

RAILWAY RECRUITMENT BOARD, JAMMU SPRING
RAILWAY COLONY (WEST), JAMMU - 180 012

No. RRB/J S/Exam./2019

Dated: 27.03.2019

Joint Director F.M. (RPF)
Railway Board,
Pul Bazar, New Delhi.

Subj: Findings of pre-test check conducted by Northern Railway during 1st Stage Computer Based Test (CBE) for the posts of RPF Technician under CBE No. 01/2018

Ref: Rly. Board's letter no.2016/E (RPF)/1/3 dated 28.12.18.

With reference to Railway Board's letter dated 28.12.18 on the above subject, the para wise comments are given as under:

- (i) SAC and concerned Sr.DSCs, are advised to depute two RPF personnel at each examination centre. On being brought to notice of the deficiency in deputation of RPF personnel by the Rly. observer, Sr. DSC are contacted for deputing the deficient RPF personnel. However, as present on line exams extend to more number of days as compared to earlier one day manual mode of exam, Sr. DSC at times find it difficult to deploy the required strength of RPF personnel.
- (ii) Agreed to. Same should be made part of the contractual agreement with Exam conducting Agency (ECA) by the nodal RRB.
- (iii) In every CBE centre, ECA staff assists the PWD candidates, to reach to their respective seats. Presently only community is mentioned in the call letter. This is in order to indicate whether the candidate is entitled to or not for a free train travel pass. The issue of mentioning whether a candidate is a PWBD (persons with bench mark disability) or not can be agreed to and would require instructions from the Rly. Bd.
- (iv) ECA volunteers remain present at the main entrance of the centre to guide the candidates in case the centre capacity is more and there are multiple buildings. Apart from this play wards, signage's at appropriate places, are displayed so that building/floor/lab. identification for the candidates becomes easier. Installation of a public address system is also a well thought out measure requiring consideration by Rly. Bd. However presently large number of exam centers are leased by the ECA who enter into agreements with the centre owners. The centre owners are often either engineering colleges or coaching institutions. It may be possible that they might not agree with the use of a Public Address System, especially when exams are held on non-weekend days as it may be a nuisance to their other regular activities.

- (v) Measures to prevent hacking of CBT in an ongoing process with innovations being worked out and implemented after the experience gained with every CBT. ECA currently uses a dedicated OS called net boot instead of window or Linux.
