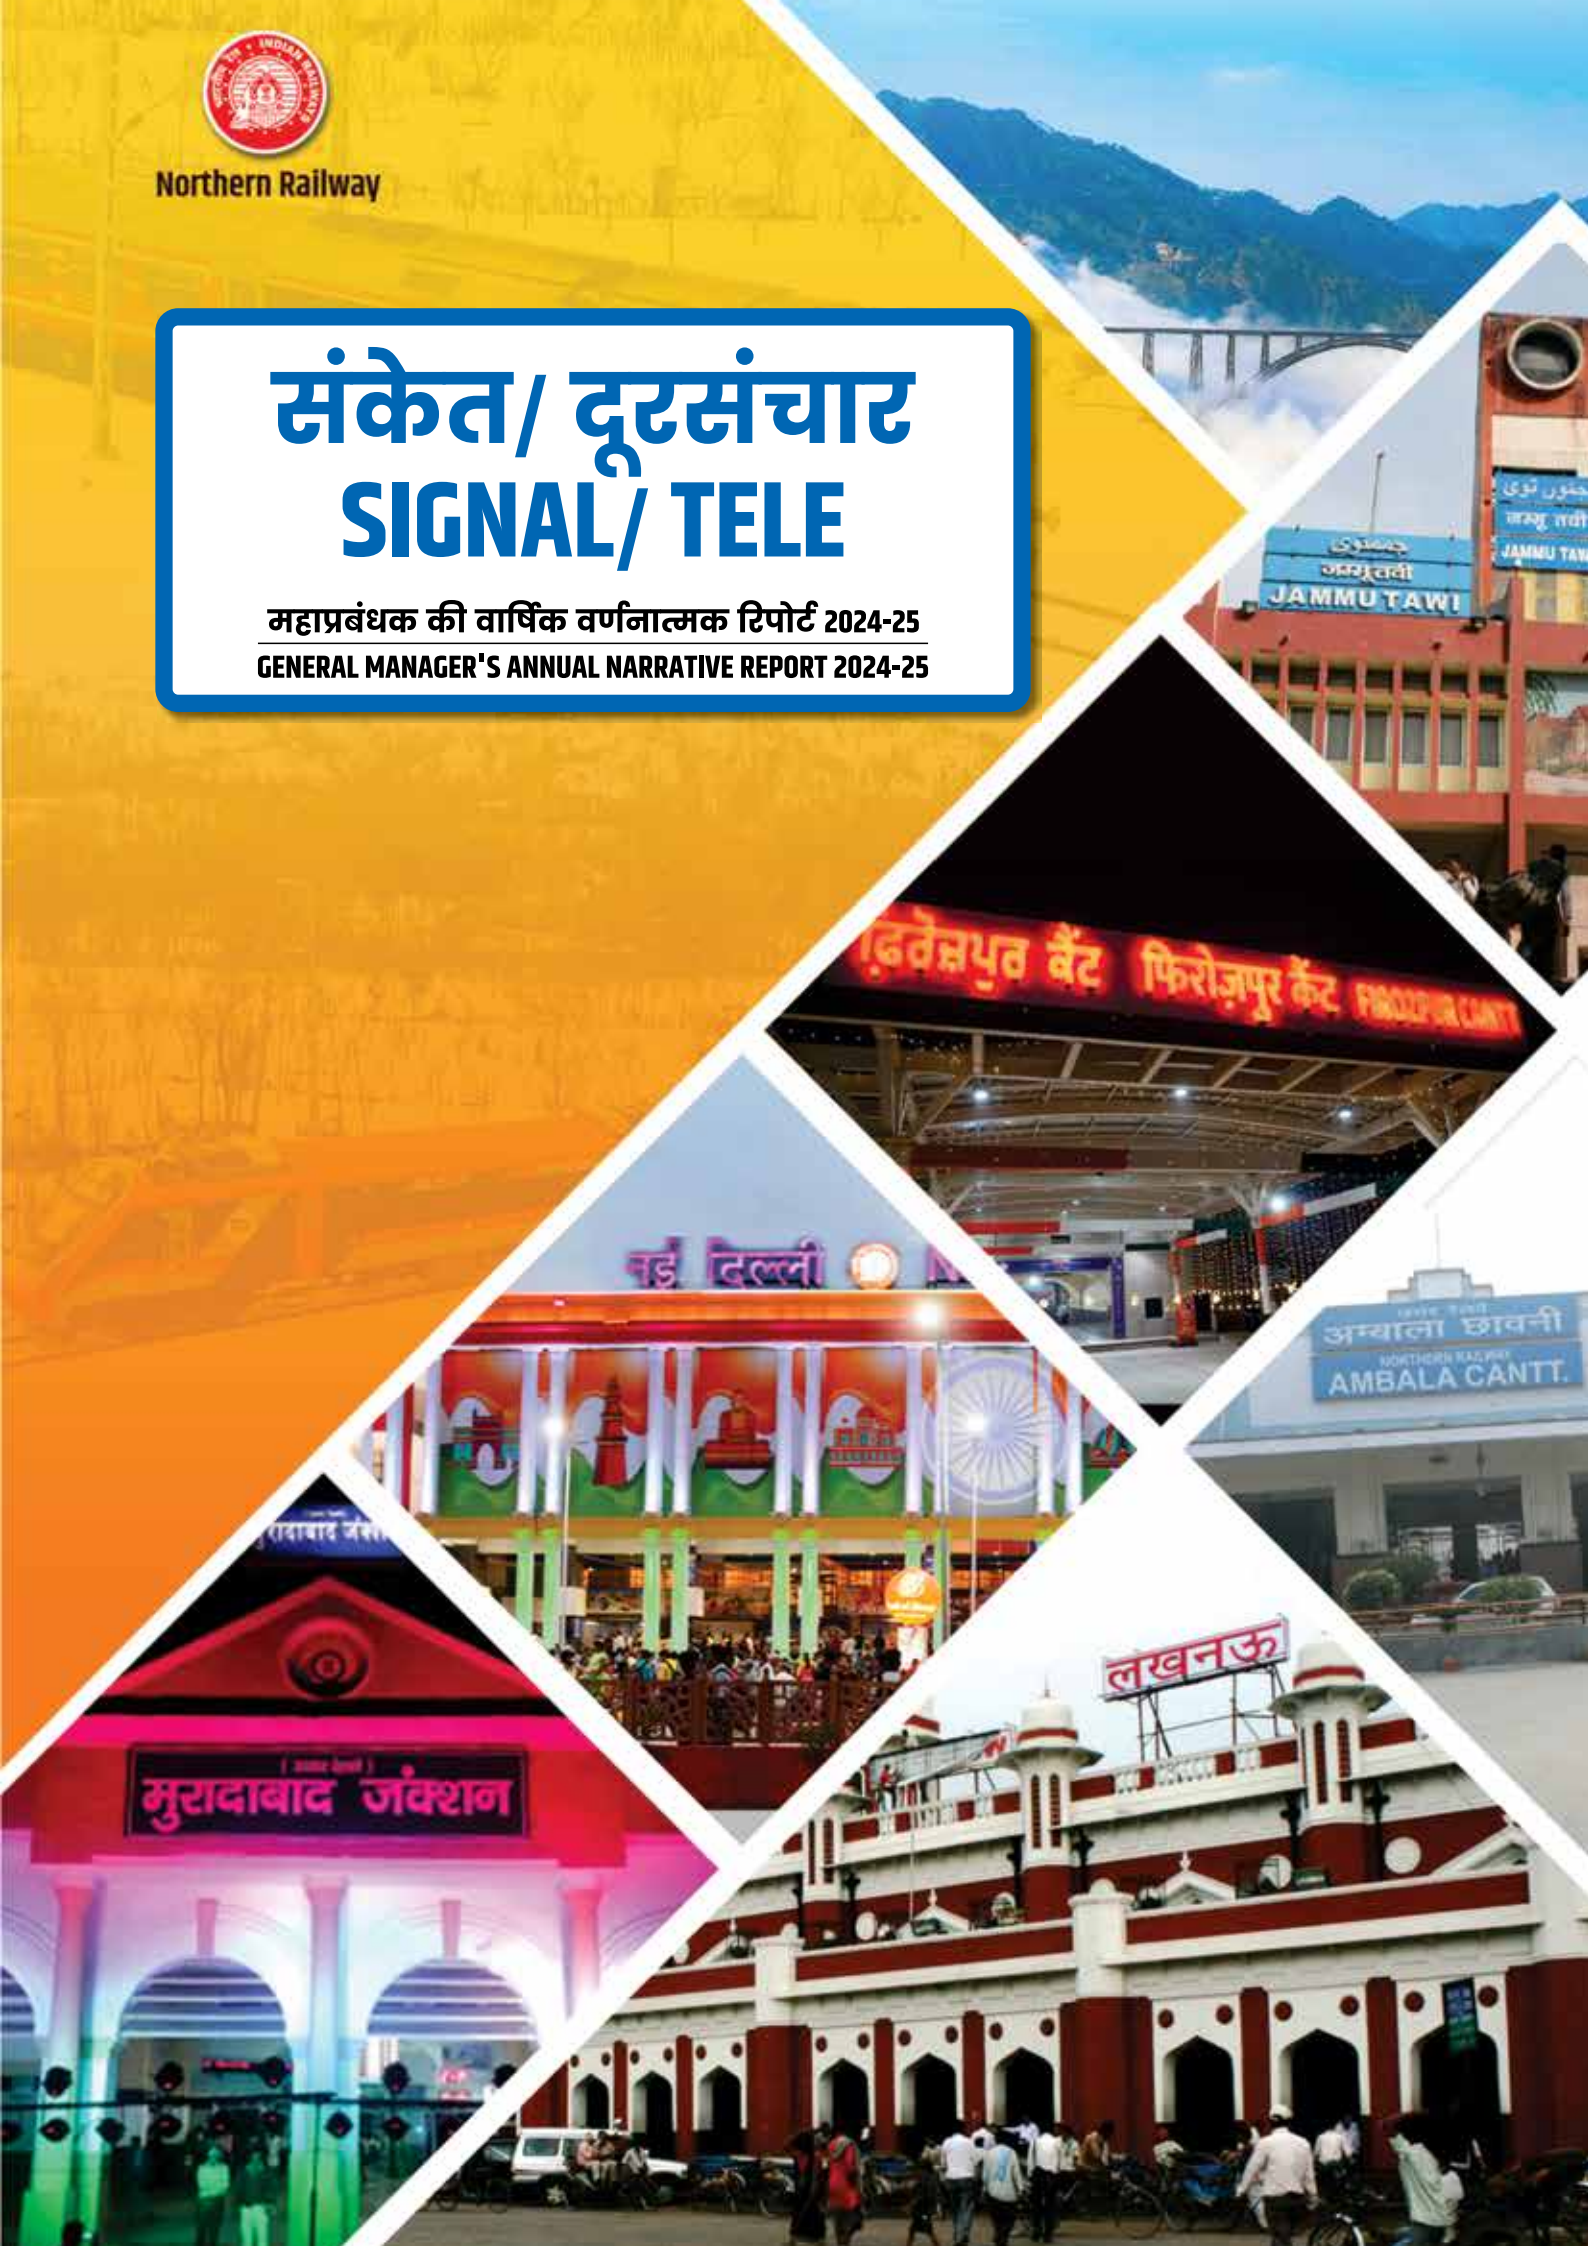
# संकेत/ दूरसंचार
# SIGNAL/ TELE

## महाप्रबंधक की वार्षिक वर्णनात्मक रिपोर्ट 2024-25
## GENERAL MANAGER'S ANNUAL NARRATIVE REPORT 2024-25



# Chapter X

## 10.1 About the Department

- Over Indian Railways, Signaling and Telecommunication systems are increasingly playing vital roles in enhancing safety in train operations by providing technical solution to avoid human error as well as facilitating increase in rail traffic by providing better communication for faster and smooth train operations and monitoring.
- Northern Railway also has been progressively modernizing its signaling infrastructure by way of introducing various modern signaling systems like Electronic and Relay based Interlocking system, Modern track vacancy detection devices viz, Track Circuits, Axle Counter, Automatic Signalling, Modern Block equipment like BPAC and UFSBI etc. The old mechanical signaling systems at remaining stations of the Railway are also being phased out and being replaced with modern signaling systems in a planned manner.
- Various Telecommunication systems are also being upgraded with the introduction of emerging telecom technologies like LTE, IP-MPLS, Optical Fiber Communication (OFC), Six Quad cables in place of other outdated systems deployed for Train control and administrative control communication between various points important for train operation as well as decision making.
- Action plan has been chalked out to create Signaling & Telecom infrastructure on Northern Railways for meeting the projected traffic growth requirements by way of having Electrical/ Electronic Interlocking at all stations in replacement of obsolete multi cabin/mechanical Signaling. Besides, provision of LED based color light signals for better visibility, lesser maintenance and high durability, Block proving by axle counters (BPAC)/Continuous track circuiting for automatic proving of clearance of block sections for improved safety as well as throughput has been done at several stations and its proliferation is being increased continuously. Some other important improvement actions are also being taken toward improving safety and reliability like complete track circuiting of station sections on all routes, On-line monitoring, predictive maintenance and asset management system with provision of Data loggers at every signaling installation etc. Use of IOT in failure diagnostics and preventive maintenance has also been planned recently.
- For improving train safety, automatic train protection is being provided on select sections.. Indigenously developed train protection system “KAVACH” has also been planned and works sanctioned on Northern Railway’s portion of New Delhi-Mumbai, New Delhi-Howrah and several other sections. Work is currently under progress in NDLS-PWL, TKJ-CPYZ and LKO-CNB sections.
- In Telecom sector, introduction of LTE, extension of optical fiber cable (OFC) and six quad cables over the entire route, IP based train control communication, voice network modernization, Wi-Fi, Digital Clock, Coach Display Board, Train Display Board and replacement of overhead alignment with underground cables to improve reliability of the communication system and enhance the capability of the rail transport system. Broad band internet and multimedia facilities, high quality train information displays, information boards at stations & running trains and CCTV cameras at Reservation centers, Railway Stations,

Central & Divisional Hospital and Health Units are some of the important infrastructure provided to improve the quality of passenger service.

## 10.2 BRIEF SIGNALLING AND TELECOM PROFILE ON NR

### SIGNALLING & INTERLOCKING SYSTEM:

Interlocking is an arrangement of signals, points and other appliances, operated from a panel or lever frame so interconnected by Mechanical/Electrical/Electronic locking or a combination of these so that their operation takes place in proper sequence to ensure safety. Details of Interlocked stations over NR are shown below:

| | Gauge | 2020-21 | 2021-22 | 2022-23 | 2023-24 | 2024-25 |
|---|---|---|---|---|---|---|
| No. of Interlocked stations (STD-I® & above)(including Block Huts) | B.G. | 709 | 710 | 712 | 716 | 722 |
| | N.G. | 2 | 2 | 2 | 2 | 2 |
| No. of stations with MNI | B.G. | - | - | - | | |
| | N.G. | 30 | 30 | 31 | 31 | 31 |
| **Total No of Interlocked stations** | | **741** | **742** | **745** | **749** | **755** |

### TYPE OF SIGNALLING:

Type of Signalling on Northern Railway has undergone drastic change with extensive proliferation of Multi Aspect Color Light Signal stations increasing from 703 in March 2021 to 722 in march'2025 while Mechanical Semaphore signaling reducing from 6 in March 2021 to NIL March 2025 excluding 33 N.G. Details of type of Signalling are given below:-

| | Gauge | 2020-21 | 2021-22 | 2022-23 | 2023-24 | 2024-25 |
|---|---|---|---|---|---|---|
| No. of stations with MACLS(including Block Huts) | B.G. | 703 | 709 | 712 | 716 | 722 |
| No of stations with 2 Aspect Color light Signalling | B.G. | 0 | 0 | 0 | 0 | 0 |
| No. of stations with Semaphore Signalling | B.G. | 6 | 1 | 0 | 0 | 0 |
| | N.G. | 32 | 32 | 33 | 33 | 33 |
| **Total No. of Stations** | **741** | **742** | **745** | **749** | **755** | |

### PANEL/ROUTE RELAY INTERLOCKING (PI/RRI/EI):

All the Stations on route 'A', 'B', 'C', & 'D' on NR are being replaced progressively with Electrical/Electronic Interlocking to enhance Safety, provide faster and flexible train operations by reducing dependence on human interference due to centralized operation of points and signals. In addition, complete Track circuiting is also provided in station section. Stations with mechanical signaling on 'D' route are also being provided with Electronic Interlocking.

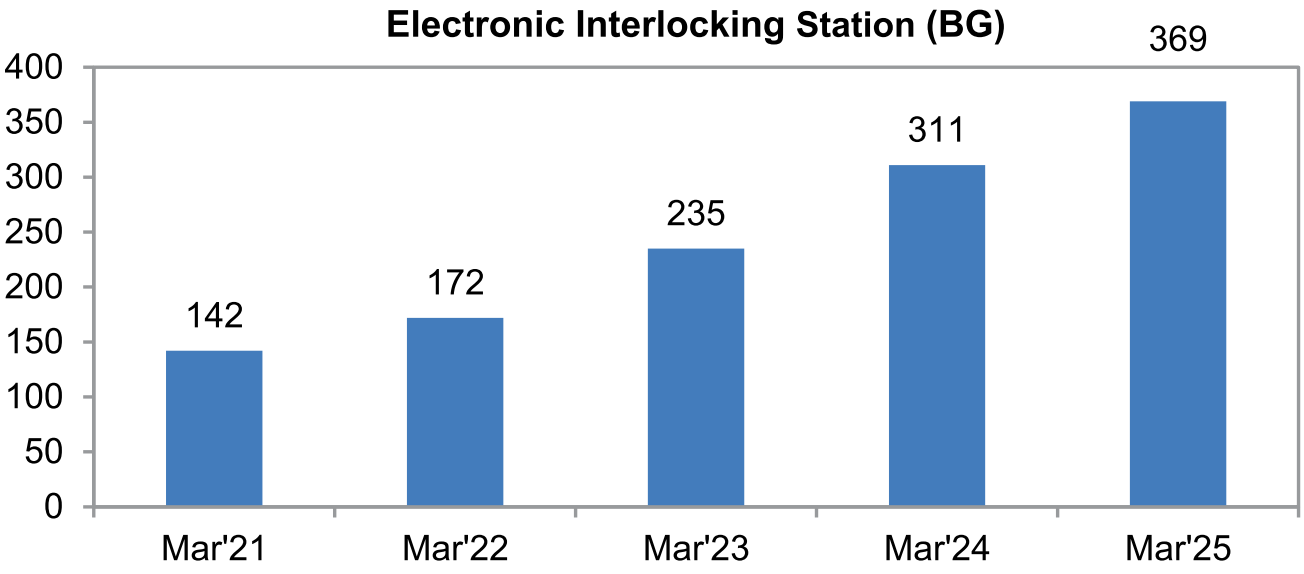
**Details of Mechanical Signaling system and PI/RRI/EI on NR from 2020-21 to 2024-25 as shown in table below:-**

| | Gauge | 2020-21 | 2021-22 | 2022-23 | 2023-24 | 2024-25 |
|---|---|---|---|---|---|---|
| No. of Stations with RRI/PI/EI (including Block Huts) | B.G. | 579 | 597 | 632 | 681 | 716 |
| No. of Stations with Mechanical/ Electro-Mech. Interlocking systems | B.G. | 130 | 113 | 80 | 35 | 6 |
| | N.G. | 32 | 32 | 33 | 33 | 33 |
| **Total No of Stations** | **741** | **742** | **745** | **749** | **755** | |

No. of remaining stations provided with Lever Frame & Semaphore Signaling are already sanctioned for replacement with PI/EI/RRI on Northern Railway.

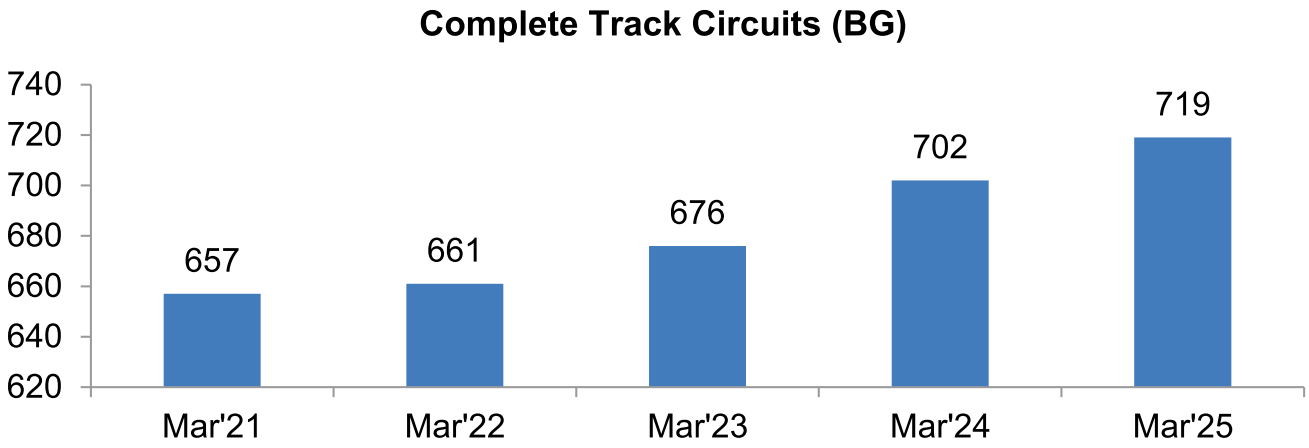
**ELECTRONIC INTERLOCKING (EI):**

Electronic Interlocking have been provided at 369 stations (B.G.) on NR for highest level of safety and reliability. The extent of proliferation of Electronic Interlocking over NR over last 5 years is indicated below:



**TRACK CIRCUITING:**

Complete Track Circuiting has been provided on all the stations on ‘A’ ,‘C’ and ’D’ routes on Northern Railway. Track circuiting on balance stations of other routes is also being provided progressively. Complete track circuiting has been extended from 657 stations (B.G.) to 719 stations (B.G.) in last five years.



**IPS (INTEGRATED POWER SUPPLY):**

Integrated Power Supply system (IPS) provides all the power requirements for the Signaling & Telecom functions of a Railway yard from a single unit, with a single set of battery backup. Power from the mains, is converted, regulated and fed through a distribution board. The IPS helps to maintain reliable and continuous power, at the lowest cost, considering capital and maintenance costs.

**Details of IPS provided on NR during last 5 years are shown in Table below:-**

| | Gauge | 2020-21 | 2021-22 | 2022-23 | 2023-24 | 2024-25 |
|---|---|---|---|---|---|---|
| No. of Stations with IPS | B.G. | 625 | 649 | 677 | 689 | 709 |

No. of stations provided with IPS has increased from 625 in 2020-21 to 709 in 2024-25 in the last five years.

**DATA LOGGER:**

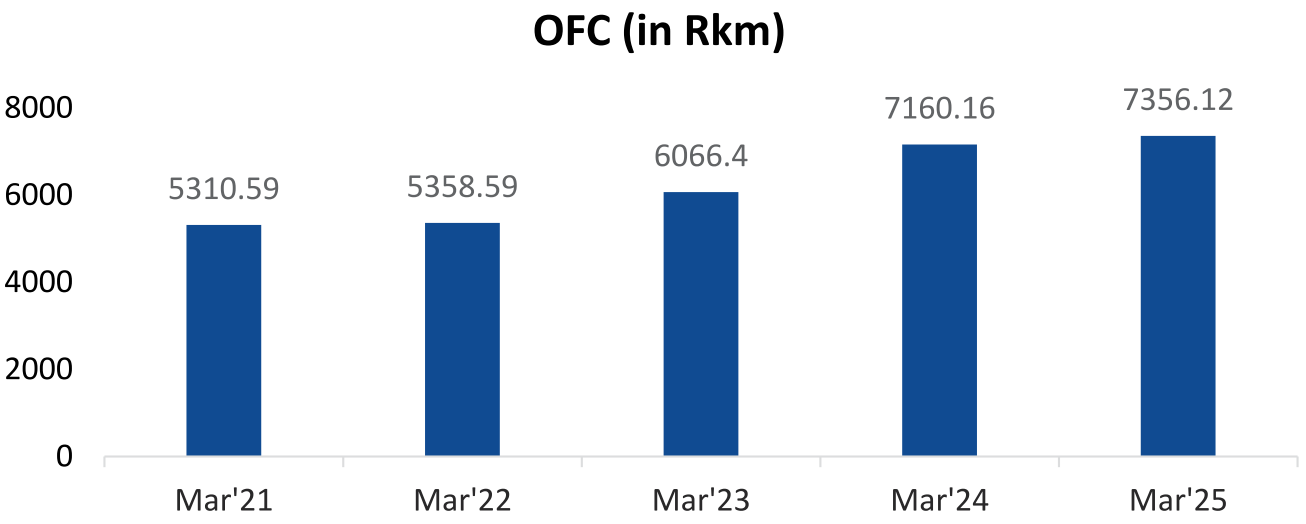
Data Loggers have been installed to monitor and record all activities and events in the Signaling System of a Railway station/yard in the chronological order. This data forms the basis for predictive and proactive maintenance. Details of Data loggers provided on NR during last 5 years are shown in Table below:-

| | Gauge | 2020-21 | 2021-22 | 2022-23 | 2023-24 | 2024-25 |
|---|---|---|---|---|---|---|
| No. of Data Loggers provided at Stations | B.G. | 590 | 608 | 643 | 685 | 718 |

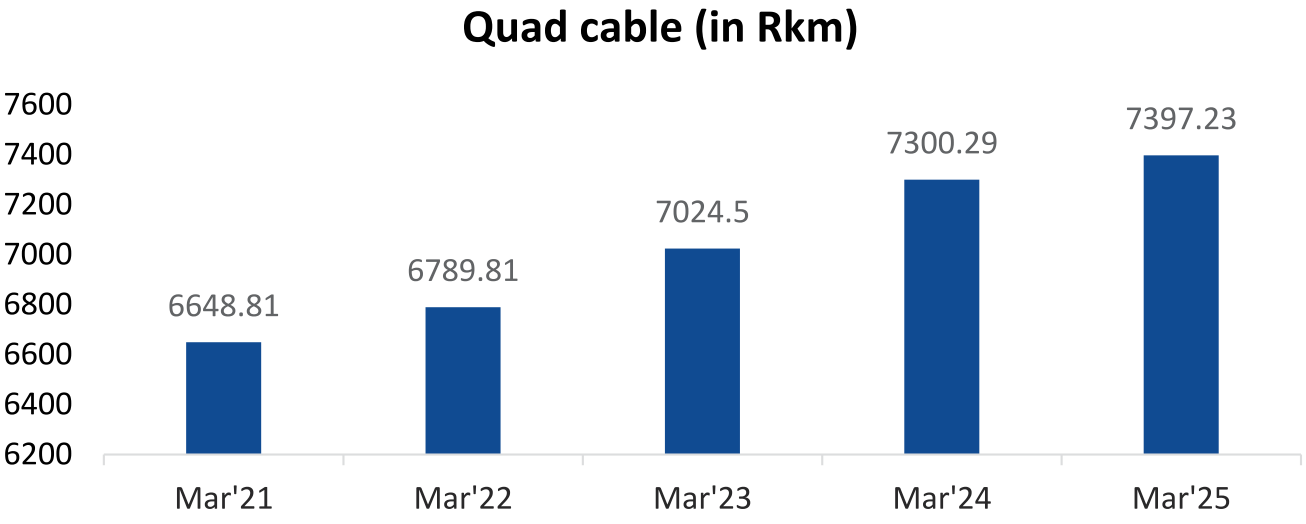
The Data Loggers have also been networked so that information is available at central locations. At present, all the data loggers are working in network mode.

**OPTICAL FIBER CABLE & QUAD CABLE SYSTEM:**

Optical fibers are extensively used in modern communication links as they offer very large bandwidths. At the same time, it is not prone to theft like copper cables. During the last five years, OFC links have increased manifold on Northern Railway from 5310.59 Kms in March 2021 to 7356.12 Kms in March 2025.



Quad cable network has increased from 6648.81 Kms in Mar'21 to 7397.23 Kms in Mar'25.



## 10.3 CCTV CAMERAS AT STATIONS:

To keep a vigil on reservation booking & discourage touts, CCTV cameras were installed in reservation centers at Chandigarh, Kalka, Patiala, Bathinda, Saharanpur, Ambala stations of

Ambala division, New Delhi, Delhi Main, Anand Vihar, Delhi Shahdara, Lajpat Nagar, Hazrat Nizamuddin, Sarojni Nagar, Kirti Nagar, Adarsh Nagar Delhi, Okhla, Madipur, Karkardooma and Noida on Delhi division, Haridwar, Moradabad of Moradabad division, Lucknow, Varanasi of Lucknow Division, Ludhiana, Jalandhar City, Amritsar of Firozpur division and Jammu Tawi, Udhampur, Sri Mata Vaishno Devi Katra of Jammu Division.

CCTV cameras have been installed under Integrated Security System at New Delhi, Delhi, Hazrat Nizamuddin, Delhi Shahdara, Ghaziabad, Anand Vihar Terminal, Tilak Bridge, Shivaji Bridge, Delhi Sarai Rohilla, Delhi Cantt of Delhi Division, Moradabad, Bareilly, Haridwar of Moradabad Division, Kalka, Patiala, Bathinda of Ambala Division, Lucknow, Ayodhya Cantt, Ayodhya, Varanasi of Lucknow Division, Amritsar, Jalandhar City, Ludhiana, Pathankot Cantt of Firozpur Division, Srinagar and Badgam, Anantnag, Udhampur (Martyr Captain Tushar Mahajan), Bijbehara, Panjgam, Awantipura, Kakapora, Pampora, Mazhom of Jammu division.

In addition to above, CCTVs have been installed under Nirbhaya Funds at Faridabad, Jind, Karnal, Faridabad Town, Ballabhgarh, Meerut City, Panipat, Gurugram, Nangloi, Adarsh Nagar, Meerut Cantt, Shakurbasti, Subzimandi, Sonipat, Rohtak of Delhi Division, Dehradun, Chandausi, Hapur, Hardoi, Roorkee, Shahjahanpur, Amroha, Rampur, Nazibabad, of Moradabad Division, Phulpur, Bhadohi, Janghai, Jaunpur, Pratapgarh, Prayag Ghat, Unnao, Rae Bareli, Barabanki, Sultanpur, Amethi, Shahganj of Lucknow Division, Jagadhri, Rajpura, Sirhind, Shimla, Saharanpur, Ambala Cantt of Ambala Division, Beas, Firozpur Cantt, Phagwara, Jalandhar Cantt , Phillaur of Firozpur Division and Pathankot, JammuTawi, Sri Mata Vaishno Devi Katra, Baramulla, Hamre, Pattan, Sadura, Qazigund, Banihal of Jammu Division.

CCTV cameras have been installed under other works at Khari, Sumber, Sangaldan, Reasi, Bakkal, Dugga and Sawalkot of Jammu division.

CCTV cameras have been installed in connection to Maha Kumbh Mela, 2025 at Prayag Raj. Prayag, Phaphamau and Prayag Ghat Sangam.

P.K. Road Railway Colony, SP Road Railway Colony Washing Line New Delhi, RPF post Gurugram, Delhi Safdarjung, IRCA Building New Delhi, Gati Shakti unit at DRM office New Delhi, Creche of Baroda House, Creche of DRM office New Delhi of Delhi Division and Loco Lobby Ludhiana of Firozpur Division under DRM power. CCTV Cameras were installed in Ayodhya, Ayodhya Cantt., Salarpur and Darshan Nagar stations after redevelopment work.

**S&T Budget:**

Budget Allotment for Signalling and Telecom works has increased progressively in the last five years. The total expenditure in the last five years for S&T plan head has been Rs 1903.10 Cr. Thus, the average budget expenditure per annum for S&T Plan Head has been Rs 380.62 Cr. Expenditure in 2024-25 was Rs.516.43 Cr.

**PROVISION OF CCTV CAMERAS AT TUNNELS IN KASHMIR VALLEY:**

3222 Nos of CCTV cameras have been installed in 26 nos of Tunnels in Qazigund- Banihal-Reasi section from T-31 to T-80.

**PROVISION OF CCTV CAMERAS AT HOSPITAL/HEALTH UNIT:**

Northern Railway Central and Divisional Hospital & Health Unit were installed with 79 No. of CCTV Cameras at 24 locations in Delhi Division, 75 No. of CCTV Cameras at 07 locations in Firozpur Division, 25 No. of CCTV Cameras at 05 locations in Jammu Division, 62 Nos. CCTV Cameras at Divisional Hospital in Lucknow Division, 63 No. of CCTV Cameras at 11 locations in Moradabad Division & 65 No. of CCTV Cameras at 07 locations in Ambala Division.

(CCTV at Jammu Tawi station)

(CCTV at Lucknow station)

(CCTV at IRCA Building, New Delhi Station)

**PROVISION OF CCTV CAMERAS AT LC GATES:**

CCTV cameras provided at 19 Nos. LC Gates (247, 321, 343, 359, 359B, 19A, 415, 471, 477, 448, 51, 82, 94 & 96 of Moradabad Division and 13C, 40A, 118A, 23C & 125 Spl of Lucknow Division) to enhance safety and security.

LC - 96 of Moradabad Division

**BAGGAGE SCANNER:**

To enhance Passenger Security, X-ray Baggage Machines have been installed at Ludhiana, Jalandhar City, Amritsar of Firozpur Division and Pathankot Cantt, Jammu Tawi, Udhampur (Martyr Captain Tushar Mahajan), Sri Nagar, Badgam, Anantnag, Bijbehara, Panjgam, Awantipura, Kakapora, Pampora, Rajeshwar of Jammu Division. Moradabad, Bareilly, Haridwar station of Moradabad Division, Lucknow, Varanasi, Ayodhya Cantt, Ayodhya of Lucknow Division, Kalka, Patiala, Bathinda Jn., Chandigarh, Saharanpur, and Ambala Cantt. of Ambala Division. Now X-ray Baggage machines are maintained by the RPF.

**WI-FI AT STATIONS OVER NR:**

Wi-Fi is Local area network on wireless technology. It is an under lying Technology of Wireless Local Area Network. Wi-Fi allows Computers & other devices of passengers to communicate over a Wireless Network. Wi-Fi has been installed at 614 stations (FZR-58, JAT-62, UMB-103, DLI-147, MB-122 & LKO-123) over Northern Railway. Wi-Fi are provided by the TATA trust and Railway.

**SYSTEM TO ACCESS ACCIDENT SITES:**

To provide Broadband Railnet/ Internet to access all derailment / Accident sites, Ambala division has innovated and developed a standard kit. Broadband internet access can be provided at all the stations through OFC network with the application of standard kit. The kit uses E-1 interface of Railway OFC and comprises E-1 to Ethernet converter, LAN extender and E-1 modem. For Accident / Derailment in Block Section having quad cable, Broadband is extended on Disaster Management pair. This facility can also be used for videos of Derailment / Accident site without use of bulky Satellite based VSAT system and affords greater Bandwidth and speed. Telecom Equipments of ART has been upgraded as per RDSO Letter No: STT/WL/ARRO (Pt.) 244/Vol-II Dt. 18.06.2020 with additional following items by Delhi Division as under-

(a) Rugged Laptop

(c) Hot Spot 4G Wi-Fi Router Dongle (Data SIM Card)

(b)Tripod Stand for Full HD Bullet type IP Color Camera

(d) All in One color Laserjet Printer

(e) Fixed Cellular Telephone (4G SIM based)

**TRUE COLOR LED INDICATION BOARDS:**

In order to enhance quality of passenger amenities at 'A' and 'B' class stations, display boards having capabilities of displaying information in true color and Multi languages have been introduced. Its key features include Multi Color Multi Lingual display apart from video-cum-train arrival departure information display. Besides, the display of such boards is easy to read and soothing to the eyes. Its benefits include low operational cost, source of additional revenue generation through advertisements. It also helps in minimizing load at enquiry counters.

On Northern Railway, **True Color Train Indication LED Boards** have been provided at major 93 stations namely viz: -

**Delhi Division-** 18 stations (New Delhi, Delhi Main, Delhi Cantt., Kurukshetra, Hazrat Nizamuddin, Anand Vihar Terminal, Delhi Sarai Rohilla, Delhi Kishanganj, Karnal, Rohtak, Bahadurgarh, Faridabad, Ghaziabad, Gurgaon, Panipat, Muzaffarnagar, Meerut City and Meerut Cantt)

**Lucknow Division-** 19 stations (Akbarpur, Ayodhya Dham, Barabanki, Ayodhya Cantt, Janghai, Jaunpur, Jaunpur City, Lucknow, Prayag, Raebareli, Sultanpur, Unnao, Varanasi, Shahganj, Salarpur, Darshan Nagar, Nihalgarh, Prayag Ghat Sangam and Phaphamau)

**Ambala Division-** 19 stations (Abohar, Ambala Cantt, Ambala City, Barnala, Bathinda, Chandigarh, Dhuri, Yamunanagar-Jagadhari, Kalka, Khanna, Nangal Dam, Patiala, Rajpura, Roop Nagar, Saharanpur, Shimla, Sirhind, Una Himachal and Amb Andaura)

**Moradabad Division**-13 stations (Dehradun, Hapur, Haridwar, Jawalapur, Laksar, Moradabad, Raiwala, Rishikesh, Roorkee, Bareilly, Shahjahanpur, Hardoi and Yognagri Rishikesh)

**Firozpur Division**- 07 stations (Amritsar, Beas, Firozpur Cantt, Jalandhar Cantt., Jalandhar City, Ludhiana and Phagwara)

**Jammu Division**- 17 stations (Jammu Tawi, Pathankot, Pathankot Cantt, Sri Mata Vaishno Devi Katra, Udhampur (Martyr Captain Tushar Mahajan), Anantnag, Banihal, Baramulla, Badgam, Qaziqund, Gurdaspur, Kathua, Srinagar, Sangaldan, Khari, Sumber and Reasi)

True Colour Train Display Boards at New Delhi Railway Station

On Northern Railway, **Coach Guidance Boards** have been provided at major 80 stations namely viz:

**Delhi division**- 19 stations (New Delhi, Delhi Main, Delhi Cantt, Hazrat Nizamuddin, Anand Vihar Terminal, Delhi Sarai Rohilla, Delhi Kishanganj, Delhi Shadara, Kurukshetra, Ghaziabad, Karnal, Rohtak, Bahadurgarh, Faridabad, Gurgaon, Panipat, Sonipat, Bahadurgarh and Meerut City)

Coach Guidance System at Hazrat Nizamuddin Railway Station

**Lucknow Division**- 20 stations

(Lucknow, Ayodhya Dham, Barabanki, Bhadohi, Ayodhya Cantt, Janghai, Jaunpur, Jaunpur City, Prayag, Raebareli, Unnao, Varanasi, Shahganj, Akbarpur, Prayag Ghat Sangam, Salarpur, Darshan Nagar, Nihalgarh, Phaphamau and Sultanpur)

**Ambala Division**- 13 stations (Ambala Cantt, Ambala City, Bathinda, Chandigarh, Yamunanagar-Jagadhri, Kalka, Patiala, Rajpura, Saharanpur, Sirhind, Abohar, Roop Nagar and Amb Andaura)

**Moradabad Division**- 11 stations (Moradabad, Bareilly, Dehradun, Hapur, Haridwar, Jawalapur, Laksar, Raiwala, Rishikesh, Roorkee and Yognagri Rishikesh)

**Firozpur Division-** 08 stations (Amritsar, Beas, Faridkot, Gurdaspur, Jalandhar Cantt., Jalandhar City, Ludhiana and Phagwara) Jammu Division-09 stations (Jammu Tawi, Pathankot Cantt, Pathankot, Udhampur (Martyr Captain Tushar Mahajan), Sri Mata Vaishno Devi Katra, Reasi, Sangaldan, Sumber and Khari)

**VIDEO CONFERENCING:**

In order to create interactive meeting environment, Northern Railway has adopted latest technology by providing Video Conferencing equipment's at Zonal/Divisional offices and also provided CISCO Web link platform for Video Conferencing between GM and Railway Board apart from GM, CAO and DRMs of all Six divisions.

All Video conferences are operated properly on Railnet internet from Residences/Office. Till date Northern Railway has conducted more than 150 Video conferences per month on an average.

**BIOMETRIC SCANNER ACCESS CONTROL SYSTEM AT CONTROL OFFICE:**

In order to restrict entry of unauthorized persons in control office, Northern Railway has commissioned Biometric Scanner Access Control System at Control office DRM's office, New Delhi

**E-OFFICE IMPLEMENTATION:**

E-Office implementation has been done in S&T HQ office, Baroda House, New Delhi,

STTC/Ghaziabad, S&T workshop/ Ghaziabad, Divisional office Firozpur, Jammu, Ambala, Delhi, Moradabad and Lucknow.

**PROVISION OF DIGITAL MUSEUM:**

Digital Museum installed at National Rail Museum Chanakyapuri, New Delhi, Delhi main, Kalka and Shimla Railway stations for display of History of Railway progress, Heritage sites of Indian Railways, Ek Bharat Shresth Bharat, Swadeshi Movement, Yoga, Plastic ban, Safety measures for COVID-19 and other VVIP contents.

**COMMUNICATION SETUP IN SPECIAL TRAIN:**

Communication setup complete with two Satellite docking system, FCT-21 Nos., Dongle-10 Nos., Walkie Talkie sets -15 Nos., Cordless Phone-5 Nos, Call Bell-5 Nos has been provided in President Special Train for visit of Hon'ble President of India from DSJ to Allahabad and Lucknow to Ayodhya and back from Ayodhya on 25.06.2021 & 29-08-2021 respectively by Delhi Division.

In addition to this FCT phones provided at 19 stations from Lucknow to Ayodhya to strengthen the communication.

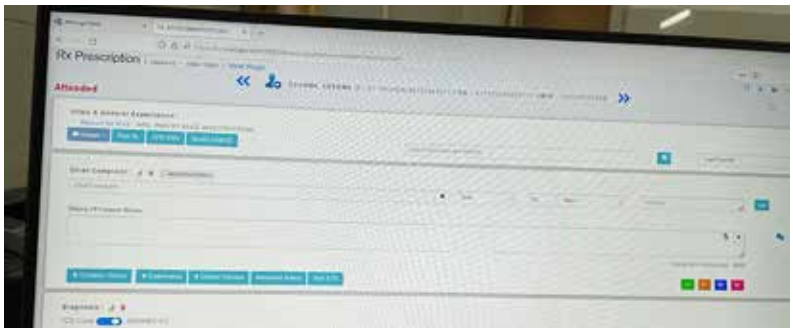
**Audio/Video arrangement provided at Ayodhya Station.**

**HOSPITAL MANAGEMENT INFORMATION SYSTEM (HMIS):**

The HMIS is an integrated clinical information system with the basic objective of improved hospital administration and patient healthcare. This aims to ensure an improved experience for hospital administration and patients.

HMIS is another important step in the country's journey towards digital transformation which will have a positive impact on the lives of Railway men, pensioners and their families.

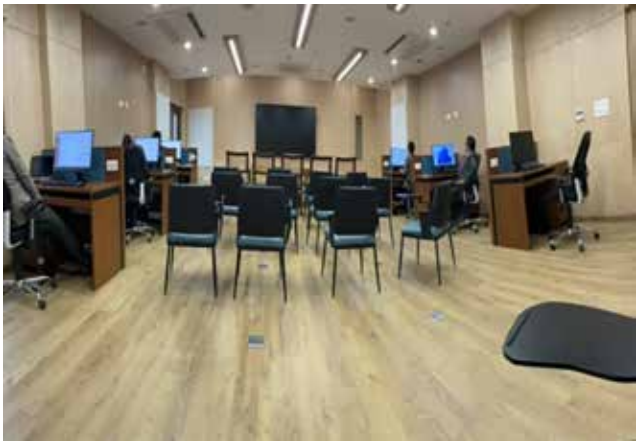
HMIS has been implemented at Northern Railway Central Hospital New Delhi, Divisional Hospital of all divisions and 23 health units of Delhi Division, 12 health units of Moradabad Division, 07 health units of Firozpur Division, 05 health units of Jammu Division, 12 health units of Lucknow Division and 07 health units of Ambala Division,



Northern Railway Central Hospital New Delhi

**Telecom equipment's installed at WAR room, Railway Board:**

All Audio and video equipment's, Railnet connectivity with protection path, Railway/ MTNL phones, CISCO V.C. system and 85 inches Video wall, uninterrupted power supply arrangement of Telecom equipment's have been provided in WAR room of Railway Board by Northern Railway.



**Telecom equipment's installed at MOSR-J room, Railway Board:**

98" TV along with Railnet connectivity, PA system (including: Conference controller, delegate unit, speaker, wireless controller, chairman unit etc.), 2 KVA and 5 KVA UPS have been

installed at MOSR-J office in Railway Board. Also, integration of CISCO Codec (VC) with PAE system has been done by Northern Railway.

**Upgradation of NGN Network:**

11 Nos. of NGN PRI links have been shifted to upgraded network of Railtel i.e., 06 Nos (DRM-02 Nos, Baroda House-02 Nos and Rly Board-02 Nos) of Delhi Division, 03 nos. of Lucknow Division, 01 no. of Moradabad Division and 01 no. of Ambala division.

**Commissioning of SIP based Telephone Exchange:**

14 Nos. of IP based telephone Exchange have been commissioned at DRM office New Delhi, Railway Board, Baroda House, Kashmere Gate of Delhi Division and Chandausi, Hardoi, Moradabad, Laksar, Haridwar, Najibabad of Moradabad Division and Charbagh, Ayodhya, Ayodhya Cantt., Prayag of Lucknow Division.

**Provision of Fibre based GPON Technology:**

Fibre based GPON Technology (Fibre to The Home [FTTH]) has been provided in Homes/ Bungalows at S.P Marg Railway officer's colony for high-speed internet.

**Implementation of IPv6:**

IPv6 has been implemented at Rail Bhawan, Baroda House and 06 divisions.

**Surrendering of V-SAT (Very-Small Aperture Terminal) locations:**

A very-small-aperture terminal is a two-way satellite ground station with a dish antenna that is smaller than 3.8 meters. The majority of VSAT antennas range from 75 cm to 1.2 m. Bit rates, in most cases, range from 4 Kbit/s up to 16 Mbit/s.

**69 Nos. of V-SAT have been surrendered viz:**

a) **Lucknow Division**- 21 nos (Gopalganj, Bhadri, Khagalpur/ Atrampur, Ram Chaura Road, Barabanki, Kheta Sarai Jaunpur, Mihrawan, Shahganj, IFFCO Phulpur, Gauriganj, Sonic, Mohanlal Ganj, Amausi, Vyas Nagar, Vyas Nagar 2, Tanda, Unchahar, Ayodhya, Dalmau, Salarpur and NTPC Unchahar ).

b) **Moradabad Division** - 09 nos (Kafurpur, Garhmuktesar, Bhanthara, Aonla, Bulandshahr, Harthala, Bijnor, Gumthal, Babrala).

c) **Delhi Division** – 10 nos (Gohana, Jind, Gurgaon, Noli, Machrauli, Palhawas, Safidon, Ghevra, Shamli and Bareta ).

d) **Ambala Division -** 15 nos (Dhuri, Bhatinda Cantt, Nabha, Quila Raipur, Ahmadgarh, Rampuraphul, Doraha, Barnala/Shekha, Bhuchchu, Chawapail, Lehra Mohabbat, Tapa, Khamano, Lal Kalan and Samrala)

e) **Firozpur Division** - 11 nos (Banga, Khasa, Nawanshahr, Jalalabad, Sultanpur Lodhi, Taran Taran, Patti, Nurmahal, Suranussi, Kartarpur and Kapurthala).

f) **Jammu Division**- 03 nos (Kangra, Sulah and Kathua).

**Dismantling of redundant 7 GHz Antennas:**

**164 Nos. of Antennas removed from 62 locations over Northern Railway viz:**

a) Delhi Division- 52 Nos. of Antennas removed from 23 locations.

b) Ambala Division-25 Nos. of Antennas removed from 08 locations.

c) Firozpur Division- 50 Nos. of Antennas removed from 17 locations.

d) Moradabad Division- 29 Nos. of Antennas removed from 09 locations.

e) Lucknow Division-08 Nos. of Antennas removed from 05 locations

**Commissioning of Selective Calling along with Voice Logger at Non-Interlocked LC Gates**

Provision of Selective calling along with Voice Logger was made at 1191 Non-Interlocked LC gates (DLI-134, FZR-270, JAT-111, LKO-252, MB-293 & UMB- 131) for enhancing safety, efficiency and accountability in Railway operations.

**Following Telecom facilities were provided in connection to Maha Kumbh Mela, 2025 at Prayag Raj**

i) Various information Train Display Boards have been provided at 03 stations i.e. Prayag, Phaphamau and Prayag Ghat Sangam (05 Nos 6 Line OVD and IVD, 05 Nos 12 Line OVD, 08 Nos 5 Line MLDB, 14 Nos AGDB and 24 Nos. LED TV based TIB).

ii) 302 Nos. of Coach Guidance Display Board, 25 Nos. of GPS Clock, 330 Nos of Horn and Column Speakers for Public address System at 03 stations i.e. Prayag, Phaphamau and Prayag Ghat Sangam.

iii) 353 Nos of CCTV Cameras and 21 Nos. of 55” CCTV display units. 20 Nos of State CCTV Camera feed have been provided at ICC Prayag. Feed of all CCTV Cameras of Maha Kumbh Mela integrated to War Room, New Delhi.

iv) 99 Nos of Wi-Fi Aps, 10 Nos of Airtel and JIO Towers have been provided for mobile coverage.

v) Ring backbone has been provided on IPMPLS at 03 stations i.e. Prayag, Phaphamau and Prayag Ghat Sangam.

Northern Railway

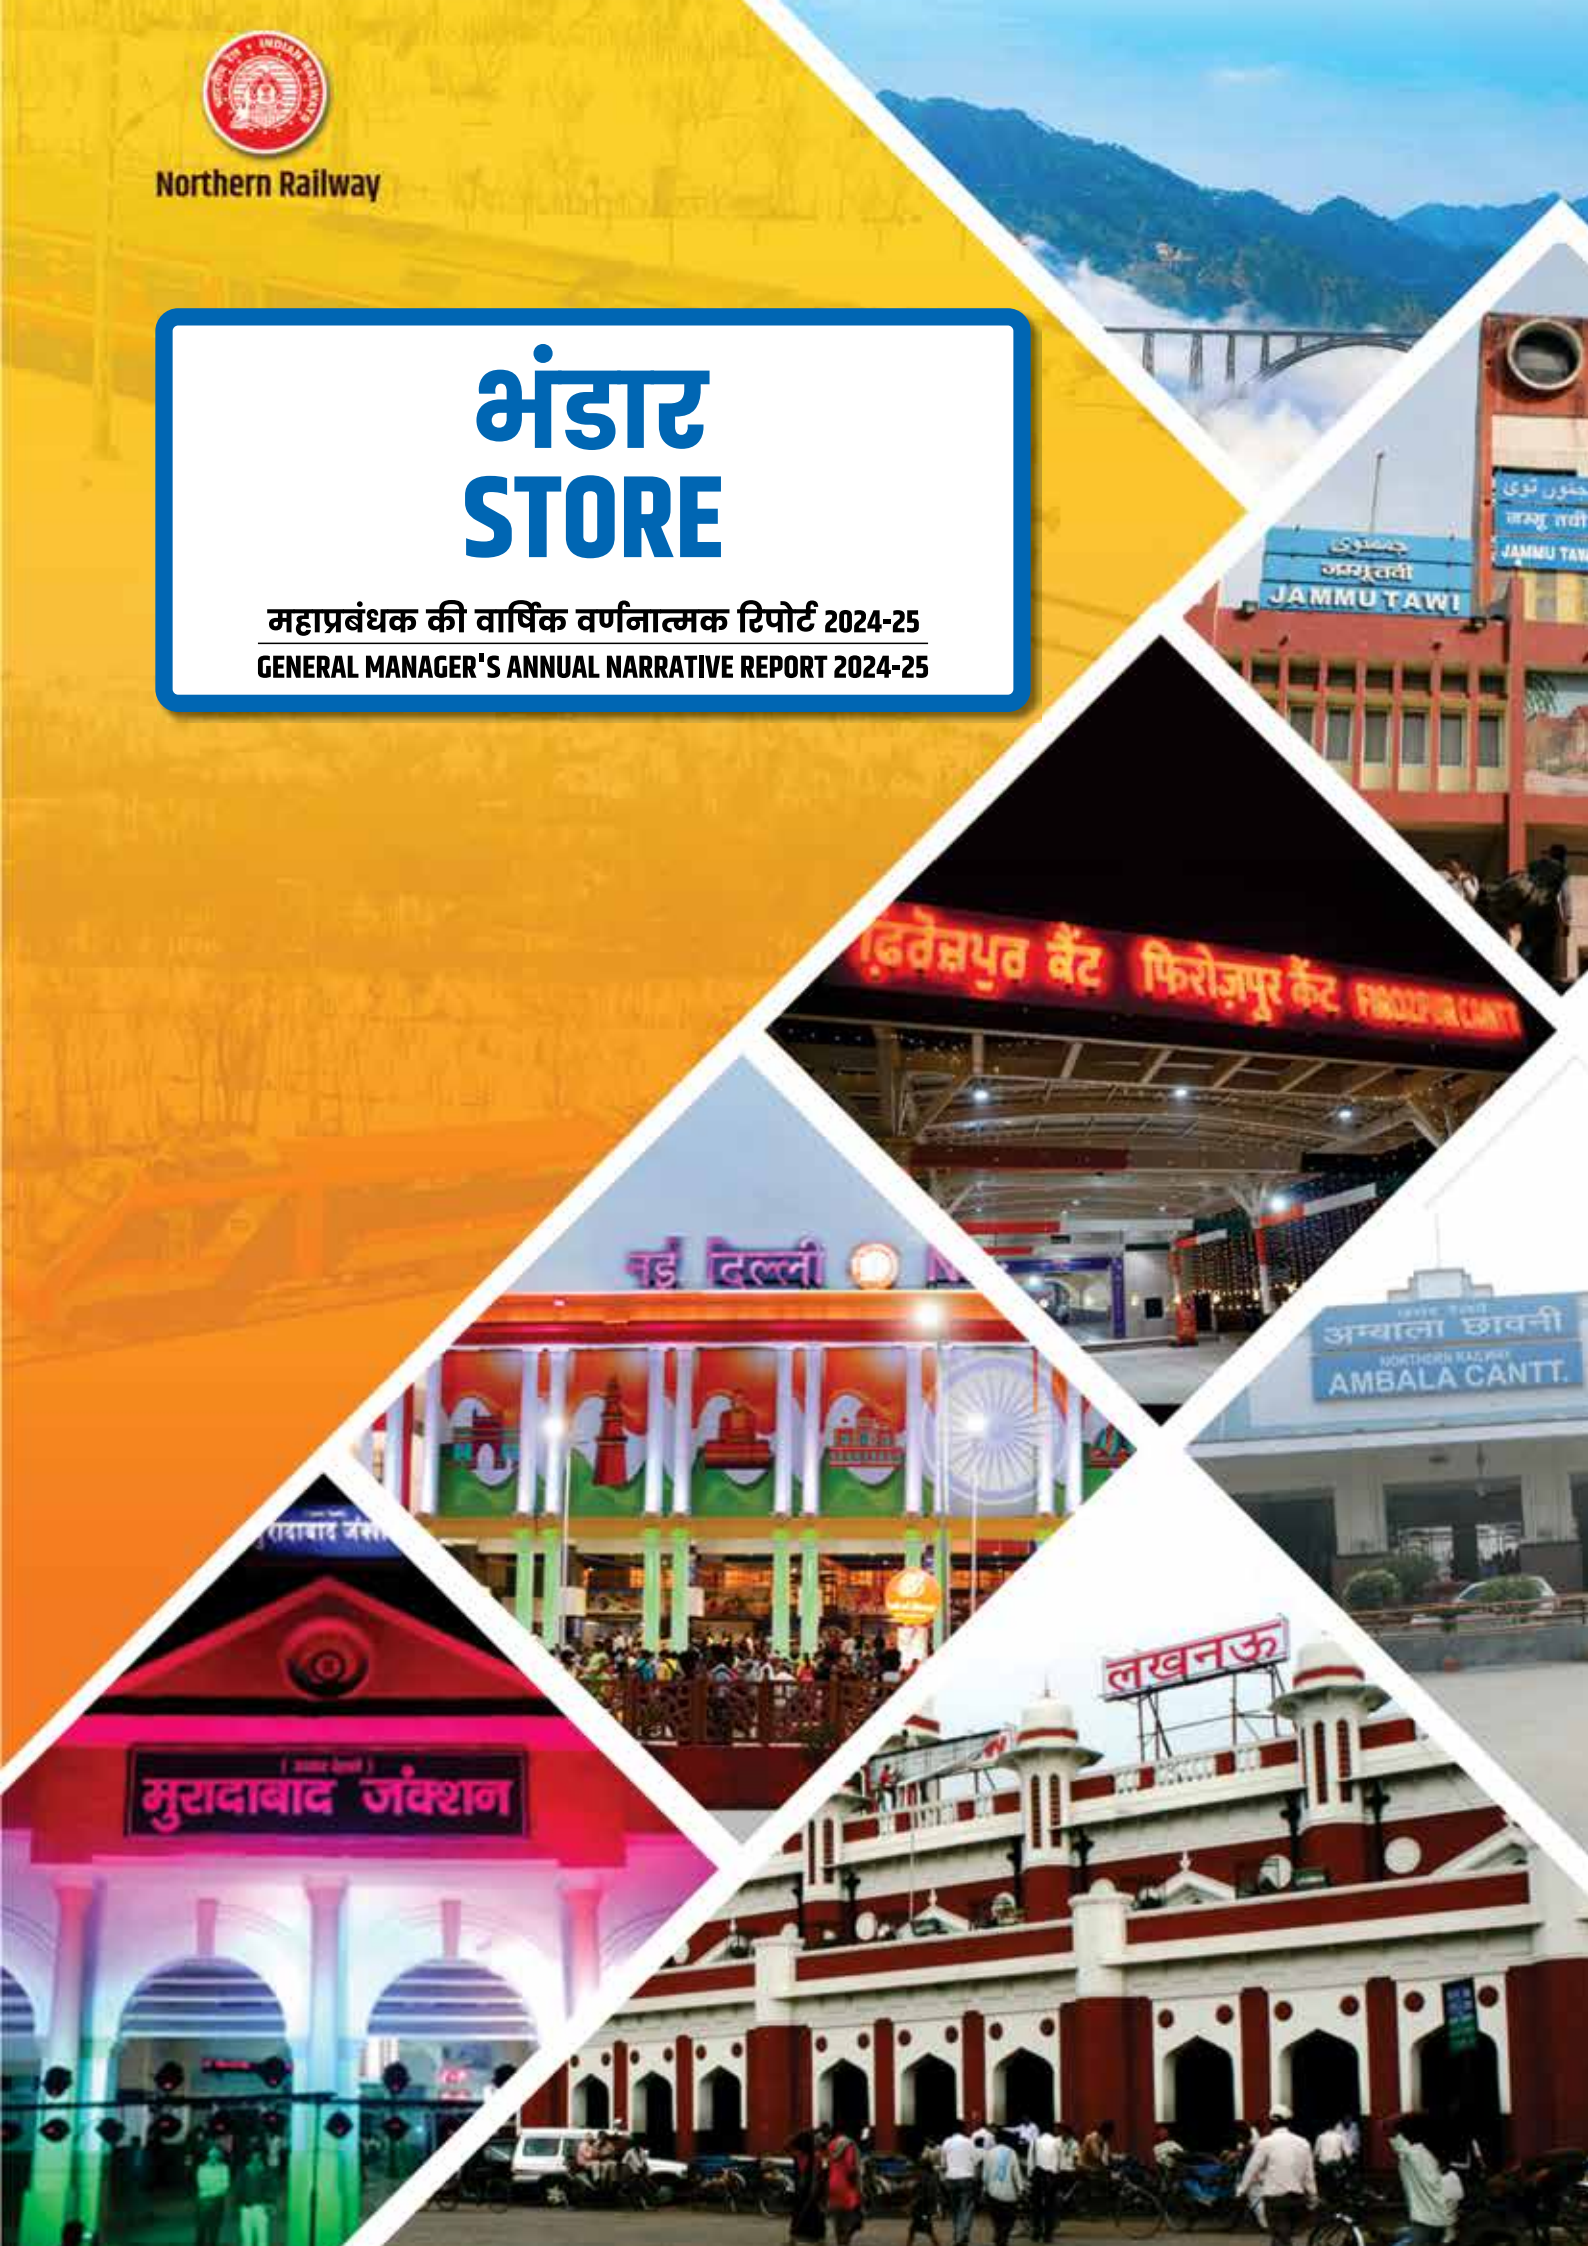
## महाप्रबंधक की वार्षिक वर्णनात्मक रिपोर्ट 2024-25
## GENERAL MANAGER'S ANNUAL NARRATIVE REPORT 2024-25



# CHAPTER – XI

## 11.1 ORGANISATI1ON OF STORES DEPARTMENT

### 11.1.1 Head Quarter Office

For carrying out Materials Management functions and scrap disposal, HQ Office of Stores Deptt. is located at Baroda House, New Delhi. It is headed by Principal Chief Materials Manager who is assisted by various Chief Materials Managers, Dy.Chief Materials Managers, Senior Materials Managers and Asstt. Materials Managers.

### 11.1.2 Stores Depots

For receipt, inspection, stocking and distribution of materials, there are 24 Stores Depots on this Railway. The depots at ASR, JUDW, SSB, AMV/LKO and CB are headed by Dy. Chief Materials Managers and others by SMMs/AMMs. Except General Stores Depot Shakurbasti, depots are either located adjacent to Railway Workshops or are attached to Diesel/ Electric Loco/ EMU Car Sheds.

### 11.1.3 Divisional units

A Stores Officer of the rank of JA/SG Grade is posted in each Division. Main functions of Sr.Divisional Material Managers are efficient distribution of stores including Stationery and Forms, purchase of materials to meet demands of Divisional Consignee, co-ordination with main depots and divisional indentors, disposal of scrap through auction.

### 11.1.4 Printing Press

A General Printing Press is located at Shakurbasti which is responsible for supply of Stationery and Forms, money value items as well as PRS /UTS tickets to entire Northern Railway. Recently it has been entrusted to supply money value items ( including PRS/UTS tickets ) to NER, NCR & NWR.

## 11.2 STORES TRANSACTIONS

### 11.2.1 Details of stores balances (with fuel) for normal maintenance and operation as well as works

(Fig. in Crores of ₹)

| | | Normal Maintenance & Operation | | Works | Total | Works | Total |
|---|---|---|---|---|---|---|---|
| | | 2023-24 | 2024-25 | 2023-24 | 2024-25 | 2023-24 | 2024-25 |
| **1.** | **Opening balance at the beginning of Year:-** | | | | | | |
| a) | Physical balance without adjustment | 425 | 541 | 3 | 3 | 428 | 544 |
| b) | Adjustment 7100 | 23 | 1 | 0 | 0 | 23 | 1 |
| c) | Total balance as per appropriation account under 7160 | 358 | 486 | 3 | 3 | 428 | 489 |

| | | | | | | | |
|---|---|---|---|---|---|---|---|
| d) | Book keeping adjustment relating to 7171-7190 | -67 | -55 | 0 | 0 | 23 | -55 |

### 11.2.2 Breakup of Stores Balances

(Fig. in Crores of ₹)

| **Opening balance at the beginning of year 2024-2025** | | | | | **Transaction of the physical stock during year 2024-25** | | **Closing balance at the end of year March' 2024-25** | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|
| **Physical Balance w/o Adjustment** | **Adjustment 7170-7150** | **Total balance as per appropriation a/c** | **Balance Under 7110-7150** | **Total 7100** | **Receipts** | **Issue** | **Physical Balance w/o adjustment 7160** | **Adjustment 7100** | **Balance Under 7110-7150** | **Total balance as per appr. a/c** | **Total balance under 7100** |
| 544 | -55 | 489 | -55 | 490 | 3076 | 3069 | 551 | 116 | 66 | 485 | 601 |

## 11.3 INVENTORY CONTROL:

Following steps are taken to control Inventories:-

i) All the items stocked in depots are divided in 'A', 'B' and 'C' categories based on value of annual-usage. Items which contribute 70% of the annual usage value are categorized as 'A', 20% of the annual usage value are categorized as 'B' & balance as 'C' category items.

ii) Intensive review is carried out for 'A' and 'B' category items to restrict the consumption and procurement to have minimum inventory level. Phased delivery is also arranged to keep the inventory at minimum level.

iii) Demands for Non-stock items are consolidated by HODs of consuming departments and annual procurements are arranged once a year for Non-stock items.

iv) Surplus, over stock and inactive items are reviewed regularly. Their disposal on Railway is arranged by issuing to depots, other Zonal Railways or by scrapping them due to spares becoming obsolete.

## 11.4 Modules implemented

### 11.4.1 E-Procurement implementation:

As a part of overall reforms process, Indian Railways decided to adopt and implement E-Procurement system for deriving mutual benefits to the Railways as well as the participating Industry. The EGP (E-Governance Project) application has been integrated with latest digital security features to demonstrate and ensure highest level of security, confidentiality and trust between the buyer and the seller. The system has been developed by CRIS and is fully operational.

During 2024-25 total 24559 numbers of e-tenders were uploaded on Northern Railway E-Procurement System (IREPS) and 24123 numbers of P.O's were placed .

### 11.4.2 Implementation of E-Auction.

In a major IT initiative, Stores department of Northern Railway launched on 06.03.2012 the e-auction module developed by CRIS for sale of scrap material through Electronic Auction. Shakurbasti Stores depot of N.Rly was assigned to conduct e-Auction of scrap material through the website www.ireps.gov.in, developed by Centre for Railway Information Systems (CRIS). The system allows bidding in a transparent and fair manner through internet. Presently electronic payments have been facilitated through State Bank of India. The application has been integrated with SBI in a unique manner allowing bidders to leverage the funds available in their account by lien management system for online participation. During financial year 2024-25, 592 lots worth Rs.78106 lacs has been auctioned using e-auction module.

### 11.4.3 Modules conceptualized and under implementation

#### a) Integrated Materials Management System (iMMS)

This is a common platform developed by CRIS for the users of iMMS across IR. E-procurement system has been made operational in all Depots and Divisions of NR. Depot/Division Purchase of MMS stands implemented on 30 units of NR. Contract Tracking Module of iMMS is working and NR has settled 23386 numbers of Direct Acceptance cases and 667 Tender Committee cases through this module during financial year 2024-25 (01-04-2024 to 31.03.2025). Purchase module was released by CRIS for implementation on 17.08.2016. Indenter module has also been implemented in Northern Railway. IMMS has also been implemented in all Divisional Hospitals and all health unit of NR.

#### b) Vendor Interface Management System (VIMS):

This Projected was sanctioned by Railway Board and it has been implemented by CRIS. The functionalities like Online Bill submission by Vendors, Online facility for submission of TDC/EMD, Online submission of modification request by Vendors, online real-time delivery of Digitally signed Contracts, LOAs, R/Notes, Receipted Challans to vendors and other stake holders, Online tracking of bills for payment, Online web queries, Mobile application vendor interface, Online submission of negotiated offers, online counter offer replies by vendors, integration with RITES Inspection Portal to facilitate information sharing among Railway User,

Vendors & RITES etc. have already been implemented. Activities of integration of RDSO Inspection Certificate & Despatch Memo (DM) with IREPS/iMMS has also been completed.

A new module for Trade Group-wise registration of vendors has been developed as per Railway Board's instructions and same has been deployed on production for test users. After completion of testing for test users, same will be opened for all Railways users.

Functionality for updating vendor's profile details and related documents by registered vendors deployed on production server for test vendors only. The same functionality is being tested and subsequently it will be opened on production server to all vendors.

**c) Enterprise resource planning (ERP) based integrated MMIS for Indian Railway:**

This project was also implemented by CRIS. Towards preparation of ERP implementation for IR, all the Zonal Railway's individual MMIS have been switched over to iMMS application (developed by CRIS). HQ Purchase Module & Depot Module has also been rolled out in NR as well as all Zonal Railways of IR.

iMMS rolled-out in Zonal Railways in phases i.e Two Railways in (NR & ER) and thereafter remaining Zonal Railways in March'2017. Subsequently, all PUs on boarded in Sept'2019.

## 11.5 OTHER STATISTICS

### (A) Value of Railway equipment and stores ordered for the year 2024-25

(Fig. in Crores of ₹)

| Through Ministry of Supply | Through Railway Board | Direct purchase made by Railway | Total |
|---|---|---|---|
| - | 2822.31 | 3657.59 | 6479.91 |

### (B) Purchases made for the year 2024-25

(Fig. in Crores of ₹)

| Value of store direct purchased imported | Value of imported stores purchased in India | Value of stores purchased from public sector under takings | Khadi purchases | Value of stores purchased from cottage and small scale industries | Value of stores purchased manufactured in India from other industries | Total |
|---|---|---|---|---|---|---|
| 0 | 843874 | 2904.97 | 0 | 1672.90 | 1901.95 | 6479.91 |

### (C) No. of orders placed during the year 2024-25

| Requisitions placed on other Railways | | No. of Purchase Orders issued | | No. of cases where 100% payment made against Proforma Invoice. | | Total No. of indents on DGS&D & Central Purchase Agencies | |
|---|---|---|---|---|---|---|---|
| No. | Item | No. | Item | No. | Item | No. | Item |
| 1438 | 1438 | 24123 | 6081 | - | - | - | - |

### (D) Statement of Foreign Exchange released and utilized during the year 2024-25

Total amount of foreign exchange released by Railway Board, FA & CAO & GM of N.Rly. during the year 2024-25.

(Fig. in Crores of ₹)

| Foreign Exchange released by Rly Bd. | | | | Foreign Exchange released by FA&CAO/GM of N.Rly. | | | |
|---|---|---|---|---|---|---|---|
| For ALCO DSL spares | For Elect. spares | For other items | Total | For ALCO DSL spares | For Elect. spares | For other items | Grand Total |
| - | - | - | - | - | - | - | 24.45 |

## 11.6 SUPPLY POSITION OF STEEL ITEMS

(Fig. in Crores of ₹)

| S. N. | Items | Qty. indented during 2024-24 (including back log of last year) | | Stock as on 1.4.24 | Receipt during the year | Issues during the year | Stock as on 31.3.24 |
|---|---|---|---|---|---|---|---|
| | | Plant | Stockyard | | | | |
| 1. | Pig Iron | 373.746 | NIL | 9.105 | 352.978 | 220 | 142.083 |
| 2. | Bars, Rounds and Structures | 1286.521 | NIL | 1582.252 | 1666.138 | 1693.947 | 1554.443 |
| 3. | Plates | 2338.796 | 979 | 245.61 | 4152.860 | 3442.799 | 955.671 |
| 4. | Sheets | 1523.440 | 100 | 697.202 | 2175.812 | 2791.632 | 81.382 |

## 11.7 SUPPLY OF UNIFORMS DURING 2024-25

| Summer | | Winter |
|---|---|---|
| No. of Garments demanded | NA | NA |
| No. of Garments supplied | NA | NA |

## 11.8 STORES DEPOTS

### (A) Availability of items

(as on 01.04.25)

| Depot Complex | Purchase Items | | | Shop Manufactured Items | | |
|---|---|---|---|---|---|---|
| | Total No. of items stocked | No. of items available | Percentage availability | Total No. of items stocked | No. of items available | Percentage Availability |
| AMV/LKO | 3740 | 3704 | 99.04% | NIL | NIL | NIL |
| JUDW Depot | 2915 | 2907 | 99.73 | 37 | 37 | 100% |
| Ptg.Press/SSB | 871 | 867 | 100% | 0 | 0 | 0 |
| SSB Depot | 5546 | 5331 | 96.12 | 03 | 03 | 100% |
| ASR Depot. | 2876 | 2839 | 98.72 | 0 | 0 | 0 |

## (B) Total Transactions for the year 2024-25 (Receipts & Issues)

| Depot/ Complex | No. of Total transactions | | No. of average trans-action per month | | No. of Class lll staff involved in recording transactions | Average No. of transactions per month/ person |
|---|---|---|---|---|---|---|
| | Receipt | Issues | Receipt | Issues | | |
| AMV /LKO | 12249 | 34701 | 1020.75 | 2891.75 | 86 | 45.49 |
| JUDW Depot. | 14295 | 43530 | 1191.25 | 3627.50 | 53 | 91 |
| Ptg.Press/SSB | 163 | 6993 | 13.57 | 581.73 | 10 | 596 |
| SSB Depot. | 13806 | 36376 | 1150.27 | 3031.38 | 58 | 1202.53 |
| ASR Depot. | 3321 | 11137 | 276.55 | 927.75 | 23 | 295.87 |

## (C) Unit Cost of Receipt for year 2024-25

| Depot/ Complex | Expenditure on staff engaged in receipt and inspection work | No. of staff for clerical and supervision work (Rs. in lakhs) | Approximate value of stores received (Rs. in lakhs) | Cost of receipt, inspection for every Rs.100/- worth of stores | Receipt notes granted per clerk per month |
|---|---|---|---|---|---|
| AMV/LKO | 237.93 | 20 | 36491.00 | 0.65 | 51.04 |
| JUDW Depot. | 1.637 | 18 | 762 | 0.21 | 557.74 |
| Ptg. Press/ SSB | 25 | 2 | 994 | 2.51 | 13 |
| SSB Depot | 228.681 | 22 | 31050.7 | 66.803 | 697.9 |
| ASR Depot. | 107.45 | 11 | 11127 | 6.03 | 212.55 |

## (D) Unit cost of issues for Year 24-25

| Depot/ Complex | Expenditure on staff engaged in issue and Inspection work (Rs. in lakhs) | No. of staff for clerical and supervision work | Appr. Value of Stores issued (Rs. in lakhs) | Cost of issues for every Rs.100/-worth of stores. | Issue notes granted per clerk per month |
|---|---|---|---|---|---|
| AMV/AMV-LKO | 911.04 | 71 | 33800 | 2.54 | 40.73 |
| JUDW Depot | 3468 | 38 | 756.82 | 0.46 | 95.46 |
| Ptg.Press/SSB | 115 | 8 | 1115 | 10.31 | 278.7 |
| SSB Depot | 314.58 | 20 | 16854.7 | 1596.36 | 801.4 |
| ASR Depot. | 221.21 | 19 | 10781 | 12.298 | 370.25 |

## (E) Inactive, Overstock and Surplus Stores

| Position as on | Inactive | | Surplus | | Overstock | |
|---|---|---|---|---|---|---|
| | No. of Items | Value | No. of Items | Value | No. of Items | Value |
| 31.03.19 | 1070 | 227.71 | 786 | 213.67 | 3540 | 2669.22 |
| 31.03.20 | 1054 | 310 | 38 | 684 | 126.92 | 3420 |
| 31.03.21 | 1976 | 430.136 | 933 | 443.913 | 2281 | 787.775 |

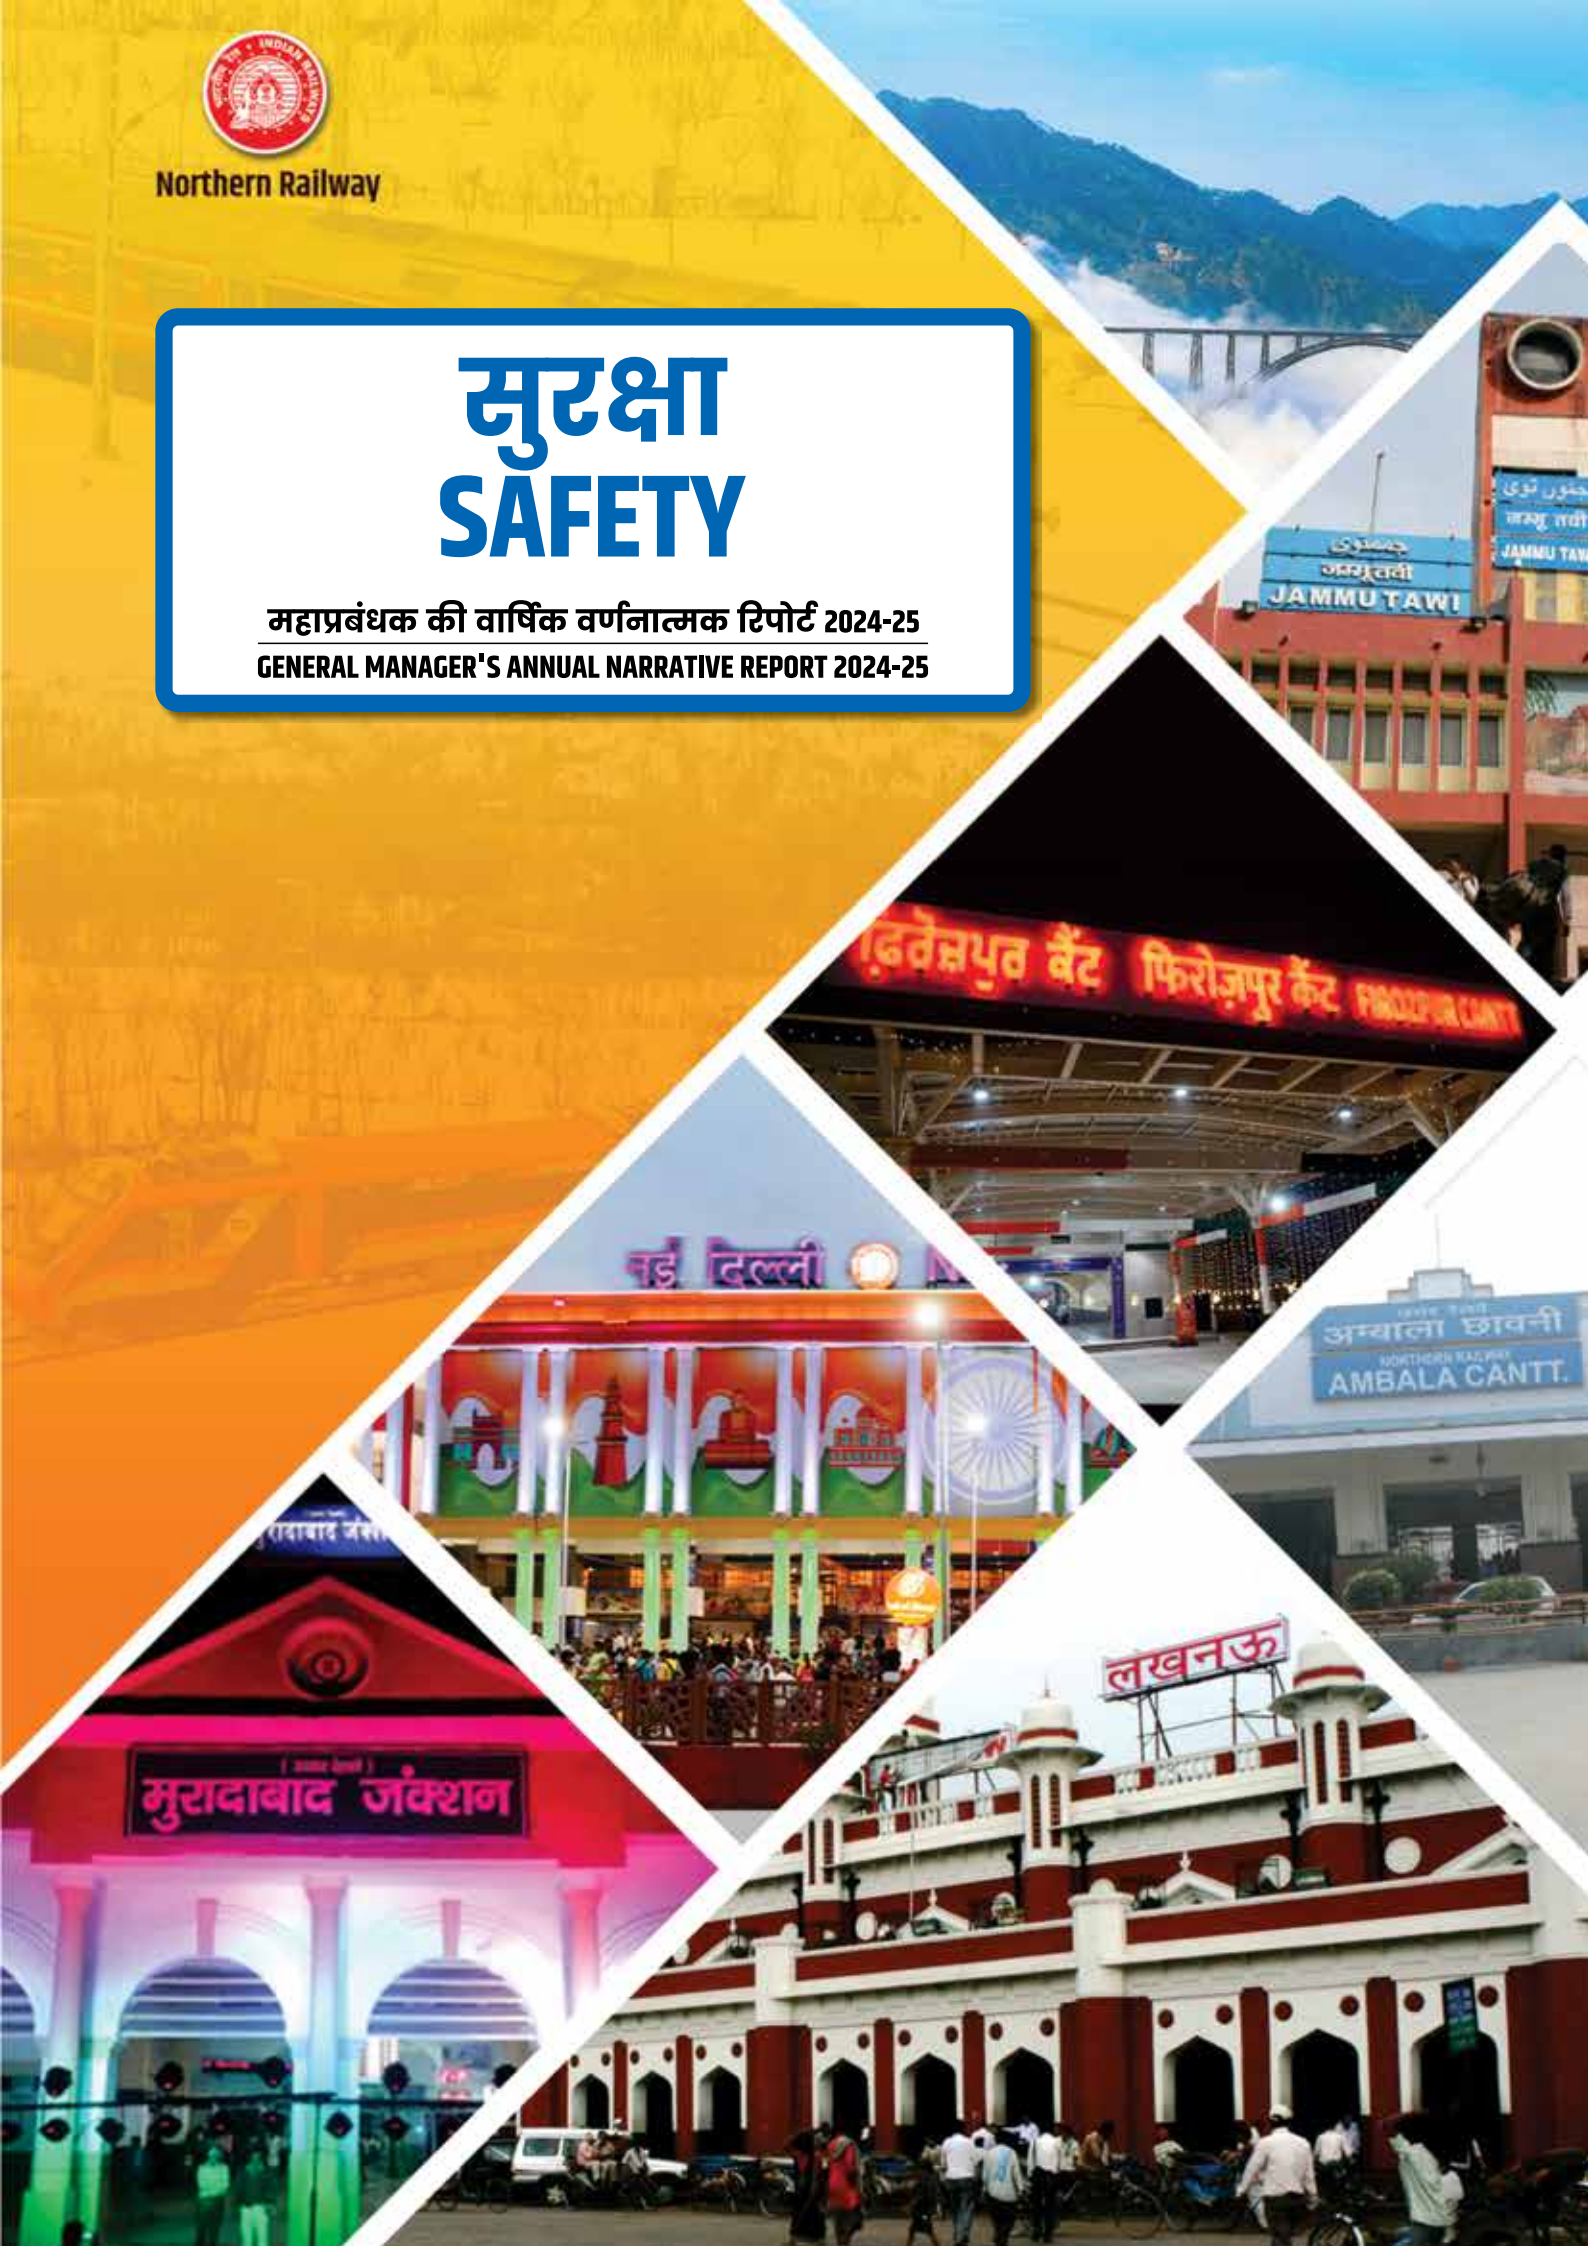
Northern Railway

# सुरक्षा
# SAFETY

## महाप्रबंधक की वार्षिक वर्णनात्मक रिपोर्ट 2024-25
## GENERAL MANAGER'S ANNUAL NARRATIVE REPORT 2024-25



# CHAPTER – XII

## 12.1 About the Department

The Safety organization at Headquarters is headed by Pr. Chief Safety Officer who is assisted by Dy. CSO/ S&T, Dy. CSO/Mech., Dy. CSO/Elect and Dy. CSO/Engg. In addition, two Traffic Inspectors Safety, CLI/Mech., SSE/ C&W, SSE/ Signal, JE/ Sig, SSE/ Engg. and CLI / Elect are working in the Safety Department at Headquarters Office.

After bifurcation of Safety Organization between Safety and Operating branch, the work of traffic safety rests with the latter. While the issues pertaining to Safety are being dealt with by the respective departments, the Safety branch is required to conduct inspections of the activity centres of all departments and point out shortcomings and deficiencies as noticed during inspections for remedial action by the concerned departments, Pr.CSO coordinates with Commissioner of Railway Safety and reports to the General Manager.

Sr. Divisional Safety Officers, J.A. Grade officers are available in each Division. The team of Safety counsellors drawn from Traffic, Loco, C&W, Engineering and Signal & Telecom departments are deployed with the Sr. DSOs to strengthen the Safety Organization at the Divisional level.

## 12.2 Highlights of the year

### 12.2.1 Accident - Overall position during the year 2024-25:

In all, 06 Nos. of Consequential train accidents have taken place. The Statement showing category-wise train accidents which occurred during last 15 years is placed at Annexure 'A'

**The position in respect of category-wise train accidents during last 5 years is as under :-**

| S N | Category of Accidents | 2020-21 | 2021-22 | 2022-23 | 2023-24 | 2024-25 |
|---|---|---|---|---|---|---|
| | **Consequential Train Accidents** | | | | | |
| 1 | **Collision** | 0 | 0 | 1 | 0 | 0 |
| 2 | **Derailment –** | | | | | |

Legend: K – Killed G – Grievous Injury M – Minor Injury

## 12.3 SAFETY ORGANISATION AND ACCIDENT PREVENTION

The Safety organization at Headquarters is headed by Pr. Chief Safety Officer who is assisted by Dy CSO/Mech, Dy CSO/Elect, Dy CSO/Engg, Dy CSO/S&T and ASO/Traffic. RCSO coordinates with CRS. Sr. Divisional Safety Officers, J.A. Grade officers are available on each Division. The team of Safety counselors is deployed with the Sr. DSOs to strengthen the Safety Organization at the Divisional level. A monthly PCDO on Safety is sent from GM to CRB.

### 12.3.1 Safety Camps

Staff of Safety categories attends Safety Camps, which is a continuous process.

### 12.3.2 Refresher Course

The following staffs have been given refresher courses training during the year 2024-25:

| SN | Category of staff | Number |
|---|---|---|
| 1 | SM/ASM | 1190 |
| 2 | Guard | 809 |
| 3 | Driver | 6651 |
| 4 | Switchman / Cabinman / Leverman | 15 |
| 5 | Pointsman | 1223 |

### 12.3.3 Safety Literature

During the year under review 50048 Nos. of Safety Posters / Pamphlets were issued by the Safety Organization of Northern Railway, Headquarters Office and by the Divisions.

### 12.3.4 Audio Visual Activities

| S N | Activities | Number |
|---|---|---|
| 1 | Safety Seminars (Attended by different categories of staff) | 273 |
| 2 | Safety Meetings (Attended by different categories of staff) | 5135 |
| 3 | Nukkad Natak | 60 |
| 4 | Shunting Mela | 81 |

A large number of news items on the Hazards of Level Crossing accidents and travelling on the roof of the trains were given in the following News Papers to warn the road users/ passengers to desist from the same –

**Hindi:** Dainik Jagran, Aaj, Dahej Daman, Punjab Kesri, Nav Bharat Times, Swatantra Bharat, Amar Ujala, Rajasthan Patrika, Nav Jiwan, Amrit Perbhat.

**English:** The Tribune, Times of India, National Herald, Workers Herald

**Punjabi:** Patriot Jagbani, Ajit and Tribune

### 12.3.5 Safety Checks

The following Safety checks had been made by Officers /Inspectors during 2024-25:

| | | |
|---|---|---|
| 1 | Ambush Checks | 2078 |
| 2 | Level Crossing Inspections | 1389 |
| 3 | Inspections by Safety Officers/Supervisors | 5915 |
| 4 | Inspections by other department officers | 30607 |
| 5 | Road users Counseled | 9880 |

## 12.4 Measures were taken to improve safety:

### 12.4.1 For Reducing Collision and Derailments

1. Every case of accident occurring on this Railway as well as on other Zonal Railways is thoroughly analyzed to arrive at its cause and based upon the conclusion -
   - Suitable safety drives are being launched.
   - Necessary Safety Circulars are issued immediately after accidents for educating the staff concerned.
2. Monitoring, regular counseling, personalized on job counseling of train passing staff, through regular inspections by Officers and inspectors are being done.
3. Regular counseling and monitoring of drivers by nominated Loco inspectors.
4. Ambush checks in lobbies to ensure Breathalyzer test of LPs/ALPs during ‘Signing ON’/ ‘Signing OFF’.
5. Super checks of maintenance of Rakes and Brake power testing.
6. Surprise Night inspection for checking alertness of train passing staff and to avoid short cut methods during Failure of signals and interlocking gears.
7. Personal counseling of ASMs/SMs/Section Controllers by Officers and Supervisors regarding special precautions to be taken while using VHF set for obtaining line clear.
8. Close monitoring of train crews and train passing staff during foggy weather.
9. Implementation of Ten Hours duty for running staff.
10. Categorization of train passing and running staff.
11. Intensive training at initial stage and during refresher courses.
12. Surprise checks to check the following:

- Brake power test & check on observance of rules for reception/dispatch of trains.
- Observance of rules for double locking of relay rooms /cabin basements.

### 12.4.2 For Reducing accidents at Level Crossings -

1. Publicity through various media and cinema slides etc. is being given to educate the road users for precautions to be taken while passing over a level crossing gate.
2. Teams of Safety counselors and Officers are being deputed to conduct surprise incognito checks by travelling in 2nd or 3rd coach next to engine to check drivers whistling on W/L board while approaching the level crossing gate.
3. Inspections especially Night inspection have been intensified to check alertness of gateman.
4. Safety drives are being launched to check the condition of roads, provision of W/L board, speed breakers, Warning boards etc. at Level Crossing Gates.
5. Drives have also been undertaken along with state Governments for educating the public in use of Level Crossing Gates.
6. Proposal of RUB and ROB is also under process in the vulnerable areas.
7. Ambush checks by RPF officials to challan erring road users.
8. Close interaction with State Govt. for coordination in enforcement of Laws at LCs.
9. Interlocking of Manned Level Crossing Gates.

### 12.4.3 For Reducing Fire in Trains -

1. Fire extinguishers are available in the AC Coaches, Locomotives and with Guards.
2. Training in firefighting to all concerning staff of Commercial, Mechanical and Operating.
3. Safety Drives are being launched from time to time to check unauthorized carriage of explosives/ inflammable articles etc. by passengers on trains.
4. Informing public through different Media regarding dangers of carrying inflammable articles and requesting them not to do so.
5. A multi-tier protection is provided for all coaches by ensuring HRC fuses/MCBs of suitable ratings.
6. On all AC coaches, over-heat protection has been provided to ensure cut-off of heater at specified temperature if the blower does not function
7. Fuse Distribution Board (FDB) covers have been modified on all non-AC coaches as per RDSO instructions to prevent tampering by miscreants.

## 12.5 Special initiatives taken

### 12.5.1 Preventive approach to Safety:

**SMS based daily monitoring system introduced** – In this system unusual incidents reported by the LPs on the regular basis are monitored and SMSs are sent to GM by DRMs. The follow-up action is pursued and is informed to the LPs. During this year 1920 unusual have been reported. This system is proving very useful.

**Data Loggers** – Extensive use of Data Loggers is being done for both safety and maintenance related activities. The following exception reports are generated in the division-

- Signal incidences regarding unusual track, point and signal power supply occurrences.
- Signal Passing at Danger
- Wrong operation of buttons, Block instruments, KTs or Crank handles
- Engineering occurrences like loose packing of points, friction in point, movement etc.
- Over speeding of train in the station area.
- Status of the point after receiving the train.

**Case studies in the safety training centers and in the divisions and the sheds.**

### 12.5.2 Staff motivation:

**Monthly safety awards at the General Manager level –**

Safety Awards are distributed by the General Manager in a special program organized in the HQs office. The Railway men are awarded with Merit Certificate, Medal and Cash who contribute towards Safety by their timely action. During 2024-25, the Safety Award has been awarded to 125 Nos. of Railway Men.

**Similar action by the divisions** – Similar Safety Award is given at Divisional level also.

**Wide publicity** – It has been spread in the field of Safety through various Media etc. during the year 2023-24

| SMS | Posters / Pamphlets |
|---|---|
| 6,00,00,000 | 50048 |

### 12.5.3 Thrust on audits/ inspections:

All bi-monthly Intra Railway Safety Audits have been adhered to during the year 2024 (Calendar) as per prescribed frequency –

| Quota | Done |
|---|---|
| 6 | 6 |

### 12.5.4 Alertness of staff and readiness for managing accidents:

Mock Drills have been carried out in each Division as per prescribed frequency.

### 12.5.5 Staff Trainings:

| | PME | Refresher course | Safety Camps |
|---|---|---|---|
| Training Done | 7795 | 15959 | 7249 |

# CHAPTER – XIII

## 13.1 About the Department

- The importance of Statistics in modern civilized life is great. Statistics are means to and should therefore be presented in a form, which could be understood by technical and non-technical officers who may have to formulate policies on it. Statistics facilitate the study of economic trend on the railway and enable the railways to make the most appropriate use of their assets.
- No social or economic policy can be solved without help of statistical data compiled in a systematic manner. Statistics are the eyes of the administration. No administration can give advice unless it had adequate statistical data before him.
- In these days personal relationship between the employer and the employee, supervision is possible only by the medium of statistical data presented before the management.
- Statistics enlarges individual expenditure, without proper statistics most of our ideas are very vague. It is only by continuous study of facts relating to the past and the present that reliable estimates can be obtained for the future.

# रेलवे सांख्यिकी में उपयोग की जाने वाली सामान्य शर्तों की शब्दावली

1. **पूंजी परिव्यय-** संबंधित अवधि के दौरान ठोस मूर्त-परिसंपत्ती को बढाने की द्रष्टि से किया गया पूंजी खर्च।

2. **पारगामी यातायात-** ऐसा सभी यातायात जो रिपोर्ट भेजने वाली रेलवे पर अथवा आमान के जिस खंड की विवरणी तैयार की जा रही है उस पर न तो शुरू होता हैं और न ही वहां खत्म होता है।

3. **घनत्व** – रेल-मार्ग पर किन्हीं दो स्थानों के बीच होने वाले यातायात का परिमाण। यह प्रति चालू रेलपथ किलोमीटर या मार्ग किलोमीटर यात्री किलोमीटरों अथवा शुद्ध टन किलोमीटरों और गाडी किलोमीटरों मे व्यक्त किया जाता है।

4. **इंजन किलोमीटर -** इंजन द्वारा अपनी शक्ति से तय की गई एक किलोमीटर की दूरी ही इंजन किलोमीटर है।

5. **रेलवे की निधि** – वे मुख्य प्रमुख शीर्षक जिनके तहत रेलवे के लिए निधि प्राप्त की जाती हैं निम्नलिखित है -

   क) **मूल्य ह्रास रिजर्व निधि** – यह निधि नई संपत्तियों की लागत पर पूंजी लगाने और पुरानी संपत्तियों को बदलने एवं जब आवश्यक हो किसी संशोधित विशिष्टि की लागत सहित ऐसी नई संपत्तियों को लेने के लिए नियत की गई है। यह निधि 1 अप्रैल, 1924 से शुरू की गई थी।

   ख) **पेंशन निधि** – यह निधि पेंशन के भुगतान, परिवार पेंशन और मृत्यु एवम् सेवानिवृति उपदान पर होने वाले खर्चो को पूरा करने के लिए तैयार की गई है। यह निधि 1 अप्रैल 1964 से लागू होने के लिए तैयार की गई थी।

   ग) **पूंजी निधि** - 1992-93 में तैयार की गई थी, इस निधि का उपयोग ठेका भाड़ा प्रभार के मुख्य तत्व का भुगतान करने के साथ-साथ पूंजी प्रवर्ति वाले कार्यों पर पूँजी बाटने के लिए किया जाता है।

   घ) **विकास निधि** – यह निधि रेल परिवहन, कर्मचारी कल्याण, किसी विशेष वित्तीय सीमा के अतिरिक्त अलाभकारी परिचालन संशोधन वर्क्स एवम् सुरक्षा कार्यों के उपयोगकर्ताओं के लिए सुख-सुविधाओं पर होने वाले खर्चो को पूरा करने के लिए तैयार की गई है । यह निधि 1 अप्रैल 1950 से लागू होने के लिए तैयार की गई थी।

   ड) **कर्ज चुकौती निधि -** 2013-14 में कर्ज चुकौती निधि जेआईसीए, विश्व बैंक से लोन के संबंध में भावी कर्ज चुकौती करारों को मुहैया कराने एवम् वेतन आयोग के भावी निष्पदान के एकमात्र उद्देश्य के साथ तैयार की गई थी। यह निधि लोक लेखा के ब्याज वाले सेक्शन मे तैयार की गई थी। पूंजी निधि और विकास निधि की अनिवार्य आवश्यकताओं को पूरा करने के बाद, इस निधि का विनियोजन 'शुद्ध राजस्व आय' से किया गया है।

   च) **रेल सुरक्षा निधि -** रेल सुरक्षा निधि 01.04.2001 से लागू होने के लिए तैयार की गई है। यह निधि मानव-रहित लेवल क्रोसिंग मे सुधार से संबंधित कार्यों एवम् व्यस्त लेवल क्रोसिंग पर पुल के ऊपर/नीचे सडक के निर्माण पर पूंजी लगाने के लिए तैयार की गई है। बहराल, विलंबित अन्य अवसंरचना से संबंधित खर्चे भी इस निधि से व्यय किये जाने के लिए अनुमत किये गए है। यह निधि मुख्य रूप से केंद्र सड़क निधि से केंद्र सरकार को निधि के हस्तांतरण द्वारा वित्त प्रबंधित की जाती है। इसके अलावा, रेलवे राजस्व आय से भी राशि विनियोजित की जा सकती है।

   छ) **राष्ट्रीय रेल संरक्षा कोष -** 2017-18 में तैयार किया गया था, यह रेल कार्य से संबंधित सुरक्षा पर किए जाने वाले पूँजी खर्च को पूरा करने के लिए समर्पित निधि है जिसमे समयबद्ध प्रणाली मे रेल संपत्ति का नवीनीकरण और

प्रतिस्थापन शामिल है। यह निधि रेलवे के आंतरिक स्त्रोतों के अलावा, सामान्य राजकोष द्वारा मुहैया कराए जाने वाले बजट सहायता से भी वित्त प्रबंधित की जा सकती है।

6. **सकल टन किलोमीटर (इंजन के वजन को छोड़कर)** – कार्य-माप का यूनिट जो माल सहित एक टन वजन वाले वाहन/वैगन, जिसमें यूनिट का वजन शामिल नहीं है, द्वारा तय की गई एक किलोमीटर दूरी के बराबर है।

7. **सकल टन किलोमीटर (इंजन के वजन सहित) -** कार्य-माप का यूनिट जो वाहन, माल और मोटिव यूनिट के वजन सहित १ टन वजन द्वारा एक किलोमीटर तय की गई दूरी के बराबर है।

8. **किलोमीटर दुरी-**

   क) **मार्ग किलोमीटर दुरी** - रेलवे के, जिसमें उसकी चालित लाइनें भी शामिल हैं, अपने प्रत्येक आमान की दूरी जिसे इकहरी लाइन माना गया है।

   ख) **चालू रेलपथ किलोमीटर दुरी -** मार्ग किलोमीटर और बहुसंख्यक रेलपथों की अतिरिक्त दूरी अर्थात् दुहरे, तिहरे, आदि रेलपथों को दो या तीन अथवा अधिक रेलपथ माना जायेगा किंतु इसमें साइडिंग, यार्ड और स्टेशन पर क्रॉसिंग का रेल-पथ शामिल नहीं होगा।

   ग) **कुल रेलपथ किलोमीटर दुरी** – एक रेलवे के प्रत्येक आमान की दूरी जिसमें दुहरे, तिहरे, आदि रेलपथों के साथ ही साइडिंगो, यार्डो और स्टेशन पर क्रॉसिंग के रेल-पथ के कारण इसकी चालित लाइनें जिन्हें इकहरी लाइन एवं अतरिक्त दुरी के रूप मे माना गया है।

   घ) **समीकृत रेलपथ किलोमीटर** – रेलपथ की किलोमीटर दुरी जिसे यातायात के घनत्व, ढाल, भूमि की बनावट, संरेखण (वक्र), वर्षा और रेल पथ के जोड़ तथा अभिन्यासो (लेआउट) के कारकों को महत्व देते हुए एक मानक यूनिट मे समीकृत किया गया हो।

   ड) **माध्य किलोमीटर दुरी -** मार्ग किलोमीटर की परिभाषा के अनुसार मालूम की गई रेलवे की लम्बाई, जिसमे संबधित अवधि के दौरान किलोमीटर दुरी में होने वाले परिवर्तनों के लिए छूट है। इस प्रकार किसी वर्ष मे तय की जाने वाली माध्य किलोमीटर दुरी, जिसमें उस वर्ष के दौरान कोई वृद्धि/समापन किया गया हो, नीचे दिए अनुसार होगी : -

   i) वर्ष के शुरुआत में रेल-मार्ग की किलोमीटर दुरी (धन/ऋण);

   ii) (ऐसे दिनों की संख्या जब वर्ष के दौरान नया खंड/बंद होने वाला खंड इस्तेमाल में रहा) को (नए खंड अथवा बंद किए गए खंड की लंबाई) से गुणा करके और उसे (वर्ष में दिनों की संख्या) भाग दिया जाता है ।

9. **शुद्ध राजस्व :** सकल अर्जन और संचालन व्यय एवं अन्य विविध शुद्ध व्ययों के बीच का अंतर ।

10. **शुद्ध टन किलोमीटर :** माल यातायात के माप का यूनिट जो एक टन माल (जिसमें किसी भी किस्म की पैकिंग का वजन शामिल है किंतु परिवहन के लिए इस्तेमाल किए गए वाहन का वजन शामिल नहीं है) की 1 किलोमीटर ढुलाई का द्योतक है।

11. **व्यवसाय अनुपात**: व्यवसाय अनुपात कोचों की ढुलाई क्षमता की उपयोगिता का अनुपात है। यह उच्च एवं निम्न वर्ग समायोजन के लिए अलग से निर्धारित किया जाता है। इस सूचकांक की प्रति कोच औसत ढुलाई क्षमता के साथ तुलना की जाती है और यह कोचों में कम भीड अथवा ज्यादा भीड को निर्दिष्ट करेगा ।

12. **परिचालन अनुमात:** संचालन व्यय (जिसमें उचंत शामिल नहीं है लेकिन पेंशन निधि एवं मूल्यहास आरक्षित निधि में विनियोजित रकम शामिल है) का सकल अर्जन से अनुपात।

13. **ढोए गए यात्री:** का आशय है होम लाइन के प्रत्येक आमान पर शुरू होने वाले यात्रियों की संख्या और किसी अन्य रेलवे से अथवा होम लाइन के किसी भिन्न भिन्न लाइन से आमान पर आने वाले यात्रियों की संख्या, एवं उस आमान से गुजरने वाले यात्रियों की संख्या।

14. **यात्री किलोमीटर:** यात्री यातायात को मापने का यूनिट जो एक यात्री की 1 किलोमीटर ढुलाई के बराबर है ।

15. **चल स्टॉक:** खींचने और परिवहन के काम आने वाले सभी रेल वाहन, जिसमें चल क्रेन भी शामिल है ।

16. **सीट किलोमीटर:** यात्री वाहन की वहन क्षमता को मापने का यूनिट, जो कि सवारी डिब्बे अथवा मोटर वाहन में उपलब्ध एक सीट की 1 किलोमीटर गमन दूरी के बराबर है ।

17. **ढोया गया टन भार:** यह होम लाइन के प्रत्येक आमान पर प्रारंभ होने वाले माल यातायात की मात्रा तथा दूसरी रेलों के आमानों अथवा होम लाइन की विभिन्न आमानों से प्राप्त माल यातायात की मात्रा और उस रेलवे/आमानों से गुजरने वाले माल की मात्रा का द्योतक है।

18. **प्रारंभिक टन:** इसमें प्रत्येक आमान पर प्रारंभ होने वाले समस्त यातायात के टन शामिल है, चाहे वह उसी आमान पर समाप्त होता है चाहे स्वक्षेत्रीय लाइन के किसी दूसरे आमान पर अथवा किसी दूसरी रेलवे पर।

19. **समापक टन:** इसमें एक आमान पर समाप्त होने वाले समस्त यातायात के टन शामिल है, चाहे वे स्वक्षेत्रीय लाइन से प्रारंभ हुए हो अथवा अन्य रेलों से ।

20. **गाडी इंजन घंटे:** इसके अंतर्गत उतने घंटे दिखाए जाएंगे, जितने घंटे कि इंजन गाडियों में लगे रहे, प्रत्येक मामले में इन घंटों की गणना इंजन के साथ रवाना होने के समय से उस स्टेशन पर पहुंचने के समय तक की जाएगी जिस स्टेशन पर कि गाडी के साथ ही इंजन की यात्रा भी ख़त्म हो जाती है।

21. **मालडिब्बे का लदान आवर्तन:** किसी मालडिब्बे के दो क्रमिक लदानों के बीच की समय का अंतराल ।

22. **संचालन व्यय:** यातायात के लिए खोली गई लाइनों के प्रशासन, परिचालन, अनुरक्षण और मरम्मत के संबंध में किया गया खर्च । इसमें प्रतिस्थापना और नवीकरण की लागत पूरी करने के लिए पेंशन निधि में विनियोजन और मुल्यहास आरक्षित निधि में किया गया अंशदान भी शामिल है ।

    **(क) सकल संचालन व्यय:** किसी लेखा अवधि में उचित व्यय, वस्तुतः चुकाया गया हो अथवा नहीं।

    **(ख) सामान्य संचालन व्यय:** मुल्यहास आरक्षित निधि एवं पेंशन निधि के विनियोजन को छोडकर, मुख्य शीर्ष के अंतर्गत बुक किए गए व्यय ।

# GLOSSARY OF COMMON TERMS USED IN RAILWAY STATISTICS

1. **Capital Outlay –** Expenditure of capital nature incurred during the period with the object of increasing concrete assets of a material character.

2. **Cross traffic –** All traffic which neither originates nor terminates on the reporting Railway or on the same section of a gauge for which the return is being prepared.

3. **Density –** The volume of traffic moving between any two points on the Railway system. It is expressed in terms of passenger kilometers or net tonne kilometres and train kilometres per running track kilometer or route kilometer.

4. **Engine Kilometre –** is the movement of an engine, under its own power, over a distance of one kilometer.

5. **Funds of Railways –** The principal heads under which the funds of Railway are furnished are-

   a) **Depreciation Reserve Fund –** The fund intended to finance the cost of new assets and replacements of old assets as and when needed including the cost of any improved features that such new assets may have. This fund was instituted from 1st April, 1924.

   b) **Pension Fund –** The fund created to meet the expenses on payment of pension, family pension and death-cum-retirement gratuity. This fund created w.e.f. 1st April, 1964.

   c) **Capital Fund –** Created in 1992-93, this fund is used to part finance the works of capital nature including payment of principle component of lease hire charges.

   d) **Development Fund –** The fund created to meet the expenditure on amenities for the users of Railway transport, staff welfare, un-remunerative operating improvements works beyond certain financial limits and safety works. This fund was created w.e.f. 1st April, 1950.

   e) **Debt Service Fund –** was created in 2013-14 with the sole purpose of providing for future debt service obligations in respect of loans from JICA, World Bank and for future implementation of Pay Commissions. This Fund has been created in the interest bearing section of Public Account. Appropriation to this Fund is made from the 'Net Revenue', after meeting the mandatory requirements of Capital Fund and Development Fund.

   f) **Railway Safety Fund –** has been created with effect from 01.04.2001. This Fund was created for financing works relating to conversion of unmanned level crossings and for construction of road over/under bridges at busy level crossings. However, of late other infrastructure related expenditure have also been allowed to be incurred from this fund. The Fund is financed mainly through transfer of funds by the Central Government from the Central Road Fund. Apart from this, amounts can also be appropriated out of Railway revenues.

   g) **Rashtriya Rail Sanraksha Kosh –** Created in 2017-18, this is a dedicated fund for meeting capital expenditure on safety related Railway works including renewal and replacement of Railway assets in a time bound manner. The fund is to be financed from budgetary support provided by the General exchequer besides the internal resources of the Railway.

6. **Gross Tonne Kilometer (excluding weight of engine) –** Unit of measure of work which corresponds to the movement over a distance of one kilometer of one tonne of vehicle/wagon and contents excluding the weight of the motive unit.

7. **Gross Tonne Kilometer (including weight of engine) –** Unit of measure of work which corresponds to the movement over a distance of one kilometer of one tonne of vehicle/wagon and contents including the weight of the motive unit.

8. **Kilometrage-**

   **a) Route Kilometrage –** The distance of each gauge owned by a Railway including its worked lines treated as a single line.

   **b) Running track kilometrage –** Route kilometrage plus extra distance of multiple tracks i.e. double, treble, etc., treated as two, three or more tracks but shall exclude the track in sidings, yards and crossings at stations.

   **c) Total track kilometrage –** Distance of each gauge owned by a Railway including its worked lines treated as single line and the extra distance due to double, treble, etc. tracks, as also the length of sidings, yards and crossing at stations.

   **d) Equated track kilometrage –** Kilometrage of track equated to a standard unit by giving weightage for factors of traffic density, gradient, formation of soil, alignment (curves), rainfall and track connections and layouts.

   **e) Mean kilometrage –** The length of the Railway track, calculated according to the definition of route kilometrage, allowing for changes in the kilometrage during the period covered. Thus, the mean kilometrage worked during a year which has had an addition/closing during the year, will be as follows:-

   i) Route kilometrage at the commencement of a year (plus/minus);

   ii) (Number of days the new section/section closed was in use during the year) multiplied by (the length of the new section/section closed) and divided by (the number of days in the year).

9. **Net Revenue –** The difference between Gross earnings and the Working Expenses and other Net Miscellaneous Expenditure.

10. **Net tonne kilometer –** Unit of measure of goods traffic which represents the transport of one tonne of goods (including the weight of any packing, but excluding the weight of the vehicle used for transport) over a distance of one kilometer.

11. **Occupation ratio –** is the ratio utilizing carrying capacity of the coaches. This is worked out separately for upper and lower class accommodation. This index is compared with the average carrying capacity per coach and would denote under-crowding or over-crowding in the coaches.

12. **Operating Ratio –** The ratio of Working Expenses (excluding Suspense but including Appropriation to Depreciation Reserve Fund and Pension Fund) to Gross Earnings.

13. **Passenger carried –** refers to the number of passengers originating on each gauge of the home line, as well as the number of passengers received on the gauge from other Railway, or from a different gauge of home line and also those crossing the gauge.

14. **Passenger kilometer –** Unit of measure of passenger traffic corresponding to the conveyance of a passenger over a distance of one kilometer.

15. **Rolling Stock –** All Railway tractive and transport vehicles, including travelling cranes.

16. **Seat Kilometre –** Unit of measure of the carrying capacity of a passenger vehicle which is equivalent to the movement of one seat available in a coach or motor vehicle over a distance of one kilometer.

17. **Tonnes Carried –** This represents the quantum of goods originating on each gauge of the home line, as well as the quantum of goods received on the gauge from other Railways or from different gauges of the home line and also those crossing the Railway/gauge.

18. **Tonne Originating** – includes tonnes of all traffic originating on each gauge, whether it terminates on the gauge itself or on some other gauge of the home line, or on other Railways.

19. **Tonnes Terminating –** includes tonnes of all the traffic terminating on the gauge whether they originated on the home line or on other Railways.

20. **Train Engine Hours –** are to show the hours during which engines are employed on trains, counting in each case from the time the engine starts with the train, until it reaches the station at which the engine terminates its run with the train.

21. **Turn Round of a Wagon –** The interval of time between two successive loadings of a wagon.

22. **Working expenses –** Expenditure incurred in connection with the administration, operation, maintenance and repairs of lines opened for traffic. This also includes Appropriation to Pension Fund and the contribution made to the Depreciation Reserve Fund to meet the cost of replacements and renewals.

    a) **Gross Working expenses –** True expenses in an accounting period whether or not actually disbursed.

    b) **Ordinary working expenses –** Expenses booked under final heads, excluding Appropriation to Depreciation Reserve Fund and Pension Fund.
